The Records of Synods, and Statistical Reports, Narratives and other papers from the Presbyteries, were called for and received by the Stated Clerk.

The Annual Reports, of the Stated Clerk of the Assembly, of the Boards of Home Missions, Foreign Missions, Education, Publication, Church Erection, Ministerial Relief, Missions for Freedmen, and Aid for Colleges, the Committees on Systematic Beneficence and Temperance, the Trustees of the General Assembly, and of the Theological Seminaries were called for, and referred to the appropriate Committees.

A paper from the Presbytery of Pittsburgh, in reference to the

case of Mr. J. D. Carlisle, was referred to the Committee on the Records of the Synod of Pennsylvania.

The Answers of the Presbyteries to the Overtures sent down by the last Assembly (Minutes, 1886, pp. 38 to 80) were presented by the Stated Clerk, and referred to a Committee of Canvass, viz: *Ministers*—Henry C. Cameron, D.D., Julius W. Walden, Thomas F. Wallace, and Frank L. Nash; *Ruling Elders*—E. Kirby West, Hon. John S. Morgan, and James Campbell.

The Returns of the Presbyteries in answer to Resolution 5 (p. 235, Minutes of 1886) were referred to the Committee on Temperance.

The Special Committee on the Monument to John Calvin (Minutes, 1885, p. 584), reported, and asked, in view of facts stated, to be discharged; and that the Treasurer of the Assembly be directed to pay the expenses incurred by the Committee, amounting to forty dollars. The request was granted, and the Committee discharged.

The Special Committee on the Ecclesiastical Relations of Foreign Missionaries (Minutes, 1886, p. 54), presented its Report, which was adopted, and is as follows:

Report of the Special Committee on the Ecclesiastical Relations of Foreign Missionaries, appointed by the General Assembly of 1886, to report to the General Assembly of 1887.

The resolution under which this Committee now reports reads as follows:

"That the formation of Union Presbyteries in foreign fields jointly occupied by organizations in harmony with the reformed system of doctrine, and with the Presbyterian polity, is encouraged; and that the whole subject of the relation of our American ordained missionaries to these Union Presbyteries is referred to a Committee of three ministers and two ruling elders, whose duty shall be carefully to define the ecclesiastical status of such missionaries, and to report to the next General Assembly for approval."

So far as the policy of our Church with reference to the formation of these Union Presbyteries is concerned, there is no longer any question. This Committee has nothing directly to do with it. But inasmuch as the question put into the hands of this Committee grows directly out of the policy of our Church as to the formation of such bodies, and should be answered in a way which is thoroughly in harmony with it, probably it will be most satisfactory to rehearse the history of the various steps by which the present position has been reached.

In 1876, the Presbyterian Alliance in India addressed to the various branches of the Church represented in it, our own among the number, a memorial, asking the authorization of certain

steps looking toward "the ultimately complete organization of a Presbyterian Church of India." This request was referred by the Assembly of our Church for that year to the Board of Foreign Missions, and the Board made a special Report on the subject to the Assembly of 1877. That Report was referred to the Committee on the Polity of the Church, and upon their recommendation the subject was referred to the Assembly of 1878. In the Assembly of 1878, the matter was placed in the hands of a Special Committee, and their Report was referred to a Committee to report to the Assembly of 1879. In that Assembly, after this long and careful preparation, running over several years, action which may be accepted as unequivocally settling the policy of our Church was taken. It is in these words: "In regions occupied by the Board and by the missions of other Presbyterian denominations, missionary churches, Presbyteries and Synods holding the same faith and order, should be encouraged to enter into organic relations with each other, for joint work in the common field." The Assembly of 1880, in the most practical way, carried out the spirit of this policy, by striking from the roll the Presbytery of Japan, upon information that our missionaries in that country had become members of the Union Presbyterian ecclesiastical body there organized. The Assembly of 1886 reiterated its adherence to the same policy.

In this policy, also, our own Church is thoroughly at one with other ecclesiastical bodies, agreeing with us as to the great principles of doctrine and polity. The subject has been before the Councils held by the Presbyterian Alliance, on several occasions. In 1884, the Chairman of the European Committee on Union and Coöperation in Foreign Missionary Work reported, "that seven of the British Churches, as strongly and distinctly as words could state it, were almost entirely favorable to union and coöperation." Less unanimity was found to exist among the American Churches. In view of all the light thus received, the Council, in a resolution, declared that inasmuch as "Union and Coöperation in Foreign Missionary work are in manifold respects of exceedingly great value, the Council rejoice to learn that the Churches connected with this Alliance, have chiefly expressed an earnest desire for as large a measure of such union and coöperation as it may be found possible to obtain."

The same Council also sent through appropriate committees to the various denominations represented in that body, a request for further information on two points, namely, as to the constitution of mission Presbyteries, and as to the relations of the mission churches to the home churches. These Committees, both in Europe and in America, have sought to discharge their trust, by addressing themselves immediately to the respective Boards of Foreign Missions.

Some of the responses have been published. In October of 1886, at Edinburgh, a Conference was held in which there were

representatives from the Established Church, the Free Church, the United Presbyterian Church, the Original Secession Church, all of Scotland; from the Presbyterian Church and the Welsh Calvinistic Methodists, of England and Wales; and from the Presbyterian Church of Ireland. Letters also were read from representative men on the Continent of Europe. One of the resolutions adopted was the following: "It is desirable that churches organized under Presbyterian order and holding the Reformed faith, should be placed under a Presbytery within territorial boundaries suitable for effective government; and that such Presbytery, wherever constituted, should as far as practicable include all the Presbyterian churches within the bounds, by whatever branches of the European or American Churches originated."

In this country the Reformed (Dutch) Church, through their Board of Missions, in their response, say that: "The establishment of 'one united ecclesiastical organization, in each mission field, of the family of Reformed Churches holding the Presbyterian system,' is also an object to which the Reformed Church in America stands fully committed. So long ago as in 1875, in adopting a plan of coöperation with the American Presbyterian Church (South), the General Synod made use of the language following: 'And this agreement is made not only for the purpose of expressing, as it does, the confidence which these two American Churches have in each other, but chiefly with the view of contributing to the establishment, in each mission country, of a national Church that shall grow from its own root.' So long ago did this branch of the Reformed Church openly avow its desire for that consummation which it is the object of this present effort to secure." Our own Board of Foreign Missions has not replied, but courteously submitted the question to the General Assembly. One of its officers, voicing the sentiment of at least a part of the Board, has said, that in their opinion organic union of Churches or Presbyteries on mission fields, holding the same faith and order, is not practicable or desirable, until such a degree of intelligence and responsibility has been developed, as to afford a reasonable hope that the experiment of self-government will be safe and beneficial. But when such a stage of advancement has been reached, the supposed sacrifice involved in severing the connections of foreign Presbyteries with the home church, should be made cheerfully—the welfare of the Missionary Church being the chief end."

In some of the mission fields these union Churches are already fully under way. At Amoy, in China, the Reformed (Dutch) Church of America and the English Presbyterian Church have joined in one ecclesiastical organization. In Syria our own missions have entered into a similar organization. In Japan "The Union Church of Christ" is composed of the churches formerly belonging to our own body, to the Reformed (Dutch) Church, the Reformed (German) Church, the Southern Presbyterian Church of the United States and the United Presbyterian Church of Scotland.

It has under its care five Classes, or Presbyteries, with 50 churches and 3992 members; and the amount of its contributions for the year 1886 was $7930, or an average per adult church-member of $1.82.

In other regions where such unions have not yet been effected, the possibilities cannot do otherwise than excite the most intense longing, for the day when all minor divisions will disappear in great national organizations. In India, for example, there are thirteen different Churches, all holding to the reformed doctrines and to the Presbyterian polity, with two hundred ordained ministers and five hundred native ruling elders, and many thousands of communicants. If down to the present the difficulties there in the way of union have been insuperable, we hope that they may not long so continue.

One of the questions as to which the Presbyterian Council has sought information from the various Churches represented in it has to do with "the constitution of mission Presbyteries and the relation of the mission churches to the home churches." So far as the native ministers and churches are concerned, the policy of our Church seems already to be sufficiently clear and settled. It is that so soon as these union bodies are formed, and these native ministers and churches enter them, they have no further ecclesiastical connection with the church at home, except through the mission and the Board of Missions. This is the response made by our own Board as to them, and no further action seems to be necessary.

But what as to the ecclesiastical relations of our own ordained American missionaries? Upon this question the Assembly needs to speak, not merely for the purpose of responding to a polite inquiry of the Council, but also to give directions to its own ministers.

Happily thus far there has been no controversy as to the question of polity here raised. In the decision which is made, also, it is of the utmost importance that two dangers should be avoided. One is that of doing anything which could fairly be used or interpreted as a check on the union movement on mission fields; the other is that of wounding the feelings of our missionaries, or of compelling them to a line of action which, while it may be expedient in one region, is not so in another, or which, while it may ultimately serve as a general rule, yet needs to be approached gradually. In order to obtain the fullest possible information, your Committee addressed, through the kindness of the Board of Foreign Missions, to all our ordained American missionaries, a circular letter, in which we asked for a full and free expression of opinion. A large number of letters came in reply. We have also, both by letter and by conversation, consulted all the Secretaries of the Board. We have also sought light by asking the Mission Boards of other denominations as to their practice. The result has been to discover the total absence of anything like unanimity,

either as to opinion or as to practice—so much so that if your Committee felt itself under the necessity of laying down one fixed rule for all cases, we should be in great perplexity. But, happily, there is on the part of those most vitally concerned in our action a readiness to fall in with what the highest wisdom of the Assembly may dictate; and there is, in our judgment, a plan which admits of sufficient flexibility satisfactorily to cover all cases and probably to be acceptable to all missionaries. Happily, also, it seems to be the plan which is most simple and the most thoroughly in harmony with Presbyterian polity.

There are two opposite extremes as to possible methods. One would be to say that all our foreign missionaries in all cases where these union bodies are organized, and they enter them, must at once and entirely sever their connection with the home Presbyteries. But this would be to overlook serious apprehensions which some of the missionaries express, if they were thus subjected completely to the rule of the foreign bodies in which the natives would have control. It would be to overlook the fact that some missionaries and some missionary Boards, think that at least in certain parts of the world, it is best for the new national churches, that the foreign ministers should be only advisory members. It would also be to overlook the desirability of keeping up a living sympathy between our own churches at home, and our brethren who go to the unevangelized nations, and that too by some closer bond than is furnished in our Board alone.

The opposite extreme would be to say that our ordained American missionaries should remain members of the home Presbyteries, or of foreign Presbyteries in connection with our own Assembly, and leave to the native ministers and churches the organization and control of the Union Presbyteries, except as advice might be allowed from foreign missionaries as advisory members. If we concede that there may be cases in which this is best, it certainly is not desirable except where circumstances compel it. One of the Secretaries of the Board in the answer proposed to the inquiry of the Presbyterian Council has said, that "in order to guard this independence of a native Presbytery against possible danger arising from inexperience, it is the belief of the Board, that the ordained missionaries of all the missions represented, should be members thereof with full powers, until such time as it shall be thought best, in view of the advancement of the native ministry, and the approximation of the native churches to entire self-support, or the foreign Presbyters shall withdraw, and leave the national Church entirely to its self-control." This is wise. Besides, do we not owe it to our native ministers and churches on our mission fields, to show our confidence and our fraternity, by the fullest possible identification of our missionaries and their families with these native churches and Presbyteries? Some of the oldest of our missionaries write strongly in favor of the most complete identification that is practicable.

Between these two extremes various middle positions have been suggested, or are conceivable. Most of these bear the impress of local circumstances, and are only temporary expedients. What is needed is such a declaration of policy as will leave no doubt as to the wish of the Church at home, and yet which will allow all reasonable liberty of action in peculiar circumstances. Your Committee, after the most careful consideration, find the solution of the problem, in the application of the usual practice of the Church, when ministers remove into countries where other churches of our own order and polity exist. That practice is to take letters of dismissal from the Presbytery at home which they leave, to that within whose bounds they remove elsewhere; and if this is not done, then by letter or otherwise to satisfy the Presbytery as to the course pursued. We do not think that the General Assembly should compel any missionary to join a Union Presbytery, and especially not if the result must be separation from the home Presbytery; but we do believe that it should encourage and stimulate such a course as strongly as is possible by its counsel. When such a dismissal is taken, and received by the Union Presbytery, the missionary would thereby cease to be a member of the Presbytery from which he came.

At the same time the entire separation of our missionaries from the home Church would be a great loss both to us, and also perhaps to them. We desire to have their names on our rolls of ministers, and to hear them in our ecclesiastical bodies, not as an act of special courtesy in each case, but as a cordial, general rule. Provision for this, however, is easily made without any violation of our Form of Government, by directing a supplementary roll of its foreign missionaries to be kept by each of the Presbyteries, and printed in the Minutes of the General Assembly; together with the right of a duly accredited representative from each mission, to sit as an advisory member in our Assemblies and in our Synods. Special freedom also can be allowed for the return of our missionaries to our Presbyteries, by excepting them from the operation of the rule as to the reception of foreign ministers, and making a simple letter of dismissal in good standing in all ordinary cases a sufficient testimonial.

The following resolutions are recommended for adoption:

1. That in order to build up independent national churches holding to the Reformed doctrine and the Presbyterian polity, on foreign fields, the more general and complete identification, of our missionaries with the native ministers and churches and other foreign missionaries on these fields, is of the most vital importance, and needs to be pushed forward as rapidly as is consistent with a due regard to the interests of all parties to these unions.

2. That in countries where it is possible satisfactorily to form Union Presbyteries, the further organization of Presbyteries in connection with this General Assembly is discouraged, and in countries where there are now Presbyteries in connection with this

General Assembly, but where it is possible satisfactorily to form Union Presbyteries, it is strongly urged that the steps be taken as rapidly as this can wisely be done, to merge the membership in Union Presbyteries, and to dissolve the Presbyteries of this General Assembly.

3. That in the case of our ordained foreign missionaries who are not in full membership of Union Presbyteries covering the territory where they reside, it is urged that so soon as practicable, they become full members; and also that when our foreign missionaries are full members of these or as rapidly as they become such, they are urged to ask letters of dismissal from their Presbyteries to these Union Presbyteries; and, it is hereby ordered, that so soon as these letters are accepted, they cease to be regular members of these Presbyteries.

4. That in case any missionary thinks it undesirable to make this transfer of ecclesiastical membership, the decision as to the question shall be left to the home Presbytery to which he belongs; before which body, if so desired by it, he shall lay his reasons for the delay; and the Presbyteries are requested to use patience in dealing with such cases.

5. That each home Presbytery shall from year to year, in its statistical report, place on a supplementary roll, to be published with the remainder of the report in the Minutes of the General Assembly, the names of all ordained missionaries who, having been sent out by it, are still engaged in our foreign missionary work, but who, by joining Union Presbyteries in harmony with the Reformed doctrine and Presbyterian polity, have severed their former membership with the home Presbytery.

6. That in all regions where, through the organization of Union Presbyteries, there are no Presbyteries in connection with this Assembly, each mission organized as such under our Board of Foreign Missions may send to the General Assembly an ordained missionary, or ruling elder, as a delegate; and the standing rules of the Assembly are hereby so amended that such delegate is entitled to sit as an advisory member in the Assembly, and to speak, under the rules, on all questions, and that his expenses from his domicile in this country to and during the Assembly and return, shall be met as those of Commissioners out of the funds of the Assembly; and further that Synods be requested to make a suitable provision for a similar representation at their meetings.

7. That Presbyteries are advised that the rule as to foreign ministers who seek to enter our Presbyteries is interpreted, as not applying to missionaries who have been placed on the supplementary rolls of Presbyteries, and who bring letters of dismissal from Union Presbyteries. D. W. FISHER, *Chairman.*

The same Committee presented a supplementary Report, which was adopted, and is as follows:

The Committee on Ecclesiastical Relations of Foreign Mission-

aries report also, on an Overture from the Presbytery of Rio de Janeiro, asking that the Form of Government be so amended, as "to provide for the erection of Presbyteries on foreign mission fields where no Synod exists or has jurisdiction, so that any three or more ministers on any given field may constitute themselves into a Presbytery, and a smaller number may be empowered by the General Assembly in specific cases to ordain others to the ministry, until the requisite number be found on any given field for the erection of a Presbytery."

There are two points in this Overture. The first has reference to the constitution of a Presbytery out of three or more ministers on mission fields, and where no Synod exists or has jurisdiction. The Committee are of the opinion that such an amendment is not expedient. Few of our mission fields have less than the constitutional number necessary to a Presbytery, and the multiplication of small Presbyteries, even on mission fields, especially in view of the movement toward Union Presbyteries, is undesirable. As to regions where no Synod has jurisdiction, a Presbytery can be formed on proper application to the General Assembly.

The other point presents greater difficulties. The request is for an amendment which will give power to ordain ministers where no Presbytery exists or can be constituted. The principle of ordination by commission, within the bounds of a Presbytery, has been accepted by the General Assembly and by practice; but so far the General Assembly seems to have declared against ordination by any sort of commission outside of the bounds of a Presbytery. In one case an Assembly went so far, as to authorize the Board of Foreign Missions, to pay the traveling expenses of a candidate for ordination all the way from Mexico to New York to receive ordination, rather than to allow a commission to act.

The Committee, however, are of the opinion that in cases of this sort each should be judged by its own circumstances, and that so far as the way is not positively closed by law, necessity should be regarded as justifying unusual action. They are of opinion that, in accordance with the spirit of Chapter xiv, Section 2, of the Form of Government, relating to licensure, it would be competent for a candidate on a foreign field where no Presbytery exists to put himself under the care of a home Presbytery, by virtue of letters from missionaries on that field, and then subsequently by a commission appointed by that Presbytery, after due examination, to license and to ordain him, and then to report his name for enrollment in the Presbytery authorizing the step.

D. W. Fisher, *Chairman.*

Recess until 2.30 P. M.

FRIDAY, May 20, 2.30 P. M.

The Assembly resumed business.

The Committee on Correspondence offered a Report, which was adopted, and is as follows:

The Committee on Correspondence, to which was referred the communication from the Council of the Protestant Episcopal Church of the Diocese of Nebraska, recommend that the following reply, attested by the Stated Clerk, be forwarded by the General Assembly to the Council:

The General Assembly of the Presbyterian Church in the United States of America cordially reciprocate the fraternal greeting and the welcome extended to them by the Council of the Protestant Episcopal Church in the Diocese of Nebraska, now in session in this city, and appoint the Rev. David C. Marquis, D.D., and Ruling Elder E. R. Monfort, LL.D., to bear in person the expression of the warm fraternal feelings of the General Assembly for the Council, and our earnest prayers for their success in extending the kingdom of our common Lord.

The Report was adopted.

R. M. PATTERSON, *Chairman.*

The following paper, offered by Elder George H. Shields, was unanimously adopted by a rising vote:

*Whereas*, The Synod of Missouri, in connection with the General Assembly of the Presbyterian Church in the United States of America, at its meeting in Fulton, Mo., in October, 1886, unanimously adopted the following paper and declaration of principles, to wit:

"It has come to the knowledge of this Synod that many brethren belonging to the Synod in connection with the General Assembly of the Presbyterian Church in the United States, are under a misapprehension with regard to the position of this body touching the spiritual or non-political character of the Church, and also touching the rights of individuals under the constitution of the Church. Owing to this misapprehension, and to the continued separation of the two Synods, many of the congregations on both sides are greatly weakened, our educational institutions are partially paralyzed, and all of our interests are seriously crippled. With the hope of healing forever the breach between us, we once more affectionately extend the hand of fellowship to our separated brethren, and cheerfully reaffirm the action unanimously taken by this Synod in 1873 as follows:

"1. We affirm the spiritual character of the Church as separated from the kingdoms of this world, and, having no other head than the Lord Jesus Christ, as entitled to speak only where he has spoken, and to legislate only where he has legislated; we also recognize the rights of conscience, and the right of respectful protest on the part of the humblest member of the Presbyterian

household of faith, and declare the obligation of all our judicatories to be subject to the authority and to follow the doctrines of our ecclesiastical constitution.

"2. We distinctly and particularly affirm our belief in the following principles and statements found in our standards, to wit: 'Synods and Councils are to handle or conclude nothing but that which is ecclesiastical, and are not to intermeddle with civil affairs which concern the Commonwealth, unless by way of humble petition in cases extraordinary, or by way of advice for the satisfaction of conscience, if they be thereunto required by the civil magistrate.' (Confession of Faith, Chapter xxxi, Section 4.) 'That God alone is Lord of the conscience, and hath left it free from the doctrines and commandments of men, which are in anything contrary to His word, or beside it in matters of faith or worship.' 'That all Church power, whether exercised by the body in general, or in the way of representation by delegated authority, is only ministerial or declarative; that is to say, that the Holy Scriptures are the only rule of faith and practice, that no Church judicatory ought to pretend to make laws to bind the conscience in virtue of their own authority, and that all their decisions should be founded upon the revealed will of God;' (Form of Government, Chapter i, Section 1, 7), and that process against a Gospel minister should always be entered before the Presbytery of which he is a member (Book of Disc., Chapter v, Section 2).*

"3. In order to give the strongest possible ground of confidence to those of our brethren in the other Synod, who desire organic union with us, we do hereby express confidence in the soundness of doctrine, and in the Christian character of these brethren, and cannot doubt that a more intimate communion would lead to the speedy removal of the barriers that now separate those of like precious faith, and to increased mutual affection and esteem."

Now, therefore, be it

*Resolved*, That this General Assembly heartily approves the action of the Synod of Missouri in adopting said paper, and the declaration of principles therein set forth.

The Moderator announced the Committee on Concerts and Days of Prayer: *Ministers*—George E. Martin, William H. Lester; *Ruling Elder*—Hon. Robert R. Wallace.

The Permanent Committee of Arrangements for the One Hundredth General Assembly (Minutes, 1885, pp. 628 and 698; Minutes, 1886, p. 16) presented its Report, which was adopted.

The Committee on the One Hundredth General Assembly report as follows:

The work of this Committee naturally divides itself into two departments, each intended to signalize the one hundredth year of the Assembly's history.

1. The work which shall be recommended to the Church as a

*New Book of Discipline, Sections 18, 108. [R.]

fitting recognition of the closing year of the Assembly's first century.

2. The exercises which shall mark the formal celebration of so important an event.

*First.* The work has been already outlined in the action of the previous General Assemblies. The Committee asks for no change in the recommendations already made. It asks the Assembly, however, to recommend the following as explanatory of, and additional to, the action already taken:

That the General Assembly add to the objects to which contributions may be made during the centennial year, as follows:*

*e.* Endowments for buildings for Presbyterian colleges and academies, and such other institutions of learning, in this land or in foreign lands, as may be approved by the Permanent Committee.

*f.* Home Mission and evangelistic work under the care of a Synod or Presbytery.

It is also recommended that the General Assembly declare that the action of the General Assembly of 1886, in the matter of contributions to the Centenary Fund, is not to be interpreted as restricting the liberty of the donors, nor as indicating a ratio of distribution, and, further, that it direct that no sum be counted as a contribution to the Centenary Fund, except upon the deposit of a Treasurer's certificate, showing that the sum therein named has been actually paid into the treasury which he represents.

They also recommend the passage of the following resolutions:

*Resolved*, That the Committees appointed in the several Synods and Presbyteries to prepare histories of the respective bodies, are hereby appointed to act in conjunction with the Secretary of the Centenary Fund in the securing of contributions.

*Resolved*, That this Assembly earnestly recommends that every session take up a special subscription for the Centenary Fund, and that care be taken to urge this subscription on the attention of the churches at such time as may be suitable; provided that the offerings be made in time to be reported at the Assembly's meeting in 1888.

The Committee would also report that they have unanimously elected the Rev. George C. Heckman, D. D., Secretary of the Centenary Fund, and William H. Roberts, D.D., Treasurer of the same, and that the Revs. George P. Hays, D.D., William H. Roberts, D.D., William E. Moore, D.D., and Ruling Elders William Howard Neff and William McAlpin have been appointed an Executive Committee.

It will be seen from the above that among the various causes open to contribution, the matters of "Board Endowment," of "College Endowment" and "Seminary Endowment," and other approved objects, have their agencies already organized, and can safely be left to prosecute their work through local agencies with

* See for objects Nos. *a* to *d*, Minutes of 1886, pp. 16-17, Section 6. [R.]

the sanction of the General Assembly. Whatever is contributed to these objects may be duly credited.

The Committee desires the approval of this Assembly to the intention of this Committee to concentrate its efforts upon the raising of the one million ($1,000,000) dollars for the endowment of the Board of Relief, as recommended by the last Assembly.

*Second.* The exercises which shall mark the celebration.

In December, 1886, a joint meeting was held in the city of Baltimore with the similar committee of the Presbyterian Church in the United States, and the following action was taken:

That all speeches made at these meetings be delivered without manuscript.

That where there are two speakers they shall not occupy over forty-five minutes each; and where there are four speakers, not more than thirty minutes each.

The Committtee recommend the adoption of the following resolutions:

*Resolved*, That the Moderator, for the time being, with the Stated and Permanent Clerks, be a Committee to fill vacancies occurring in the list of delegates.

*Resolved*, That this General Assembly expresses the conviction that the basis of representation in the Council ought to be so changed as to secure to each Church represented therein, a representation proportionate to its strength and without the limitation at present in force, and this General Assembly declines to contribute to the expenses of the Council in greater proportion than the representation from time to time determined upon.

The above recommendation being adopted, the General Assembly is requested to determine the method by which the Assembly's proportion of the expenses of the Council is to be procured.

The Committee further recommends the following action:

*Whereas*, The question of coöperation in Foreign Missions will come before the London Council, and whereas there is wide interest in the work of Home Missions as carried on by different Presbyterian Churches, therefore,

*Resolved*, That this General Assembly recommends to the Executive Committee of the Alliance of the Reformed Churches, that they authorize the various Boards of Home and Foreign Missions of the several Churches in the Alliance to appoint at least one representative for each Board, such representatives to have in the Council all the rights and privileges of corresponding members.

*Resolved*, That in the event of the adoption of the foregoing proposition by the Executive Committee of the Alliance, the Assembly hereby authorizes the Boards of Home and Foreign Missions to appoint one or more persons, as their representatives before the Council. D. C. MARQUIS, *Chairman.*

The Special Committee appointed (Minutes, 1886, p. 104) on the time of closing the fiscal year of the Boards, reported:

The Committee to whom was referred the resolution introduced in the last General Assembly, requiring that all the Boards of the Church close their fiscal year on the 31st of March, respectfully report:

That in November last, the Chairman addressed all the members of the Committee, being the Treasurers of the several Boards, asking for their practice and wishes in regard to said Resolution.

He has received answers from all, including the Foreign Board, of which he is Treasurer, and which are herewith given in detail.

1. The Foreign Board closes its fiscal year, as has been its practice since its organization, on April 30th, and desires so to continue.

2. The Board of Home Missions and Sustentation close nominally on the 31st March, "though their books are kept open from 7th to 10th April, in order to hear from their missionaries in distant parts of the country."

3. The Board of Education say "that from their plan of payment to students they cannot see the way clear to make any change in their method of closing nominally on 1st April, but run to 10th

or 15th, in order to get their April payments into the financial year."

4. The Board of Publication decide "that it is not desirable to make any change from March 31st."

5. The Board of Church Erection "closes its fiscal year, March 31st, but books are kept open for ten days longer for receipts."

6. The Board of Relief "closes on 31st of March, as it always has done, and sees no necessity for any change."

7. The Board of Missions for Freedmen "closes nominally March 31st, but really about April 12th. To close sooner would exclude some of the largest contributions, and to remain open any longer would not be of much advantage. Nothing could possibly be gained by any change."

8. The Board of Aid for Colleges closes the end of April, and is of the opinion "that this matter should be left entirely to the discretion of each Board for itself to decide just as the matter has been left hitherto."

From the foregoing it will appear that but two Boards close strictly on 31st March, viz: Publication and Relief, and two Boards close strictly on 30th April, viz: the Foreign Mission and College Aid Boards. All the other Boards close nominally on 31st March, but really from the 10th to 15th April. The disadvantages of closing strictly on 31st March, are:

1. The Presbyteries generally meet early in April and their statistical reports are made up to the time of meeting, to which date contributions flow into the Treasuries of the Boards, which sums are embraced in these statistics.

2. The fiscal year of some of the Women's Boards or Societies ends after the middle of April, just before their annual meetings, and it is very important that their full yearly offering should in an itemized form find their appropriate place, in the appendix of the Annual Reports of their respective Boards, and if a uniform closing as overtured be adopted, the General Assembly should also issue the ungallant order that these auxiliary organizations should conform to the same standard of time, which of course the Assembly will not do.

For the last thirteen years the April receipts of the Foreign Board have been larger than the receipts of any other month, and the proposed change, it is feared, would work disastrously with its annual totals.

No practical good can result from adopting the resolution referred to the Committee, and it is hardly to be expected that the proposed rule and the practice of the Boards would synchronize, as they do not now in the case of those who have both a nominal and actual closing.

The Committee therefore subscribe to the judgment of the Board of College Aid and so report "that the time of ending the fiscal year should be left entirely to the discretion of each Board to decide for itself as the matter has been left hitherto."

WILLIAM RANKIN, *Chairman.*

The following telegram, by the direction of the Assembly, was sent to the General Assembly in session at St. Louis:

*To the General Assembly of the Presbyterian Church in Session at St. Louis, Mo.:*

The General Assembly of the Presbyterian Church in session at Omaha, Neb., send you fraternal greetings, and announce to you that they have unanimously approved the Declaration of Principles adopted by the Synod of Missouri at its meeting in 1886. See Psalm 122: 7; John 17: 21.

JOSEPH T. SMITH, *Moderator.*
WM. H. ROBERTS, *Stated Clerk.*

The Special Committee on Peace and Arbitration (Minutes, 1886, pp 96 and 103) presented its Report, by Elder George W. Mears, which was accepted, and referred to the Committee on the Polity of the Church.

The Special Committee appointed by the Assembly (Minutes, 1886, p. 66), on the Board of Publication, presented its Report, which was accepted. Pending the motion to adopt, the time of adjournment arrived.

The Committee of Arrangements presented an invitation from the citizens of Hastings to visit that place as their guests, and recommending Saturday, May 28, as the time. The thanks of the Assembly were returned. Pending a motion to accept, the Assembly adjourned, and was closed with prayer.

---

SATURDAY, May 21, 9 A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Report of the Special Committee on the Consolidated Magazine was made the Order of the Day for Monday at 2.30 P. M.

The Standing Committee on Bills and Overtures presented its Report of Assignments of Papers to the appropriate Committees, which was approved.

The same Committee reported:

*Overtures Nos. 1, 2, 3 and 4*, from the Presbyteries of Louisville, Ebenezer, East Florida and South Florida, asking the General Assembly to reaffirm the doctrine of the spiritual character of the Church, and to adopt measures looking toward organic union with the Presbyterian Church in the United States.

We recommend that the following answer be returned:

*Whereas*, The General Assembly did, on the 20th day of May, A.D. 1887, by unanimous rising vote, cordially approve the resolutions of the Synod of Missouri on the spiritual character of the Church, therefore, in order that the intention of this body in said action may be clearly understood, this General Assembly not only heartily approves, but hereby reaffirms and adopts as its own, the declaration of principles set forth in said resolutions of the Synod, and the Assembly also resolves that no further action in connection with the above-mentioned Overtures is at present required.

The Report was unanimously adopted.

The consideration of the Report of the Special Committee on Publication was resumed. The Report was adopted and is as follows:

Your Special Committee, consisting of four ministers and four elders, which was appointed by the Moderator of the last General Assembly to consider matters connected with the Board of Publication, under the following resolution, to wit: "the Moderator is hereby authorized to appoint a Special Committee, consisting of four ministers and four elders, who shall take into consideration the expediency, feasibility and legality of reorganizing this work by separating absolutely the Sabbath-school work and colportage work, or Missionary Department, from the editorial and publishing work, or Business Department of the Board, and if such is found to be expedient, feasible and legal to report a plan of such separation; and if not so found to ascertain what steps are necessary to put the work of this Board on a permanent and harmonious basis, and to report their recommendations, together with the reasons therefor, to the next General Assembly," begs leave to submit the following report:

### MEETINGS OF COMMITTEE.

The Committee (except Dr. Hall and Judge Trunkey, who were absent from pressure of business) met pursuant to call on the 9th day of February, 1887, and also April 1, 1887, at the Board of Publication Rooms, No. 1334 Chestnut street, Philadelphia, Pa., and called before them the President of the Board of Publication, the Chairman or a representative of each Standing Committee (except the Auditing Committee) of the Board, and the executive officers thereof, and examined them thoroughly as to the character of the organization, the methods of business, and the probable causes of friction between the different departments of the Board, and as to the general policy of the Board under its new By-Laws, and as to the feasibility and expediency of such a separation as is contemplated in the General Assembly's resolution.

The Committee regrets exceedingly that it was deprived of the services of Dr. Dulles, the General Secretary of the Board, owing to his sickness. We feel that his long experience and great famil-

iarity with the subject would have thrown much light on the questions involved. After the first adjournment of the Committee, Dr. Dulles so far recovered as to be able to present very succinctly his views on the subject in a letter to the Chairman of the Committee, which was considered by the Committee at its second meeting, and materially aided it in coming to a conclusion. The illness of Dr. Dulles culminated in his death on the 13th day of April, 1887. The Committee cannot refrain from expressing its great grief that the Board and the Church should have been deprived of the services of so able and experienced an officer at this time. He died literally in the harness, endeavoring to the last to aid the cause he so loved, and to perfect the work of the Board. It will be long ere another, however skillful, will be able to fill the position which he so long held with honor to himself and benefit to the whole Church.

We found the members of the Board thoroughly in sympathy with the great work which is committed to it, earnestly alive to its interests, and practically informed as to the needs of the Board. There was no want of harmony in regard to the importance of the interests committed to this Board among its members, but we found radical differences of opinion as to the methods of attaining the greatest efficiency in its work, and as to the results under its present organization. We found a seeming want of confidence on the part of some of the members of the Board, in the value of certain methods heretofore adopted by some of the officers of the Board, rather than opposition to the objects sought to be attained.

### SEPARATION NOT FEASIBLE OR EXPEDIENT.

We found that it was almost the unanimous opinion of the members of the Board and the officers thereof who were examined, that an absolute separation of the Business and Editorial Departments from the Sunday-school and Colportage or Missionary Department was neither expedient nor feasible. The Committee examined very carefully all the members and officers of the Board who wished to be heard, and did hear a representative from all its committees and departments, as to their reasons why such separation should not be made. After hearing the evidence, and carefully considering and discussing the subject among ourselves, we were unanimously of the opinion that it would not be expedient or feasible to effect such separation, for the following reasons:

*First.* Observation and experience show that benevolent work is inevitably undertaken by any institution engaging in religious publication. The call for benevolent work lies in the very nature of religious publication and in the objects at which it aims.

*Second.* The separation of the Missionary or benevolent Department from the Business Department might be the death knell of the Board, because if the benevolent idea was eliminated from the

Board, it would receive little or no support from the Church at large.

*Third.* An organic separation of the Business from the Missionary Department of the work, would more than likely increase the friction between the managers of these two departments, because the persons buying and the persons requiring assistance through the benevolent work of the Board, are to a large extent the same persons. Letters calling for books constantly ask for grants, and the two are inextricably mingled. The disseverance of these two departments would lead to early and constant confusion and conflict, which could not easily be harmonized by two independent Boards.

*Fourth.* The withdrawal of the missionary from the business work would tend to secularize the business of the Board in an undesirable manner. The character of the publications now issued is largely influenced by the fact that the Board is a missionary institution.

*Fifth.* The business which is derived from the Sunday-school work of the Church lies at the bottom of the business prosperity of the Board, the business derived from the Sunday-schools being about seventy-five per cent of the whole business of the Board, and increasing in that direction; this is so also as to the selling of books, the books now in demand being mainly Sunday-school books.

*Sixth.* The periodical business, which has grown very rapidly, has become the main branch of the Business Department, and this is exclusively Sunday-school work.

*Seventh.* A separation would necessarily entail an increased expense in conducting the work now under the supervision of this Board, in office room, clerk hire and salaries. Each separate department would require a full outfit to carry on its work.

*Eighth.* The separation would also involve the establishment of another Board; and while at present the Business Department derives no support from the contributions of the Church at large, such contributions being devoted entirely to the Missionary Department, yet the separation might result in such a diminution of the income of the Publishing Department, as to require aid from the churches by way of contributions to publish books and periodicals. This will be more apparent if the Assembly takes into consideration, that large numbers of the books published by the Board of Publication are non-paying books, and are published by order of the Assembly from time to time for the uses of the Church.

*Ninth.* We found that liberal-minded and large-hearted Presbyterians had contributed large sums of money, for the purpose of establishing the Central Publishing House in Philadelphia for the benefit of the Board of Publication, as well as the general advantage of our other denominational interest. While technically, perhaps, under the law these trusts might be divided, yet the

moral obligation of preserving them intact, not only for the Business Department, but also for the Missionary Department, seems to negative the idea of such separation.

For these and other reasons the Committee, although when it first met perhaps unanimously thinking separation the wisest policy, came to the conclusion that the business of the Board was so complicated, and its diverse interests so interlaced and dependent one upon the other, that a separation into independent Boards might result in great detriment to this important arm of the Church work. Being of this opinion, it was not deemed necessary to go into an examination of the complex and delicate legal questions which might arise as to the property of the Board, and as to bequests heretofore made to its funds.

### WHAT IS NECESSARY TO HARMONIZE BOARD.

The Committee next attempted to ascertain what steps were necessary to put the work of this Board on a permanent and harmonious basis, in accordance with the instructions of the latter part of the resolution under which it was appointed.

A short history of the Board itself from its organization to the present time, will greatly aid in understanding the reasons which impel the Committee, to make the recommendations hereinafter made. We trace its history through both branches of the Church prior to the reunion in 1870.

### HISTORY: OLD SCHOOL.

In 1838 the Old School Assembly organized a Board of Publication, reciting: "Whereas, Sabbath-school and tract publications cannot fail to exert a very great influence upon the growth of our Church and country, and, whereas, it is the duty of the highest judicatory to exercise such a jurisdiction over this subject, as well as secure the diffusion of sound and Scriptural principles for the promotion of charity, truth and holiness through the churches under our care, therefore resolved, first, that the General Assembly will superintend and conduct by its own proper authority, the work of furnishing the churches under its care with suitable tract and Sabbath-school publications, by a Board appointed for that purpose, and directly amenable to that Assembly." And for that purpose a Board was constituted of forty ministers and forty laymen, to be styled "The Board of Publication of Tracts and Sabbath-school Books of the General Assembly in the United States of America." (See Presbyterian Digest, p. 433.)

In 1839 the Assembly changed the name to the "Presbyterian Board of Publication," and so altered its Constitution as to require said Board of Publication "to publish not only tracts and Sabbath-school works, but also approved works in support of the great principles of the Reformation, as exhibited in the doctrines and

order of the Presbyterian Church, and whatever else the Assembly may direct." In 1848 the General Assembly recommended the Synods and Presbyteries to establish depositories, and by an efficient system of colportage under their direction, to aid the Board in securing a wide circulation for their books, which recommendation was repeated in 1850. In 1852 the Assembly recommended the Board to consider the organization of co-ordinate agencies and depositories at the West, South and Southwest, as speedily as may be deemed consistent with the safety and permanency of the organization already established at Philadelphia, and recommended to all pastors and churches to render aid to the Board by contribution of funds so as to enable the Board to greatly enlarge the work of colportage. In 1856 the Assembly called attention of the churches to the fact that there were two departments under the management of the Board; one purely business, the other a charitable and missionary enterprise, and expressed pleasure in the determination of the Board to keep the accounts of the two departments separate. It also recommended to the Board to increase its Sunday-school libraries as rapidly as possible. In nearly every Assembly down to 1870, the Sabbath-school and colportage work of the Board was highly commended, and the churches and Presbyteries were urged to aid in increasing its efficiency.

It will be seen on examining the Minutes of the General Assembly that, from the original organization of the Board down to the year 1870, while the work "of publishing in cheap and substantial form well-selected books, sound in theology and rich in practical and devotional matter," was not underrated, yet the General Assembly consistently and emphatically commended as of the highest importance the Sabbath-school and colportage work of the Board.

### HISTORY: NEW SCHOOL.

The New School Church in 1852 established at Philadelphia a Standing Committee of nine persons, called the "Doctrinal Tract Committee," to superintend the publication of a series of tracts explanatory of the doctrines, government and missionary policy of the Presbyterian Church, as the General Assembly shall from time to time direct. In 1853, this Committee was authorized to take such measures as they will deem advisable to secure funds for the erection of a house of publication, and collections in the churches were enjoined in aid of this publishing fund under the control of the Committee. In 1854, the number of the Committee was increased to fifteen. In 1855, the name was changed to "The Presbyterian Publication Committee." In 1857, authority was given the Committee to publish not only such works as may present the peculiarities of our branch of the Christian Church in doctrine and practice, but from time to time such works of an evangelical character as may be profitable to the

Church. This Assembly also enjoined an annual collection from the churches for the publication cause, and that a sermon be preached before each General Assembly on the subject of publication.

In 1859, the General Assembly permitted all churches making an annual collection to order for their own use any publications of the Committee to the amount of one-half of their respective collections. In 1860, the Assembly recommended that the Publication Committee be endowed with a working capital of not less than $25,000, requesting a special contribution in the churches for this object, and empowered the Committee to employ an agent for the furtherance of this scheme, and also recommended Presbyterial depositories for its books. This Assembly, in 1866, reciting, "We believe that the Sabbath-school is a nursery of the Christian Church, one bulwark of Christian doctrine, a promoter of Christian union, and an organizer of Christian labor; in other words, it saves the young, it secures the faith, it settles differences, and it develops power," etc., ordered the appointment of a Permanent Committee on Sabbath-schools to supervise the Sabbath-school literature of the Church in coöperation with the Permanent Committee on Publication; to issue circulars which may help the cause, and use other appropriate methods of the Presbyteries to collect data, etc.; to promote the establishment of Sabbath-schools in needy localities in coöperation with the Presbyterian Committee of Home Missions; to promote the Sabbath-school cause in heathen lands in coöperation with the American Board of Foreign Missions; to promote the establishment of Sabbath-schools in Mexico, etc., in coöperation with the American and Foreign Christian Union; to promote the increase of the ministry through the influences brought to bear on the Sabbath-school, and thus prove an auxiliary to the Education Committee. Presbyteries were instructed to appoint Presbyterial Committees on Sabbath-schools, and the Publication Committee was authorized to send publications of the Church to Sabbath-school Committees in response to their directions. This Permanent Committee on Sabbath-schools lingered along without accomplishing very much until 1869, when it was dissolved at its own request.

The New School Assembly prior to this had repeatedly commended the Sunday-school cause to its churches and ministers, and had also endorsed the "Sunday-school Union" as an efficient means of fostering and extending Sunday-schools.

It can be said of this branch of the Church as of the Old School, that the benevolent work of its Publication Committee and the Sunday-school work were prominent features of its policy.

### HISTORY: SINCE REUNION.

At the reunion in 1870 the Publication Board and Committee were consolidated. The Board was to be composed of forty-eight

members, one-half ministers and one-half laymen, divided into three classes and elected for three years respectively. The Board was to hold at least four meetings each year. The executive officers were to be a Secretary or Secretaries, whose titles and duties were to be defined by the Board, and a Treasurer. All other internal arrangements necessary for the purpose of its organization, to be made by the Board of Publication after its reorganization. Each Presbytery was directed to appoint a Presbyterial Publication Committee to supervise the work of securing an annual collection for the Board, to recommend suitable persons to act as colporteurs, to correspond with the Board in reference to its work in the Presbytery, and to do whatever else may tend to promote the work and interests of the Board, and to secure a thorough distribution of the Board's publications within and throughout the bounds of the Presbytery, etc., etc.

In 1871, the Board reported to the Assembly that its entire work had been divided into five branches, each branch being consigned to a Committee; all of the five Committees to report to the monthly meetings of the Board. These Committees are as follows: The Publishing Committee, to examine manuscripts of books and tracts; the Periodical Committee to control the periodicals of the Board; the Missionary Committee to supervise the work of colportage, gratuitous distribution and Sabbath-school work; the Business Committee, to have charge of the property and business of the Board; the Auditing Committee, by which bills and accounts of all the departments are examined, approved or disallowed.

In 1870, the General Assembly recommended to the Board to consider the propriety of establishing a department of Sabbath-schools, whose office it shall be to promote the number and efficiency of the Sabbath-schools throughout the churches, and strongly recommend the extension of the colportage work. This was repeated in 1871 by the General Assembly, and the Board was directed, "in appointing colporteurs, as far as possible to select such persons as may also be suitable for Sabbath-school missionaries, and instruct them to establish Sabbath-schools in destitute localities under the supervision of the Presbyteries."

In 1872, a department of the Board of Publication, having the Sabbath-schools in charge, was separately constituted, and required to keep a distinct account with the Board. Its duty was to disseminate the publications of the Board by donations and by sale, by its appointees, who shall be called "Missionaries of the Board of Publication," and who shall be appointed subject to the approval, and shall be under the control of the Presbyteries; "to supervise the whole Sabbath-school work of the Church in connection with the Presbyteries, and aim to lift this important agency of Christian evangelization into the prominence and efficiency which it deserves, and which the great needs of our country have so largely called for at the present time."

In 1872, the Board appointed Mr. J. Bennett Tyler, General Superintendent of the Sabbath-school Department.

In 1878, the churches were urged to contribute more liberally to its missionary and colportage funds, and the Sabbath-school work was commended. The appointment of Rev. James A. Worden as Superintendent of Sabbath-school work was approved, and it was recommended that each Presbytery appoint a Committee to oversee and encourage the Sabbath-schools in the bounds of each Presbytery. This latter recommendation was repeated in 1879.

In 1880, Rev. James A. Worden was appointed by the General Assembly "Secretary of the Sabbath-school work of the Board, his salary to be derived from the same sources as that of the other Secretaries."

In 1881, the Board was directed to appoint from their own number a Standing Committee of seven to advise and consult with the Secretary of Sabbath-school work.

In 1881, 1882, 1883, 1884, 1885 the Sabbath-school and colportage work were prominently commended, and in 1885 the General Assembly adopted this resolution: "We would remind the Board that it is sustained with special reference to benevolent and missionary work, to which the commercial feature should be auxiliary, whilst the Business Department furnishes and aids the dissemination of the religious literature of our Church."

### DEPOSITORIES AND BRANCH HOUSES.

The General Assembly of 1882 authorized the establishment of depositories at Chicago and St. Louis, and in 1884 one in San Francisco, and in 1885 recommended conferences between the Board and the Presbytery of New York for the purpose of establishing a first-class depository in New York City. The Board also, from time to time, established in different cities in the country, agencies and branch houses for the sale of books; which policy was approved by the General Assembly. In some cases the books are sold by the Board to the book-seller at the ordinary wholesale discount from its catalogue prices; in others, they are placed on sale, a commission being allowed in the shape of ordinary discounts from the catalogue prices, the books remaining however the property of the Board. There are some twenty of those "branch houses" or "representatives" now established. In 1885 the General Assembly passed the following resolution: "The General Assembly would call attention of the Board to the necessity of great care in the establishment of what are termed "branch houses" or "representatives," not multiplying them except when the necessity is apparent and the probabilities of advancing religious ends without militating against the interests of other important agencies are such as to warrant the extension of the same, also:

"The Missionary Department of the Board is instructed to advance its colportage work as far as possible in harmony with the interests of these representative houses, instructing the colporteurs to call attention to these as sources of supply which may remain when they shall have gone to other fields of labor."

In 1886, the policy announced in the first of the above resolutions was again enjoined on the Board by the General Assembly, with the added requirement that "the business be so conducted that the profits thereof shall accrue to the benefit of the Board rather than to the benefit of private individuals."

## CAUSES OF FRICTION.

Discord between the Missionary and Business Departments arose from the real or supposed encroachment of the colporteurs, in making sales, on the business of these agencies or branch houses; and from the manner in which sums of money sent to buy books, accompanied with requests for donations of books, were treated by the Missionary Department. The custom of the Missionary Department has been to consider all money received as contributions to the Missionary Fund, and the books and periodicals indiscriminately as grants from the Missionary Department. As this subject was fully disclosed in the Report of Dr. Eaton's Special Committee last year to the Assembly, it is needless to pursue it further in detail.

Dissatisfaction between those two departments also arose from the fact that each was zealously pushing its own work, in order to make as favorable showing thereof as possible. But it is not necessary to go further into the details of these differences or to decide who was right or who was wrong in such disagreements. The only thing the Committee cares to record is the fact of such disagreements.

Prior to the resignation of Dr. Schenck there was no recognized head to the Board; the Business Committee, the Publishing Committee on Periodicals, the Missionary Committee and the Sabbath-school Committee, in connection with the respective executive officers of these departments, had complete control of their respective branches, subject of course to the approval of the Board at its meetings. Each Committee kept a record of its proceedings, which was submitted to the Board from time to time for approval. The result of this plan of organization naturally made each Committee zealous for the promotion of its own special work.

The Board is composed of clergymen and elders, who have other duties to perform which largely require their time, and they naturally give the time which they devote to the Board's interests to a thorough understanding of the workings of that branch over which they have oversight. This results in practically creating a Board of forty-eight members, consisting of five smaller independent Boards, each with distinct objects to subserve, and with

independent and often diverse plans of procedure; although the main differences seem to have arisen between the Business and Missionary Departments. It was natural when the Board met as a whole, and such differences were to be considered, that the Chairman of each Committee, backed by the members of his Committee, would seek to convince the Board of the importance of that Committee's work, and it is not surprising that there should be radical differences of opinion as to the proper policies to be adopted by the Board in its general work. In fact, it is surprising that they should have been able to get along as harmoniously as their history shows. When you add to this the independency of each Secretary and Superintendent, naturally backed with the sympathy of the Committee with which he was associated, coupled with the laudable desire to make as favorable showing as possible of his work, the conflict of opinion and friction between the departments resulted in the very nature of things. This is perhaps an incurable difficulty, but we hope the plan hereinafter suggested will to a great extent remedy it.

An added cause of discontent is found in the fact that the Corresponding Secretary, the Editorial Secretary, and the Sabbath-school Secretary, were each members of the Board, and had the right to vote on all questions, whereas the Assistant Editor and the Business Superintendent were not members of the Board. Of course, the presence of these gentlemen at the meetings of the Board, and the respect which was naturally felt for all its members, must have interfered to some extent with a free interchange of opinion as to the action of such Secretaries, and possibly might give color to the opinion that the departments were not equally represented in the Board's deliberations.

Another difficulty in the composition of the Board is in the number of its members. As already stated, it consists of forty-eight members. Most of them reside reasonably near Philadelphia; some of them, however, are thousands of miles from the Board's general office. Many of the most important questions coming before the Board never receive the consideration of more than one-half its members. The practical result of this was presented to the Committee, in the attempt recently made by the Board to change its By-Laws. The rules required that the change could only be made by a majority of its members, but the Board was not able to effect the change after repeated efforts for more than six months, because they could not obtain the presence of a majority of the Board favoring the change. There was some dissatisfaction resulting from the method in which it was finally effected; but this Committee is of the opinion that it has nothing to do with that question.

We found that in more than one instance the pastor and more than one elder from the same church are members of the Board, and that several members are also members of one or more of the other benevolent Boards of the Church.

BUSINESS DEPARTMENT.

We found the Business Department of the Board well managed and self-supporting, and we take pleasure in correcting an erroneous opinion in the Church growing out of a misapprehension as to the use of the large capital employed in this department. In the first place, many of our books do not pay the expense of their publication, not being generally salable. Of these we may mention those of a strictly denominational character, and those published by order of the Assembly. Secondly, the aim of this department is to cheapen its books and periodicals, rather than reap profits from sales. Thirdly, a large amount of books are gratuitously distributed every year, not only to the destitute by colporteurs, but to charitable institutions, literary and theological institutions, on which no profit is made. Fourth, a large part of the Board's buildings, which are a part of its capital, and which might be rented, are used by other Boards of the Church for offices, rent free. A fair valuation of the rental of these offices was shown to be at least $5000 per annum. This use is consistent with the wishes and intention of the donors of the fund for constructing the buildings, and no fault is attributed to the Board for such use. In addition the expense of lighting, heating and repairing the building for this gratuitous use falls on the Business Department. The small per cent of profits on the seemingly large capital is thus explained. We state these facts in order that the Assembly may be fully informed on the subject.

EDITORIAL AND PUBLISHING DEPARTMENT.

The Committee found the Editorial and Publishing Department well organized, both books and periodicals evidencing excellent work and great care on the part of the editorial staff. Up to the resignation of Dr. Schenck this has been peculiarly within the province of Dr. Dulles and his efficient assistant, Dr. Miller, and the Editorial, Periodical, and Publishing Committees. Since that resignation the work has devolved largely on Dr. Miller, and we think this branch of the work will compare favorably with any of like character in the United States.

SABBATH-SCHOOL DEPARTMENT.

The Sabbath-school work under the supervision of Dr. Worden has by reason of the character of the Board's organization been confined to the holding of Sabbath-school institutes, platform work in bringing the subject before the Assembly, and arousing renewed interest in localities, and in the organization of a course of normal instruction known as "Bible Correspondence School." At present the Secretary has no connection in any way with the colporteurs in their Sabbath-school work, nor has he any connection, save as a

contributor, with the Sabbath-school Helps. The colporteurs being under the supervision of the Missionary Department, neither make reports to, nor receive any instructions from the Secretary of Sabbath-school work. Dr. Worden has done very efficient work within the sphere to which he is limited, and deserves the commendation of the Church for his untiring labors.

### MISSIONARY DEPARTMENT.

This work has always been under the supervision of the Corresponding Secretary till the time of his resignation; since then under the care of Dr. Dulles; the oversight of this work being committed to the General Secretary, by the Board in its recently altered By-Laws. The management of colporteurs, of grants to the destitute by gratuitous distribution to needy Sabbath-schools and other institutions able to pay in part only for what they need, the handling of the benevolent contributions of the Church, and of individuals, the occupation of new fields, etc., all come under this department as missionary work.

### CONCLUSIONS OF COMMITTEE.

After careful and prayerful consideration of every phase of the subject, and long discussions of the matter among ourselves, the Committee unanimously reached the following conclusions, believing that the suggested changes will put the "work of the Board on a permanent and harmonious basis," make it far more efficient, and commend it to renewed support from the Church at large.

Following the oft-expressed deliverances of the General Assembly which have heretofore been quoted, we believe that now the Sabbath-school work is by far the most important feature of the Board's work. Second only to this is its colportage work or missionary work. Auxiliary to both in furnishing Christian literature in books and periodicals stands the Business Department.

We would emphasize the deliverances of the General Assembly in declaring that the Sabbath-school and colportage work should be done by the same missionaries. The field for both is the same —"the destitute regions"—not necessarily outlying, sparsely-settled regions, but places destitute of God's word and of religious teaching, even in our largest cities. The nature of the work is the same, as organizing, fostering and strengthening Sabbath-schools naturally falls in with gratuitous distribution of books, religious visitation to families and sales of the Board's literature. If Presbyteries generally would heed the admonition of the Assembly, and nominate men as missionaries for this work who have qualifications as Sabbath-school workers, much good would be accomplished. The natural development of these schools is into churches, and our records will show that some of our most flourishing churches owe their being to the successful planting of a Sabbath-

school. The Sabbath-school is demanding the attention of all religious denominations now as never before. In the language of the General Assembly in 1874, "if the Presbyterian Church means to keep abreast of other Churches, she must keep her Sunday-school interest in the foreground." The time has come when this work must be pushed. The Church which enlists the children under Christ's banner, under the blessing of God, will be the growing Church, the aggressive Church, the Church of the future. We have all the paraphernalia, all the resources needed, all the artillery and ammunition, but we need organization and leadership. This work belongs to the Board of Publication naturally. As already stated, seventy-five per cent of its publications are directly in the line of Sabbath-schools. No other Board could successfully carry on this work. At present the Secretary of Sabbath-school work has no connection, directly or indirectly, with the field organizers, the colporteurs. He is a general without an army, and the colporteurs, so far as they are Sabbath-school missionaries, are an army without a general. We think the true solution of the difficulties in the Board of Publication is to Sabbath-schoolize it in theory, as its business shows it to be Sabbath-schoolized in fact, but we would make it more efficient. While we do not underrate the importance of platform and institute work, or normal-school organization for Sabbath-school purposes, back of this lies the organization and strengthening of Sabbath-schools themselves, and we think more systematic labor in this direction would show great results. The importance of presenting this great cause to the churches properly for their support cannot be overestimated. If the Church at large can be made to know that its contributions go directly to the establishment of Sabbath-schools, religious visitation, gratuitous distribution of Christian literature among the spiritually destitute, and, to use the language of the General Assembly in 1882, "that the selling of books, while still continued so far as it can be usefully done, is to be in all cases subordinated to these more directly benevolent and religious labors," we believe this Board will receive its heartiest support.

### CONSOLIDATION THE TRUE REMEDY.

We believe these results can best be accomplished by the consolidation of the Sabbath-school and missionary or colportage work into one department, and under the supervision of a "Superintendent of Sabbath-school and Missionary Work," and that he should have the control and direction of the colporteurs, and that they should report to him direct, subject of course to the limitations now regulating their appointment and work in their respective Presbyteries, and subject to the general supervision of the General Secretary and the Board.

The editorial and publishing work, including books and periodicals, should be placed in another department, and be under the

supervision and care of a "Superintendent of Editorial Work." The business interests of the Board should remain as at present in a separate department, and be under the control and supervisory care of a "Business Superintendent."

The Board should be composed of a sufficient number, from which three general supervisory Committees could be appointed, to which these respective departments should be committed. In other words, the Committees of the Board should be a Sabbath-school and Missionary Committee, to which should be committed Sabbath-school and colportage work; an Editorial and Publishing Committee, to which should be committed the editorial and publishing work of both books and periodicals; a Business Committee, to which should be committed the business interests of the Board; and an Auditing Committee, to audit the bills and accounts of the respective departments.

### GENERAL SECRETARY.

After the resignation of Dr. Schenck as Corresponding Secretary, the Board sought to render the Board more efficient by unification as far as possible, and the establishment of one Secretary as the controlling executive officer of the Board, subject of course to the direction of the Board itself. It effected the change, and elected as General Secretary of the Board, Rev. John W. Dulles, D.D., so long connected with it as Editorial Secretary, who conducted its operations since the resignation of Dr. Schenck, except when he was unable to do so from sickness, up to the time of his death. This Committee is of the opinion that this is a move in the right direction, and deem it highly important, that, while the General Secretary should be the chief executive officer of the Board and supervise and control the management of all its departments, and the respective Superintendents should recognize his authority to the fullest extent, each Superintendent ought to have the right to an appeal to the Board from the General Secretary's decision in matters of importance, where opinions may conflict; and until such appeal is decided the authority of the General Secretary shall be paramount.

### MEMBERS NOT TO BE MEMBERS OF OTHER BOARDS.

As the interests committed to this Board are of great importance, and demand careful attention, and as of necessity the time given to the business by its members must be limited to the time they can spare to it from their other duties and business, in consonance with the expressed opinion of the last General Assembly on the general subject, this Committee is of the opinion that members of this Board should be selected with a view to their special fitness for the work, and not be members of any other benevolent Board of the Church. Such a rule would be wise in regard to all

the Boards of the Church, for the reason that it would enlist a greater number of earnest and efficient workers in the grand work for which these Boards were constituted, and it would allow more time for the work to each member, and afford an opportunity for a more thorough understanding and complete mastery of the work in its details by the respective members of each Board. Each member of any Board must of necessity become interested in its success, but where the allegiance is divided, prominence will be given to the work of that one which preference would naturally indicate, and the work of other Boards possibly neglected. We think the Presbyterian Church amply large enough to furnish men to fill positions on all its Boards, without calling on the same individuals to serve on more than one.

### THE BOARD TOO LARGE.

We are of the opinion that the Board is too cumbersome and unwieldy, and that its membership should be reduced fully one half; and in order to prevent any question of favor to or undue influence of any individual church, there should not be elected to the Board more than two members, the pastor and one elder, from the same church.

### EXECUTIVE OFFICERS NOT TO BE MEMBERS.

We are also of the opinion that, while the heads of the respective departments should have the right to present their views and their work personally to the Board, and to be subject to its call for any information at any time, it is an unwise policy to permit the executive officers or employés of the Board to be members thereof with power to vote.

### COMMITTEES OF PRESBYTERIES, ETC., CONSOLIDATED.

We also recommend that the Synodical and Presbyterial Committees on Publication and Sabbath-schools be consolidated under the name of "Publication and Sabbath-school Committee," so that the whole work may receive the undivided attention of efficient Committees in all Presbyteries, Synods, and the General Assembly.

### BOARD GIVEN EVENING AT ASSEMBLIES.

We also recommend that the evening of the second day of the meeting of the Assembly be devoted to the whole work of this Board rather than restricted to Sabbath-schools. By so doing the Board will be given a place of equality with the other Boards of the Church, and the advocates of its work given an opportunity, which they do not now enjoy, of addressing popular meetings at the General Assembly. The subjects are so closely related that they can be considered jointly with profit. We think that a reor-

ganization of this Board on the foregoing principles and a strict obedience on the part of the Board to the General Assembly's requirements and directions, as found in its deliverances, will result in pushing the Board to the front rank which it deserves by reason of the importance of its work, and instead of being an object of criticism in the General Assembly, it will be one of the most favored organs in the grand work for the Master, in which our beloved Church is engaged. In making these suggestions we have not considered men but measures, believing that the interests of the cause are of far more importance than those of individuals.

RESOLUTIONS.

We therefore recommend the General Assembly to adopt the following resolutions:

1. The Presbyterian Board of Publication shall be hereafter designated and known as the "Presbyterian Board of Publication and Sabbath-school Work," and shall consist of twenty-four members, of whom twelve shall be ministers and twelve ruling elders.

2. No one shall serve as a member of the said Board who is an executive officer or employé of said Board or a member of any other benevolent Board of the Church, and no more than one ruling elder from the same congregation shall serve on said Board, at the same time.

3. This General Assembly shall elect as members of the "Board of Publication and Sabbath-school Work," four ministers and four ruling elders, who shall serve for one year; four ministers and four ruling elders who shall serve for two years; four ministers and four ruling elders who shall serve for three years from the third Tuesday of June, 1887, and each succeeding General Assembly shall elect four ministers and four ruling elders to serve for three years thereafter. In case this recommendation is adopted by the General Assembly, we recommend that the Standing Committee on Publication be directed to nominate members of the Board herein provided for. Members of the Board thus elected shall meet for organization at the publishing house at Philadelphia on the third Tuesday of June, 1887, and when such organization shall have been effected, the membership of the Board as at present constituted shall terminate. For the purpose of effecting such organization, a majority of the members-elect shall constitute a quorum.

4. The annual collection taken up in the churches for the benefit of this Board shall hereafter be known as the collection for Sabbath-school work, and be so designated in the Minutes of the Assembly.

day of the Assembly's meeting shall be in the interests of the "Presbyterian Board of Publication and Sabbath-school Work."

All of which is respectfully submitted.

GEO. H. SHIELDS, *Chairman.*

*Resolved*, That the public meeting referred to in the twelfth resolution of the above Report, be under the direction of the Board of Publication and the Committee on the One Hundredth General Assembly, so far as the year 1888 is concerned.

The Order of the Day, being the Report of the Standing Committee on Ministerial Relief, was taken up. The Report was received, and, after an address by the Rev. William C. Cattell, D.D., Secretary of the Board, was adopted, as follows:

Whether by design or not, your Committee appointed upon the Report of the Board of Ministerial Relief cannot but regard it as suggestive, as well as appropriate, that the Assembly in setting out upon the examination of the several departments of our Church work should begin with the consideration of the claims of our needy and disabled ministers and their families, and of the responsibility and duty of the Church in this direction.

Surely no claims are more imperative on the one hand, no duty can be more sacred and imperative on the other.

Your Committee, to whom was referred the Thirty-second Annual Report of the Board of Relief, has examined with such care as the limited period since its organization would allow, the Report presented to this body for the year ending April 1, 1887.

It is with sincere gratitude and thankfulness, that your Committee recognizes the measure of Divine favor and blessing, which has attended the efforts of those especially engaged in this department of our Church work. Not only has the past year been one of diligent and earnest service, but one of success and enlargement.

The amount of money received into and disbursed from the treasury of this Board, and the number of persons reached and benefited by this beneficent agency have been greater than ever before. It is with great satisfaction that your Committee calls attention to this fact of progress and enlargement in this good cause, which appeals so strongly, not only to our sympathies, but to our sense of justice and right, towards those who have given the vigor and strength of their life to the service of the cause and kingdom of our blessed Lord, and who in their old age, or in their time of infirmity, find themselves without material wealth and in measure dependent upon others for those things which are essential to their comfort and welfare.

The number of families aided from the treasury of this Board during the past year was 562. "In a number of these families," says the Report, "there is only one person, the aged minister or widow. A larger number consist of aged couples; sometimes

with an invalid daughter or orphan grand-children depending upon them. A still larger number consist of widows of ministers with children not old enough to earn anything for their support, and of ministers broken down in the midst of their usefulness, with wife and children to be cared for. The number of persons who have shared in these appropriations made by the Board to these 562 families, may be estimated at about 2000." Thus has this stream of Christian beneficence gladdened many hearts and brought comfort and joy to many of God's dear servants and children. The aid thus given has been distributed throughout the whole Church, all our Synods save one, and 148 of our 199 Presbyteries having sent forward their recommendations for aid, all of which recommendations, it is a matter of great satisfaction to observe, have been promptly and fully responded to.

One of our foreign Presbyteries has recommended three persons for help, and while no other such applications have come from our Synods or Presbyteries, yet a number of our foreign missionaries are receiving aid upon the recommendation of the Presbyteries with which they are connected at home. Neither have the Presbyteries asked, or the Board granted, all that was desirable, or that might have been fitly given, yet even the slender appropriations made, have been such as to carry joy and comfort to many hearts and homes.

The maximum appropriation made during the year past has been three hundred dollars ($300.00). The average appropriation to each family, however, has been less than two hundred dollars ($200.00).

The total amount received into the treasury of the Board during the year has been one hundred and thirty-six thousand three hundred and twenty-three dollars and fifty-eight cents ($136,323.58), thus showing an increase of nearly sixteen thousand dollars ($16,000.00) over the receipts of the previous year. Of this increase it is gratifying to observe, that the whole aggregate increase of sixteen thousand dollars ($16,000.00) has come directly from the churches, while the gifts from individuals and from miscellaneous sources have shown little if any increase.

This increase from the churches, as your Committee has said, is truly gratifying, and yet, "Tell it not in Gath, publish it not in the streets of Askelon," only a little more than one-half of all our six thousand churches have contributed anything to this blessed cause. This too, after all that has been said and written and done, to inculcate the principles of systematic benevolence, and especially to bring the claims of this particular cause to the attention of our churches. Such a fact, pertaining in measure to all our Boards, is most disheartening in connection with our benevolent work. When will our churches and all our Christian people learn that their privilege is their duty, and their duty their privilege, in connection with all the claims of God's kingdom upon them.

The sum of about fifteen thousand dollars ($15,000.00) has been added during the year to the Permanent Fund of the Board, and yet through the expiring of old investments and the necessity of accepting a lower rate of interest, the income from this source has actually fallen off nearly fifteen hundred dollars ($1500.00). This is a process which is still in operation and will so continue for some years to come, so that considerable additions must needs be made from year to year to the Permanent Fund, in order to keep the income from this quarter even stationary.

The Ministers' House or Home, at Perth Amboy, New Jersey, has continued its beneficent work during the year, sheltering and granting aid and comfort to thirty families. This "Elim in the wilderness where weary pilgrims have been refreshed," to repeat the happy language of last year's Report, still stands, thanks to God, with open doors and loving hearts and hands to welcome the worthy and the needy, who are weary and ready to faint by the way. Would it not be a blessed deed, approved of God and appreciated and acknowledged by men, if some noble, wealthy, generous Christian disciple, to whom God has given the ability, should endow for all time this beneficent institution; that so it might become a perennial source of blessing to the poor and the afflicted, the sick and the aged of God's servants?

During the year twenty families have withdrawn from the roll of applicants for aid; a change in pecuniary circumstances, or restored health, rendering further help from the Board no longer necessary; but this number is largely exceeded by the number of new applicants. These have been eighty-eight during the year, viz., fifty-one ministers, thirty-three widows and four orphan families. Thus while one is lifted up another is cast down, while one grows strong another becomes feeble, thus illustrating the constant need of generous and ever-enlarging provision for the poor of God's House, whom He leaves with His Church for its perpetual benediction.

A single feature of the Report demands perhaps a passing notice and explanation. The Assembly will observe that the Board reports a balance of twenty-one thousand ($21,000) dollars on hand at the close of the year. It should be understood, however, that this is no more than an adequate working balance with which to begin the work of the new year. With this, as with all our Boards, the summer months are the dry months of the year, few collections being received at this season from but few of our large city churches, so that it becomes a matter of necessity that a working balance should be held in hand at the beginning of the year. Most of this surplus over the monthly expenditure was received during the last month of the old year, a fact which is becoming more and more common, and which tends to embarrass the operations of all our Boards, viz., that of withholding on the part of the treasurers of our churches the collections made until the close of the ecclesiastical year. Could the receipts from the

churches be more evenly distributed throughout all the months of the year, such a result would add greatly to the convenience and comfort of the Board in its operations.

In view of the foregoing facts and statements, your Committee take the liberty of presenting the following resolutions for the approval of the Assembly:

*Resolved*, 1. That the General Assembly recognizes with devout thanksgiving the increased and increasing interest manifested in the work of Ministerial Relief, and heartily appreciates and commends the energy, discretion and fidelity of those by whom in its name these important trusts have been administered.

*Resolved*, 2. That while rejoicing in that whereunto we have already attained, yet this Assembly recognizes the need of yet more general effort and more liberal contributions both in behalf of the Permanent Fund, and for the more generous support of this work in its appropriations for the current year, and emphasizes the recommendation of the last Assembly, that "not less than one hundred and fifty thousand dollars be annually contributed to this sacred cause."

*Resolved*, 3. That the statement that more than twenty-eight hundred of our six thousand churches, have taken no collections during the past year for this important and blessed work, is one which occasioned both great surprise and deep regret, that so many of our churches, and that to so large an extent some of our Presbyteries, should thus persistently stand aloof, and take no part in this effort to recognize the claims, or minister to the needs, of those so especially entitled to the affectionate regard and generous consideration of the Church of Christ.

*Resolved*, 4. That the Assembly regards with favor the effort recently inaugurated to enlist and utilize the interest and influence of the eldership, in behalf of this agency for the relief and help of those laid aside from the active work of the Church.

This Assembly would reiterate its approval of the special arrangements suggested last year by which an elder should be associated with the pastor in the oversight of the interests of this Board in the congregations.

Your Committee have examined the Minutes and the Annual Report of the Board, and recommend both for the approval of the Assembly.

The following persons are recommended for election as members of the Board, viz:

Rev. John A. Liggett, D.D., of Rahway, N. J.; Rev. George D. Baker, D.D., of Philadelphia; also Elders Robert C. Ogden, John D. Wattles, for the full term of three years, and Elder Henry N. Paul, to fill a vacancy in the class of 1888.

WILSON PHRANER, *Chairman.*

The following additional Commissioners were enrolled: *Minister*—William B. McElwee, of the Presbytery of Ozark; *Elders*—

John B. Smith, of the Presbytery of Chippewa; and George W. Stubbs, of the Presbytery of Indianapolis.

The Committee on Correspondence reported that the Rev. William R. Taylor had presented his credentials as the delegate of the General Synod of the Reformed Church in America to this General Assembly, and recommended that he be now received and heard. Adopted.

Mr. Taylor conveyed the salutations of the venerable Synod to the Assembly, which were cordially responded to by the Moderator.

The Assembly adjourned until Monday at 9 A. M., and was closed with prayer.

---

MONDAY, May 23, 9 o'clock A. M.

The Assembly met, and, after devotional services, was opened with prayer.

The minutes of Saturday's session were read and approved.

The Stated Clerk was directed to telegraph the action of this Assembly on the Missouri Declaration to the General Assembly now in session at St. Louis.

The Special Committee on the Reprinting of the Minutes of the Assembly from 1836 to 1869, inclusive, presented its Report, which was adopted, and is as follows:

The Committee was appointed by the General Assembly (Minutes, 1884, p. 121), viz:

"*Resolved*, That the Stated and Permanent Clerks be a Committee to report to the next General Assembly upon the advisability of reprinting any or all of the Minutes of the General Assembly between the years 1836 and 1869, said Committee to serve without expense to the Assembly."

The Committee reported progress (Minutes, 1885, p. 684), recommending, *inter alia*, "that the expense of this republication be borne by the Board of Publication, and that the number of copies to be issued be left to the judgment of the committee to be appointed to take charge of the matter.

"The Report was adopted, and the Assembly directed that the Stated and Permanent Clerks be a Committee to have charge of the printing of said Minutes." The Committee was continued (1886, p. 15).

The Committee now report that the work is in a state of forwardness to meet the convenience of the Board of Publication.

The plan adopted is to add the Minutes of 1836 and 1837 to the volume already published, 1821–1835, so making complete the Minutes of the Church from 1706 to 1837, the year of the division;

and to print in two volumes the Minutes of the O. S. from 1838 to 1869, and in one volume the Minutes of the N. S. for the same period, so completing the Minutes of the whole Church from 1706 to 1869. These volumes will be of nearly uniform size, containing, with complete indices, about 850 pages each.

Your Committee would suggest that their publication will be an appropriate crowning of the History of One Hundred Years.

WM. H. ROBERTS,
WM. E. MOORE.

The Special Committee appointed (Minutes, 1886, p. 104) to revise Rules xxiii and xxvi of the General Rules for Judicatories presented its Report, which was adopted, and is as follows:

The Special Committee to whom Rules xxiii and xxvi of the Rules for Judicatories were referred for revision by the last General Assembly respectfully report, recommending

1. That in Rule xxiii the plural term "sessions" be approved, so that the rule shall read, "A question shall not again be called up or considered at the same sessions of the judicatory at which it has been decided," etc.

2. That in Rule xxvi the sentence beginning "When the time named shall arrive," shall be omitted, so that the rule will read:

XXVI. When the Moderator has commenced taking the vote, no further debate or remark shall be admitted, unless there has evidently been a mistake, in which case the mistake shall be rectified, and the Moderator shall recommence taking the vote. If the house shall pass the motion to "vote on a given subject at a time named," speeches shall thereafter be limited to ten minutes. Should the hour for adjournment or recess arrive during the voting, it shall be postponed to finish the vote, unless the majority shall vote to adjourn; in which case the voting shall, on the reassembling of the house, take precedence of all other business till it is finished. Under this rule the "yeas and nays" shall not be called, except on the final motion to adopt as a whole. This motion to fix a time for voting shall be put without debate.

E. R. CRAVEN, *Chairman.*

The Order of the Day was taken up, being the Report of the Standing Committee on the Freedmen. The Report was accepted, and, after an address by the Rev. Richard H. Allen, D.D., the Secretary of the Board, was discussed and recommitted to the Committee.

The same Committee reported on

*Overture No. 1*, from the Presbytery of Dubuque, on a change in the charter of Biddle University. The Committee recommend: "That the Board of Missions for Freedmen be directed to have the charter of Biddle University, approved by the Assembly of 1886 (Minutes, pp. 19 and 175), amended by striking out the

words 'and others,' Sec. 1, line 29, as soon as possible." The Report was adopted.

The Special Committee appointed by the Assembly of 1886 (Minutes, p. 72) to consider the expediency of relaxing the rules of the Board of Education requiring a full collegiate education for candidates under its care, presented its Report, which was accepted, and referred to the Committee on the Polity of the Church.

*Resolved*, That the thanks of this Assembly are hereby tendered to the Messrs. Ballou, for their kindness in providing carriages for the use of the Assembly on Saturday afternoon, and that the Stated Clerk be instructed to communicate this action of the Assembly to them.

The Assembly took recess until 2.30 o'clock P. M.

---

MONDAY, May 23, 2.30 o'clock P. M.

The Assembly resumed business.

The following dispatch from the General Assembly in session at St. Louis was received:

ST. LOUIS, MO., May 21.

*The Rev. Joseph T. Smith, D.D., Moderator General Assembly:*

The General Assembly in session at St. Louis have read with joy the greetings of the General Assembly in session at Omaha, and cordially return their brotherly salutation. "For our brethren and companions' sakes we will now say, peace be within thee." "One Lord, one faith, one Baptism, one God and Father of all who is above all, and through all and in you all." All matters relating to the mutual action of the Assemblies have been referred to a Special Committee whose report has not yet been made.

G. B. STRICKLER, *Moderator.*
JOSEPH R. WILSON, *Stated Clerk.*

The hour for recess on to-morrow and Wednesday was fixed at 12.30 o'clock P. M., to give full time for the Reports on Home Missions and Foreign Missions.

The following additional Commissioners were enrolled: *Ruling Elders*—Harlan P. Bird, of the Presbytery of Lake Superior; Edwin F. Dorrance, of the Presbytery of Newark; and William L. Graham, of the Presbytery of Pueblo.

The Special Committee on the Consolidated Magazine (Minutes, 1886, p. 102) made its Report, which was accepted; and, after an

address by the editor, the Rev. Henry A. Nelson, D.D., was amended, adopted, and is as follows:

The resolutions of the General Assembly of 1886, under which this Committee was appointed, and its duties assigned, were appended to the Report of the Committee on Missionary Periodicals, and are as follows:

*Resolved*, 1. That the whole subject of the organization and methods of the Consolidated Magazine as determined by the Assembly, is now referred to a Special Committee, consisting of *Ministers*—Marvin R. Vincent, D.D., Howard Crosby, D.D., Erskine N. White, D.D., William P. Breed, D.D., Charles A. Dickey, D.D., Arthur T. Pierson, D.D., John S. MacIntosh, D.D.; *Ruling Elders*—Anson D. F. Randolph, Warner Van Norden, John H. Dey, Robert N. Willson.

*Resolved*, 2. That this Committee is hereby instructed to consult with all the Boards through their respective Secretaries, so as to be fully informed as to their wishes and the reasons thereof, as to the arrangement of the new magazine.

*Resolved*, 3. That this Committee shall have power to determine whether an editor shall be employed; and, if one is employed, to determine his duties and fix his salary; to apportion the expenses of the magazine among the Boards, and to do whatever may be necessary to start this publication, and to conduct it until the next General Assembly.

*Resolved*, 4. That this Committee is directed to report to the next General Assembly, any measures which they may deem necessary to continue the magazine in the manner best adapted to meet its purposes; and that, when their report is accepted, their duties will cease.

The resolutions which determined the consolidation of the magazines, provided that the first number of the new consolidated periodical should appear on the first of January, 1887.

The first meeting of the Committee was held in New York, June 30th, 1886. Owing to the summer vacation it was not practicable to hold another meeting until September 17th, at which time, according to the instructions of the General Assembly, the Secretaries of all the Boards were present by invitation, with the exception of Dr. Ellinwood, who was detained by illness. They were invited to express their views at length upon all points relating to the structure and conduct of the new magazine, and a long and interesting conference was held, in which every Board was fully represented.

Shortly after the organization of the Committee, the Rev. Erskine N. White, D.D., was elected Secretary of the Board of Church Erection, and presented his resignation to the Committee in a letter bearing date September 20th. Under the peculiar circumstances the Committee felt constrained, though with regret, to accept the resignation.

From the time of the conference with the Secretaries, until

within a short time before the meeting of this Assembly, frequent meetings have been held both in New York and in Philadelphia. The discussions of the Committee have been marked by great frankness and minuteness, but by uniform cordiality, constantly deepening interest, happy reconciliation of conflicting views, and ultimate substantial agreement upon all important points. The result may be said to represent the unanimous action of the Committee.

The following principles gradually shaped themselves as a basis of the Committee's action:

1. That the magazine should distinctly represent the officially organized benevolent work of the Presbyterian Church, and should therefore exclude all matter relating to questions of doctrine or ecclesiastical polity.

2. That it should therefore aim to set forth in the best and largest way the claims of all the Church Boards.

3. That it should clearly recognize and endeavor to develop the idea of the essential unity of the Church's work as represented by these different Boards; to discourage any possible antagonism or rivalry between them, and to exhibit them as representing merely different aspects and functions of one thoroughly compacted system for the proclamation and diffusion of the Gospel, and therefore as standing toward each other in a mutually dependent relation. It was held by the Committee that a clear recognition of the independence of the several Boards, would go far to secure for each its due place and emphasis in the mind and conscience of the Church at large.

4. That while the principal emphasis should be given to the official work of the Church as represented by its Boards, the magazine might, within the instructions of the General Assembly, deal with other benevolent interests, in which, though Christian rather than denominational, members of the Presbyterian Church in many parts of our country, notably in the great cities, are so largely engaged. City missions, hospital work, medical missionary schools and other similar matters, it was thought might be represented with great benefit, in diffusing larger knowledge of the variety and power of Christian agencies, in stimulating effort on similar lines, and in making more generally available the experience of those who direct these movements.

5. In order to foster the popular conception of the unity of our Church work, it was held that the magazine itself should exhibit a corresponding unity of structure. A mere combination of the three existing periodicals within a single cover could have been easily made, and a clerk of average capacity could have pieced together the material furnished by the different Boards. The Committee was unanimous in the opinion that if this was the ideal of the new magazine, consolidation was unnecessary, and that the three periodicals might better be left as they were.

The action of the Assembly in consolidating seemed, however,

to make possible the attainment of a higher ideal in a magazine, which, while fully representing all the separate agencies of the Church, should be informed and shaped by a single mind, thoroughly possessed with the conception of the unity of our Church work, and arranging and shaping all material, so far as possible, with that principle distinctly in view. The Committee therefore held that the matter of the magazine should be not only compiled, but adjusted, and, so far as practicable, worked up. The facts should be not only cited, but marshaled and massed; and that, while the magazine should not attempt to enter the field occupied by the popular secular monthlies, its conductors might wisely take a lesson from these in making it bright and readable. It seemed to your Committee that if these ideas could be realized, a larger field would be open for the consolidated magazine than for its predecessors; and an opportunity for creating and forming healthful sentiment, no less than for diffusing information.

6. Having gone thus far, it was necessary for the Committee to go farther. The logical outcome of this ideal was an editor. On this point the Committee took high ground from the beginning, insisting that the new magazine should represent, if possible, a power of the first order in our Church machinery, demanding for its manipulation the best ability joined with ripe experience and recognized position in the Church.

It was, therefore, resolved that the consolidated magazine should be furnished with an editor who should reside either in New York or in Philadelphia, as circumstances might thereafter determine. His salary was fixed at $5000, in the event of his residence in New York, or at $4000, in case he should reside in Philadelphia; this salary being a legitimate and proper part of the expenses of the magazine, authorized and directed to be paid by the General Assembly. The Committee further, authorized the payment of the editor's traveling expenses, between New York and Philadelphia in the interest of the magazine.

The Rev. Henry A. Nelson, D.D., was unanimously elected editor at a full meeting of the Committee, October 26th, and signified his acceptance by telegraph on November 11th. The action of the Committee assigning the publication of the magazine to the Presbyterian Board of Publication, fixed his residence in Philadelphia.

The Committee was deeply impressed with the importance of so adjusting the relations of the editor to the heads of the several Boards, as to secure and maintain perfect harmony in the conduct of the magazine. To this end they deemed it wise not to extend editorial supervision to the curtailment or modification of material furnished by the Secretaries. It was accordingly resolved that, within the pages allotted to each Board, the Secretary or Secretaries of that Board should prescribe the character and form of the matter, the only discretion left to the editor being that of arrangement, a discretion rendered imperative by the practical necessities

of publication. Any possible complications from this source it was believed could be easily adjusted by personal conference between the editor and the Secretary. In order to facilitate the settlement of these or other possible difficulties, Messrs. Vincent, Crosby, Dey, Pierson, Dickey and Willson were appointed an Advisory Committee, to coöperate with the editor until the meeting of the present Assembly; and it was further provided that the editor should have power to exclude any matter which might be regarded by himself and any three of the Committee above named, as in conflict with the general interests of the Church, or the principles already laid down for the conduct of the magazine.

Twelve pages, afterwards increased to sixteen, were assigned to the editor, over which his control should be absolute, subject only to the action of the Advisory Committee aforesaid. The matter of a children's department, and that of notices of the publications of the Women's Boards, was left to the editor's discretion.

The Committee decided that the magazine should be made up as follows:

*a.* Two general departments, official and editorial.

*b.* The official department to consist of two sections, designated respectively the Home and the Foreign Department.

The Foreign Department to represent the interest of Foreign Missions, and the Home Department to include the work of the Board of Home Missions, the Boards of Ministerial Relief, Education, Church Erection, Freedmen, Publication and Aid for Colleges.

*c.* The Editorial Department as previously described.

The magazine to consist of ninety-six pages, royal octavo, to be distributed as follows, the pages allotted to each department being in every case consecutive. Foreign Department, thirty-two pages: Home Department, forty-eight pages, apportioned as follows; Board of Home Missions, twenty-four pages; each of the other six Boards, four pages: Editorial Department, sixteen pages.

All details of a merely business character, such as the addresses of the Boards, names of officers, etc., to be printed, as far as practicable, only on the third and fourth pages of the cover.

The magazine to be issued monthly, and sufficiently early to be used for the monthly concert; and to constitute two volumes annually, ending respectively with the months of June and December, and each to be provided with a complete index of contents.

In assigning the publication of the magazine to the Presbyterian Board of Publication, the Committee was guided by the following considerations.

1. In the line of unification of our Church work, it was felt that the official Church magazine should have the imprint of the Church's official Board of Publication. Such recognition of that agency was simply decorous.

2. The publication of the magazine in New York, though on some accounts desirable, would have involved expenses which

could be avoided or seriously diminished by employing thefacilities for printing, mailing and editorial accommodations already organized in Philadelphia, under the supervision of the General Assembly.

The Committee desires to acknowledge in the strongest terms the hearty, prompt and efficient coöperation of the Board of Publication in launching the new enterprise. The Board promptly advanced the necessary funds, and the experience and energy of the Superintendent, Mr. John A. Black, and all the facilities of the Publication House were placed at the Committee's disposal, without any charge beyond that for actual outlay.

The title of the magazine, *The Church at Home and Abroad*, was selected with no shadow of ecclesiastical pretension, going to represent the Presbyterian body as peculiarly the Church of Christ, but rather as expressing the identification of the Presbyterian body and work with the universal Church, consisting of all true disciples of our Lord and Saviour. The Committee assumes that whenever Christians of any name are engaged in diffusing the Gospel, and establishing its institutions, there the Church is at work—the Church of Jesus Christ, including the sects, but larger than them all combined. From this point of view, the Committee claims that the title is the most catholic which they could have chosen, representing not our distinction from other branches of the Church, but our oneness with them on the great lines of evangelical work.

At the same time, it was proper that the denominational character of the magazine should be fairly announced on its title page; and this, in the judgment of your Committee, was amply secured by the official imprint of the General Assembly, and by the business imprint of its denominational publishing house.

From the denominational point of view, the Committee also desires to emphasize in the title the principle which they designed the future magazine to express—the principle namely of the superintendence and general direction of Christian effort by the Church instead of by voluntary societies; the principle, in other words, of work on Church lines. The title, therefore, denominationally considered, stands for the solidarity of our denominational work under the direction of the General Assembly. Christianly considered, it represents Presbyterians as at one with the great purpose and work of the whole true Church of Christ under different names—the diffusion of the Gospel of our common Lord and Saviour.

The price of the magazine, after considerable discussion, was fixed at two dollars for single subscriptions, one dollar for clubs, and one dollar and a quarter when members of the clubs should desire the numbers mailed to their addresses. The subscription to the three magazines before the consolidation amounted to two and a half dollars, and at club rates to one and three quarter dollars; and the Committee think that in giving to subscribers two volumes

annually, containing 1152 pages, for two dollars at the utmost, and for half that sum at club rates, they have put the matter on a most liberal basis. It has been their policy to make the magazine sustain itself by subscriptions. They have excluded all advertisements; and while the new enterprise is still a matter of experiment, they have thought it wise to draw the lines of the free list within those laid down by the three magazines. In view of their responsibility for the administration of the large amount of Church funds required, for the inauguration and equipment of so important an enterprise, they did not feel justified in extending the free list beyond home and foreign missionaries. The circulation must, in the nature of the case, depend largely upon pastors, and your Committee feels justified in assuming that the loyalty and devotion of the great body of pastors may be counted upon, to do gratuitously what they can for an enterprise so important.

The expenses of the magazine have been apportioned to the several Boards according to the amount of space occupied by each in its pages. The Board of Publication has been authorized to receive all moneys coming as subscriptions or donations to the magazine, and to place the same in a separate and distinct account, and disburse such sums as may be necessary for the current expenses of publication.

The first number of the magazine was issued, according to the Assembly's instructions, on the first of January, 1887. Dr. Nelson being unable to superintend the preparation of that number, it was published under the supervision of an editorial subcommittee, consisting of three members of this Committee who reside in Philadelphia.

While the Committee has thus shaped the new magazine according to its best knowledge and judgment, its action with regard to certain details has been necessarily tentative, and consciously open to modification in the light of increasing experience. We have therefore carefully studied the numerous suggestions and expressions of opinion called forth, by the publication itself since its first issue. These have included, as was to be expected, some adverse criticism; but we are pleased to be able to say that the general drift of sentiment, so far as expressed to us, has been favorable beyond our expectation, and that censure has been mostly confined to minor details. On a few points objections have been so general and persistent as to render immediate changes advisable. The emblem on the cover has called out very emphatic disapproval and protest. Objection has also been taken to the color of the cover and to the omission of the table of monthly receipts by the different Boards. This last point has caused the Committee much perplexity, and has led to a formal request for a formal expression of the wishes and opinions of the Secretaries concerning it. On the one hand, the Committee has felt that the amount of space required for the publication of these receipts involved the exclusion of matter more valuable and interesting, since it has been

reluctant to incur the expense of additional pages for that purpose. On the other hand, we have been aware of the interest taken by many in these reports, and they are considered important by many as furnishing additional security for accurate and prompt returns from the churches. The opinion of the Secretaries was by no means unanimous; but as the publication of the receipts was strenuously urged by the Secretaries of the two principal Boards, the Committee finally adopted a resolution that, "Beginning with the July issue, the receipts of such of the Boards as shall furnish the same shall be published monthly, and for this purpose the number of the pages of the magazine shall be increased to 104." The numbers of the new volume will also appear in a cover of a different color, from which the present device of the cross and serpent will be removed.

The total of cash receipts of the magazine from November 29, 1886, to April 14, 1887, was $27,398.75. Disbursements or payments during the same period, $12,366.55. Cash on hand, $15,022.20. The above items of payment include all charges and expenditures for the January, February, March and April numbers. Of the first number 55,000 copies were printed, and an average of 33,000 of the other numbers. The total circulation April 15th was 27,394, as follows—paid circulation, 25,708; free copies to home and foreign missionaries and exchanges, 1686. The total cost of publishing 30,000 copies of the April number, including paper, composition, printing, binding, salary of editor, wages of clerks, wrapping paper, stationery and postage, was $2537.43. At the same rate of cost for the same number of copies for the balance of the year (eight months) the outlay would be $20,299.44. If the paid circulation should remain just where it was on April 15th, the deficit at the end of the year would be $5267.24. But no such result is anticipated. New subscriptions are coming in daily. Five or six thousand additional subscribers would more than meet it.

It may be well to present in comparison the figures of the former magazines. The total circulation of the *Foreign Missionary* in May last was 20,500 copies; the number of paying subscribers, 14,000; free circulation 6500; receipts, including $1048 for advertisements, $10,100; cost of publication, $9777; profit, $323. The average circulation of the *Home Missionary* for the twelve months ending April, 1886, was 22,000. The Committee is not advised as to the relative number of paid and free copies. Cost of publication, $10,573.11; receipts, $8324.52; deficit, $2248.59. Cost of publication from April, 1886, to December, 1886, inclusive, $6768.46; receipts, $2728.81; deficit, $4039.65. With regard to this last statement, it is proper to quote the words of the Treasurer of the Home Missionary Board: "Very few of the subscribers renewed their subscriptions after the action of the General Assembly became known; but for reasons we continued to send the publication to a larger part of the subscribers till the publica-

tion was suspended." The monthly circulation of the *Record* from January, 1886, to December, 1886, was 8375 copies. Cost of publication, $3819.25; receipts, $433.72; deficit, $3385.53. This deficit was paid by the various Boards in proportion to space occupied by each.

It will thus be seen that the publication of the two missionary magazines for the fiscal year 1886, on an average circulation of 21,500 copies, after deducting the credit balance of $323 on the *Foreign Missionary*, involved a loss of $1925.57; while the loss on the *Record*, which became a tax on all the Boards, was $3385.53. Total deficit, $5311.10.

These figures are presented simply to show that the publication of *The Church at Home and Abroad*, representing all the Boards, even should its circulation remain what it now is, would not create a greater deficit than that on the combined publication of the *Home Missionary* (for the fiscal year ending April, 1886) and of the *Record* (for the year ending December, 1886); or, to put the matter another way, assuming the deficit on *The Church at Home and Abroad* to be $5267.64 at the end of the present calendar year, nearly two-thirds of that amount would be covered by the amount of deficit on the *Record* alone from January to December, 1886.

We desire to say that the entire management of the magazine by the Board of Publication has been eminently satisfactory. The work has been produced at the lowest trade rates, and distributed at a very trifling expense. Under no other arrangement could its publication have been more economically or more satisfactorily accomplished. Carefully considering the nature of the work itself and the method of its publication, its financial success thus far is, we think, without a parallel in the history of magazine publishing in this country.

Notwithstanding this, the Committee, as already stated, has thus far been able to realize, only in part, its ideal of what the magazine should be, and is convinced that it yet needs the guardianship of this or some other Committee. Under these circumstances we recommend the adoption of the following resolution:

*Resolved*, That the Special Committee on the Consolidated Magazine appointed by the last General Assembly be continued for another year, with the same powers which have already been conferred, to report to the General Assembly of 1888, and that the future expenses of the Committee be paid out of the funds of the magazine.

Respectfully submitted,

MARVIN R. VINCENT, *Chairman.*

The following propositions with reference to the magazine were moved in the Assembly, accepted by the Special Committee and adopted with the Report:

1. That the monthly editions be numbered consecutively and

continuously, beginning, if convenient, with the July issue as No. 7.

2. That there be printed on the last page or pages of the cover of every issue, the corporate names of the Church Boards, with the names of the chief executive officers of each, and their official address.

It was also recommended that the Magazine Committee consider the propriety of adding to the free list of the Magazine all pastors who shall be properly certified as receiving a salary of $700 or less.

The Judicial Committee reported Judicial Cases Nos. 1 and 2, being judicial decisions sent up by the Synods to the General Assembly, for review, in accordance with the directions found on page 662, Minutes of 1885.

*Judicial Case No. 1*, the protest of the Rev. J. B. Roberts against the action of the Synod of the Pacific, in excepting to the records of some of the Presbyteries in said Synod, on the ground that the names of the absentees are not recorded.

The Committee recommends that the action of said Synod be maintained as final. Adopted.

*Judicial Case No. 2*, the appeal of the Rev. A. R. Day to the Synod of Iowa from the action of the Presbytery of Waterloo, deposing him from the Gospel Ministry.

The Committee recommends that the action of Synod be maintained as final. Adopted.

The Judicial Committee also reported:

*Judicial Case No. 3*, the complaint of the Rev. James H. Baird against certain action of the Synod of Pennsylvania. The Report was recommitted.

The Assembly adjourned, and was closed with prayer.

TUESDAY, May 24, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Standing Committee on Bills and Overtures reported:

*Overture No. 17*, from the Presbytery of Nassau, requesting the General Assembly to take action for the holding of triennial Assemblies.

The Committee recommend that action at this time is inexpedient. Adopted.

*Overtures Nos. 5 to 16*, inclusive, on the subject of "Church Union." The answer of the Committee was put on the docket in

view of a communication from the Secretary of the Commission of the Protestant Episcopal Church of the United States on this subject; and the declaration of the House of Bishops of the Protestant Episcopal Church in session at Chicago, with accompanying papers, were referred to the Committee of Correspondence in conference with the Committee on Bills and Overtures.

The Standing Committee on the Polity of the Church reported:

There have been referred to your Committee two Overtures, the one from the Synod of Kansas, and the other from the Presbytery of the Cherokee Nation, both requesting the formation of a new Synod, to be called the Synod of the Indian Territory.

At its late session at Emporia, held October 8, 1886, the Synod of Kansas divided the Presbytery of Indian Territory into three Presbyteries, to be called the Presbytery of the Cherokee Nation, the Presbytery of Choctaw, and the Presbytery of Muscogee. It also requested the General Assembly at its present session to form these Presbyteries into a new Synod.

Your Committee therefore recommends that these three Presbyteries be constituted a Synod, to be called the Synod of the Indian Territory; that the new Synod hold its first meeting at Vinita, I. T., on the 7th day of September, 1887, at 11 o'clock A. M.; and that the Rev. Robert M. Loughridge, D.D., or in his absence, the oldest minister of these Presbyteries present, preach the opening sermon, and preside until a Moderator is elected.

The Report was adopted.

An invitation from the Board of Trade of the City of Omaha to accept a ride around the city on the Belt Railroad was accepted, with thanks, and referred to the Committee of Arrangements to fix the time.

The Special Committee on Annual Concerts of Prayer reported, recommending:

1. That the usual week of prayer, beginning on the first Sunday of the year and lasting through the second Sunday, be observed by all the churches; that on each day of this week a service of prayer be held and church-members conscientiously observe this season in private and in public.

2. That the last Thursday of January be observed as a day of prayer for colleges, theological seminaries and other educational institutions in this land, and also for mission schools and colleges, that all these institutions may become the source not only of knowledge, but that wisdom which sanctifies knowledge and makes it effective for good.

3. That on Children's Day special prayer be made in all the churches for the baptized children of the Church, and for the personal consecration of the youth of the Church to holy lives.

4. That the concert of prayer in November for Young Men's

Christian Associations be commended for general observation. This the Committee recommend because they believe that these organizations are an important adjunct to the usefulness of the Church.

5. That the Sabbath in November set apart for special instruction in missions, be kept as a day of prayer for more intelligent knowledge and zeal in this great cause.

All of these recommendations the Committee make, believing that concerts of prayer like those suggested will do much to unify the faith of the Church, and so to strengthen her power for good at home and abroad.

Respectfully submitted,

GEORGE C. MARTIN, *Chairman.*

The Report was adopted.

The Order of the Day, being the Report of the Standing Committee on Home Missions, was taken up. The Report was accepted, and after an address by the Rev. Henry Kendall, D.D., one of the Secretaries of the Board, was adopted, and is as follows:

The Standing Committee on Home Missions would respectfully recommend to the General Assembly the adoption of the following paper. Instead of reciting the encouraging facts and achievements set forth in the Report of the Board, we urge our ministers and people as far as possible to secure a copy of the same, and give it careful and earnest attention. No words of ours could improve on that presentation of this cause, its capacities and the duty of our people in regard thereto. We therefore submit the following:

### I. THANKSGIVING.

We thank God for a full year of prosperity; for 1465 missionaries in the field, doing 1155 years of work, gathering 175 new churches, receiving 10,812 members on profession of faith, 7040 members by certificate from other churches, and supplying about 138,590 people of their congregations with the word of life; and for 215 teachers who have cared for 83 schools scattered through this country. The work in every form and in every direction is prospering abundantly.

### II. REGRETS.

We have nothing to regret in the features of the year, except our failure to reach the sum of money which was set as our standard by the last General Assembly. We sincerely mourn the death of Rev. Timothy Hill, D.D., one of our oldest and most faithful superintendents. Death has dealt hardly with our missionary list this year. Fourteen missionaries rest from their labors and their works do follow them. Two teachers are among the list of

the deceased, and from our Women's Executive Committee, the beloved Mrs. Haines.

### III. WANTS.

The wants of our people were never so large, so urgent and so varied as at the present time. In the older States help is needed for old churches, new railroad centres, new suburbs of large cities, new fields growing dense in population, and new workers are needed to meet the immense and increasing tide of immigration. West of the Mississippi river, Texas needs 12 men for new work; the Indian Territory, 16; Iowa, 20; Idaho, Utah and Arizona, 27; the Pacific coast, 45; Missouri, Nebraska and Kansas, 45; and other States and Territories in proportion. Not less than 200 men are needed now.

Our school-work never was so wide-spread. It is enlarging and strengthening among the Mormons, the Mexicans and the Indians. It is capable of indefinite extension. The field which is opening in the South seems to us to have no bounds whatever.

### IV. FUNDS.

With reference to the money to be raised for the year to come, we reaffirm with more emphasis than ever, all that has been said by the Committees, the Board and the Assemblies of the past. We especially charge the eldership of the Presbyterian Church to see to it that, in each congregation, an earnest effort is made in the name of the session for an increase of contributions to this Board. Not less than $800,000 will be needed to meet the most urgent demands of this work for the coming year. We repeat therefore our urgent admonition to pastors and ministers generally, as those charged by the head of the Church with submitting his claims to the people, to do their share to secure this increase of funds and to meet these golden opportunities. To this end we urge them to present the substance of the Annual Report of the Board, with their own comments thereon, to their several congregations.

### V. MISSIONARY CONVENTIONS.

We would urge upon the attention of the Synodical Home Missionary Committees and the Presbyterial Home Missionary Committees, the holding of conventions according to the wants of their several sections for the consideration of this great subject, the dissemination of information and the warming-up of the hearts of the people toward this cause.

In many churches it is found useful to devote one of the monthly concerts to Home Missions, and have private members of the church to present brief papers on different phases of the question.

To still further promote wide dissemination of information

among our people, we recommend that a Committee of thirteen Ruling Elders: Warner Van Norden, William Strong, Hon. Robert N. Willson, George Junkin, E. R. Perkins, William Howard Neff, Thomas Kane, S. M. Breckenridge, W. W. Spence, W. E. Dodge, William A. Wheelock, W. L. Skidmore and Archibald McClure, be appointed as a Central Committee, with power to fill vacancies or to add to their number, whose duty it shall be to inform the Church on this subject of Home Missions, to arouse the eldership and the people to the necessity for greatly increased effort in behalf of this cause and the imperative need of larger contributions, that thus this whole sum of $800,000 shall be secured, and to report to the next General Assembly. The matter of the expenses of this Committee was referred to the Board of Home Missions.

### VI. SUSTENTATION.

Several of the Synods, such as New York, New Jersey and Pennsylvania have organized Sustentation Systems by which they care for their own Home Mission work. We strongly commend this to other Synods where it is feasible. Some Presbyteries in Synods which are as yet without a sustentation system are doing the same work in their own bounds, and we think many more Presbyteries can also do so, and thus relieve the Board from mission work within their territory.

### VII. REDUCING APPLICATIONS.

The action of the Board recorded on page 15 of their Report in urging churches to strive to reduce their requests is approved. It does seem as if any church ought to be able to make a clear case of special misfortunes, as to hard times and large removals, if it does not show growth toward self-support. Presbyteries are urged to make special inquiry as to such churches as continue year after year asking the same amount of aid.

### VIII. WOMEN'S WORK.

We highly recommend the efficiency and thoroughness with which the Women's Executive Committee, under the Board, has organized the sympathy and effort of the women, the children and the Sabbath-schools of our Church. We bid them "Godspeed" in their work, and rejoice in their prosperity. Their magazine is a remarkably successful and interesting monthly visitor, and we urge upon our people its still wider circulation.

The experience of secular schools, Sabbath-schools and business enterprises shows that wise superintendence secures both efficiency and economy. We believe the largeness and complexity of the school work may call for the appointment of a special superintendent of that department, who can unify the system and preach

as occasion may require. We refer this subject to the Board for special consideration.

### IX. DISTRIBUTION OF RESOURCES.

As to the proportion of money to be used in the various forms of work (school work and church work) conducted by the Board, we refer that to the Board itself without instructions. So many special providences of an open door, and the money to enter it, have been granted us by our good Lord, that we believe it best for the Board to follow His leading day by day. Our Church is under profound obligation to the faithful and judicious men and women who give their unpaid time and talent, thought and brain power, to the oversight and management of this great scheme of evangelization, and they have our thanks and our prayers, and we unhesitatingly confide to their care the management of this work for the year to come.

In the distribution of their resources let them consider the question of numbers of population, the condition of the people and the prospect of growth in each several case. All restrictions are hereby removed and the Board is bidden to go anywhere in this broad land, in accord with the Presbyteries on the ground, wherever they find the most hopeful openings, to make the best use of all the money they can possibly get.

### X. OFFICERS AND MEMBERS.

During the past year Rev. W. C. Roberts, D.D., the Corresponding Secretary, was called to another field of labor, and his resignation was accepted by the Board with regret. In this regret we sincerely unite, and wish him all success in his new field of labor.

The Rev. William Irvin, D.D., was elected by the Board as his successor. We earnestly commend him to the confidence and coöperation of the Church throughout all our bounds.

The Rev. Jonathan F. Stearns, D.D., long a member of the Board, also resigned during the year, and in his place the Board elected the Rev. Thomas A. Nelson. Their action in this election is hereby approved.

The term of office of the following persons expires with this Assembly. They are hereby recommended for reëlection:

*Ministers*—Wilson Phraner, D.D., Thomas A. Nelson; *Ruling Elders*—Robert Lenox Kennedy, John Taylor Johnston, John E. Parsons.

All of which is respectfully submitted.

GEORGE P. HAYS, *Chairman.*

It was made the Order of the Day for Wednesday, at 2.30 P. M., to hear the Report of the Standing Committee on Theological Seminaries.

The Assembly took a recess until 2.30 this P. M.

TUESDAY, May 24, 2.30 o'clock P. M.

The Assembly met and resumed business.

The Judicial Committee reported that it had reviewed the judicial decisions of the Synod of New York in

*Judicial Cases Nos. 4 and 5*, consolidated as the case of Charles H. Ellis *vs.* Mrs. Eunice J. Patterson (Presbytery of Albany). Also, in

*Judicial Case No. 6* (Presbytery of Geneva), deposing George Smith from the Gospel Ministry. Also, in

*Judicial Case No. 7* (Presbytery of Genesee Valley), deposing William Inglesby from the Gospel Ministry; and recommend that these decisions of the Synod of New York be maintained as final, in accordance with Chap. xi, Sec. 4, Form of Government. Adopted.

The Judicial Committee also presented:

*Judicial Case No. 3*, recommitted to it, being the complaint of the Rev. James H. Baird, D.D., against the Synod of Pennsylvania for favoring a prohibition amendment. Two reports were presented; a majority report, regarding the action of Synod as final; and a minority report, recommending that the case be tried before the Assembly. The Reports were accepted and put upon the Docket.

The Special Committee appointed (Minutes, 1886, p. 20) to formulate a system of reporting in the Minutes the number of communicants; and, also, the Special Committee (Minutes, 1886, p. 104) to which was referred the Overture from the Presbytery of Cayuga, and, in conference with the above Committee, the whole subject of the rearrangement of the statistical columns, reported. The Report of the first-named Committee was accepted but not adopted. The Report of the Special Committee on the Overture from the Presbytery of Cayuga was adopted, and is as follows:

The Committee to whom was referred by the last General Assembly (Minutes, p. 104) an Overture from the Presbytery of Cayuga asking that provision be made in our statistical tables for the recording of deaths, dismissions and suspensions, respectfully report as directed to this General Assembly. They recommend that, in their judgment, it is at present inexpedient to make the provision asked for. While it might be desirable to provide a column for the losses by deaths and dismission, they believe it unwise to report a column headed unknown, suspended or absentee members. Further, it is difficult to make provision for additional columns without leaving out some one of the columns already in the statistical reports. The Committee, therefore, recommend, that both as to the Overture from the Presbytery of Cayuga, and the matter of methods of reporting communicants referred to them conjointly with other brethren, no action be taken.

W. H. ROBERTS,
W. E. MOORE, } *Committee.*

*Ruling Elder* George F. Bissell, of the Presbytery of Chicago, was enrolled.

The Committee on Correspondence reported that it had received the credentials of the Rev. J. S. Detweiler, as Delegate from the General Synod of the Evangelical Lutheran Church in the United States, and recommended that he be received and heard at 4.30 o'clock this P. M. Adopted.

The Order of the Day, being the Report of the Board of Aid for Colleges and Academies, was taken up. The Report was received, and, after an address by the Rev. Hervey D. Ganse, D.D., the Secretary of the Board, was adopted, and is as follows:

The Standing Committee on the Board of Aid for Colleges and Academies respectfully submits the following Report:

Your Committee has duly considered the Annual Report of the Board, has examined its minutes and otherwise informed itself concerning the work. Its scope, extent and importance are interesting and surprising, and broke upon us almost as a revelation. That this the youngest of your Boards should in so short a time, with limited means, have made such strides is wonderful and gratifying. Nothing but the blessing of God upon wise, constant and faithful effort could have effected such results. The work has been far-seeing and far-reaching, and its influences for good will continuously widen and deepen.

The wisdom of the Assembly in the erection of this Board is amply demonstrated. These institutions are the very foundation-stones of an educated Presbyterian Church and ministry. Next to the home and the fireside, and in yet wider spheres, comes the formative power of academies and colleges. If these be Godless, we are without hope. Allow the young to seek such and they are possibly lost. But let Christian institutions be established and maintained, then the Church will move forward with bright anticipations.

We do not propose to repeat what is so fully and ably set forth in the Report of the Board, sincerely hoping and earnestly asking that all read and circulate it. Looking at the map accompanying it, they will see, printed in red, the vantage ground thus early occupied, and the strategic points already fortified. The extent of the field will also be seen, and the land yet to be possessed. "Westward the course of empire takes its way," and the Church must follow and keep pace with it. Divers considerations preclude the sending of the youth to distant institutions; and somehow and by somebody academies and colleges will be reared. Shall the Church be indifferent in this her opportunity—faithless to her trust—or shall she not rather grasp all this goodly land for God and for Christ?

As already intimated, your Committee refrain from details, simply stating that the number of institutions aided last year was

thirty-five, whose joint property exceeds $1,000,000 in value, of which about one-half was acquired through the agency of the Board; and the aggregate is growing at the rate of $80,000 per annum. The students number nearly 3000, and are increasing at the rate of thirty per cent yearly. Three-fourths of them are pursuing systematic Bible study, and more than one-third of them the classics. We are pleased to state also that the Committee had before them reliable evidence wholly outside of the Board, to the following effect. We quote the exact language used, viz: "It is the testimony of those who are brought in contact with theological students coming to the seminaries from the young and smaller colleges, and in particular from colleges aided by this Board, that these students show a scholarly fitness for theological study in no way inferior to that exhibited by the graduates of older and larger institutions, while they are almost uniformly characterized by a marked faithfulness and a persistent energy in the discharge of their seminary duties, which indicate the high estimate they place upon their educational opportunities, make them valuable members of the institutions to which they belong, and afford promise of their great usefulness in the Church."

The contributions of the churches fall very far short of their duty to this great cause. Yet it is gratifying to know that they are steadily increasing. In the first year, 480 churches gave less than $14,000; in the second, 1330 gave less than $20,000; in the third, the number of contributing churches rose to 1529, giving $22,711; and in the past year, 1761 churches gave $27,880. And we trust they will rise herein still more rapidly to the measure of their duty and ability. Liberal individual donations have been received in the last as in previous years.

The Board is duly incorporated under the laws of Illinois, its charter being perpetual, and its title "The Presbyterian Board of Aid for Colleges and Academies." It takes steps to secure all moneys donated, through its agency, to building funds or permanent endowments against loss by possible failure or disaster; and also exercises a very careful scrutiny over the affairs and management of all the institutions which receive its aid. The general policy pursued has been judicious; the funds have been discreetly expended and debt carefully avoided.

We respectfully recommend the adoption of the following resolutions:

1. That this General Assembly hereby gives thanks to God for His blessing on this work in the past, and earnestly prays for His guidance, direction, and continued blessing in the future.

2. That we cordially recognize and commend the wisdom, fidelity and ability exhibited by the Board and its officers in the management of its affairs during the past year.

3. That the Assembly advises and urgently calls upon all the churches to take up yearly collections for this Board, and to place the same at its disposal by paying them promptly into its treasury.

4. We earnestly commend to liberal givers the wisdom of making generous and prompt donations, to the property or funds of special institutions which they shall find to be well placed and promising.

5. That the first century of fully organized American Presbyterianism, which closes with the year, has so signalized the importance and power of the educational arm of the Church's work, as to exalt the agency of this Board as one of the very first elements of the Church's hope and courage for the centuries which may follow.

6. That the following persons be elected members of the Board, viz: *Ministers*—John Hall, D.D., S. J. Niccolls, D.D., J. H. Worcester, Jr., D.D., W. H. Roberts, D.D., and John F. Kendall, D.D., the latter to fill the vacancy caused by the resignation of R. F. Sample, D.D.; *Ruling Elders*—John S. McDonald, W. O. Hughart, Henry W. Johnson, Dexter A. Knowlton.

Respectfully submitted,

JOHN K. EWING, *Chairman.*

The Rev. J. S. Detweiler, the Delegate of the General Synod of the Evangelical Lutheran Church in the United States, conveyed the congratulations of that Church to the General Assembly. The Moderator responded on behalf of the Assembly.

The Standing Committee on Freedmen reported back its Report, which had been recommitted, and also a Supplemental Report. The whole was adopted, and is as follows:

The Standing Committee on Missions for Freedmen respectfully report that, having examined with care the Twenty-second Annual Report of the Board, and their minutes of the last year, they find cause of gratitude to God for what has been done, and are impressed with the magnitude of the work entrusted to this agency.

The last year, it gives us pleasure to say, has surpassed in fruitfulness any previous year in the history of our work among the 7,000,000 Freedmen, whom the Providence of God has placed at our door, and made an integral part of this great nation.

Two hundred and eighty missionaries—including teachers and catechists—have been sustained on the field, an increase of fourteen over last year. The churches number two hundred and seventeen—fifteen more than last year—and have a membership of 15,880, and a Sabbath-school membership of 15,687. Eight of these churches during the year became self-supporting, and we hope that the Board, notwithstanding the difficulties in the way, will push forward this feature of the work. The additions to the churches on examination are 1923, being 470 more than in the year preceding, and an average addition on examination to each minister of eighteen. Such growth throughout our entire Church would mark a new era in our history. The educational work of the

Board is also full of promise and encouragement, and is of no secondary importance. There are 1,420,000 voters among the Freedmen, 1,065,000 of whom cannot read or write, and yet these men hold to-day the balance of power in eight Southern States, control one-sixth of our national electoral vote, and one-fifth of the entire vote for Congressmen and United States Senators. The education and elevation of the Freedmen, therefore, has become, in both Church and State, a most serious and vital question of the hour. Throughout all its history, the Presbyterian Church has been the friend and patron of learning, and inasmuch as the evangelistic work among the Freedmen is largely conditioned by the work of the schools we are pleased to notice that the Board is pushing forward its educational interests with wisdom, energy and success. The fruits are seen in the increasing numbers of educated men and women graduates of our higher schools, whose purifying, enlightening, and ennobling influences are being felt more and more in the home, the school, the Church, the State, and in professional and business life.

The parochial schools, numbering eighty-eight, have in round numbers 10,000 pupils, and their work the past year has been eminently successful. Of the ten institutions of higher grade, we notice that Biddle University has an additional professor, and under the presidency of Dr. Johnson is in a highly prosperous condition. We notice also a change in Scotia Seminary. Rev. Dr. Dorland, President, and his estimable wife, after eighteen years' efficient service, have resigned, owing to failing health; and the vacancy has been filled by the election of Rev. D. J. Satterfield and wife, who already have given evidence of the wisdom of the appointment.

The Mary Allen Seminary, at Crockett, Texas, was commended by the last Assembly, especially to the women of our Church, and their cheerful and noble response is $13,000 for the new seminary building, which will soon be completed and ready for occupancy. This school—a monument to the memory of the noble woman whose name it bears—began work a little more than a year ago, in an old hotel, with one scholar, and now it reports eighty-six scholars, forty-eight of whom are boarders.

In respect to the financial situation, the receipts of the Board are $115,203.83; or, adding sums amounting to $3093.84, which were received, but reported too late to appear in the statistical tables, the entire receipts are $118,297.67. The entire expenditures have been $126,228.10, leaving a debt—including the debt of $6000 at the beginning of the year—of $14,131.14, to the speedy liquidation of which the Board and its officers propose to devote all possible energy; and, in the execution of this design, they ask a generous coöperation on the part of pastors, churches, and individual donors. It is proper here to add that the missionaries (ministers and teachers) have been paid in full to April 1st, and that the burden of debt is being carried by the worthy Treasurer of the Board.

The advance made by women's societies deserves attention. The work of our Presbyterian women in behalf of the Freedwomen and girls of the South, began two and a half years ago. The first year, or rather half year, they gave $3010, the second year they gave $7966, and this year $17,075, or $9108 more than last year, a ratio of increase that is highly encouraging in the outlook for the future of this growing work.

It is gratifying to know that the colored people, although emotional and demonstrative, have nevertheless an intelligent appreciation of the views and methods of work of the Presbyterian Church. A prominent minister of the Southern Church is quoted as having said, "The Northern Presbyterian Church can do for the colored people of the South, what no other Church can do."

The history and condition of this long oppressed race—what they suffered before they obtained the priceless boon of liberty, the present poverty and illiteracy of these millions who are perishing for lack of knowledge of divine things—are well known, and certainly warrant the most earnest and energetic efforts in their behalf. The call is the call of God, and the hour has come for the whole Church to awake and gird itself to meet these prodigious responsibilities. These people, be it remembered, are poor, and cannot, if they would, do this work themselves, and to withhold aid is to hold back from them the bread and water of life. Surely the heart of an enlightened Church cannot, and will not, fail to respond in the most liberal manner to appeals in behalf of a work so imperative, of such vast proportions, and affording the sure promise of the most enduring and blessed results.

The Committee conclude their Report with the following resolutions:

1. That we commend the Board for its fidelity, efficiency, and energy, approve their minutes of the last year, and recommend that the work be pushed forward as rapidly as possible.

2. That the Assembly record its appreciation of the work of Dr. and Mrs. Dorland, in securing for Scotia Seminary its present high position among educational institutions.

3. That we hail as a significant sign of the times, Woman's work for woman, and we ask the hearty coöperation of the women of all our churches in the educational work of this Board.

4. That all our ministers be urged to acquaint their people fully with our work among the Freedmen, and appeal to them to devise liberal things in aid of this cause.

5. That Rev. Samuel J. Fisher, Rev. John M. Richmond, Rev. J. P. E. Kumler, D.D., and Messrs. John C. McCombs and Robert S. Davis, whose terms of service expire with this Assembly, be re-elected members of the Board for the term of three years.

W. C. Burchard, *Chairman.*

The same Committee also reported as follows:

The Standing Committee on Freedmen, in respectfully re-sub-

mitting to the Assembly their report made yesterday, present the following as supplementary to it:

That three Overtures, in addition to the one on which action has been taken, have been placed in our hands, to wit:

*Overture No. 2*, from the Presbytery of Washington City, asking for the discontinuance of the Freedmen's Board and the assignment of the work to the Board of Home Missions.

*Overture No. 3*, from the Presbytery of McClelland, making substantially the same request; and

*Overture No. 4*, from the Presbytery of New Brunswick, asking the Assembly not to consolidate the Board of Freedmen with the Board of Home Missions.

The Committee recommend, that Overtures two (2) and three (3) be answered in the negative, and that Overture No. 4 requires no action. They also recommend that, as, in their judgment, it will restore confidence in the Board in the localities where complaints have been made, and as members and officers of the Board present in the Assembly have requested it, a Committee of five, two ministers and three elders, be appointed by the Moderator, to inquire into the management of the Board, and report to the next General Assembly; the expenses of the Committee to be paid by the Board.

W. C. BURCHARD, *Chairman.*

Adopted.

The Assembly adjourned, and was closed with prayer.

---

WEDNESDAY, May 25, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures reported as follows:

*Overtures Nos. 18 and 19*, from the Presbytery of Waterloo and from the Presbytery of Louisville, concerning the mode of amending the Confession of Faith, and *No. 20*, from the Presbytery of Chicago, for the appointment of a Special Committee, "who shall consider and report to the next General Assembly such recommendations, as said Committee shall deem proper" concerning the mode of "effecting changes in the constitution of the Church."

The Committee recommend that the said Overtures be referred to a Special Committee of two ministers and two ruling elders, to be appointed by the Moderator, to consider the same and report to the next General Assembly what action, if any, is, in their judgment, desirable. Adopted.

*Overture No. 21*, from the Presbytery of Erie, and *No. 22*, from the Session of the churches of Bradford and Kendall Creek, requesting that the said churches of Bradford and Kendall Creek, with their pastors, be transferred from the Presbytery of Buffalo to the Presbytery of Erie—the Synod of New York and the Presbytery of Buffalo concurring.

We recommend that the request be granted, and the proposed transfer of the churches and ministers therein named be and is hereby directed. Adopted.

*Overture No. 22*, from the Presbytery of Buffalo, requesting that the Allegheny and Cornplanter Church be restored to the Presbytery of Buffalo from the Presbytery of Erie, to which it had been transferred, assigning as a reason for the restoration that the transfer had been made under a misapprehension of facts.

As it is not certified that the Presbytery of Erie assents to the restoration, we recommend that the Overture be returned to the Presbytery of Erie, and the Synods of New York and Pennsylvania, for further consideration, with authority to effect the transfer. Adopted.

*Overture No. 23*, from the Synod of Kansas, for the separation of the Sabbath-school work from the Board of Publication.

The Committee recommends that no action be taken. Adopted.

*Overture No. 24*, from the Presbytery of Santa Fé, asking that the name and work of each colporteur, evangelist, teacher, etc., in the employ of any agency of the Church, be reported in the Minutes of the Assembly.

The Committee recommends no action. Adopted.

*Overture No. 25*, from the Presbytery of Philadelphia Central, as follows: "When the name of a person has been erased from the roll of communicants, when he has been absent three years and his residence unknown (Book of Discipline, Sec. 49), and when he is still subject to the jurisdiction of the Session which erased his name, is it right for the Session of any other Presbyterian Church to receive such person to their communion on profession of faith?"

We recommend as answer: Not if restored standing in the Church to which he belongs, and regular dismission therefrom, are possible. Adopted.

*Overtures 26, 27, 28, 29*, from the Presbyteries of Peoria, Rock River, Wooster and Cape Fear, for change of name and symbol of *The Church at Home and Abroad.*

The Committee recommends no action. Adopted.

*Overture No. 30*, from the Presbytery of Mattoon, for the publication of contributions to the Boards in the columns of *The Church at Home and Abroad; No. 31*, from the Presbytery of Indianapolis, asking for the publication of contributions and the insertion of advertisements; Also *No. 35*, resolutions of commendation of the magazine from the Presbytery of Long Island.

The Committee recommend that the papers be referred without

further suggestion to the Committee on the Consolidated Magazine. Adopted.

*Overture No. 34*, from the Synod of New Jersey, to change the name of one of the statistical columns in the Minutes from "Sustentation" to "Synodical Home Missions."

As this would require an additional column, in order to distinguish it from general sustentation, and as the new column would still be identical with sustentation, we recommend that the Overture be answered in the negative. Adopted.

*Overture No. 36*, from the Presbytery of Monmouth, asking that the General Assembly take action to secure uniformity of marriage laws in the several States.

The Committee recommend no action. Adopted.

*Overture No. 37*, from the Presbytery of Chicago, relating to the Centennial Fund.

We recommend that the Overture be referred to the Centennial Committee. Adopted.

*Overture No. 38*, from the Presbytery of Dayton, asking that the Assembly commend the use of the Revised Version of the Scriptures, and *No. 39*, from the Synod of Baltimore, on the same subject.

We recommend answer as follows: The Revised Version, however valuable it may be as a help in the study of the Scriptures, is still upon its trial among English-speaking people. Therefore the time has not arrived for the Assembly to express approval or disapproval. Meanwhile we call the attention of ministers and Sessions to Chap. iii, Sec. 11, of the Directory for Worship. Adopted.

*Overture No. 40*, from the Presbytery of Washington City, requesting the transfer of certain churches in Amelia county, Virginia, from the jurisdiction of the Presbytery of Washington City to that of the Presbytery of Catawba.

We recommend its reference to the Special Committee on the Management of the Board of Missions for Freedmen. Adopted.

D. C. MARQUIS, *Chairman.*

The Report of the Committee of Bills and Overtures, on the subject of Church Union, was taken from the Docket, and referred to the Standing Committees on Correspondence and Bills and Overtures, as a Joint Committee.

*Ruling Elders*—James E. Mereness, of the Presbytery of Fort Dodge, and James F. Jenkins, of the Presbytery of Boulder, were enrolled.

The Moderator announced the Committee on the Management of the Board of Freedmen, viz:

*Ruling Elder*—Franklin L. Sheppard, *Chairman; Ministers*—John Chester, D.D., J. Addison Henry, D.D., with *Ruling Elders* John Aiken and Samuel C. Perkins.

The Order of the Day, being the Report of the Standing Committee on Foreign Missions, was taken up. The Report was received, and, after an address by Rev. Frank F. Ellinwood, D.D., one of the Secretaries of the Board, was adopted and is as follows:

The Standing Committee on Foreign Missions begs leave to report:

That they have carefully examined the Fiftieth Annual Report of the Foreign Board and the record of its meetings, and find abundant occasion to bless God, for the fidelity with which these sacred trusts have been administered, and for the divine favor which has crowned the gifts and prayers of the churches, and the faithful labors of their servants at home and abroad.

There are indeed shadows in the picture presented, especially the list of starred names—eight in all—mostly sainted women, some but at the threshold of their work, others veterans in the service.

Special mention is made, in this connection, of the sore loss that has fallen upon the Syrian Mission, called to part with that gifted missionary and flaming Apostle of Christ, Gerald F. Dale, Jr., in the midst of abundant labors and triumphs.

Mission work in Roman Catholic countries has been carried on in the face of not a little persecution, which must be counted on as a part of the cost of preaching Christ in priest-ridden and semi-civilized lands; but as in years past, in Mexico, scattered believers went abroad preaching the Word and sowing the seed of future churches of a living faith, so we believe it will continue to be.

The Syrian Mission has been and is greatly harassed by vexatious interferences on the part of Turkish officials, but in spite of these hindrances the year has been one of uncommon fruitfulness in the work of the press, the pulpit and the school.

French interference with the Gaboon and Corisco Missions has continued till it amounts to the virtual suspension of our work, and makes the question of their transfer to the Evangelical Protestant Church of France one of immediate importance. We bespeak for the Board the prayers of the Church that both grace and wisdom in the disposal of these missions, and the choice of a new field in the great domain of the African Continent may be vouchsafed them. It is a joy to know that no earthly power can undo the work of martyr lives in this field, or make nugatory the influence of such sainted men as Wilson, Walker and Bushnell!

Not in vain did they reduce barbarous tongues to writing, and put into them the priceless story of redeeming love in the language of Holy Writ. It is a joy to know that the tribes on the Ogové have shared in that precious baptism that has fallen on the region of the Lower Congo, and brought many hundreds to the knowledge of Jesus Christ.

To make good the losses by death, withdrawal and marriage, there have been commissioned 7 ordained missionaries, 6 of whom

were married; 8 medical missionaries, of whom 2 were ladies; and 11 unmarried ladies—a gain of but 2.

As a fruit of mission labor there is a gain of 49 churches and an addition of 2791 converts; a gain of 9 ordained native ministers, but about the same falling off of licentiates; a gain of $5500 in contributions, of 786 scholars in day-schools, and about 8000 in Sunday-schools, but a very considerable falling off (39) in the number of students for the ministry—a fact greatly to be regretted and, by us, not easily to be accounted for.

Notable revivals are reported in Persia and Japan, and special blessing, as heretofore, upon preaching tours in Mexico, North China and India. While, on all sides, the Lord of the harvest has been with His servants, fulfilling His promises, special attention is naturally called to the just now exceptional fields, Siam, China and Japan.

Siam is exceptional because, on the one hand, that little empire of seven million souls is, in the Providence of God, committed to our Church. Siam and Laos are receiving the Gospel at our hands alone. And on the other, because of the singular openness of this field to the Gospel. Our workers have found great favor in the sight of the ruling powers, and signal attention and aid from royal hands, as well as a hearty welcome. Nay, even now there is put at the disposal of this Board, free of expense, buildings and facilities for work, quite in advance of their ability to occupy. Put this and that together, and the heart goes out to God that this empire may soon be set in the diadem of the Redeemer, and that it may be our joy, as it is our privilege, to put it there.

China is indeed assailed by united Christendom, but an honorable part is given to our Church. And the signs of the times, for this long inert empire of three hundred and fifty million souls, are of an awakening that will be as wonderful, as its past indifference to nineteenth century ideas has been vexing to the spirit and trying to faith. It has been given to this heathen empire, by official decree, to show itself amenable to sentiments of honor and justice, which put to shame the more enlightened powers with which she has had to do, and which guarantee both redress of wrongs and, throughout the realm, freedom and protection to Protestant missions in the prosecution of their work, as ample and generous as could be asked of any people. In both Siam and China, as in Corea, the medical mission is an arm of the service held in special honor, giving entrance where else it had been long delayed.

But Japan is the wonder of the nineteenth century not only—of the Christian era itself. The like of it Christendom has never seen. From the Pentecost that called the Christian Church of Japan into being in 1872, to this hour, this land has been a continuous scene of revival. The growth of the Church is without precedent. A yearly increase of thirty-five per cent is unparalleled. Last year's contributions advanced twelve per cent. Self-support moves

steadily onward. The reaper follows on the heels of the sower. The Gospel is almost as welcome as western learning. "A nation with a destiny," and a great mission among Asiatic peoples, wheels into line with western civilization, welcomes it all, and revolutionizes its traditions, its religion, its politics, its social institutions and its clothes. Of course there is peril in this, and all the greater urgency that in these formative years the impress of a vital Christianity be put upon this nation of thirty-eight million souls, and that straightway. In this work of a quarter century our Church has stood second only among American agencies, which outrank all other. The hour is momentous, and the call imperative, the reward immediate and sure. Imperial favor attends the work of preaching and education, and nothing but failure to discern the signs of the times, and suitably to respond to them, can let slip so glorious an opportunity to win a nation for Christ, a nation specially near to us in the Providence of God, which tie we are called upon to strengthen by every consideration of statesmanship and religious obligation.

Behind India is the great British nation; and China is no more ours than hers, but to Africa we owe a special debt. For the moral desolations of Mexico and South America, and for the aborigines of our country, we may not do less, we ought to do more. Siam is ours as the gift of Providence; and Japan, opened by our diplomacy, and Christianized largely by the American churches, is both our western neighbor and in affection for us near of kin.

Such are some phases of the outlook, this jubilee year of this honored Board. Could we put side by side the first and the fiftieth, and compass all that lies between, thanksgiving would know no bounds.

It is with special satisfaction that here, in this heart of the continent, it is our privilege to unfold the length and breadth of this work, and to remind the people of the new and the newest west, that the Church which has been, and is now, following in the wake of emigration, and planting the Church and the Sunday-school in expanding cities and frontier towns, is the very same which is reaching out to the ends of the earth, in obedience to the Lord's command, and that, had she been faithless to this great commission, the blight of her unfaithfulness would have fallen upon this wide and verdant expanse of Home Missionary evangelization.

The financial situation.

For two years this Board has been under an incubus of debt. It began the year under review with arrears of almost $58,000. Up to November there was no rift in the cloud, but deepening gloom rather, for receipts had fallen behind those of the previous year of the same date about $83,000.

The 7th of November had been set apart by the Assembly of 1886, as a Day of Prayer and Preaching in behalf of missions. To a good degree it is believed the day was observed. The tide of gifts into the treasury began to rise. In many great centres of

Christendom, round the world, the week of prayer was attended with tokens of special interest. The five Women's Boards went beyond all former years—a total of $248,649.65—a gain of $24,-624.25! The Christmas offering of the Sunday-schools waxed larger and raised the total of the year from this source to $51,-009.76, a gain of $21,039.03. The gifts of the churches also advanced to $309,221.69, a gain of $25,598.45.

There was, indeed, a small shrinkage from legacies and miscellaneous sources, but the result is, the deficit is extinguished, the appropriations provided for, and the year ends with $3809.41 in the treasury. The grand total raised is $784,157.59. There was a gain in every Synod but two; also a gain of ninety-six contributing churches. There are still 2588 delinquent churches contributing nothing at all to this treasury.

From the beginning there has been a steady and rapid growth of enthusiasm, intelligence, tact, consecration and gifts, in Woman's work for women in foreign lands. The last year is the best of all, thus far. Little need is there to help these women. Incisive need is there that we bestir ourselves lest we be left behind in this glorious service for our Lord.

There is one drawback to this cheering conclusion which we must not hesitate to face. That the deficit might be canceled and the cry of debt hushed, the appropriations of the year were cut back $22,871.12 beyond the urgent necessity of the missions, after having been before cut down to the quick. There was a loss by the arrest of the *Foreign Missionary* of over $4000. There has been no appeal for the debt, but all diligence to secure sufficient resources to cancel it and meet the shrunken plans of the year. The result is before the Assembly. Doubtless, on the whole, it is satisfactory to the majority. The Board has doubtless divined the wishes of the churches and met them; whether wisely or not, the Assembly must judge. It was virtually doing, as if, in the home work, church and manse erection, and aid for academies and colleges, work had been suspended for a year. That would have made something of an outcry. Precisely this is what was done for our foreign work. We need the churches yet more to be oft-reminded that this Board is a bundle of Boards. That we might come through without debt, a part of its functions—two of the Boards of this bundle—were laid aside, and now we have to put them back again, and make up a year's deficiencies. It is, at least, open to question, in the view of your Committee, whether the comfort we get out of that little balance in the treasury is any adequate compensation for the hurt of the cut at the other end of the line.

But we will not forget that this is jubilee year; that the churches met the recommendation of the Assembly and more; which may they not fail to do, year by year; and if we can report no enlargement abroad, we will rejoice in this clean, long step ahead, to clear the slate and leave the fixed tracks of the past few years, and face a new half century with a firm and eager tread,

that there is enlargement, at home, and that it will soon be felt abroad.

The special attention of the Assembly is called to the following paragraph of the Board's Report, pages 5 and 6:

"One of the marked features of the year has been the increased interest in Foreign Missions on the part of young men in our theological seminaries and colleges, and also of young Christian women, who have either completed their education or are in course of training for their life-work. To say nothing of the hundreds in colleges and female seminaries who have signified their intention to enter upon Foreign Missionary work, an unprecedented number of the young men in our theological seminaries have solemnly consecrated themselves to the work of Foreign Missions. Of those just graduated from these institutions, thirteen have already been appointed by the Board and others are asking for appointment. Never in the history of the Church has there been such a Foreign Missionary spirit in our seminaries of learning, and it is highly probable that in the near future the Board will be called upon to consider the application of many more who are now in course of preparation for the Gospel Ministry. Taken in connection with the Financial Report for the year, which shows a disposition on the part of the Church to furnish means for entering the open doors, is there not reason to believe that the Lord is conducting our beloved Church to a still wider field in the heathen world, and that He will put it into the hearts of His people to devise liberal things that the field may be occupied?"

In the judgment of your Committee this question must be answered in the affirmative. A call to go is a call to send. Providence makes no mistakes. When the Macedonian cry came there was an answering Apostle, and the Gospel moved westward on its way to these virgin shores. If the Spirit of God summons a man to the foreign field, He calls upon some other man or men to furnish the sinews of war. And if these men and women have been nursed in the Presbyterian Church, and educated in Presbyterian schools, the probability is that they ought not to be obliged to go begging some other Board to send them out. All the more when it is understood that this great Church of ours has been as largely enriched of God in the wealth of this world as in men and women. Put these two things together—these open doors—these awaking millions—these Macedonian cries for men from every pagan shore—these white harvest fields wheresoever we turn our eyes—these Providential opportunities thrust in our way—on the one hand; and this unprecedented uprising of consecrated young manhood and womanhood, on the other! What is to be done about it? Shall these fields, and these men and women come together? If not, why not? Solely for lack of money to send and keep them there. Six hundred and seventy-five thousand members are on the roll of our Church; seven hundred and fifteen thousand scholars are enrolled in her Sunday-schools! And not one cent

less than a round million a year for this work of evangelizing the waiting nations that know not God, will clear the conscience of this great constituency, concerning this matter. Three cents a week from each member of our Church; $75,000—about ten cents a year from each scholar of our Sunday-schools, gives us a round sum of a million, and to spare. The Sunday-schools may be expected to advance to $75,000 this year. Will the rank and file of the Church advance also, and say to our Board of Foreign Missions, "Withhold from a commission to this consecrated work not one man or woman, in the judgment of the Board, worthy to represent Christ and this Church in foreign lands!" What other answer can a sanctified ambition give, or a holy enthusiasm to see Christ enthroned in the world He came to redeem, tolerate? Surely the time is nigh when many a steward of God will be saying, each for himself, to one or more of these waiting and willing ones, "Go in my name and draw on me." Surely the day is not far off when the number of those going forth at their own charges will be greatly increased. Surely these centuries of preparation, of sacrifice, of exploration, of laying foundations, are about to issue in some great and marvelous advance of the Gospel along the highways of the nations, compared with which the movements of the past are but child's play. And when once this idea gets possession of the Presbyterian Church it will make quick work of a million a year, and go on to something worthy of herself.

*Be it Resolved*, 1. That we humbly and gratefully acknowledge the good hand of God upon this Board and our Missions, in this our year of jubilee.

2. That we approve the minutes of the Board and the efficiency of its management.

3. That we extend our hearty congratulations to the Women's Boards, in view of their splendid efficiency, their noble record, and their inspiring example, and bid them Godspeed to the heights that yet lie before them.

4. That we are no less encouraged by the zeal of our Sunday-schools, in which the Lord is perfecting His praise; that in the work of their past we find the promise of the future of this young life, and we are encouraged to hope that they will carry, by Christmas and Lord's Day offerings, their $50,000 of last year to $75,000, in this the first year of the Board's new half century.

5. That special offerings to work in Papal lands be made, and sent through the treasury of this Board, as a wise, safe and Presbyterial agency for doing the work of Presbyterians in these lands.

6. That the first Lord's Day in November be observed as a Day of Prayer and special effort to enlist the sympathy of all our churches, Sunday-schools and people in the work of Foreign Missions.

7. That, so far as it is practicable, this day be followed by "simultaneous meetings," so popular in England, in centres of

influence, throughout each and every Synod, for a day and an evening; for which, Synodical and Presbyterial Committees shall be instructed to make preparation and give supervision, as to place, speakers, etc., inviting the coöperation of the Board, of the Women's Boards, Bands and Sunday-schools, scattering suitable literature, to be furnished at the discretion of the Boards, and to make these occasions, as far as possible, memorable for spiritual power and practical utility in this centenary year of the General Assembly. For such meetings the Synod of New Jersey has made ample preparation. To such a course the Presbytery of Philadelphia North overtures the Assembly.

8. That we commend the literature of this Board, and of the Women's Boards, to their constituency, and instruct pastors and Sessions, in monthly concert and otherwise, to keep this literature before the people, that they may know the signs of the times, and how far and how fast the Lord is seeing of the travail of His soul.

9. That, in connection with all saints, finding their way obstructed and the work of the kingdom hindered by the liquor traffic, issuing from the same ports whence go the ambassadors for Christ, and under the same flag, this Assembly voices its most emphatic protest against the greed that is carrying this wasting scourge amongst barbarous peoples, and instructs the Foreign Board to coöperate in every practicable way with similar Boards in this and other lands, that this evil may be stayed.

10. That the Board of Foreign Missions be instructed to be wisely conservative, to avoid debt, so far as they can without crippling the work, and to be vigorously aggressive, anyhow.

11. That this Assembly urges upon the churches the duty of raising for the work of the Board this centenary year a sum not less than a million dollars ($1,000,000).

12. That the attention of the Sessions of 2588 non-contributing churches be called to their privilege and duty to share in this work of the world's evangelization.

13. That the following members of the Board, whose term of office expires with this Assembly, be re-elected, to wit: *Ministers*—Charles K. Imbrie, D.D., James P. Wilson, D.D., and George Alexander, D.D.; and *Ruling Elders*—David Oliphant and Henry Ide.

14. That these resolutions be printed in *The Church at Home and Abroad*, and then in leaflet form, to be scattered among the churches, lest they forget and fail to heed the injunctions of the Assembly as to these weighty matters.

Unanimously submitted by the Committee.

HIRAM C. HAYDN, *Chairman.*

The Special Committee on Ministerial Support (Minutes of 1885, p. 585) presented a Report, which was accepted, and, at its own request, the Committee was discharged, with the thanks of the Assembly.

The Special Committee on the Library at the Ministers' Home, at Perth Amboy, N. J., presented its Report, which was accepted, and, at its own request, the Committee was discharged, with the thanks of the Assembly.

The Report of the Committee to Canvass the Votes on the Overtures sent down by the last Assembly, was made the Order of the Day, for half-past four this afternoon.

The Moderator announced the following as a Committee on "the Mode of effecting Changes in the Constitution of the Church," under Overture No. 18, viz: *Ministers*—William H. Roberts, D.D., James T. Leftwich, D.D.; *Ruling Elders*—Hon. William Strong and Hon. Robert N. Willson.

The invitation to join in an excursion to Lincoln, on Saturday, P.M., was accepted with thanks.

Recess until 2.30 P.M.

---

WEDNESDAY, May 25, 2.30 o'clock P.M.

The Assembly resumed business.

The Rev. James Allison, D.D., tendered his resignation as a member of the Board of Missions for Freedmen, which was accepted, and the matter of filling the vacancy was referred to the Standing Committee on Freedmen.

The meeting devoted to the cause of Temperance, assigned, by the Standing Orders, for Friday evening, was dispensed with, and the Assembly determined to hold a business session this evening, at 8 o'clock P.M. The consideration of the majority and minority Reports on the case of the Rev. James H. Baird *vs.* the Synod of Pennsylvania, was fixed as the first order for the evening.

The Order of the Day, being the Report of the Standing Committee on Theological Seminaries, was taken up. The Report was accepted, and, after an address by the Rev. Ernst Schuette, D.D., was adopted, and is as follows:

The Standing Committee on Theological Seminaries respectfully report that the Assembly has under its care thirteen Theological Seminaries and Schools, two of which are especially designed to train a ministry for our German-speaking population and two for the colored race.

Official Reports from all these institutions have been placed in

the hands of your Committee, but in some cases the Reports do not adequately set forth their condition.

Lincoln University and Biddle University have failed to make any Report of their financial status.

Such figures as your Committee have been able to obtain are appended in tabulated form to this Report.*

The record of the year affords gratifying evidence that the youth of the Church are responding to her call for an educated ministry to meet her growing responsibilities and needs.

As compared with the year previous the numbers are as follows:

| | Students Matriculated. | Graduated. | In Attendance. |
|---|---|---|---|
| 1885–6, . . . . . | 295 | 156 | 620 |
| 1886–7, . . . . . | 318 | 194 | 711 |
| Increase . . . . . | 23 | 38 | 91 |

Probably no year in the history of our Church has been marked by such an advance as this.

Most of the Seminaries have made some progress in securing additional facilities or endowments. Five of them, however, report a deficit for the year. In the case of Union and McCormick, the deficit is very large, and would be alarming but for the fact that it is apparently due to temporary loss of income, resulting from change of investments in order to make their valuable real estate productive.

Princeton reports that seventy of her students have been engaged in various forms of evangelistic work, and have supplied fifteen preaching stations in the vicinity of the Seminary. Two members of the lower classes have held evangelistic services in six neighboring churches during the winter, which have resulted in 480 additions to those Churches. Of the graduating class, six are expecting to go to the foreign field, and seven to engage in the work of Home Missions.

The President of the Board of Directors, the Rev. William D. Snodgrass, D.D., and the First Vice-President, the Rev. John McLean, D.D., LL.D., have, during the year, passed to their reward, full of years and of honors. The Seminary has also been sorely bereft by a loss in which our whole Church shares, in the sudden and lamented death of the Rev. A. A. Hodge, D.D., LL.D., Professor of Didactic and Polemic Theology.

To fill the vacancy thus created, the Board of Directors have chosen the Rev. Benjamin B. Warfield, D.D., of Allegheny Seminary, and he has signified his acceptance of this appointment.

The Rev. A. C. Armstrong, elected in September last, to be Associate Professor of Church History, has, at his own request, been permitted to withdraw his acceptance of that position.

Union Seminary has had a year of great prosperity. The number of her students has largely increased. The Board of Directors report the employment of the Rev. A. F. Schauffler, D.D., as Superintendent of Student City Mission work. It is expected that

* See Appendix.

he will give instruction in matters relating to practical religious work, and also supervise the labors of students engaged in Sabbath-schools, and in other forms of city evangelization. The Board of Directors have suffered the loss of a member greatly beloved in the death of the Rev. Charles W. Baird, D.D.

Auburn Theological Seminary is to be congratulated on the fact that she has been able to retain the valuable services of the Rev. James S. Riggs, formerly Adjunct Professor of Biblical Greek, who has been raised by action of the Board of Directors to a full professorship. The endowment of his chair has been nearly provided for. It is also worthy of remark that the number of students in the Seminary is more than twenty per cent greater than last year.

The Seminary at Allegheny has filled acceptably the broken ranks of her Faculty by the election of the Rev. Henry T. McClelland, D.D., of Pittsburgh, to the Chair of Theology, and of the Rev. Matthew B. Riddle, D.D., of Hartford Seminary, to the Chair of New Testament Literature and Exegesis. All the members of the graduating class have already received calls to churches, or have other opportunity for settlement. At least five of the number intend to be foreign missionaries.

The vacancy in the Faculty of Lane Seminary occasioned by the lamented death of the Rev. James Eells, D.D., LL.D., has been filled by the election of the Rev. William H. Roberts, D.D., to the Chair of Practical Theology, who has entered upon his duties with zeal and enthusiasm. The Report states that this choice has given universal satisfaction, and that the condition and prospects of the Seminary were never better. The Faculty and Trustees have engaged heartily in an effort to increase the endowment by the sum of $200,000. About $70,000 have been conditionally subscribed.

The plan for the resuscitation of Danville Seminary outlined in the Report of the Board of Directors to the Assembly a year ago, has been accomplished under very promising auspices.

A complete course of theological instruction has been given to the ten students in attendance, at an expense not exceeding one-third of the income of the institution. The Directors make special record of their gratitude for divine favor and of their hope for the future.

The past year has been one of great prosperity and promise in the history of McCormick Seminary, the students have shown great diligence in their work, and the spirit of consecration resting upon them, is evidenced by the fact that of the thirty graduates six have already been appointed missionaries by our Foreign Board, and one by the Board of Foreign Missions of the Cumberland Presbyterian Church. Fowler Hall, a splendid new building, erected by the heirs of the late Silas W. McCormick, and containing sixty-one suites of rooms, is now approaching completion. The Board of Directors have suffered the loss of a wise counselor and

liberal benefactor in the death of Hon. Jesse L. Williams, one of their number.

San Francisco Seminary reports that the conditional offer of $50,000.00 made by Mr. William S. Ladd, of Portland, as recorded in the Minutes of last year, has elicited a most gratifying response from the churches. Every church in California has contributed more or less to the object. The result has been not only to add $100,000.00 to the endowment of the Seminary, but to unite in its support the entire Presbyterian Church of the Pacific coast. A site has been recently offered for a fire-proof building to accommodate the library, which has outgrown its present quarters.

The two institutions designed to raise up a ministry for the German population are evidently doing a most valuable and necessary work. Their Reports indicate progress and prosperity, though with them it is still "the day of small things."

The school at Newark, N. J., reports an increase of endowment to the amount of $6513.00. The school at Dubuque, Iowa, reports a similar amount raised toward the endowment of the Chair of Church History. There is ground for encouragement in the fact that the German churches are taking a lively interest in the welfare of these young institutions and making commendable efforts to secure their adequate endowment. They need the aid and sympathy of English-speaking Presbyterians in this movement.

Lincoln University and Biddle University have similar claims upon the interest and liberality of the Church, in their endeavors to train a ministry for the colored race. Their Reports indicate that during the year this work has been prosecuted with vigor and earnestness, but with means very inadequate, for the great tasks which are pressed upon them by the moral and spiritual necessities of a long subject race.

In all these Reports it is gratifying to observe evidence that the life of our Seminaries is marked by a spirit of deepening piety and of kindling zeal for the kingdom of God.

Your Committee recommend that the Assembly confirm the election of the following professors:

The Rev. Benjamin B. Warfield, D.D., as Professor of Didactic and Polemic Theology in Princeton Seminary.

The Rev. Henry T. McClelland, D.D., Professor of Didactic and Polemic Theology in the Western Theological Seminary.

The Rev. Matthew B. Riddle, D.D., Professor of New Testament Literature and Exegesis in the same institution.

The Rev. William H. Roberts, D.D., Professor of Practical Theology in Lane Seminary.

The Rev. William F. Johnson, D.D., Professor of Homiletics and Church History in Biddle University.

The following *Overture* to this General Assembly has been referred to the Committee: "The Presbytery of Springfield hereby overtures the General Assembly of 1887, to recommend to the Boards of Directors of the theological seminaries under their

care, to establish a chair for the systematic study of the English Bible in said seminaries throughout the entire course."

Your Committee are persuaded that this Overture voices a conviction, widely prevalent in the Church, that students who have enjoyed the benefits of college and seminary training, often lack facility in the practical use of the Bible, for purposes of instruction, consolation and devotion, and that in this respect they sometimes compare unfavorably with men of far less general culture, who have been trained in schools where the English Bible is a text-book.

It is probably impracticable for the seminaries generally to do what has recently been done by Lincoln University—that is, establish a special chair for the object named in the Overture; but your Committee recommend that the Assembly adopt, in response to said Overture, the following resolution:

*Resolved*, That the General Assembly advise the Boards of Directors, in the theological seminaries under their care, to make suitable provision for the systematic study of the English Bible throughout the entire course.

All of which is respectfully submitted on behalf of the Committee. GEO. ALEXANDER, *Chairman.*

The Chairman of the Committee on Mileage was authorized to pay to the Stated Clerk as Treasurer of the General Assembly the amounts due to the Entertainment and Contingent Funds of the present year.

The Judicial Committee reported, in regard to the statement of facts presented by the Presbytery of Pittsburgh, in reference to the case of J. D. Carlisle, a recommendation that the Synod of Pennsylvania be requested to enter said statement of facts on its Minutes. Adopted.

The same Committee reported, in the case of the appeal of A. R. Moore against action of the Synod of New York, that, in its unanimous opinion, the action of the said Synod of New York is final, and recommend that the appeal be therefore dismissed. Adopted.

*Resolved*, That the Boards of the Church are requested to take into consideration the practicability of binding together the Annual Reports, as is now done for the use of the Assembly, before sending them out to pastors, and that said Reports, if bound, be bound and distributed by the Board of Publication, under the supervision of the Stated Clerk, the expense to be borne by the Boards proportionately.

The Committee to Canvass the Overtures sent down by the last Assembly made its Report, which is as follows:

The answers of the Presbyteries, in reference to the payment of the indebtedness of the former Permanent Committee on Temperance, were referred by the Assembly to the Standing Committee on Temperance.

Your Committee report that, in response to the following Overture, "Shall Chapter xxiv, Section 4, of the Confession of Faith, be amended by striking out the last period thereof, namely, 'The man may not marry any of his wife's kindred nearer in blood than he may of his own, nor the woman of her husband's kindred nearer in blood than of her own?'"—one hundred and fifty-six (156) Presbyteries have answered in the affirmative, and eleven (11) have answered in the negative; four (4) have taken no action, and thirty-one (31) have made no report.

The Presbyteries answering in the affirmative are:

In view of this action upon the part of the Presbyteries, your Committee would recommend the adoption of the following:

*Whereas*, One hundred and fifty-six (156) Presbyteries, being more than two-thirds of the Presbyteries under the care of the General Assembly, have, in writing, approved of an amendment to Chapter xxiv, Section 4, of the Confession of Faith, by striking out the last period thereof; therefore, be it enacted by the General Assembly that the following words: "The man may not marry any of his wife's kindred nearer in blood than he may of his own, nor the woman of her husband's kindred nearer in blood than her own," be and are hereby stricken from Chapter xxiv, Section 4, of the Confession of Faith.

HENRY C. CAMERON, *Chairman.*

The Report was adopted, and Chapter xxiv, Section 4, was referred to the same Committee to consider and report if any further action is necessary to accomplish the purpose aimed at.

The Moderator declared the last paragraph of Chapter xxiv, Section 4, of the Confession of Faith, no longer a part of the Standards of the Church.

A resolution respecting the term of service of Deacons was referred to the Committee on the Polity of the Church.

It was made the first Order of the Day for Saturday A. M., to hear the Reports of the Committees on the Records of the Synods.

The Order of the Day, being the Report of the Standing Committee on the Board of Publication, was taken up. The Report was accepted, adopted, and is as follows:

The Standing Committee on the Board of Publication respectfully submits the following Report: There have been placed in its hands the Annual Report of the Board as well as its Minutes for the year, together with the Annual Balance Sheet and Detailed Financial Statements which it is required by the Assembly to submit. The Committee have also been aided in their work by the

presence of the representatives of the various interests committed to the Board.

In spite of the embarrassment of a large debt with which the year was begun, a reasonable degree of success has attended the Board's work. The fact, however, that an indebtedness amounting to $24,511.42 still remains against the Missionary Fund, should awaken the attention and quicken the sympathies of the Church to a prompt effort to remove this burden. Any enlargement of its work was necessarily prevented by these adverse conditions, and some curtailment of the work became necessary in the course of the year. The number of colporteurs in the field, many of whom the Board would gladly have retained, was unavoidably reduced. It cannot but be regretted that appeals for help should come to any of our Boards and find them unable to respond.

While the Missionary Committee has endeavored to accomplish all that its means would permit, the number and value of the grants of its publications have been necessarily diminished.

It should, however, be noted that during the year the contributions received from the churches were in advance of those of the preceding year; but the Board has this year derived no income from legacies, which in former years have given it important aid.

For the missionary and Sabbath-school work of the Board there was received:

| | | |
|---|---|---|
| From Churches | $33,911 98 | |
| From Sabbath-schools | 5,483 93 | |
| | | $39,395 91 |
| From individual gifts | | 2,483 64 |
| From interest on invested funds | | 4,507 25 |
| | | $46,386 80 |

Had the Church responded to the appeal which was made by the last General Assembly for the sum of $75,000 for the benevolent work of this Board, it would have no indebtedness to report, but would be able to enlarge its beneficent work.

The Board reports as a gratifying feature of the work of the year a growing interest of ministers and people in the missionary work of the Board, and a growing desire among pastors and others to use the literature of our Church.

A summary of the statistics of the missionary work of the Board shows that it has now in the field 17 colporteurs, and that it has had at work, during the whole or portions of the year, 51 colporteurs, who have labored in 21 Synods and 63 Presbyteries; they have gratuitously distributed 33,166 volumes, they have distributed by sale a total of 22,941 volumes. Tracts and periodicals numbering in pages 3,984,419 have been gratuitously distributed, either in colportage work or through grants made by the Missionary Committee. There have also been distributed during the year, from the Missionary Bible Fund, 2612 Bibles and Testaments, valued at $655.67. The colporteurs' reports show that they

have visited 55,252 families; and that they have held 1746 prayer meetings and other religious services during the year; 1308 Sabbath-schools have also been visited and encouraged, and 59 new schools have been organized in places before wholly destitute.

Since the beginning of the Sabbath-school branch of the colportage work, twelve years ago, 1359 Sabbath-schools have been organized and aided, and 19,775 visits have been made to Sabbath-schools by the colporteurs of the Board. The Church may well be gratified by so satisfactory a review of past work and may gather therefrom encouragement for the future. It is with regret that the Committee report that 3607 churches have utterly failed to contribute this year to the Missionary Funds of this Board. It is to be noted that all the Sabbath-schools of our Church combined do not give $10,000 per year to the Missionary Department of this Board, although during the past year our statistics show, that they have given more than twelve times that amount to objects outside of the Boards of the Church. Your Committee cannot but think that our Church Sessions are derelict in respect to the claims of this work. As a practical suggestion the Committee would call attention to the efforts which are being made by the Board, to bring about a general observance of Children's Day, on June 12, for which day an order of worship has been prepared which will be furnished gratuitously to such schools, as will take up a collection on that day for the use of the Board. The Sabbath-schools of the Church should be encouraged to give to the Board, in this way the help so much needed. Last year, $3000 were contributed on Children's Day. With proper effort on the part of our schools ten times that amount can easily be raised. If the Sabbath-schools can be informed of the nature and effect of the changes, which are about to be made in the organization and work of the Board, your Committee believe that they will enthusiastically respond to this call. The education of our Sabbath-school scholars in the duty of giving to the Lord's work, and to that work as represented by the various agencies of our own Church, cannot be begun too soon or carried out too effectively. Nine thousand members are reported as connected with the Bible Correspondence School, some of whom are engaged in independent study, while others are distributed in 550 local schools, which meet with their Presidents. The Superintendent of Sabbath-school Work has organized a Theological Summer School, the text-book for which, written by the Rev. J. Aspinwall Hodge, D.D., is already stereotyped. A decided improvement is reported in the variety and completeness of the Sabbath-school statistics of our Church. Several of the Presbyteries now publish in full their Sabbath-school statistics for the use of their workers. The Committee note with gratification that the Sessional supervision of our Sabbath-schools is becoming more general and effective. The entire exhibit of the year's work of the Sabbath-school Department of the Board, gives evidence of earnest

and intelligent work on the part of its Superintendent, the Rev. James A. Worden, D.D.

The interests of this Board, and of the Church at large, have sustained a great loss during the year in the death of the Rev. Dr. John W. Dulles. For thirty-one years, Dr. Dulles devoted all his energies and varied talents to the work of religious publication in the Presbyterian Church, and at the time of his death he held the office of General Secretary of this Board. A man of devoted zeal and of the purest and gentlest Christian spirit, Dr. Dulles possessed the esteem and love of all to whom he was personally known, and his life-work has touched the hearts of hundreds of thousands, who never heard his voice or felt the helpful influence of personal contact with him. "He rests from his labors and his works do follow him."

An appropriate minute has been entered upon the Records of the Board in honor of his memory. The Rev. Elijah R. Craven, D.D., has been elected by the Board as his successor.

The publications of the Board continue to advance to a still higher standard of interest and value. The periodicals of the Board, for years the brightest feature of its publication work, are daily improving under the efficient editorial care of Dr. Miller, and the appreciation of them on the part of the religious public is evidenced by a steadily increasing circulation, amounting in all to 58,000 copies more than last year. The *Westminster Teacher* is growing in favor, not only with our own Church, but also in other denominations; its circulation clearly showing that it is in use by nearly 20,000 teachers of other denominations.

It is gratifying to note an increase in the number of the books published by our own Board which have been sold during the past year. As compared with the previous year, about 5000 more of the Board's books have been sold through the agency of the Business Department.

The receipts from the sale of periodicals amounted to $107,-414.27, which, while showing a gain in money value of only $3000 as compared with the previous year, yet shows a gain of 58,000 copies in circulation. The total receipts of the Board from sales were $211,637.87, exclusive of the magazine, in the publication of which the Board is only the agent of the General Assembly's Committee, and assumes no pecuniary responsibility.

It is significant that this volume of business has been transacted at a loss of but $112.28 from bad debts, a showing that is well worthy of mention, not only as an evidence of care and discrimination on part of the Business Department in granting credit, but also as showing integrity and faithful performance of contracts on part of the customers of the Board, who are chiefly our own people.

The Committee have carefully examined the financial exhibits of the Board, and have received such additional information from the Business Superintendent, as fully satisfies them that the business

of this great arm of our Church is being managed with remarkable ability and care. As a complete exhibit of all departments of the Board's work is published in the Board's Annual Report, and will be summarized in the Minutes of the Assembly, your Committee deem it unnecessary to encumber this Report with further statistics.

The changes which the Assembly has brought about in the Board of Publication, by the adoption of the Report of the Special Committee, have imposed a two-fold duty upon this Standing Committee, which has occasioned it much anxious thought. In preparing its recommendations it has had to consider not only the past and present condition of the Board, but to regard also the methods whereby the Assembly can most effectively further the course of its work for the future, along the lines laid down in the Special Committee's Report. This is a task which involves not merely the question of what should be done, but the question of what should not be done. Connected with it is the reference to this Committee of the nomination of a new Board, a work of great responsibility, which concerns the effectiveness of the whole plan of the organization. This your Committee has endeavored faithfully to discharge.

The policy of recognizing the primary importance of the Sabbath-school work of the Board, and of placing that feature of its work prominently before the Church as its characteristic element, which this Assembly has unanimously agreed upon, is not new. It grew up in the work of the Board by reason of the very nature of that work. Religious publication is simply one form of the Church's work of evangelization and of education. The plasticity of the youthful mind renders it peculiarly amenable to the moulding power of this form of the great work. As the Church has grown in intelligent appreciation of the importance of laying hold upon the youth of the land, the Sabbath-school idea has steadily unfolded in the mind of the Church; and its publication work has felt and exhibited its effect. So long ago as 1882, an able Special Committee, whose Report was unanimously adopted by the Assembly, defined the growing thought of the Church in these matters. A few quotations from that Report will suffice to remind this Assembly of its past action, which this Committee desires the present Assembly to reaffirm.

"That, in the instructions of the Missionary Department to the colporteurs, the main emphasis is to be laid upon the work of religious visitation, and the Sabbath-school work expected from them among the spiritually destitute; and that the selling of books, while still continued, so far as it can be usefully done, is to be in all cases subordinated to these more directly benevolent and religious labors. * * * If their work is thus made to bear a purely missionary character, its *spiritual* results will be increased. It will be made more welcome to the people among whom it is carried on, wearing to them less the aspect of business—of book-

peddling—and more a face of Christian love. Its new character will be more calculated to inspire religious enthusiasm also among those connected with it."

It is unnecessary to inquire why these clearly defined principles of action have not been steadily kept in view, or to refer to the past save in so far as it affords admonition in the performance of present duty, or encouragement to faithful prosecution of the work in time to come. Your Committee fully believes that the action of this Assembly marks a new era in the work of this Board—an era rich in hope of glorious fruition—in which it will command the love, confidence and financial support of our Church, as never before in its history, and in which it shall go from strength to strength in the blessed work of spreading the knowledge of Gospel truth. Confiding this grand work to the hands of able, experienced, vigorous and energetic representative men, let the Church supply them with abundant resources and bid them, in God's name, to go forward.

The effective prosecution of this work will demand, henceforward, the employment only of such men as field agents as are possessed of piety, tact, vigor, intelligence, and love for the young. Such men cannot be obtained without the exercise of great care in making selections, and they must necessarily be better paid than colporteurs have hitherto been. This of course means that fewer men can be maintained in the field with the same amount of money; but as what is lost in numbers will be more than gained in efficiency, far greater results may be expected from the same expenditure. The name of these field agents should, in the opinion of your Committee, distinctively set forth the nature of their work as being primarily that of Sabbath-school missionaries. Your Committee are also decidedly of opinion that the statistical tables of the Board should be changed in such a way, as shall more satisfactorily enable the Church at large, to gauge with more accuracy the results of its missionary work. There are results of all such effort that cannot be set forth in figures; but a nearer approach to a just estimate can undoubtedly be obtained, than is afforded by the present system.

Your Committee also think that the business of the Board can by wise measures be extended and made more profitable; and that, while a proportion of its profits should be added to its capital, in order that means may be furnished to carry on the business to an extent commensurate with its growth, that the benevolent work of the Church will be forwarded, and the interest in the Business Department of this Board and sympathy with its work will be greatly increased, by placing two-thirds of its net profits annually to the credit of the Sabbath-school and Missionary Department. We gladly state that this proposition has the hearty approval of the Business Superintendent.

Your Committee are also of the opinion that, in order that the Assembly and its Standing Committee, may have all opportunities

possible afforded to them, for acquiring information concerning the various departments of the Board's work, the Business Superintendent and the Superintendent of Sabbath-school and Missionary work, should be required by a permanent rule to be present at the General Assembly.

Your Committee therefore submit the following recommendations:

1. That the Assembly is gratified by the success which has attended the Board's work during the past year, amid circumstances of difficulty and discouragement, and asks in behalf of this important arm of our Church a generous confidence and support.

2. That in the judicious extension of its business, the Board be recommended to pursue the policy of occupying the commercial centres of the country, so far as it can be done without interfering with business relations already established.

3. That the Board be encouraged to render its business profitable, so far as a wise conservation of the benevolent features of its work may permit, and that it be directed to place two thirds of its net profits annually to the credit of the Sabbath-school and Missionary Department.

4. That in the work of the Sabbath-school and Missionary Department, as previously declared by the Assembly, the main emphasis is to be laid upon Sabbath-school work and religious visitation among the spiritually destitute; and the selling of books, while still continued, so far as it can be usefully done, is to be in all cases strictly subsidiary to these more directly benevolent and religious labors.

6. That, as an expression of this policy, the field agents of this Board shall hereafter be designated "Sabbath-school Missionaries of the Board of Publication."

7. That inasmuch as the extension of the Board's work herein contemplated, requires the appointment of missionaries of high character and ability, their qualifications for the work should be judiciously weighed, and their selection and appointment carefully made by the Board. No missionary of the Board shall labor within the bounds of a Presbytery, except with the approval and under the supervision of the Presbytery or its appropriate Committee.

8. That the Board is recommended to revise its statistical blanks in such a way, as will more satisfactorily show the nature and results of the work of its Sabbath-school missionaries.

9. That the Board be directed to arrange for the attendance of the "Business Superintendent" and the "Superintendent of Sabbath-school and Missionary Work" at sessions of the General Assembly, in order that they may furnish to the Assembly, or to its Standing Committee, such information as may be desirable concerning the interests committed to their charge.

10. That in view of the enlarged scope and importance which the work of this Board is now about to assume, not less than

$100,000 should be contributed to its use during the coming year; and that pastors and elders be requested to inform themselves more fully as to the needs and work of the Board, in order that special efforts be made by Church Sessions to secure liberal gifts for this purpose.

11. That the plans of the Board for the observance of "Children's Day" be approved, and that Sabbath-schools be urged to adopt them so far as practicable, and to take up a collection on that day for the benefit of the Board.

12. In pursuance of the direction of the General Assembly to nominate members of the "Presbyterian Board of Publication and Sabbath-school Work," the Standing Committee recommends the election of the following persons:

*To serve for one year from the third Tuesday of June, 1887.*

| *Ministers.* | *Ruling Elders.* |

All of which is respectfully submitted.

FRANKLIN L. SHEPPARD, *Chairman.*

*Resolved*, That this General Assembly heartily approves of the action of the Board of Publication in electing the Rev. Elijah R. Craven, D.D., as Secretary of the Board, and expresses the hope that he may accept the appointment.

*Resolved*, That the Board of Publication be requested to take such legal steps as may be necessary to have the corporate name of the Trustees of this Board changed to correspond with the name of the Board as adopted by this Assembly.

The Committee on the Polity of the Church reported Overtures as follows:

There has been referred to your Committee the Report of the Committee appointed at the last General Assembly on Peace and Arbitration. The subject involved is exceedingly important in both its civil and religious aspects. But your Committee is unanimous in the conviction that this General Assembly is not prepared,

without more specific information, to unqualifiedly indorse the spirit and efforts of all the peace and arbitration societies of the world, and does not deem it expedient to appoint a Permanent Committee on this subject, or to appropriate the funds of the General Assembly for its support. While therefore appreciating the exhaustive character of the Committee's Report, and reiterating the expression of the last General Assembly on this subject, your Committee recommends that no further action be taken. Adopted.

*Overtures* have been received from the Presbyteries of Transylvania, Dayton and Whitewater, proposing plans for the reduction of representation in the General Assembly. For long years the Assembly has been engaged in the discussion of the subject of representation, and only two years ago a basis of representation was adopted, which seems for the most part satisfactory. In the judgment of your Committee, therefore, it is inexpedient for this Assembly to reopen the subject. Adopted.

An *Overture* has been received from the Presbytery of Pittsburgh, requesting that the General Assembly of the Presbyterian Church in the United States of America, should take such action as will secure to Presbyteries, the right of succession to the possession of all property of churches or congregations within their bounds, which may become extinct.

There has also been received an *Overture* from the Presbytery of Philadelphia Central, requesting this Assembly to appoint a Special Committee, largely composed of members of the legal profession, to consider what, if any, provisions can be made for our Presbyteries to take charge of the property of churches which have failed to be self-sustaining, and make disposition of the same, to the better advancement of the interest of our beloved Church and the glorification of our Divine Master.

The subject involved in these Overtures is one of immense practical importance. Your Committee recommends to the Assembly the following action:

*Resolved*, 1. That in the judgment of the Assembly, when the statutes of individual States do not forbid, the right of succession to the property of defunct churches should vest in the Presbyteries with which these churches are connected.

*Resolved*, 2. That it is hereby recommended to our several Presbyteries to become incorporated, so that they may legally hold any property which may come into their possession.

*Resolved*, 3. That a Committee of two ministers and three elders be appointed to consider this whole subject, and report to the next General Assembly what further action is in their judgment necessary to be taken. Adopted.

An *Overture* has been referred to your Committee from the Presbytery of West Chester, requesting that there be sent down to the Presbyteries an Overture to amend Chapter xiii of the Form of Government, as follows: Amend Section 8 of said chapter by striking out all after the words, "one of which only shall be

elected each year," and add to Chapter xiii the following words: "Section 9—Elders once ordained and not suspended or deposed in discipline, when they cease to be acting elders, or when they remove from the church in which installed to another church, shall in either case still be entitled and qualified to represent the congregations with which they are connected, or its Session in the Presbytery, when appointed by the Sessions of their respective churches, and to represent the Presbytery as delegates or commissioners in the Synod or General Assembly when appointed by the Presbytery, and to serve either judicatory in any capacity to which appointed by it." Your Committee recommend that the request be not granted. Adopted.

There has also been referred to your Committee an *Overture* from the Synod of Atlantic, requesting the Assembly to divide this Synod into two Synods, making the boundary line between the States of North and South Carolina the Southern boundary of the new Synod, with the following result: Within the new Synod, three Presbyteries,* fifty-four ministers, eighty-nine churches and 5490 church-members; within the at present existing Synod, six Presbyteries, sixty-eight ministers, 114 churches and 7719 church-members. Your Committee recommend that this request be granted, and that, in accordance with the request of the Synod of the Atlantic, the new Synod be called the Synod of Catawba, the old Synod retaining its original name. It is also directed that the Synod of Catawba meet at Charlotte, N. C., on the first Wednesday of November, at 7.30 P. M., for organization and the transaction of whatever business may come before it, and that the Rev. Stephen Mattoon, D.D., or, in his absence, the oldest member of the new Synod present, preach the opening sermon and preside until a Moderator is elected. Adopted.

From the Presbytery of Rochester the following *Overture* has been referred to your Committee: "Do the laws of the State of New York empower the Trustees of Presbyteries within the bounds of that State, to make final disposition of property of defunct churches according to their own discretion, or are they subject in this particular to the direction of their respective Presbyteries?" This Overture, involving as it does the interpretation of the civil statutes of a State, transcends the sphere of ecclesiastical action. It is not within the province of this body to interpret civil law. The question is one which can be authoritatively answered only by the courts of the State. Your Committee, therefore, recommend that the Assembly, on this ground, decline to answer the question. Adopted.

JOHN MCC. HOLMES, *Chairman.*

The Assembly adjourned, and was closed with prayer.

THURSDAY, May 26, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Standing Committee on Bills and Overtures reported:

*Overture No. 33*, from the Presbytery of Philadelphia Central, asking the exclusion of the executive officers of the Boards of the Church from membership on the Boards. The Committee recommend that, as the General Assembly has so directed in the case of the Board of Publication, it hereby directs that Rule No. 2, adopted by the General Assembly on the recommendation of the Special Committee on the Board of Publication, be and is hereby adopted as defining the qualifications of members of all the Boards of the Church. Adopted.

For special reasons assigned, the case of Robert Lenox Kennedy, of New York, was excepted from the operation of the rule.

The Report of the Standing Committee on Benevolence was made the Order of the Day for Friday, at 10 o'clock A. M.

The Order of the Day, being the Report of the Standing Committee on Education, was taken up. The Report was accepted, and, after an address by the Rev. Daniel W. Poor, D.D., Secretary of the Board, was adopted, and is as follows:

The Standing Committee on Education would respectfully report, that after a careful examination of both the Annual Report of the Board and of its well-kept minutes, they see much to commend and very little that could be made the subject of unfavorable criticism.

Two things, however, strike us as deserving special notice: the first of these is the financial condition of the Board, and the second is the special relation of its work to the Freedmen.

As to the former, it reports a debt of $15,000; and this is the more perplexing as the number of students applying for aid is increasing more rapidly than are the contributions of the churches. Your Committee, however, are happy to say that the Board have this difficulty under consideration; and, in the making up of their "June Budget," no doubt their receipts and expenditures will be so adjusted as more nearly to balance at the close of another year.

Meanwhile, the question rises, how to relieve the present strain. Shall the Board decline to receive more candidates, however well accredited, or shall it diminish its *pro rata*, and accept all who come? Either course must create embarrassment; but, in the judgment of your Committee, it will be a less evil to diminish the amount given to each, than to omit some entirely.

All this, however, implies that the receipts of the Board are to

continue at their present low standard. But this ought not to be. More than 3000 of our churches made no contribution to this Board the last year, and some of our oldest and wealthiest Synods gave less than they received. One of these (the Synod of Ohio) received in round numbers, $8000, and gave but $4000; another (Illinois) received $5000, and gave $2000; and another (Indiana) received $2000, and gave $991. We are happy to state that the Board, through its Secretary, is using diligent effort to bring these delinquent churches and Synods up to a higher standard.

It is also to be noticed that considerable has been done in the way of receiving individual scholarships; and if this shall continue, some relief may be expected from that direction. And now, if all the Presbyteries will exercise great care in recommending candidates, and will not bring forward some who by a little effort might pay their own way, and if certain legacies are realized which are now pending, the debt will soon be paid and the affairs of the Board will be restored to their normal condition.

As to the Freedmen, the special rules applied to that class of students no doubt need some modification. The Board is embarrassed by the rule allowing help in preparatory study; because such rules might supposably cover what should rather be regarded as primary study; and your Committee heartily commend that rule of the Board which limits preparatory study to two years. There seems, however, to be a necessity for the readjustment of some other of the "Rules for Colored Students" in the direction of greater equality, and to this subject attention is called by an Overture from the Synod of Atlantic.

Your Committee therefore submit the following recommendations:

1. That this Assembly commend the diligence and fidelity of this Board, in the administration of its trust, and that we approve its minutes.

2. That we particularly commend the work of the Secretary in the securing of individual endowments, and trust that in this direction, still more may be accomplished.

3. That should there be any shortage of funds requiring the Board to diminish its appropriations, we advise that it be done by a lower *pro rata*, extending to all candidates, rather than by declining to receive new students who may be well accredited.

4. That the Special Rules for Colored Students be so modified as to allow an appropriation of eighty dollars per year to students in Biddle University, whether such students are in the college course or in preparatory study; and so that colored theological students in that institution be allowed the same as those in other theological schools; and that this be an answer to the Overture of the Synod of Atlantic, the distinctions complained of having never been based on the color line.

5. The following members of the Board having tendered their resignations, the Committee recommend the acceptance of the

same, with thanks for their faithful services, and nominate as follows to fill the vacancies: *Ministers*—R. M. Patterson, D.D., to fill his unexpired term, Irwin P. McCurdy, D.D.; *Ruling Elders*—George S. Graham, Esq., Hon. Robert N. Willson, in whose place we nominate Joseph Collingwood, and Henry N. Paul.

The following members of the Board have reached the time limit of their official terms: *Ministers*—George D. Baker, D.D., Thomas J. Shepherd, D.D., and James M. Crowell, D.D.; *Ruling Elders*—H. W. Pitkin, Esq., George W. Barr, Esq., and Andrew Blair, Esq. Your Committee recommend the following persons: *Ministers*—George D. Baker, D.D., James M. Crowell, D.D., Marcus A. Brownson, of Camden, N. J.; *Ruling Elders*—H. W. Pitkin, George W. Barr, Andrew Blair.

All of which is respectfully submitted.

S. M. CAMPBELL, *Chairman.*

The Judicial Committee reported the case of the Glenfield Church, and it was made the Order of the Day for 2.30 this afternoon. It was voted that the Rev. Joseph T. Gibson, as representing the church, have fifteen minutes in which to state the case.

The Stated Clerk was authorized to pay the bills for the entertainment of the Assembly.

The Standing Committee on Freedmen made a supplementary Report, which was adopted, as follows: The Committee recommend that the Rev. Whiting C. Burchard be appointed to fill the vacancy in the Board of Missions for Freedmen caused by the resignation of the Rev. James Allison, D.D., and also

That the Rev. James Allison, D.D., having resigned his membership in the Board because of the increasing duties of the treasurership, which he retains, the Assembly herewith records its high appreciation of his wholly gratuitous services for the period of twenty-two years.

The following telegram was sent to the General Assembly of the United Presbyterian Church now in session in Philadelphia, viz:

The General Assembly of the Presbyterian Church in the United States of America sends fraternal greeting. "Let brotherly love continue." "Pray for the peace of Jerusalem: they shall prosper that love Thee."

JOSEPH T. SMITH, *Moderator.*

W. H. ROBERTS, *Stated Clerk.*

The Committee on the Polity of the Church presented a Report which was adopted and is as follows:

Several papers have been referred to your Committee with ref-

erence to the question of increasing the flexibility of our Form of Government, in the matter of ministerial and evangelistic labor. First, among these, is the *Report* of the Committee appointed at the last General Assembly, to consider the propriety of amending the rules of the Board of Education, in such a manner as to relax the stringency of its regulations in requiring a full collegiate education, or its equivalent, as preparatory to a theological course, in exceptional cases that may be presented by the Presbyteries. Second, is the *Report* of the same Committee, on an Overture from the Presbytery of Chicago presented to the last General Assembly, touching the methods of meeting the needs of the unevangelized masses. Third, is a *Memorial* from the Synod of New York, requesting this General Assembly to devise and issue a plan whereby laymen possessing the requisite qualifications shall be directed toward appropriate Christian labor. And fourth, are two *Overtures*—the one from the Synod of Columbia, and the other from the Presbytery of San Francisco—couched in essentially the same phrases and making identically the same requests, viz: That this General Assembly call the attention of the whole Church to the divine vocation and usefulness of the office of evangelist—give emphasis to the parts of theological instruction peculiarly adapted to qualify evangelists for their labors at home and abroad—and recommend to the Faculties of theological seminaries, to consider the subject of giving enlargement to both the substance and the spirit of their institutions, touching the whole work of the evangelist.

These papers emanating from so many and so widely separated sources, indicate a measure of ferment in the Church on the topics of which they treat. The quickened pulse of Christendom, and the enthusiasm for Christ which pervades the Presbyterian Church, prompt inquiry respecting the best methods for extending the Redeemer's kingdom. Two extremes, however, are to be avoided; the one of rigid regulation by which the Church prescribes an ideal standard of ministerial qualification, and refuses to swerve in the least degree therefrom; the other of laxity amounting even to license, by virtue of which the safeguards of the sacred office are in danger of being removed. The traditions of the Presbyterian Church all favor a highly educated ministry. Its constituency is intelligent, its spiritual teachers need therefore to be cultured. To no one cause under God is the success of our Church in this country more attributable, than to the able and efficient character of its ministry. At the same time the mission of our Church is not simply to the cultured. The uneducated, unevangelized masses have a valid claim upon our sympathy and efforts, and for them we are in the most efficient manner to labor.

It is questionable, however, whether ignorant sanctification is the best agency for overcoming unsanctified ignorance. Even the most unenlightened masses need enlightenment to lift them up, as the unsanctified masses need the grace of Christ to purify their hearts.

Instead therefore of reducing the ministry to the level of the people, it is far better in the judgment of your Committee to lift the people to the level of the ministry. At the same time it is unquestionably true that, in exceptional cases, men of purity, discretion, aptness to teach, and knowledge of the Word may do great good without having passed through a college and theological curriculum. And, whenever, in such cases Presbyteries are convinced of the fact, they are empowered by Chapter xvi, Section 6, of our Form of Government, and by the decisions of the General Assembly on this subject, to license them. Further than this, your Committee is convinced that it is not wise for this Assembly and the Church to go, in the matter of licensing those who shall preach the Gospel, and exercise the functions of the ministry.

With respect to the subject presented in the two Overtures relating to evangelistic work, your Committee recognizes the fact that the office of evangelist is definitely specified in the New Testament. It is, however, by no means clear that this office is identical with that which bears the same name in this year of grace. Doubtless good has been done by evangelistic effort as at present conducted. But it is questionable whether, our Church is prepared to set the seal of its approval upon indiscriminate and oftentimes irresponsible Christian efforts, as distinguished from regularly constituted and authorized ministerial and pastoral labor. In the judgment of your Committee there is a more excellent way. Presbyterial visitation of churches has proved in many instances a most efficient method of intensifying spiritual life. The aid of neighboring and especially qualified pastors has also frequently subserved a most important end. And it is by no means certain that in the final issue more satisfactory and saving results are realized, even in the matter of religious revival, from the sporadic efforts of the best evangelists than from the continuous labors of those who minister as pastors in holy things. Seemingly, therefore, there is no need that this General Assembly emphasize the office of evangelist, as it at present exists and is exercised. In response, however, to the suggestions contained in the several Overtures on this subject referred to your Committee, the following recommendations are unanimously submitted:

1. That while maintaining the high standard of ministerial qualification which has characterized our Church throughout its history, Presbyteries are reminded of their duty to promote the spiritual welfare of the unevangelized masses within their bounds, and are recommended in extraordinary cases to avail themselves of whatever flexibility in the licensing of candidates, the rules prescribed by our Form of Government will permit.

2. That the Faculties of our theological seminaries are recommended to bring frequently before their students the duty of the ministry to the unevangelized masses, and to emphasize those phases of theological instruction, which will especially qualify them to instruct and Christianize these masses.

*Resolved*, That this General Assembly cordially commends our new magazine to all members of our Church, and earnestly requests, that the ministers and Sessions of the respective churches bring it to the attention of their congregations, and request subscriptions, in order that it may become self-supporting, and that the work of our denomination may be fully known to our people.

The Assembly took recess until 2.30 P. M.

---

THURSDAY, May 26, 2.30 o'clock P.M.

The Assembly resumed business.

The Report of the Judicial Committee on the Glenfield Church case was taken up, the Rev. Joseph T. Gibson was heard in behalf of the Church, and the Report was adopted as follows:

The Judicial Committee, in the case of the complaint of the Glenfield Church, recommends that it be dismissed, on the ground that it is not in proper form and order.

R. B. WELCH, *Chairman.*

The Order of the Day, being the Report of the Standing Committee on the Board of Church Erection, was taken up. The Report was accepted, and, after an address by the Rev. Erskine N. White, D.D., was adopted, and is as follows:

Your Committee have examined the Annual Report of the Board submitted to them; also the minutes of the meeting of the Board, placed in their hands for examination.

A review of the cause of Church Erection for the year would be incomplete without a recognition of the great loss sustained in the death of the lamented Rev. Henry R. Wilson, D.D. Dr. Wilson was a remarkable man, and whether he was for the time being a foreign or home missionary—a teacher among the Indians or whites—a pastor or secretary, the work of the Lord greatly prospered in his hands. The last and crowning work of a long and useful life was his work for homeless churches and houseless ministers. For two years Secretary of the former Board of Church Extension, and for sixteen years that of Church Erection, he more than any other moulded and advanced the beneficent work of this Board.

Your Committee notes with satisfaction and cordial approval, the election by the Board of the Rev. Erskine N. White, D.D., to fill the vacancy occasioned by the death of Dr. Wilson. Dr. White had been for ten years closely connected with the Board in all its work, and is in every way eminently qualified for the position, and his success already gives evidence of his adaptation to the work.

The work of the Board of Church Erection in aiding congre-

gations to secure church homes for themselves, and churches to secure homes for their pastors, is an agency of prime importance in the extension of the kingdom of Christ in our country; and it is gratifying to find that this great work has been carried on during the year with marked success.

The gross amount which has been available for the Board during the year, in its work of aiding in the erection of church edifices amounts to $102,829.87, which shows a gratifying increase over the receipts for this purpose during the previous year. The number of churches built during the year aggregates 160, the appropriations for this purpose exceeding that of last year to the extent of $20,000. The average amount given to each church was less than $500. All these facts go to show the healthy condition of the work of the Board, and the grand work it is accomplishing, and yet the fact must not be overlooked that the appropriations have exceeded the receipts by over $13,000, and were it not that many grants made to churches have not yet been called for, instead of the encouraging statement given us in the Annual Report, a debt would have been the result. It is a cause of satisfaction to note that an increase of 818 churches have contributed to this cause during the year, but the shameful fact still remains that while 3125 churches have contributed to this cause, 3156, or a little more than one-half of the whole, have not contributed anything.

The rules regarding the management of the Manse Fund suggested by the Board, and adopted by the last Assembly, have been in operation during the year, and the result is given in the present Annual Report. This sum is limited in amount to about $25,000, and no adequate provision has as yet been made for its increase. From this fund the Board during the year has aided forty-seven congregations in securing houses for the use of their pastors, by loans amounting in the aggregate to $17,575.00, or an average of nearly $375 to each congregation. There remains in the Manse Fund, from which loans may be made, a balance of $9767.12. These facts indicate that unless some means be inaugurated to replenish the fund, and that speedily, this important part of the Board's work must cease before the end of the current year.

The Assembly last year referred the following resolution to the Board for its consideration, viz:

*Resolved*, That, during the ensuing year, the Board of Church Erection, when requested to do so by the Presbyterial or Synodical Committee, shall place the funds granted to the first church in a new community at the disposal of the Presbyterial or Synodical missionary, for immediate use in the purchase of lumber and other material for such building, under such regulations as the Board may deem wise, and that this rule continue in future years, if it does not prove detrimental to the interest and progress of the Church.

The Board reports having carefully considered the matter, and suggest the following substitute which your Committee recommend the Assembly to adopt:

*Resolved*, That, before any church shall receive the amount of aid granted it by the Board, the Trustees shall certify that the amount necessary to erect and complete their house of worship, less the amount of the grant of the Board, has been collected and actually expended upon the building, and that the sum to be received from the Board will entirely complete the building and leave the congregation free from debt; *provided*, that in the case of a grant to a church that is the *first* to be organized in a new community, in which there is previously no church of any evangelical denomination, the Board, after the lot has been secured to the congregation in fee simple, and after a mortgage upon it to the Board for the amount of its grant has been effected, may, at its discretion, advance to the church from time to time before the completion of the edifice, such installments of the amount of the grant as shall not at any time exceed one-half of the amount collected for the erection of the building, and one-half of the value of the lot, no such installment, however, being less than one-quarter of the amount of the grant.

Your Committee also suggest and recommend the following action:

1. In view of the long and faithful service, varied and great, of the lamented Rev. Henry R. Wilson, D.D., the first and only Secretary of the Board of Church Erection since the reunion, the General Assembly regards such service as eminently worthy of grateful recognition, and it hereby recommends that as a suitable memorial, a fund of $50,000 be raised during this centennial year to be added to the Manse Fund, and to be designated as the "Wilson Memorial Fund."

2. That the Board is hereby commended for its fidelity to the important trust committed to it and its evident success in its important work; and that the minutes of its meetings and the action therein recorded are approved.

3. That in view of the constant and increasing necessities of the work, the Board is entitled to and ought by all means to have, aside from the Manse Fund, not less than $150,000 to carry on its work for the current year.

4. The terms of office of the following members of the Board having expired, namely, the Rev. John Hall, D.D.; the Rev. Samuel D. Alexander, D.D.; the Rev. Archibald McCullagh, D.D.; Stephen H. Thayer, Esq.; Benjamin Dunning, Esq., and Mr. William N. Crane; we recommend that with the exception of the Rev. John Hall, D.D., they be reëlected. This exception is made with great regret, and solely in view of the action taken by this Assembly, prohibiting the election of the same person as a member of more than one Board; Dr. Hall being already a member of the Home Mission Board.

We further recommend that the Rev. Richard D. Harlan be elected to fill the place in this class thus made vacant, and that the Rev. Robert F. Sample, D.D., be chosen to fill the vacancy occasioned by the resignation of the Rev. Erskine N. White, D.D.

CALVIN W. STEWART, *Chairman.*

The Assembly adjourned, and was closed with prayer.

---

FRIDAY, May 27, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The following telegram was received from the General Assembly of the Presbyterian Church in the United States, now in session at St. Louis:

ST. LOUIS, Mo., May 27.

*To the Rev. J. T. Smith, D.D., Moderator of the General Assembly, Omaha:*

The following paper has been adopted by the General Assembly in session at St. Louis, May 26:

*Whereas*, A number of Overtures in reference to closer relations to the Presbyterian Church in the United States of America have come up to this Assembly; and,

*Whereas*, The General Assembly of the Presbyterian Church in the United States of America has just adopted the deliverance of the two Synods of Missouri, on the spirituality of the Church; and,

*Whereas*, The two Assemblies ought to labor together for the accomplishment of the great objects they have in view, if they are sufficiently agreed in their principles, to make them more efficient for their work united, than they now are divided; and,

*Whereas*, The recent action of the Northern Assembly, apparently different from their former action, as to the spirituality of the Church, makes the impression on the minds of many of our people that one obstacle to closer relations to that Church has been or soon may be removed; therefore,

*Resolved*, That a committee of four ministers and four ruling elders, together with the Moderator, to meet with a similar committee of the General Assembly of the Presbyterian Church in the United States of America, if such a committee shall be appointed, for the sole purpose of inquiring into and ascertaining the facts as to the point above mentioned, and as to the position that Assem-

bly proposes to maintain as to colored churches, ecclesiastical boards, and any other subject now regarded as obstacles in the way of united effort for the propagation of the Gospel, and report these facts to the next General Assembly for such action as they may warrant.

G. B. STRICKLER, *Moderator.*
JAMES P. SMITH, *Acting Stated Clerk.*

The following resolution was adopted:

*Resolved*, That a Committee of four ministers and four ruling elders, with the Moderator of this Assembly added thereto, as *ex officio* chairman, be appointed by the present Moderator of this Assembly, to confer with a like Committee appointed by the General Assembly of the Presbyterian Church in the United States, concerning the whole subject of organic union, coöperative union, and every other relation between the two Assemblies; and that said Committee be directed to report the result of the joint conference to the Assembly, at its next meeting, May, 1888, for its approval or its disapproval.

*Resolved*, That the Officers of this Assembly be instructed to notify the General Assembly, sitting at St. Louis, that we have appointed a Committee of Conference, without specific instructions, except to report their action to our next Assembly for approval.

The Committee of Bills and Overtures reported:

*Overture No. 35*, from the Presbytery of Cincinnati, to overture the Presbyteries for an addition to Chapter xviii of the Form of Government, regulating the establishment of Boards.

We recommend answer as follows: The Assembly recognizes the danger of the excessive multiplication of Boards, and sympathizes with the evident desire of the Church, that great care should be exercised in that direction. But in view of the difficulties that would arise from incorporating mere matters of legislation in the Constitution, the Overture is answered in the negative. Adopted.

*Overture No. 41*, from the Presbytery of Pittsburgh, relative to Article lxxi, Chapter ix, of the Book of Discipline, asking, first, whether, under that article, it is discretionary with Church Sessions, to order the minutes of congregational meetings to be incorporated with the records of the Session; and second, if the rule is mandatory, what portion of the proceedings of the church must be included, and what may be omitted, and whether the reports of Boards or Committees, *i. e.*, those of Trustees, must be included in the records of the Session?

The Committee recommend that the following answer be given:

1. That the rule is not discretionary, but mandatory, that Church Sessions shall order the incorporation of proceedings of congregational meetings with their own records.

2. That it is in the power of Church Sessions to direct that the proceedings of such meetings, or of the Church (whether said proceedings are reported to the Session in the form of minutes of meetings, or as Reports of Boards or Committees) shall be incorporated in the Sessional records in such a manner, and to such an extent only, as will faithfully exhibit the action taken.

This construction of the rule in question is to be understood to apply to the proceedings of Trustees in all cases, in which, under the laws of the places where they exercise their functions, their action is subject to review by the Session. Adopted.

The Standing Committee on Publication submitted the following supplementary Report, upon Overtures which had been referred to them:

*Overture No. 1*, from the Presbytery of Chicago, "Asks the Assembly to appoint a Special Committee of practical Sunday-school men, to inquire what changes should be made, if any, in our present system of Sunday-school instruction, with special reference to the International Course, this Committee to report to the Assembly in 1888."

Upon this subject the Committee report that they have learned, with pleasure, that the Board of Publication and Sabbath-school Work has at present under consideration a plan of "supplemental lessons," to be used in connection with the international lesson system, and deem it therefore inexpedient to appoint a Special Committee upon the subject at this time; but advise that the Board be recommended to publish an optional course of Bible lessons adapted to the use of the younger children. Adopted.

*Overture No. 2*, from the Presbytery of Cherokee Nation, accompanied by a paper adopted by the same Presbytery, requests assistance in the publication, in the Cherokee language, of a small book of Bible extracts, the Catechism for young children, and some Gospel hymns. An appropriation of $150 is asked for, from the funds of the Missionary Department of the Board of Publication and Sunday-school Work, for this purpose.

Your Committee recommend that the request be granted, and that the Board of Publication be directed to make the appropriation desired.

FRANKLIN L. SHEPPARD, *Chairman.*

The Standing Committee on the Polity of the Church presented a Report, which was adopted, and is as follows:

An Overture has been referred to your Committee from Mr. David H. Miller, of Chicago, Ill., propounding several questions which he desires this Assembly to answer, as explanatory of Chapter x, Section 8, of our Form of Government. The practice of the Assembly with respect to the reception and consideration of papers, originating with private individuals, as distinguished from Presbyteries and Synods is by no means uniform. For the most

part, however, the Assembly has distinguished in this matter between Overtures or papers bearing upon general topics on the one hand, and memorials or papers relating to personal interests on the other. In the judgment of your Committee, this distinction deserves to be emphasized. The right of petition is inviolable in the Church as in the State; and whenever private interests are involved, a memorial sent to this body ought to be received, and the determination of the Assembly considered. When, however, papers of a general character, which may properly be called Overtures, are presented, in order to be entertained by the Assembly, they should come through the medium of the Presbytery or the Synod.

The paper of Mr. Mitchell, which has been referred to your Committee, is presented in this, and belongs to the latter class. Your Committee, therefore, recommends that with reference to it no action be taken. Adopted.

A resolution has also been referred to your Committee, couched in the following language, viz:

"*Whereas*, The Presbyterian Church has adopted the plan of term-service of Deacons, be it, therefore,

"*Resolved*, That this General Assembly recommends to those churches that adopt the system, that so far as practicable they adopt the provision of the Form of Government and make such Deacons the Trustees of their churches." The Committee are unanimous in the opinion that it is desirable that the Trustees of our churches should be Christian men. They also believe that in frequent instances the election of Deacons to the Board of Trustees would be highly advantageous. But they are equally convinced that the choice of Trustees is the right of the individual church, to be exercised at its own discretion, and since the modes prescribed for electing Deacons and Trustees differ, your Committee recommend that no action be taken on the resolution. Adopted.

JOHN MCC. HOLMES, *Chairman.*

The Standing Committee on Ministerial Relief reported an Overture from the Presbytery of Columbus, with the recommendation that it be referred to the Board of Relief, with directions to call the special attention of the Presbyteries thereto. The recommendation was adopted.

The Committee also recommended that the churches be urged to raise $150,000 for the support of the Board of Relief during the current year.

WILSON PHRANER, *Chairman.*

The Order of the Day, being the Report of the Permanent Committee on Benevolence, was taken up. The Report was accepted, and, after an address by the Rev. Charles S. Pomeroy, D.D., the Chairman of the Committee, was adopted, and is as follows:

Conscious that a spirit of true benevolence in the Church is fun-

damental to success in all its gracious enterprises, your Committee have examined with care the Report of the Assembly's Special Committee on Systematic Beneficence, and while it has to regret the loss of one of its members—Rev. Rollo Ogden—by withdrawal from the Presbyterian Church, and bear with sorrow the removal by death of two others—the Rev. I. Williams Cochran and the Rev. Anson Smyth, D.D., its Acting Secretary, both faithful, efficient and beloved in their office—yet the work for which the Committee was organized is making very hopeful progress.

Light upon the better mode of regular and systematic offerings to the various claims of the Master's kingdom is radiating quite rapidly, the Committee having received and answered more than a thousand letters from the Cleveland headquarters during the year, and mailed to applicants over 25,000 of their best documents. Prejudices against its methods are slowly but surely vanishing, doubts of their value are curing by experiment, and the Committee is greatly encouraged by the readiness of pastors, elders and Church judicatories to coöperate with them. Only four Presbyteries remain without efficient committees in correspondence with them.

Wherever the spirit of the new Chapter vi of the Directory of Worship has been espoused and its directions followed, great increase has resulted, some churches doubling and even trebling their benevolence. "The advanced posture of our denomination upon this subject," we are informed, "is approvingly recognized by our brethren in Canada, England, Scotland, Ireland, the Congregational Church of Great Britain," and by many in the foreign mission fields—a fact which ought to confirm us in its wisdom and grace.

We are pleased also to notice a very general reaching out for truth and duty in this relation, so vital to the success of the Church in every department. Individuals, endowed with faculty therefor, are seeking, as never before, by sermon, tractate and volume, to plant the seed of benevolence and create an atmosphere throughout the whole Church favorable to its growth. Hence we are moved to sentiments of profound thankfulness that the same good Spirit of God that garnishes the heavens and beautifies the face of spring, is beautifying the heart of the Church with this grace, and filling it with a vigor that is even now bearing precious fruit. The tide of this grace rose fifteen cents per member higher in 1886 than in 1885. And notwithstanding there appears a decrease of $11,224 in the total receipts of the Boards for this year, it does not argue a retrograde movement. The true facts show an excellent progress in the regular contributions. It must not be overlooked that the strain made last year to pay onerous debts would most naturally draft upon the offerings of this year. And that such is the case, is shown by the fact that with the exception of the Board of Church Erection, which this year has adopted a new basis for report of receipts, the heaviest falling off

is just where the greatest debt was lifted in 1886. If the special amounts given for debt last year be excluded, the Home Mission Board would show an increase of $89,250 in receipts for current work. And if we take the receipts from churches and individuals, barring the special contributions to meet special exigencies, we find, at the very point where the regular benefactions can best be calculated, the grateful increase of $95,461. Again, when a still further separation is made between the contributing elements, the regularly organized agencies show a very substantial advancement, so that your Committee can record with special pleasure the significant fact, that the churches have sent into the various Boards 1579 more contributions this year than last, and for the first time in years every Board enjoys an "increase in the number of its contributing churches." These facts show substantial, steady and gracious increase, which your Committee feels is in a great degree directly referable to the labors of the Special Committee, in bringing the churches up to a systematic giving to all our Boards. We are advancing; but how rapidly for the future, depends upon our increase in love and loyalty to the king.

Your Committee present for the Assembly's approval the following resolutions:

1. That the plan of weekly worshipful offerings, "as God has prospered," commended in the newly adopted chapter of our Directory for Worship, be urged upon the earnest practical attention of all our ministers and Sessions.

2. That the system of individual pledges either to the general beneficences of the Church, or to the work of any special Board, be favored as superior both in principle and practice to any mode of sporadic contribution.

3. That every Presbytery be charged to press towards an adequate beneficence, any of its churches that are manifestly lagging behind their duty and ability; also to encourage every church towards an improvement every year upon its own previous giving.

4. That inasmuch as this General Assembly has recommended the churches to raise definite and largely increased amounts for several of the Boards, the Session of each church be urged to calculate what proportionate increase in their contributions is necessary to comply with this recommendation and that they endeavor earnestly to raise that sum.

5. That this Assembly reiterate the instructions of its predecessors to all Synods and Presbyteries within our bounds, that they appoint and maintain efficient Committees on Beneficence who shall report to and coöperate with the Assembly's Committee.

6. That Presbyteries and churches be recommended to hold services at convenient periods each year at which pastors may call to their aid elders and lay members to testify, out of their own knowledge and experience, to the benefits and blessings of systematic principled giving to the Lord.

7. That this Assembly discourages the practice of combining

the offerings for pure benevolence and those for the Church's current expenses in the same collection as injurious to both causes; nothing in this to be construed against individual liberty as set forth in Chapter vi, Section 3, of the Directory for Worship.

8. That the last year's ratio of contributions be confirmed by this Assembly, viz: Foreign Missions, 33 per cent; Home Missions, 31 per cent; Church Erection, 8 per cent; Sabbath-school Work, 3 per cent; Freedmen, 5 per cent; Education, 5 per cent; Ministerial Relief, 9 per cent; and Aid for Colleges, 6 per cent. Also that the same explanations as before be prefixed to the list of the months set apart in the Minutes, (third page of cover).

9. That every minister be charged to faithfully instruct his people in the duty and grace of liberality for Christ's sake, and in the Scriptural principles of giving; and that he keep them thoroughly informed concerning the work of the Boards, and the demands that such work is making upon every member.

10. That so far as practicable, each church should defray the expenses of its own Sabbath-schools as a part of its current expense, and the children be practically educated to make their offerings directly and intelligently to the Benevolent Work of the Church.

11. That this Assembly approve the practice of publishing annual tables by Presbyterial Committees, showing the gifts of various churches, with previous years, as a stimulus to good works.

12. That this Assembly requests the weekly papers of our Church to keep in their columns a standing notice of their readiness to receive contributions for any of the Boards, and statedly forward such gifts to the proper treasurers.

13. That a general circulation of the papers and periodicals of our Church, particularly *The Church at Home and Abroad*, be strongly pressed as an inestimable spur to Christian giving.

14. That Elders' Associations be highly commended for their efforts to cultivate the grace of systematic beneficence.

15. That the expenses of the Special Committee on Systematic Beneficence for the last year, amounting to $470.83, be paid out of the contingent fund of the General Assembly.

16. That the following constitute the Special Committee on Systematic Beneficence for the year 1887–8: *Ministers*—Charles S. Pomeroy, *Chairman*, H. C. Haydn, Rufus S. Green, Edward C. Ray, David R. Breed, Edward P. Whallon, Paul F. Sutphen, John Dixon; *Elders*—Dan P. Eells, *Secretary*, Thomas Kane, Walter Carter, Archibald McClure, William Bakewell, Thomas Lord, Reuben F. Smith.

17. That the Assembly records its gratification with the faithful work performed by the Special Committee during the year that has passed, and heartily commends the same as now constituted, and the great cause they represent, to the whole Church for the year to come.

Respectfully submitted on behalf of the Committee.

FREDERIC B. DU VAL, *Chairman.*

The following resolution was received and referred to the favorable consideration of the Board of Publication, viz:

*Resolved*, That the address of Dr. Pomeroy be printed by the Board of Publication for distribution and sale among our churches.

The Special Committee on Chapter vi of the Directory for Worship presented a Report, which was adopted by a vote of 161 for and 134 against, and is as follows:

The Special Committee to which was referred by the last General Assembly the recently adopted Chapter vi of the Directory for Worship, with directions "to consider the whole subject, and to report to the next Assembly whether any changes in the phraseology of said chapter are necessary, and if, in the judgment of said Committee, such changes are necessary, then to report an Overture in which such changes shall be embodied, as proposed amendments to be sent down to the Presbyteries for their action," respectfully reports:

In the judgment of the Committee, the following changes should be made:

1. The title of the chapter should be changed so as to read "Of the Worship of God with our Substance."

2. Section 1 should be divided into two sections, numbered respectively 1 and 2. Section 1 should set forth the teachings of Divine revelation concerning religious giving for religious purposes, its duty, its general mode, and its nature as an act of worship. Section 2 should present the special plan approved in our branch of the Church for the reception of the offerings of the people.

3. In the section now numbered 3, but which it is recommended be numbered 4, the support of the Gospel in the congregation should be specified as one of the objects among which the contributions may be apportioned.

These changes, together with some minor alterations in phraseology, which will be apparent to the careful reader, have been embodied in the following Overture, which it is recommended be submitted to the Presbyteries with directions that it be answered to the next General Assembly with a single aye or no. If the answer should be aye, the chapter as amended should replace the present Chapter vi. If answered no, the present Chapter vi will stand.

*Overture to the Presbyteries.*—Shall the recently adopted Chapter vi, of the Directory of Worship, be amended so as to read as follows:

Chapter vi—Of the Worship of God with our substance.

1. It is the duty of every person, according to the directions of the Word of God, to give of his substance systematically, and as the Lord has prospered him, for the promotion of the preaching of the Gospel in all the world and to every creature; for the relief

of the poor and for other pious purposes. It is also in accordance with the Scriptures that the making of such gifts be performed as a solemn act of worship to Almighty God.

2. In order that the true nature of giving for religious purposes as an act of worship may be kept continually before the people; that every member of our congregations may have full opportunity of giving; and also that all may be trained to give systematically and proportionately as God hath prospered them; it is proper and very desirable that a service of giving should be held in each congregation on every Lord's Day.

3. The arrangement, both as to the object or objects for which offerings shall be made on each Lord's Day, and as to the place of their reception in the order of Divine services, may be left to the minister and session of each church, but that the giving may be a separate and specific act of worship, the minister should either precede or immediately follow the same with a brief prayer invoking the blessing of God upon it, and devoting the offerings to his service.

4. The offerings received may be apportioned among the Boards of the Church, and among other benevolent and Christian objects, including the support of the Gospel in the congregation, under the supervision of the Church Session, in such proportion and on such general plan as may from time to time be determined; but the specific designation by the giver of any offering to any cause or causes shall always be respected and the will of the donor carefully carried out.

5. It is the duty of every minister to cultivate the grace of liberal giving in his congregation that every member thereof may give according to ability, whether it be much or little.

All which is respectfully submitted.

E. R. Craven, *Chairman.*

*Ruling Elder*—Edward C. Stringer, of the Presbytery of St. Paul, was enrolled.

The Order of the Day, being a Report from the Committee of Correspondence, was taken up. The Report was accepted, and the Stated Clerk was directed to have it printed. It was made the second Order of the Day for to-morrow morning.

The Judicial Committee reported a Memorial and Petition of Rev. N. West, D.D., asking for the appointment of a competent Commission, with full power to review and control the acts of the Presbytery of St. Paul. The petitioner admits in his Petition that he has "appealed to the Synod of Minnesota against the action of Presbytery," which appeal is pending and undetermined. The Committee recommend that as the reasons in the Petition to the General Assembly, presented to them and in their hands, are deemed insufficient, and as the constitutional jurisdiction and

rights of Synod over its lower courts are to be sacredly respected, the Petition be dismissed.

The Report was adopted.

The same Committee reported an answer to the paper presented by the Rev. C. B. Newton, as follows:

The Judicial Committee, to which was referred the personal communication of Rev. C. B. Newton, begs leave to report that it does not fall within the province of the Judicial Committee. If the case of Rev. J. C. Bose comes before this Committee, as it is not yet, it would not be competent for them to say whether he was properly or improperly convicted and sentenced under Sections 58 and 99 of the Book of Discipline. They could only say whether the appeal was in order, leaving the Assembly to construe the law applicable to the case. We therefore recommend that the Chairman of the Judicial Committee return the papers to the Committee upon the Synodical Records of the Synod of India, with the statement that it is not our prerogative to construe the section of the Book of Discipline referred to.

R. B. WELCH, *Chairman.*

The Assembly took recess until 2.30 P. M.

---

FRIDAY, May 27, 2.30 o'clock P.M.

The Assembly resumed business.

The Committee of Correspondence reported, that it had received the credentials of the Rev. T. J. Curtis, as delegate from the General Assembly of the Presbyterian Church of New South Wales, and recommended that he be now heard. The recommendation was adopted.

Mr. Curtis conveyed to the Assembly the salutations of the Presbyterian Church of New South Wales, which were appropriately responded to by the Moderator.

The Standing Committee on the Board of Aid for Colleges reported an

*Overture* from the Presbytery of Dayton, requesting the Assembly "to instruct the several Boards to refrain, in the future, from giving a certificate of commendation to any agent to visit the churches for the purpose of collecting funds for special objects;" as such action conflicts with the systematic methods of the Church's benevolence, and tends to prevent the usual annual collections for the Boards pursuing such a course.

The Committee recommend, in view of the facts stated, that no action on the Overture is necessary. Adopted.

JOHN K. EWING, *Chairman.*

*Resolved*, That a Committee of five be appointed by this Assembly to lay before the proper Committee of Congress, the facts in regard to the present wants of religious instruction at our army posts, and to request them to provide chaplains in sufficient number to meet this want.

*Resolved*, That the Moderator be Chairman of this Committee, and that the other four members be appointed by him.

The Order of the Day, being the Report of the Standing Committee on Temperance, was taken up. The Report was accepted, and after an address by the Rev. Isaac N. Hays, D.D., on behalf of the Committee, the resolutions were taken up seriatim, and after amendment, the Report was adopted as follows:

The Committee to which has been referred the Sixth Annual Report of the General Assembly's Permanent Committee on Temperance, respectfully report that they have considered it carefully, and are happy to approve, in the main, the plan of work proposed by the Committee, to procure the coöperation of the Synods, Presbyteries and Sessions, in the great work of temperance, to arouse Christians to a deeper interest in the cause, and to promote its progress upon a Scriptural basis, and within the lines of ecclesiastical control.

As a result, it is believed that most of the Synods and Presbyteries have appointed Committees upon the subject, pastors have preached on temperance, and appropriate instruction has been given in the Sabbath-schools, that the young people may be properly trained in this as in all the other elements that constitute a complete Christian character.

Your Committee most heartily reiterates the expression of the Permanent Committee, "That it is their firm conviction that all struggles made for righteousness derive their strongest impulse from the living Gospel ministered by the living Church.

"It is the work of the Church, to proclaim unmistakably how the Gospel bears on the evils of the day; to speak so that men cannot but hear of individual accountability for the sins of the community and the nation, and to hold before men the highest ideal of individual and social life, teaching them to fulfill all righteousness. If she is thus faithful to her trust, her influence will still further permeate society, and express itself in reforms in every department of human activity, and while not meddling with the things that are Cæsar's, she will be the great source of inspiration and guidance, to those who labor for temperance in the spheres of government or society."

1. In view of the plan of action proposed, which we have reason to believe has been conformed to, and which has conduced to, the general cause of temperance throughout the land in response to the various representations to your Committee, and, in the belief that this cause will be promoted by the continuance of the Committee which has carried on the work so wisely and economically,

your Committee would recommend the following action by the General Assembly, viz:

*Resolved*, That the Permanent Committee be continued and recommended to the continued confidence of the Church, and that where Synodical and Presbyterial Committees do not already exist, it is recommended that they be constituted, and that all the Committees place themselves in communication with the Secretary of the Permanent Committee.

2. Whereas the last General Assembly resolved "that the deficiency of the late Permanent Committee on Temperance, to the amount of $2100, be paid by the Stated Clerk of the General Assembly, out of the Contingent Fund of the Assembly of 1887, provided there be no objection made to such appropriation on the part of a majority of the Presbyteries," and, whereas, in response to this resolution, a majority of the Presbyteries not only did not object, but a majority of those which voted upon the subject, favored the payment of the said indebtedness, therefore,

*Resolved*, That the Stated Clerk be directed to pay the said deficiency out of the Contingent Fund of this Assembly, and that inasmuch as part of said deficiency has been paid, that the subject of its true amount be referred for ascertainment and settlement to the Permanent Committee on Temperance and the Stated Clerk.

3. That the following persons, whose term of service on the Committee expires with this Assembly, be reappointed: the Rev. William O. Campbell, D.D., Rev. J. P. E. Kumler, D.D., and O. L. Miller, M.D.; and in the place of Mr. William B. Negley, who declines a reappointment, Mr. Robert S. Davis. Also, that the vacancy caused by the resignation of Mr. Johnson H. Baldwin, be filled by the appointment of Mr. Samuel E. Gill.

4. In reference to the various Overtures upon the subject of the continuance of, or change in, the form of the Permanent Committee, it is

*Resolved*, That no other action than is contained in this Report is necessary.

5. *Resolved*, That this Assembly reiterates and emphasizes the deliverances of former Assemblies, in reference to the sin of intemperance, the unspeakable evil and wrong of the liquor traffic, and the duty of all members of our churches to encourage and promote the cause of temperance in every legitimate way, and especially by the power of personal influence and example.

Resolution 5 was amended by the substitution of the following:

5. *Resolved*, That this Assembly reiterates and emphasizes the deliverances of former Assemblies, in reference to the sin of intemperance, the unspeakable evil and wrong of the liquor traffic, the use of intoxicating drinks as a beverage, and the duty of all members of our churches to encourage and promote the cause of temperance in every legitimate way, and especially by the power of personal influence and example, and by the strong arm of the civil law.

HENRY C. CAMERON, *Chairman.*

*Resolved*, That any vacancy occurring in the membership of any of the Boards of the Church during the interval between the Assemblies, may be filled until the next succeeding meeting of the Assembly, by the Board in which such vacancy may occur.

The Assembly adjourned until 8 P. M., and was closed with prayer.

---

FRIDAY, May 27, 8 o'clock P. M.

The Assembly met, and was opened with prayer.

The Order of the Day was taken up, being the consideration of the majority and minority Reports of the Judicial Committee in the case of the Rev. James H. Baird *vs.* the Synod of Pennsylvania.

The motion pending being to adopt the Report of the minority was lost.

The Report of the majority was adopted, and is as follows:

The Rev. James H. Baird complains of the action of the Synod of Pennsylvania at its recent meeting in the Central Church, Allegheny, in adopting the eighth resolution on the subject of temperance in the following words, viz: "We endorse Constitutional Amendment and pray for its submission to the people."

The Committee submit, that, in its judgment, the subject matter of the complaint does not contravene the doctrine or the Constitution of the Church, and therefore recommend that the complaint be not entertained.

R. B. WELCH, *Chairman.*

The Assembly adjourned, and was closed with prayer.

---

SATURDAY, May 28, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Moderator announced the following Special Committees, viz:

*Committee on Correspondence with the General Assembly of the Presbyterian Church in the United States: Ministers*—Joseph T. Smith, D.D., David C. Marquis, D.D., Edward P. Humphrey, D.D., James T. Leftwich, D.D., Robert M. Patterson, D.D.; *Ruling Elders*—Hon. George H. Shields, Warner Van Norden, Johnson H. Baldwin, William H. Averill.

*Committee on the Property of Defunct Churches: Ministers*—Elijah R. Craven, D.D., James Allison, D.D.; *Ruling Elders*—Hon. John K. Ewing, Hon. Levin T. H. Irving, George Junkin.

*Committee on Religious Instruction in the Army: Ministers*—Joseph T. Smith, D.D., Luther A. Ostrander, Byron Sunderland, D.D.; *Ruling Elders*—Gen. Robert H. Milroy, George H. Beatson.

The Order of the Day, being the Reports of the several Committees on Synodical Records, was taken up, and the Records of the following Synods were approved, viz: Atlantic, Baltimore, Columbia, Dakota, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, North Dakota, the Pacific, Tennessee, Wisconsin.

The Records of the Synod of Colorado were approved, with the exceptions, that the names of absentees are not recorded, and that on page 321, it is stated that the Synod took a recess from 9.30 P. M. to 9 A. M., and did not close with prayer.

The Committee appointed to examine the minutes of the Synod of India reported that—

From the minutes it appears that the Rev. J. C. Bose, of the Presbytery of Lahore, was tried by his Presbytery on the charge of lying and deceit, and found guilty under each of two specifications, and was thereupon suspended from the ministry; that he appealed from this judgment to the Synod; that the Synod, on review of the case, sustained the finding of the Presbytery under one specification only, and required the Presbytery to administer to Mr. Bose a severe censure and restore him to the ministry.

Against this decision of the Synod a protest was made and entered upon the minutes, on the grounds:

1. That, though one of the specifications had not been established, the crime remained the same under the other specification, which the Synod sustained.

2. That the restoration enjoined upon the Presbytery, of Mr. Bose to the ministry, without any acknowledgment of guilt or evidence of repentance, was contrary to the express requirement of the Book of Discipline.

So far as the records go, these objections seem to be well taken, but no answer to them by the Synod is recorded. It appears, however, that action of the Synod turned upon the interpretation of Section 58 of the Book of Discipline, and the consequent application of Section 99.

We also find that the Synod, on review of the minutes of the Presbytery of Lodiana, adopted and ordered to be entered on the minutes of that Presbytery a report taking exceptions to these minutes, but—accidentally, it would seem—omitted the record of this report from its own minutes, and when this omission was

called to the attention of the Synod, at its next meeting, it then, by a vote, refused to enter the report.

Against this refusal a protest was made and recorded, on the ground that among the exceptions taken in the report were matters of great importance as precedents to the youthful Church of India, notably one which is specified, viz., that three ministers were received into said Presbytery irregularly, without certificates of dismission from the bodies to which they belonged, or examination. To this protest no answer by the Synod is recorded. We therefore recommend that the minutes of the Synod of India be approved, with the following exceptions:

1. The requiring of the Presbytery of Lahore to restore Mr. Bose to the ministry without acknowledgment of guilt or evidence of repentance was a virtual reversal of the judgment and sentence of the Presbytery, founded, so far as the records show, on the erroneous interpretation of Section 58 of the Book of Discipline, that where one only of two specifications of a charge is proved, the charge itself is not proved.

2. The failure to record the report adopted in reference to important action of the Presbytery of Lodiana leaves the minutes of the Synod an incomplete record of its proceedings.

The Committee on the Records of the *Synod of Ohio* reported recommending approval, with the exception that the Permanent Committee on Foreign Missions and that on Aid for Colleges made no report (page 236). The Permanent Committees on these very important subjects should either report, or show good reason why they do not report.

The Committee on the Records of the *Synod of Pennsylvania* reported recommending approval with the exception, that they find in the Minutes of the Assembly (page 113) that the Committee of the Assembly of 1885, on the Minutes of the Synod of Pennsylvania, recommended that the following exception be taken, viz: "The withholding of approval of the Synod's action in sustaining a complaint of Mr. J. D. Carlisle against the Presbytery of Pittsburgh;" which recommendation was referred to a Special Committee, which reported to the Assembly of 1886, that a fuller statement of the case was necessary in order that a just conclusion might be reached, and the Assembly directed that the same should be secured by the Synod and entered upon its minutes, which has been done.

Still another paper, explaining the case, has been presented to this Assembly, and upon recommendation of the Judicial Committee is sent to the Synod to be entered upon its minutes, which paper has also been referred to the present Committee on the Minutes of the Synod of Pennsylvania, for their information. In order therefore to bring the case of Mr. Carlisle to a close, your Com-

mittee recommend that the recommendation of the Committee of the Assembly of 1885 be sustained.

The Committee on the Records of the *Synod of Tennessee* reported that, having examined these records, they found them well kept and in good order; they have, however, only the attestation of the Temporary Clerks. This is due to the sad fact that the Stated Clerk, the Rev. T. J. Lamar, was seriously sick at home during the meeting of the Synod, and died soon after. Your Committee therefore recommend that the attestation of the Temporary Clerks be accepted and the minutes approved. Adopted.

The Committee on the Records of the *Synod of Utah* reported recommending approval with the exception that on page 54, Section 3, the name of the Presbytery is omitted, which makes the record incomplete.

*Resolved*, That, inasmuch as the Assembly has adopted a Standing Rule that no person shall serve on more than one Board of the Church at the same time, persons who are at present members of more than one Board, be requested to make choice of the one on which they prefer to serve, and to resign from the others, in order that the composition of the Boards may be speedily conformed to the Standing Rule.

The Standing Committee on Mileage presented its Report, which was adopted and is as follows:

There are two hundred and one Presbyteries on the roll, an increase of two since the last meeting of the Assembly. One hundred and ninety-five are represented at this meeting.

Four hundred and seventy-seven Commissioners have been enrolled, a decrease of five as compared with last year.

Of the whole number twenty-seven Presbyteries are exempt from payment. Two of these, both Indian Presbyteries, Cherokee

Nation and Dakota, paid in full. Nine others, to wit: Atlantic, Cape Fear, Catawba, Corisco, Fairfield, Knox, McClelland, Ningpo, North Laos, paid an aggregate of $237.46. Of the remaining one hundred and seventy-four Presbyteries one hundred and fifty-three paid every apportionment in full, according to the system adopted by the General Assembly.

The following paid only the Contingent Fund: Bellefontaine, Mattoon, Nassau, Transylvania.

The following paid only the Contingent Fund and the whole or part of the Mileage Fund:

Chester, Kalamazoo, Lima, Marion, Newcastle, Philadelphia North, Portsmouth, Peoria, St. Clairsville, Shenango.

The whole amount of apportionments unpaid is $1731.85.

The above statement shows that while the great majority of the Presbyteries have conformed to the rules of the General Assembly and have punctually paid their full apportionment, a small number have followed systems of their own, thus throwing on the majority a burden greater than their share.

The Committee offer the following:

*Resolved*, 1. That this Assembly earnestly recommend all Presbyteries to adhere to the rule established by the General Assembly, and, in justice to all, to pay *in full* their proportion of the Contingent, Entertainment and Mileage Funds.

2. That the apportionment for next year shall be four cents for each communicant for Mileage, one and one-half cents for Entertainment, and one and one-half cents for Contingent expenses—a total of seven cents.

3. That the Stated Clerk be authorized to settle accounts of Commissioners where balances may be still due owing to excess in railroad charges on return.

4. That the thanks of the General Assembly be tendered to those railroads that have carried Commissioners at reduced fare; also to the Stated Clerk, and to Elder John H. Dey for prompt and efficient aid and service rendered to the Stated Clerk in this connection.

5. That the Chairman of the Committee on Mileage is hereby directed to pay to William H. Roberts, D.D., Stated Clerk, the balance of $1320.18 remaining in his hands.

WARNER VAN NORDEN, *Chairman.*

It was resolved by a rising vote that the thanks of the Assembly are hereby tendered to the Mileage Committee, for their faithful and acceptable discharge of their arduous duties.

The Order of the Day, being the Report of the Standing Committee on Correspondence in conference with the Standing Committee on Bills and Overtures, was taken up. The Report was adopted, and is as follows:

The Joint-Committee on Correspondence, to whom have been re-

ferred a *Communication* from a Commission of the House of Bishops and of the House of Deputies of the General Convention of the Protestant Episcopal Church, accompanied by a "Declaration of the House of Bishops;" an *Overture* from the Presbytery of New York and eight other Presbyteries, suggesting the form of a response to said "Declaration;" an *Overture* from the Presbytery of New Brunswick, suggesting another form of response; an *Overture* from the Presbytery of Washington City, asking the Assembly to take such steps as may seem expedient in the premises, in view of the recent declaration of the House of Bishops of the Protestant Episcopal Church in regard to a closer union of God's people, and a *Report* from the Committee on Bills and Overtures of this Assembly on the above Presbyterial papers, respectfully recommend:

1. That it is not expedient to adopt either of the Overtures suggested as the response of this General Assembly to the said "declaration," but that they and the statement of principles embodied in the Report of the Committee on Bills and Overtures be published in the Appendix to the Minutes of this Assembly, as clear presentations of the position of the Presbyterian Church on Church union and unity.

2. That in response to the fraternal request of the Commission of our Protestant Episcopal brethren, a Committee of eight ministers and seven ruling elders be appointed to enter into brotherly conference with the Commission, and with any similar commissions or committees that may be appointed by other Christian bodies, with a view to the earnest study of the relations of the different Churches, and of the way in which the answer to the Redeemer's prayer, "that they all may be one," may be realized and manifested; said Committee to report to the next General Assembly.

3. That the following letter be adopted by the General Assembly, signed by the Moderator and Stated Clerk, and forwarded to the Secretary of the Protestant Episcopal Commission:

*To the Commission of Conference on Christian Unity of the House of Bishops and of the House of Deputies of the General Convention of the Protestant Episcopal Church, convened in the City of Chicago, October 27, 1886:*

DEAR BRETHREN: The General Assembly of the Presbyterian Church in the United States of America, now in session at Omaha, Neb., have received with sincere gratification the "declaration" of your House of Bishops, and your request under it for a brotherly conference with us and with other branches of the Church of Christ, "seeking the restoration of the organic unity of the Church, with a view to the earnest study of the conditions under which so priceless a blessing might happily be brought to pass."

The General Assembly are in cordial sympathy with the grow-

ing desire among the evangelical Christian Churches for practical unity and coöperation in the work of spreading the Gospel of our Lord Jesus Christ throughout all the earth; and they respond to your invitation with the sincere desire that the conference asked for may lead, if not to a formal oneness of organization, yet to such a vital and essential unity of faith and spirit and coöperation as shall bring all the followers of our common Lord into hearty fellowship, and to mutual recognition and affection, and to ministerial reciprocity, in the branches of the one visible Church of Christ, working together with Him in advancing His kingdom upon earth.

Without entering here into consideration of any of the principles which your House of Bishops lay down "as essential to the restoration of unity among the divided branches of Christendom," but leaving the consideration of them to the conference which you request, the General Assembly have appointed, *Ministers*—Joseph T. Smith, D.D., Robert M. Patterson, D.D., David C. Marquis, D.D., William Henry Green, D.D., LL.D., Samuel J. Niccolls, D.D., William H. Roberts, D.D., Francis Brown, D.D., Ransom B. Welch, D.D., with *Ruling Elders*—Hon. James A. Beaver, Hon. Cyrus L. Pershing, Hon. Robert N. Willson, William E. Dodge, Hon. Samuel M. Breckinridge, Dr. William C. Gray, and E. R. Monfort, LL.D., a Committee to confer with you and with any similar commissions or committees that may be appointed by any other Christian Churches for conference, with instructions to report to the next General Assembly the results of their deliberations.

Very truly and fraternally yours,

JOSEPH T. SMITH, *Moderator*,

WILLIAM H. ROBERTS, *Stated Clerk*.

Respectfully submitted in behalf of the Joint-Committee.

R. M. PATTERSON, *Chairman*.

*Resolved*, That the Moderator of this Assembly, together with the Chairman of the Committee on Correspondence, the Rev. Robert M. Patterson, D.D., and the Chairman of the Committee on Bills and Overtures, the Rev. D. C. Marquis, D.D., be members of the Committee of Conference just provided for; these three to present to this Assembly the names of five other ministers and seven ruling elders, to fill the remaining places on the Committee; and that the Moderator of this Assembly be the Chairman of the Committee.*

The Committee on Correspondence further reported as follows:

The Committee on Correspondence, to which was referred a communication from the Chairman of the Committee on the Sabbath, of the General Assembly of the Presbyterian Church of Canada, with accompanying papers, asking that a Committee be

*This Committee reported on May 30, and the names of the ministers and elders recommended were approved and directed to be inserted in the Report, as has been done. [R.]

appointed by this Assembly, to coöperate with a Committee with that body in efforts to prevent or reduce traffic on the great lines that run through Canada and the United States, recommend that a Committee of five be appointed in conformity with the request, and with instructions to coöperate with the Committee of our Canadian brethren in the movement indicated.

The Report was accepted, and after consideration the whole subject was referred to the Committee on Systematic Beneficence, with the direction that said Committee correspond with the Committee of the Church in Canada, and report to the next General Assembly.

The same Committee also recommended that the Rev. William J. Harsha be appointed to convey the fraternal salutations of this Assembly to the General Synod of the Evangelical Lutheran Church which meets in this city on the first proximo.

The Standing Committee on Finance presented its Report, which was adopted, and is as follows:

The Standing Committee on Finance respectfully report that they have given careful attention to the following documents, which have been placed in their hands for consideration:

1. The annual account of the Rev. W. H. Roberts, D.D., as Treasurer of the General Assembly, for the year ending May 14, 1887. From this Report it appears that the receipts from all sources, including the balance on hand, as per last Report, were $53,129.10. The expenditures have been $36,194.17, leaving a balance on hand of $16,934.93. For this balance the Committee have seen the certificates of deposit of the Ohio Valley National Bank of Cincinnati, for $16,478.75, bearing interest at the rate of three per cent per annum. The remainder of the amount, viz., $456.18, being on deposit to the credit of the Treasurer, as follows: $96.18 in the Ohio Valley National Bank, Cincinnati, Ohio, and $360 in the Merchants' National Bank, of New York City, as per letter shown to the Committee from the cashier of that bank. Your Committee have audited the account, and found vouchers for all payments made, and recommend that the account as it stands be approved by the Assembly. The Committee in this connection take pleasure in commending the careful attention given by the Treasurer, to the finances of the Assembly, to the disposition of the funds left in his control so that the interest therefrom inures to the benefit of the Assembly, and to the clear presentation of his accounts.

2. The Annual Report of the Trustees of the General Assembly for the year ending March 31, 1887.

3. The Annual Report of the Treasurer of said Trustees for the fiscal year ending the same date, together with the certificates of the proper officers, that they have examined the accounts and compared the vouchers with the payments and find the account correct. Also a certificate from the Committee on Finance, that

they have examined the bonds and mortgages and other evidences of property belonging to the Trustees, and find them in proper order as set forth in the Treasurer's Report. These Reports show that there have been but four legacies secured during the year, aggregating $6114.77, all for the Board of Ministerial Relief, and are as follows: From the Rev. Isaac Oakes, of Nunda, N. Y. (balance), $577; Samuel M. Cowper, of New Castle, Del., $2000; Mrs. Abby I. Hocumb, of Crawfordsville, Ind., $2537.77; a Friend, name withheld by special request, $1000.

These amounts have been added to the permanent funds held in trust by the Board.

The formal transfer of the property, securities and effects of the Trustees of the Presbyterian House to the Consolidated Corporation of the Trustees of the General Assembly, has been perfected during the fiscal year, in accordance with the instructions of the General Assembly of 1884.

The funds now held in interest amount to $460,521.02. Of this amount there are invested in interest-bearing securities, $421,795.64, leaving in the hands of the Treasurer, $38,725.38 awaiting investment. From a foot-note to the Report we find that during the month of April, additional investments of $35,000 were made in mortgages, leaving the balance on hand awaiting investment only $3725.38. In addition to this there is the balance of the Income Fund, $874.99, consisting of debit balance of the Trustees of the General Assembly and Board of Relief, $18.31, and cash in hands of Treasurer, $856.68, part of which has also been paid out since the Report was made.

The receipts for the year have been:

| | |
|---|---|
| From mortgages paid off, | $53,300 00 |
| From legacies, | 6,272 90 |
| Income from investments, | 23,064 52 |
| Balance from last year, | 37,392 63 |
| | $120,030 05 |

The payments have been:

| | |
|---|---|
| On income account, | $ 21,390 82 |
| Invested in mortgages, | 57,700 00 |
| Expenses, | 1,357 17 |
| Balance to next year, | 39,582 06 |
| | $120,030 05 |

We find that the interest on all the investments has been collected, with but few payments remaining overdue.

In addition to the securities received from the Trustees of the Presbyterian House, the Trustees of the General Assembly have also received and now hold the title in the real estate and buildings of three churches and one parsonage in Philadelphia, and the real estate of one church at Cape May Point, N. J.

The following vacancies now exist in the Board of Trustees:

Mr. George W. Simons, of Philadelphia, elected a Trustee by the Assembly of 1886, declined to serve; the Rev. W. B. Noble, D.D., and the Rev. J. Howard Nixon, D.D., owing to residence in localities so far distant as to prevent their regular attendance upon the meetings of the corporation, have tendered their resignations. We recommend the acceptance of these resignations, and that the three vacancies be filled by the election of Mr. B. B. Comegys, Mr. R. Dale Benson, and Mr. George S. Harris, all of Philadelphia, Pa. Your Committee recommend the approval of these Reports, and that all the Reports and accounts herein referred to, be published in the Appendix to the Minutes of the General Assembly.

The Committee have had presented to them the bill of the Rev. S. J. M. Eaton, D.D., Chairman of the Special Committee on the Board of Publication, appointed by the General Assembly of 1884, for expenses of that Committee during 1884, 1885 and 1886, amounting to $478.30.

From reference to the Minutes of 1884, we conclude that the intention of that Assembly was that the Board of Publication should pay the expenses of the expert accountant authorized, which has been done, and that the other and ordinary expenses of the Committee should be paid by the Assembly. We therefore recommend that this bill be referred to the Stated Clerk and Treasurer, with instructions to pay the same, if found correct, out of the funds of the General Assembly.

We further report that, whereas the Permanent Committee on the One Hundredth General Assembly will necessarily incur various expenses, which will have to be paid before they receive any contributions for that fund, we recommend, that the Treasurer of the General Assembly be authorized to lend from any balance that may be in his hands, to the Treasurer of the Permanent Committee on the One Hundredth General Assembly, such sums as may be needed by said Committee to meet its expenses in carrying on its work as directed by this General Assembly, to an amount not exceeding the sum of five thousand dollars ($5000), and charge the same rate of interest he is now receiving.

All of which is respectfully submitted.

WILLIAM M. TENNEY, *Chairman.*

The Report was adopted, and the Stated Clerk, by unanimous consent, cast the ballot of the Assembly for B. B. Comegys, R. Dale Benson, and George S. Harris, as Trustees of the General Assembly, and they were declared elected.

The Standing Committee on the Narrative of the State of Religion within the bounds of the Church, presented its Report, which was approved and directed to be printed in the Appendix to the Minutes.

The Necrology was read by the Stated Clerk, and the Assembly united in singing "My days are gliding swiftly by," and was led in prayer by the Rev. Wilson Phraner, D.D.

An invitation to visit Council Bluffs was acknowledged with thanks, and referred to the Committee of Arrangements.

Adjourned with prayer until Monday, May 30th, at 9 A. M.

*Resolved*, That as Editor of the Constitution the Stated Clerk have authority to correct typographical and grammatical errors.

D. C. MARQUIS, *Chairman.*

The Report was adopted.

The Special Committee on the Answers of the Presbyteries to the Overtures on the Amendments proposed to the Confession of Faith and Form of Government, and to whom was referred the question as to whether any further action is necessary to accomplish the purpose aimed at in the adoption of the Overture amending Chapter xxiv, Section 4, of the Confession of Faith, viz: To remove any obstacles that may have existed to the marriage of a deceased wife's sister, would respectfully report that they have examined the chapter on marriage (xxiv) of the Confession of Faith, and have considered the subject of "marriages within the degrees of affinity forbidden by the Word," and that in their judgment no further action by the Church is now needed.

On behalf of the Committee,

HENRY C. CAMERON, *Chairman.*

The Report was adopted.

The following telegram was received from the General Assembly of the United Presbyterian Church:

*Resolved*, That the Permanent Committee on Temperance is cordially recommended to the Churches, for increased contributions, in order that its important work may be effectively carried on.

The following paper was referred to the Special Committee on Religious Instruction in the Army:

*Whereas*, It is understood that a large majority of the line officers and others in the military service of the country, are desirous that changes be made in these regulations; and,

*Whereas*, It is believed that the ordering of these changes is within the power of the President as Commander-in-Chief; therefore, be it

needed rest may be secured, and opportunity may be given, as far as possible, to all officers, cadets, and all others in the military and naval service of the country to attend Divine service upon the Lord's Day.

*Resolved*, That this Assembly observes with solicitude and deep regret, the wide extent to which the practice of admitting stated supplies prevails throughout the Church, and would call the attention of our Presbyteries especially to the importance of discouraging this practice, and would recommend that our Presbyteries, as far as possible, insist upon the institution of the Pastoral Relation.

*Resolved*, That the Stated Clerk be requested to print, with the Minutes of the Assembly, a summary of all recommendations made to pastors and church sessions, in the Reports and Minutes of the Assembly.

*Resolved*, That the Moderator be authorized to fill by appointment any vacancies which may occur, by resignation or otherwise, in any of the Special Committees.

*Resolved*, That the thanks of this General Assembly are hereby tendered to the Moderator, the Rev. Joseph T. Smith, D.D., for the dignified, affable and impartial manner in which he has presided over its deliberations, and that we follow him to his home with our cordial well-wishes and earnest prayers, invoking upon him during the remainder of his days the benediction of the Father, the Son, and the Holy Ghost.

Additional resolutions of thanks were adopted as follows:

*Resolved*, That we express our grateful acknowledgments to the pastor, Session and Trustees of the Second Presbyterian Church of this city, for the use of their church edifice during the opening exercises of the Assembly, and also to the choir of the same church, for their delightful services on that occasion.

*Resolved*, That our thanks are hereby expressed to the Committee of Arrangements, for their thoughtful care in providing and fitting up the Exposition Building for the use of the Assembly during its sessions, and for their efficient efforts in providing for the need of the Assembly, and all its members; also to the Department of the Platte for the decorations of this building.

*Resolved*, That this Assembly, appreciating the ability and fidelity of the Stated and Permanent Clerks, hereby tenders to them and their efficient assistants its grateful acknowledgment for the patient, systematic and faithful manner in which they have discharged their important duties.

*Resolved*, That our thanks are hereby expressed to the several railroads which have given the Commissioners reduced rates in coming to, or returning from, the meeting of the Assembly, and that we make grateful recognition of the difficult and delicate labors of the Stated Clerk, in securing these reductions.

*Resolved*, That this Assembly presents its sincere thanks to the citizens of Omaha, who have so kindly entertained a number of the Commissioners, and who in other ways have indicated their large-hearted and liberal hospitality; also to the postmaster of the city for the facilities he has afforded the Assembly.

*Resolved*, That we recognize the valuable services rendered by the press of this city, and the courtesy evinced by its representatives on the floor of the Assembly, especially would we express our appreciation of the full and accurate reports of the proceedings, published in the *Omaha Republican*.

## NARRATIVE

### OF THE STATE OF RELIGION WITHIN THE BOUNDS OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA FOR THE YEAR ENDING APRIL 30, 1887.

Reports have been received from all but thirty-seven of the Presbyteries of the Church, of which twelve are foreign.

These Reports reveal the fact that the year just closed has been the most fruitful in the whole history of the Church.

#### I. ACCESSIONS.

The statistics received by the Committee report the total number of additions of the churches at 43,996 on examination, and 25,175 by certificate. The largest proportionate gain is in the Synods of China and of Atlantic—eighteen per cent each, according to the Reports. Then follow the frontier Synods with an average of about ten per cent. The general average gain is eight per cent upon examination and four and a half per cent by certificate. If the Presbyteries from which no Reports have been received have increased in like proportion, as they probably have, the total number of additions on examination for the whole Church has been 52,578 and by certificate 29,398. In this event the conversions under our ministry have been 1401 more than last year, and therefore 1401 more than ever before in any single year. Our present membership is, therefore, very near to 680,000.

#### II. REVIVALS.

This large ingathering is not due to any great extent to such special manifestations of the power of the Divine Spirit as are commonly called "revivals." Only fifteen Presbyteries in all, and two hundred and thirty-five churches in such Presbyteries, explicitly report revival work and fruit. But a very large number speak of the continued blessing of God upon the regular means of grace, and such a spirit of earnest inquiry among the unconverted as has resulted in healthful growth.

#### III. SUNDAY-SCHOOLS.

The Sunday-schools of the Church have been very generally blessed, the number of scholars has increased, and the character of the work done

improves from year to year. The *Westminster Helps* are used, as nearly as can be ascertained, in about three-fifth of our schools. The Shorter Catechism is taught in nearly an equal number, though some Reports speak rather discouragingly of the attempt to do so. A large number of Sunday-school children are reported as attending regular Church services.

### IV. BAPTISM OF CHILDREN.

The parents of our great flock seem to be very generally faithful in presenting their children for baptism, and unquestionably the nature of the covenant is quite well understood and its privileges appreciated. A single Narrative, however, from one of our large city Presbyteries, very significantly remarks upon the small number of baptisms reported, and explains it by the fact, which it deplores, that there are so few children to be baptized.

### V. PRAYER MEETING.

It appears from the Reports that there has been manifest improvement both in the character of this very important service, and in the numbers sustaining it. Our pastors generally bestow upon it great care; and the results already appear. The spiritual life of the churches is quickened and the nurture of young converts promoted. In this connection mention may also be made of the "after-meeting" which has become, in a considerable number of churches, a part, though not a fixed and regular part, of the Sunday evening service. Many of our pastors make a practice of "drawing the net" as often as occasion seems to warrant, and the results have more than justified their wisdom. This increasing use of the "after-meeting" may certainly be recorded as one of the emphatic signs of the progress of our Church.

### VI. CITY EVANGELIZATION.

We have received the most encouraging Reports with regard to this great work from a number of our metropolitan Presbyteries. As one engaged in it has said, "The churches have long been in this work, but now the work is getting into the churches." The past year has seen a great advance in New York, in Chicago, and in other large centres; and never before have such earnest and systematic efforts been put forth to reach the dying people, whom it has been our habit to call by that most unfortunate and uncharitable name, "the masses." The next few years will certainly see vast results accomplished through our efforts and through those instrumentalities in which our Church is so large a factor.

Before passing to other cheering items we pause to dwell upon two matters particularly mentioned in the Presbyterial Narratives.

### VII. WEAKER CHURCHES.

One of the most pathetic of the things brought to the attention of this Committee is the helpless state of our weaker churches, especially upon the frontier. Some Presbyteries speak of such as have been impoverished by emigration to the farther West; others of those in small but growing communities for whose organization there seemed to be an imperative call, but which the Church was unable to supply with ministers. We are multiplying churches more rapidly than we can at present care for. This Committee records the fact, only that the Church may be encouraged to pray for more laborers to be sent into the vineyard by the Lord of the harvest, and for the means to sustain them, from our great and wealthy Church.

### VIII. FAMILY RELIGION.

The one particular evil, however, to which a very large number of the Narratives refer, is the apparently increasing neglect of family religion. The same voice comes both from the East and the West, that family worship is too much neglected, and that children are not sufficiently instructed

by their own parents in the things of God. Were it proper to embrace any recommendation in this Report, it should certainly be in this connection; that in some way this General Assembly should urge upon our parents to pray *with* their children, and *for* their children; read and explain to them the Holy Scriptures, and diligently fulfill those covenant obligations without the observance of which they cannot claim the promises.

### IX. BENEVOLENCE.

While there has been a decrease in the total amounts received by our Boards, there has been a very marked advance in the benevolence of our churches as such. Their gifts to all the causes recommended by the Assembly have largely increased save only in the case of the Board of Home Missions. This exception is explained, however, by the large special offerings last year for the debt. It is not necessary to give the details, which are fully set forth in the various Annual Reports. In general, we find that the number of contributing churches has increased in the case of every Board, and that the total offerings from the churches exceed those of last year by over $185,000. It is very evident that the spirit of liberality is increasing; that our people are learning to give more freely and systematically; and that although the dangers from the rapid increase and love of wealth are great, and in some instances alarming, we have upon the whole very great reason for encouragement, and are justified in the hope that our communicants will be graciously preserved therefrom.

### X. INCREASE OF THE MINISTRY.

In connection with the last item we have also the most cheering Reports relative to the increase of the number of candidates for the ministry. The proportion of candidates to the ministers has risen from twelve and a half per cent in 1881 to about seventeen per cent in 1887. The gain in the number of candidates during the past year amounts to about nine per cent. It should be particularly observed that the rate of increase in candidates has thus overtaken and passed the rate of increase in our membership, eight per cent, and that although we have not overtaken the rate of increase in the multiplication of our churches on mission ground, which is about twelve per cent per annum, the rate of increase in candidates exceeds the rate of increase of our churches in general by about six per cent, the latter being about three per cent per annum. Thus, while the dearth of ministers is yet great, the outlook is not by any means disheartening. There is certainly reason for profound gratitude also in that so large a number of these young men have given themselves to mission work. It denotes in our judgment an immediate and unusual advance in the spiritual life and growth of our beloved Church.

### XI. CONCLUSION.

In view of this survey of the past year we are justified in pronouncing it the most fruitful one in our history. "The Lord hath done great things for us whereof we are glad." As we close the semi-centennial year of our Foreign Mission work, we may pass on in faith and hope into the centennial year of our Assembly, the bi-centennial of our Church. God is with us; the world opens before us; the harvest is ready for the sickle, and the Great Head of the Church has enriched us with every needful thing for the accomplishment of His blessed purposes of redemption, as His own ambassadors and agents. Let there be a holy alliance of effort in the family, the Session, the Presbytery, the Synod, the Boards and the whole Church; and we may confidently look for much greater and more blessed things to come; while with our sister churches of the common faith we hasten, by the blessing of God, to the glorious consummation.

WM. H. ROBERTS,

*Stated Clerk.*

LETTER FROM THE COMMISSION ON CHRISTIAN UNITY OF THE PROTESTANT EPISCOPAL CONVENTION OF 1886.

ALEXANDRIA, LA., May 3, 1887.

*To the Secretary of the General Assembly of the Presbyterian Church, Omaha, Neb.:*

REV. AND DEAR SIR:

I am instructed, as Secretary of the Commission on Christian Unity of the General Convention of the Protestant Episcopal Church, to transmit to your Assembly the enclosed papers. They consist of a Declaration put forth by our House of Bishops on the subject of Christian Unity, and the action of our General Convention in the appointment of our Commission, and the vesting in it certain authority. Acting under that authority, the Commission does now by these presents communicate to your General Assembly the aforesaid Declaration, and announces its readiness to enter into brotherly conference with you, trusting that you may be numbered among those Christian bodies that are seeking the restoration of the organic unity of the Church.

It only remains for me to add that the hand of Death having removed from the scene of his earthly labors our honored Chairman, we would request that any reply you may make be transmitted through our Secretary.

With all Christian greetings, and the earnest hope that you will see proper to unite with us in labors for the fulfillment of the Master's prayer,

Very truly and fraternally,

HERMAN C. DUNCAN, *Secretary.*

DECLARATION OF THE HOUSE OF BISHOPS OF THE PROTESTANT EPISCOPAL CHURCH, ADOPTED OCTOBER 20, 1886.

*Whereas*, In the year 1853, in response to a Memorial signed by many Presbyters of this Church, praying that steps might be taken to heal the unhappy divisions of Christendom, and to more fully develop the catholic idea of the Church of Christ, the Bishops of this Church, in Council assembled, did appoint a Commission of Bishops empowered to confer with the several Christian bodies in our land who were desirous of promoting godly union and concord among all who loved the Lord Jesus Christ in sincerity and truth; and,

*Whereas*, This Commission, in conformity with the terms of its appointment, did formally set forth and advocate sundry suggestions and recommendations intended to accomplish the great end in view; and,

*Whereas*, In the year 1880, the Bishops of the American Church, assembled in Council, moved by the appeals from Christians in foreign countries, who were struggling to free themselves from the usurpations of the Bishop of Rome, set forth a Declaration to the effect that in virtue of the solidarity of the Catholic Episcopate in which we have part, it was the right and duty of the Episcopates of all national Churches, holding the primitive Faith and Order, and of the several Bishops of the same, to protect in the holding of that Faith and the recovering of that Order those who have been wrongfully deprived of both, and this without demanding a rigid uniformity or the sacrifice of their national traditions of worship and discipline, or of their rightful autonomy; and,

*Whereas*, Many of the faithful in Christ Jesus among us are praying with renewed and increasing earnestness that some measures may be adopted at this time for the reunion of the sundered parts of Christendom:

*Now, therefore*, In pursuance of the action taken in 1853 for the healing of the divisions among Christians in our own land, and in 1880 for the protection and encouragement of those who had withdrawn from the Roman Obedience; we, Bishops of the Protestant Episcopal Church in the United States of America, in Council assembled, as Bishops in the Church of God, do hereby solemnly declare to all whom it may concern, and especially to

our fellow-Christians of the different Communions in this land, who, in their several spheres, have contended for the religion of Christ:

1. Our earnest desire that the Saviour's prayer "that we all may be one" may, in its deepest and truest sense, be speedily fulfilled.

2. That we believe that all who have been duly baptized with water in the Name of the Father, and of the Son, and of the Holy Ghost, are members of the Holy Catholic Church.

3. That in all things of human ordering or human choice relating to modes of worship and discipline, or to traditional customs, this Church is ready in the spirit of love and humility to forego all preferences of her own.

4. That this Church does not seek to absorb other Communions, but rather, coöperating with them on the basis of a common Faith and Order, to discountenance schism, to heal the wounds of the Body of Christ, and to promote the charity which is the chief of Christian graces and the visible manifestation of Christ to the world.

*But, furthermore*, We do hereby affirm that the Christian unity, now so earnestly desired by the memorialists, can be restored only by the return of all Christian Communions to the principles of unity exemplified by the undivided Catholic Church during the first ages of its existence, which principles we believe to be the substantial Deposit of Christian Faith and Order committed by Christ and His Apostles to the Church unto the end of the world, and therefore incapable of compromise or surrender by those who have been ordained to be its Stewards and Trustees, for the common and equal benefit of all men.

As inherent parts of this sacred Deposit, and, therefore, as essential to the restoration of unity among the divided branches of Christendom, we account the following, to wit:

I. The Holy Scriptures of the Old and New Testament as the Revealed Word of God;

II. The Nicene Creed as the sufficient statement of the Christian Faith;

III. The Two Sacraments—Baptism and the Supper of the Lord—ministered with unfailing use of Christ's words of institution, and of the elements ordained by Him.

IV. The Historic Episcopate, locally adapted in the methods of its administration to the varying needs of the nations and peoples called of God into the unity of His Church;

*Furthermore*, Deeply grieved by the sad divisions which afflict the Christian Church in our own land, we hereby declare our desire and readiness, so soon as there shall be any authorized response to this declaration, to enter into brotherly conference with all or any Christian bodies seeking the restoration of the organic unity of the Church, with a view to the earnest study of the conditions under which so priceless a blessing might happily be brought to pass.

A true and official copy.

Attest:

HERMAN C. DUNCAN, *Secretary of Commission.*

## ANSWER ADOPTED BY THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE U. S. A.

The Answer of the General Assembly to the Declaration of the House of Bishops of the Protestant Episcopal Church will be found on pp. 132–134 of the Minutes of the present year.

---

## ANSWERS PROPOSED TO THE GENERAL ASSEMBLY, BUT NOT ADOPTED, AND ORDERED TO BE PRINTED IN THE APPENDIX.

### 1. REPORT OF THE COMMITTEE ON BILLS AND OVERTURES.

The Standing Committee on Bills and Overtures reported:

*Overtures Nos. 5–16*, from the Presbyteries of New York, New Brunswick, Philadelphia, Dayton, Washington City, Elizabeth, Dubuque, Jersey City, Niagara, Saint Paul, Troy and Albany, and suggesting answers to the proposal of the House of Bishops of the General Convention of the Protestant Episcopal Church touching the subject of Church unity.

The Committee recommend that inasmuch as no communication has been received by this Assembly from the said House of Bishops, no response is called for or appropriate.

We recommend, however, that the General Assembly express its cordial sympathy with the growing desire among evangelical Christian Churches, for practical unity and coöperation in the work of spreading the Gospel of Jesus Christ throughout all the earth.

We also recommend that the General Assembly proclaim to the Christian world their statement of the principles whereby, in its judgment, practical Church unity can be realized and maintained.

1. All believers in Christ constitute one body; mystical, yet real, and destined to grow into the fullness of Him who filleth all in all.

2. The Universal Visible Church consists of all those throughout the world, who profess the true religion, together with their children.

3. Mutual recognition and reciprocity between the different bodies who profess the true religion, is the first and essential step toward practical Church unity.

D. C. MARQUIS, *Chairman.*

### 2. OVERTURE FROM THE PRESBYTERY OF NEW YORK.

The following paper was presented to the Presbytery of New York, and unanimously adopted, to be sent as an Overture from the Presbytery to the General Assembly:

*Whereas*, The House of Bishops of the Protestant Episcopal Church, in Council assembled, October 20, 1886, issued a declaration expressing a desire for Christian union, and setting forth four terms "as essential to the restoration of unity among the divided branches of Christendom," and whereas they intimate a desire for conference with other branches of Christendom, with a view to union on the basis of these terms; the Presbytery of New York respectfully overture the General Assembly of the Presbyterian Church in the United States of America to make the following or some equivalent response to this declaration.

The General Assembly of Bishops and Elders of the Presbyterian Church in the United States of America, hail with gratitude to God the declaration of the House of Bishops of the Protestant Episcopal Church, as a sincere effort to heal the wounds of Christ's Church, and an earnest venture in the direction of Christian union. They cordially respond to this declaration with an affirmation of their own longing for the realization of our Saviour's prayer, that His disciples "may all be one," and His promise that "they shall become one flock, one Shepherd" (John 10: 16; 17: 21). Such a union can be perfected only in the truth and in love (John 17: 17-20; I Cor. 13) and in mutual recognition of the gifts and graces that Christ has distributed to the several branches of His Church. In all fidelity and in Christian love to their brethren, the Bishops of the Protestant Episcopal Church, the Bishops and Elders of the Presbyterian Church, express the following judgment with regard to these four terms that are presented as the basis of union:

I. They are glad to unite with all Christian Churches in the recognition of the "Holy Scriptures of the Old and New Testament as the revealed Word of God." But they also deem it important to maintain that the Holy Scriptures are the only infallible rule of faith; and that the Holy Spirit speaking in the Scriptures is the Supreme Judge of all questions of religion, doctrine and morals.

II. The Presbyterian Church recognize the Nicene Creed as an admirable statement of Christian doctrine, and are prepared to unite with all Christian Churches in reaffirming it as a "sufficient statement of the Christian faith," as against Unitarianism, Arianism, Sabellianism, and other the like forms of error. But they also regard it as a duty to hold fast to the Westminster Confession, as the symbol of their own faith, believing that it contains the system of doctrine taught in Holy Scripture.

III. They are ready to unite with all Christian Churches in the reaffirmation of the essential doctrine of "the two sacraments—Baptism and the Supper of the Lord—administered with unfailing use of Christ's words of institution and of the elements ordained by Him." But they regard it as their own duty, also to affirm that there are only two sacraments ordained by Christ, and that the Divine grace is not conferred in these sacraments by any virtue in them, or in them that do administer them, but by the Holy Spirit who uses them as means of grace for worthy receivers.

IV. The General Assembly of Bishops and Elders of the Presbyterian Church in the United States, unite with the House of Bishops of the Protestant Episcopal Church in recognizing "the Historic Episcopate locally adapted in the methods of its administration to the varying needs of the nations and peoples called of God into the unity of His Church. They themselves adhere to the Presbyter-bishop of the New Testament and the Apostolic times. They find this Presbyter-bishop in all ages of the Church in unbroken succession until the present day. They have endeavored to adapt this Presbyterial-episcopate to the needs of the American people, and are ready to make any further adaptations that may seem to be necessary or important, and that do not conflict with the teachings of the New Testament. At the same time, they deem it their duty to testify against any claim of the Diocesan Episcopate to the exclusive right of ordination, as

without warrant from the Word of God, and as one of the chief barriers to Christian union.

The General Assembly of the Presbyterian Church in the United States recognize in these four terms a fair basis for conference with a view to union and coöperation in Christian work. They think that there are possibilities of union and of coöperation in the general work of the Christian Church, and that this may be accomplished without the sacrifice of any important doctrine or usage of the Churches. And in hope and furtherance of such a union they do hereby appoint a Committee to confer with similar Committees that may be appointed by other Christian Churches, and to report to the next Assembly.

### 3. OVERTURE FROM THE PRESBYTERY OF NEW BRUNSWICK.

The Presbytery of New Brunswick, in session at Princeton, N. J., April 26, unanimously adopted the following Overture and directed that it be sent to the General Assembly, with the request that this or some similar response be made to the House of Bishops of the Protestant Episcopal Church.

The General Assembly of the Presbyterian Church in the United States of America, profoundly sensible of the sin and the evils of divisions in the Church of Christ, and their contrariety to the true ideal of the Church, as set forth in the Scriptures and especially in the intercessory prayer of our blessed Lord, welcome with lively gratification the declaration of the House of Bishops of the Protestant Episcopal Church, addressed, on the 20th of October last, to their "fellow-Christians of the different communions in this land," on the subject of Christian union. This Assembly shares the earnest desire therein expressed, "that the Saviour's prayer that we may all be one may in its deepest and truest sense be speedily fulfilled." This Assembly accepts in the same generous spirit in which it is made the declaration that the Episcopal Church "does not seek to absorb other communions, but rather, coöperating with them on the basis of a common faith and order, to discontinue schism, to heal the wounds of the body of Christ, and to promote the charity which is the chief of Christian graces and the visible manifestation of Christ to the world." This sentiment we most cordially endorse for ourselves. And we further give our hearty assent to the affirmation that unity between different communions is not to be sought by sacrificing "the substantial deposit of Christian faith and order committed by Christ and His Apostles to the Church," which is "incapable of compromise or surrender," though we do not assent to the particulars which are specified as constituting this "substantial deposit."

We are in hearty accord with all who hold the essential principles of the doctrine of Christ, as these are set forth in the Thirty-nine Articles of the Episcopal Church, and in the creeds of evangelical Christendom generally. The body of truth, which all hold in common, is of incomparably greater moment than the denominational peculiarities by which they are divided. These latter need not be given up and cannot be given up by those who conscientiously believe them to be most consonant to revealed truth and in nearest accord with the models and precepts of the New Testament. But there can be real, hearty and effective unity without insisting upon a uniformity in non-essentials, which would impair Christian freedom, wound the Christian conscience and be conducive to strife rather than harmony. In the present state of the Christian world we do not judge it wise or practicable to aim, in the first instance at least, at the abolition of existing Church organizations and the fusing of all together into one body, which could not possibly be made homogeneous at once; but rather to establish such relations among existing communions, based upon their mutual recognition in all appropriate ways, as like branches of the one true Church of Christ, as shall lead to cordial coöperation in efforts to promote the kingdom of our common Master.

Different Christian Churches might thus retain their distinctive features of faith and order, and at the same time present a united front against infidelity, irreligion and ungodliness, combine in works of philanthropy and beneficence and the promotion of morality and social order, and secure—what is greatly to be desired—that concert of action in their various agencies for the evangelization of our large cities, our vast country and the outlying wastes of heathendom, which shall prevent misunderstandings, unseemly strifes and mutual interference, while it shall promote the highest efficiency in the work of our Divine Master. With a view to securing these ends, it is hereby

*Resolved*, That a Committee of ——— be appointed to confer with any similar Committees that may be appointed by other Christian Churches, which receive the Holy Scriptures as the infallible Word of God and look for salvation to Christ alone, to consider what measures are practicable to exhibit and promote the unity of the Church of Christ and to secure coöperation in efforts to advance the kingdom of our common Redeemer, and to report to the next General Assembly.

The total number of students connected with the Seminary during the session has been:

| | |
|---|---|
| Graduate Students (including Hebrew Fellow), | 5 |
| Senior Class, | 58 |
| Middle Class, | 42 |
| Junior Class, | 54 |
| Special Students | 2 |
| Total, | 161 |

Many of the students have been faithfully employed in active labor in and about Princeton. Fifteen stations have been regularly supplied, in all of which a weekly service has been held, and in many of them, in addition, Sunday-schools and Sunday-evening preaching. In this work fifty of the students are employed, and twenty more are engaged to assist in the Sunday-schools and weekly prayer meetings of the churches in the town. Besides this a very considerable number, chiefly of the Senior Class, are called upon for preaching service in churches more or less distant. During

the winter also evangelistic services were held in six neighboring churches by Messrs. Greigg, of the Middle Class, and Mallman, of the Junior Class, which resulted in four hundred and eighty additions to those churches.

Of the graduating class, six are expecting to go, sooner or later, to the foreign field; seven to Home Missions; four are going to the West, not under the Board; eighteen have accepted calls to churches; and five are intending to continue their studies for another year.

The College at Princeton advertises the purpose to grant degrees, including that of B.D., upon examination in a prescribed course of advanced study in the various departments. At the request of Dr. McCosh, its President, the Seminary Professors have drawn up the course to be demanded of those who apply for the degree of B.D., and it is expected that they will be requested to conduct these examinations in their several departments. There has already been unexpected response to this proposition of the College, and it is hoped that many of the younger ministers will be stimulated to continued reading, and to a higher standard of attainment.

The Stone lectures this year were delivered by the Rev. Alfred H. Kellogg, D.D., on the Chronology of Abraham, Joseph and Moses in Egypt. They embodied the results of original research, presented with the most painstaking and scholarly care, and will, when published, be a credit to the Institution, as well as to their author.

The living Directors whose term of office expires in May, 1887, have all been reëlected. They are:

James McCosh, D.D., LL.D., Princeton, N. J.
Henry J. Van Dyke, D.D., Brooklyn, N. Y.
Ebenezer Erskine, D.D., Newville, Pa.
Robert Russell Booth, D.D., New York City.
George Alexander, D.D., New York City.
Henry J. Van Dyke, Jr., D.D., New York City.
William A. Wheelock, Esq., New York City.
Barker Gummere, LL.D , Trenton, N. J.
William L. Skidmore, Esq., New York City.

The Rev. Alfred Yeomans, D.D., of Orange, N. J., has been elected to fill the vacancy occasioned by the death of the Rev. William D. Snodgrass, D.D., whose term would have expired in May, 1888. The Rev. George D. Baker, D.D., of Philadelphia, was also elected to fill the place left vacant by the death of the Rev. John Maclean, D.D., LL.D, whose term would have expired in May, 1887.

Mr. A. C. Armstrong, who had been elected on September 30, 1886, to be Associate Professor of Church History, has been permitted, on his own expressed wish, to withdraw his acceptance of that position, and this permission was accompanied by the adoption of the following minute, viz:

"The Board of Directors, in acceding to the request of Mr. Armstrong to be permitted to withdraw his acceptance of the Professorship to which he was recently elected, express their high appreciation of his ability and scholarship; their entire confidence in his Christian faith, and their best wishes for his future usefulness in the Church of Christ."

The Board of Directors, in common with the whole Church, has been filled with profound grief over the very unexpected death of the Rev. Archibald Alexander Hodge, D.D., LL.D., on the 11th day of November last. His name and work have added honor to this venerable School of the Prophets, and his work will abide with the Church for her enduring good.

At a special meeting of the Board of Directors, held January 18, 1887, the Rev. Benjamin B. Warfield, D.D., of Allegheny, was elected to fill the Chair of Didactic and Polemic Theology, left vacant by the lamented death of Dr. A. A. Hodge. Dr. Warfield has signified to the Board of Directors his acceptance of this appointment, and his readiness to enter upon the duties connected with this Chair at the beginning of the next session.

All of which is respectfully submitted.

The Trustees have the immediate care of the Seminary, and the management of its estate, both real and personal. | James Alfred Stout, | a graduate of Centre College. |
| Samuel Fisher Wishard, | not a graduate. |

These, together with Mr. Robert H. Horton, who had been matriculated before, ten in all, were in attendance during the session, with the exception of Mr. Moore, who withdrew about the middle of it. Mr. Allen had taken the first year of the course at the Princeton Seminary, and Messrs. Granger and Grossman, at the McCormick Seminary; and these three and Mr. Horton constituted the Middle Class; the six others, the Junior Class. All the members of the Middle Class are engaged already to preach during the vacation, after regular licensure—one in Missouri, three in Kentucky; and three of the Junior Class will, no doubt, receive permission from their Presbyteries to preach within their bounds respectively till the opening of the next session. The three Juniors, men of mature age, will labor in Kentucky. We greatly rejoice that such a band of laborers goes forth from the Seminary at this time.

In conclusion, the Board desires to put on record in this Report to the General Assembly, their devout sense of the Divine favor that has attended their efforts under the recent reorganization. In view of what has been accomplished, we thank God and take courage. A complete course of theological instruction has been given to the two classes named, " and at an expense not exceeding one-third of the income of the institution," as we stated in our last Report it would be done. Hence, there has been an addition to the general and other funds during the year of about two-thirds of the whole income. A larger expenditure for instruction will be necessary the coming year, but it will fall short of one-half the income.

All of which is respectfully submitted.

L. F. WALKER, *President.*

STEPHEN YERKES, *Secretary.*

| William C. Gray, Ph.D., | Hon. Thomas Dent, |
| Hon. Henry G. Miller, | Cyrus H. McCormick, Jr., |
| Charles H. Mulliken, | Rev. Alex. G. Wilson, D.D. |

During the past year an honored and widely known member of this Board, the Hon. Jesse L. Williams, of Ft. Wayne, Ind., has been called to his rest and reward. Mr. Williams had been a Director of this Seminary from an early period of its existence, its wise counselor and liberal helper.

A communication was received from the Stated Clerk of the General Assembly, informing the Board that the proposed change of name from that of the Presbyterian Theological Seminary of the Northwest to that of The McCormick Theological Seminary of the Presbyterian Church, had been approved by the Assembly. Legal steps having also been taken for the purpose, the Seminary's corporate name will hereafter be The McCormick Theological Seminary of the Presbyterian Church.

The Stated Clerk also informed the Board that the Constitution of the Seminary had been so amended as to permit the election of Cyrus H. McCormick, Jr., as a Special Director.

During the meeting of the Board, Rev. Edward L. Curtis, A.B., who had been elected at a previous meeting, and confirmed by the General Assembly, was formally inaugurated as Professor of Old Testament Literature and Exegesis. Addresses were delivered by the Rev. J. L. Withrow, D.D.; Hon. C. C. Brown, and Prof. Curtis. The President of the Board administered the constitutional pledge to the Professor.

## 2. FACULTY.

The Faculty, as now constituted, consists of the following members:

Rev. LE ROY J. HALSEY, D.D., LL.D., Professor Emeritus of Church Government and the Sacraments. 292 Belden avenue.

Rev. THOMAS H. SKINNER, D.D., Cyrus H. McCormick Professor of Didactic and Polemic Theology. 1042 N. Halsted street.

Rev. WILLIS G. CRAIG, D.D., Professor of Biblical and Ecclesiastical History. 1048 N. Halsted street.

Rev. DAVID C. MARQUIS, D.D., Professor of New Testament Literature and Exegesis, and Secretary of the Faculty. 322 Belden avenue.

Rev. HERRICK JOHNSON, D.D., LL.D., Professor of Sacred Rhetoric and Pastoral Theology. 1070 N. Halsted street.

Rev. EDWARD L. CURTIS, Ph.D., Professor of Old Testament Literature and Exegesis, and Librarian. 501 Fullerton avenue.

The Faculty reported to the Board of Directors that the session of 1886–87 had been one of increased prosperity, diligence and success in all the

departments of Seminary work. All the members of the Faculty had been at their posts throughout the term, and no exercise had been omitted on account of sickness. The students showed commendable diligence in study and made encouraging progress in the acquisition of knowledge. Three were absent by permission of the Faculty and their Presbyteries during the greater part of the term. A few were temporarily laid aside from work by brief sickness, and one has died.

The spiritual tone of the Seminary has been helpful in the promotion of spiritual life. An increasing interest in missions has been seen in the large number of students who have already chosen service in the foreign field, and in the fact that six of the members of the Senior Class have been accepted by our Foreign Board, and one by the Board of Foreign Missions of the Cumberland Presbyterian Church.

## VIII. BLACKBURN UNIVERSITY.

In reporting the condition of Blackburn University in its Theological Department to the General Assembly, it is scarcely necessary to explain again that the policy of this institution is to encourage all its classical students who can take regular and complete courses of study, to go for their theological training to the Seminaries of the Church, which have the various chairs endowed and occupied.

Accordingly we have sent several of our graduates from the classical department to these Seminaries, where they are acquitting themselves well in their preparation for the ministry. Some students, however, cannot take their courses, and the Theological Professor, required by our charter, finds work every year in helping forward such young men, and in giving others who will take the regular courses some portion of their theological course. Of the former class there are several good workers among the Germans, Bohemians, and among our own countrymen, who have their entire course with us.

It is a matter of great joy, and of thanks to Almighty God, that during the year now drawing to a close, we have been favored with a blessed visitation of the Spirit of God in the University, by which a large portion of our students who were impenitent were brought to a saving knowledge of Christ.

As this institution was founded specially for the education of young

men for the ministry, we have a number of especially encouraging candidates for the sacred work.

The precious revival of this year has both added to that number and has infused a new spirit of consecration into all their hearts.

Quite a number have already given themselves up to the work of Foreign Missions, and others will be found in due time in the work of our Church in our own land.

As our buildings and appointments in the way of library, etc., are not a separate feature of the University, we do not send the Report for which blanks are sent to the Theological Seminaries, but can say in regard to this School of the Prophets that it is a fountain which the Lord has blessed.

In behalf of the Board,

E. L. HURD, *President.*

## IX. SAN FRANCISCO THEOLOGICAL SEMINARY.

THE Directors of San Francisco Theological Seminary respectfully present to the General Assembly the following Report for the year ending April 28, 1887:

### 1. STATISTICAL.

#### I. INSTRUCTORS.

Rev. GEORGE BURROWS, D.D., Professor of Greek and Hebrew Exegesis, with Special Introduction.

Rev. WILLIAM ALEXANDER, D.D., Professor of Biblical and Ecclesiastical History, with General Introduction.

Rev. AARON L. LINDSLEY, D.D., Professor of Practical Theology.

#### II. STUDENTS.

P. P. Briol was granted a certificate of graduation.

The students remaining in the institution are Donald C. Cameron and Duncan A. McRai, from McGill College, Montreal.

Thomas B. Mortimer, Don M. Dockery, Jr., with Tachin Datte, and Sadakuni Ishikawa, from Japan, under the care of the Faculty, are preparing for the regular course.

George B. Rieman attended part of the term.

#### III. LIBRARY.

| | |
|---|---|
| Volumes added, | 200 |
| Whole number of books, | 14,300 |
| " " " pamphlets, | 1,000 |

### 2. FINANCIAL.

| | |
|---|---|
| Real Estate, | $40,000 00 |
| General Endowment, | 150,000 00 |
| Scholarship Fund, | |
| Lectureship Fund, | |
| Library Fund, | |
| Special Funds, | 12,800 00 |
| Income for the year, | 5,416 00 |
| Expenses for the year, | 3,523 72 |

NOTE.—The Treasurer, taken suddenly ill, was unable to complete his Report. The above is substantially correct. A large portion of the Endowment Fund was secured about the last of the year.

### 3. Remarks.

Dr. Lindsley was elected Professor of Practical Theology and entered upon his work at the beginning of the term. Henry J. Van Dyke, D.D., elected last year to the Chair of Systematic Theology, declined. Rev. Thomas Fraser, elected provisionally, felt unequal to the work. Dr. Alexander has given instruction in this department.

The library has outgrown its quarters. Three valuable collections from Mrs. Scott, Rev. James Woods and Rev. S. S. Harmon, are still in boxes from want of shelf-room. To meet a growing need, ground has been offered for a fire-proof library building.

The great event of last year was the proposition of Mr. William S. Ladd, of Portland, Ore., to endow a Professorship with $50,000, on condition that the Synod of the Pacific would raise an equal amount to endow another Professorship, and that the Synod of the Columbia should be represented in the Board of Directors.

The great event of this year is the accomplishment of these objects, adding $100,000 to the Endowment Funds of the Seminary, and uniting in its support the entire Presbyterian Church of the Pacific Coast. Oregon supports a Professor and promises students. Washington, Alaska, Idaho and Nevada feel a new impulse in all their work and join their scattered forces in a grand advance.

California has taken the Seminary to her heart. Nearly all our churches were visited, and all contributed in sums ranging from $25 to $5000. More important than money is the quickened interest in Christian education. The hearts of fathers have been turned to their children, and the hearts of young men, as never before, have been turned to the ministry.

At the last meeting of the Board of Directors, Rev. Thomas Fraser was elected Professor of Systematic Theology.

Respectfully submitted,

THOMAS FRASER, *President.*

R. J. Trumbull, *Secretary Board of Directors.*

*Oakland, California, April 30, 1887.*

The Seminary opened at the beginning of the school year, with all the Professors in their places, and twenty-eight (28) students in attendance. Thirteen (13) of these students are in the Theological Department, and two of them graduated this year. All the students have pursued their studies with commendable diligence, and at the closing examination gave evidence of their having made gratifying progress. The Examination Committee report a very high average of excellence in nearly every branch of study reviewed, and approve the manifest diligence of the students, as shown by the reading, and accuracy of their answers. The Committee also call attention to the evidences of thorough, earnest, and conscientious work on the part of the Faculty. The Committee add: "We have never seen surpassed, the results of training so brief, and of studies pursued in the face of such serious disadvantages in preparatory work."

The health of the students was uninterruptedly good, until the last month of the term, when some affection of the eyes prevailed generally among them, but happily without any serious results.

During the latter part of the term, Prof. Schlaeger was compelled to be absent from his Chair, in consequence of the lamented death of his father. The duties of his Chair were successfully performed, during his absence, by Rev. W. O. Ruston, D.D., of Dubuque, so that the students suffered little or no inconvenience.

It gives us pleasure to report to the General Assembly, that considerable progress has been made, during the past year, toward the Endowment of the Chair of Church History. We bespeak the help of the Church for a Centennial offering toward the completion of the Endowment of this and the other Chairs in the institution.

The Board desires to make grateful acknowledgment of the liberality of Mr. Jacob Schlaeger, of Binghamton, N. Y., now deceased; and of Mr. Alanson Trask, of Brooklyn, N. Y., one of the most liberal benefactors of the school.

LIBRARY.

The library contains about two thousand volumes (2000). About five hundred books and pamphlets have been added during the year. Donations of books to the library have been made by the following persons: Rev. W. J. McCord, of Wassaic, N. Y.; Rev. Dr. Stewart, of Minneapolis; Rev. Walter Forsyth, D.D., of Englewood, Ill.; Dr. Stewart Mitchell, of Bloomsburg, Pa.; Dr. Sheldon Jackson, of Alaska; and Mr. George W. Fuller, of Galena, Ill.

Our Financial Agent, Dr. C. O. Waters, to our regret, found it necessary to resign early in the past year, and for some time we were unable to procure a suitable person for that position. In consequence thereof, the contributions from the churches are greatly diminished.

The Board has now secured, as Financial Agent, Dr. W. E. Hamilton, of Iowa.

On referring to the financial statement in this Report, there will be found an exhibit of the moneys received and disbursed by the Treasurer; also a copy of the balances, as they stand on our books, at the close of this fiscal year.

Interesting commencement exercises were held in the Seminary building, at the close of the term. Rev. Dr. Adelbert Van der Lippe, of St. Louis, Mo., delivered an able and suggestive address to the students, and the President of the Board briefly addressed the graduating class.

While our resources during the past year have been extremely meagre, causing us much anxiety and discouragement, we have, nevertheless, abundant reasons for gratitude to the Great Head of the Church, for the many friends He has raised up for the school, and for the efficient work that it has been enabled to do for Him, in its peculiar and important field.

The Academic Classes contain seventeen students.

There has been one more student in attendance than during any previous year.

| | |
|---|---|
| *Current Income and Expense.*—The total amount of expense for the year has been | $9,362 23 |
| The total amount of income has been | 9,361 56 |

The collections in the German churches during the past year have been directed chiefly to their own Endowment Fund. As a total for both endowment and current expense, they have somewhat decreased.

A special bequest, however, of $950 has been received from the estate of Mr. Jacob Schlaeger, of Binghamton, which has been applied to the current account. Mr. Schlaeger has long been an elder in the Presbyterian Church, of Brandt, Pa. He has for a number of years taken an intelligent interest in both the Newark and the Dubuque Theological Schools, and has repeatedly contributed to our funds.

*Statements not contained in the Treasurer's Account.*

*The Endowment.*—The German churches have added during the year to their fund for endowing a German Professorship, $532.66. The total sum of their contribution for this object, and retained hitherto in their own treasury, is $2573. This amount has now been transferred to the treasury of the Board, and, with $54.30 previously contributed directly to our treasury, makes their special Endowment Fund $2627.30—as a foundation in which they will take interest and satisfaction.

The unpaid subscription for the completion of the endowment of the Newark Professorship is $484.25. The payment of this sum will complete the $25,000, which constitute the Newark Endowment, and is in addition to the generous current support of the institution by the Presbytery for many years.

The subscription to the $10,000 proposed as a special addition to the General Endowment, by the Synod of New Jersey, has advanced to $6254.98. Of this amount, over $5000 has been paid.

The proposal to make this increase of the endowment $20,000, instead of $10,000, has met with additional response. Including the subscription within the Synod, and the $6000 in real estate contributed last year by Mr. Thomas Williams, the amount subscribed has now reached $18,724.42, of which over $17,000 have been paid.

The total amount actually received from all sources during the year has been

| Total for Endowment, | $6,512 94 |
| Total for current expense, | 9,361 56 |
| Whole amount received, | $15,874 50 |

GRADUATE WORK.

The special feature of the graduate work during the year has been the decided advance in Brooklyn and vicinity. There a *fifth* German Presbyterian Church has been organized from a mission work under one of our graduate pastors. One of our students has preached for this church during part of his Senior year, and over it, he is soon to be installed as pastor.

Another Senior student has conducted during the year a mission in that city, which he hopes to develop soon into a church.

At the end of our Seminary year, we shall have *nine* graduates at work among the German masses of Brooklyn and vicinity. Two of these are pastors in Reformed Dutch churches, and two have been called to Lutheran churches.

Another Senior student is specially called to mission work in the city of Cincinnati. He will join the two graduates already in that city.

In Brooklyn, in Philadelphia and in Cincinnati, our graduates are no longer single individuals, but are increasing in the power which comes from a ministerial and a Church sympathy and society among themselves.

When we observe the startling increase of a false socialistic power among our foreign population, the growth of a special ministry for the German people is a special source of satisfaction. The development of a body of young men, sound in the faith, strong in ability, with hearts full of love to their Divine Lord, with gifts as preachers of the Word, and devoted to their German countrymen, we may well commend to the earnest efforts and the fervent prayers of the whole Church. A widely extended interest should be manifested by all those Presbyteries and Synods within whose boundaries the German people live, in securing suitable students, in guiding them to the German Seminary, in assisting to support them in the course of their education, in the intelligent and judicious founding of German churches, in German mission work in connection with our American churches, and in the general maintenance and advancement of our German Presbyterian Theological Institutions.

For the Board of Directors,

JAMES P. WILSON, *Acting President.*

The Academical year began on Thursday, the 16th of September, 1886. The opening address was delivered by the Rev. T. W. Cattell, Ph.D., on Preaching the Gospel: Mark xvi: 15, "Go ye into all the world, and preach the Gospel to every creature."

The Annual Sermon to the students was preached in the Chapel on Sabbath, the 17th of April, by the Rev. Francis L. Robbins, D.D., from Heb. i: 1–2.

The examination of the classes took place on Monday and Tuesday, the 18th and 19th of April. Rev. Robert Hunter and Drs. Bingham and Stewart were present as an Examining Committee. There were two notable features of the examination. The students in the Senior and Middle Classes gave from memory, and almost without fault, a summary of Messianic Prophecy from the Old Testament in all the particulars of the unfolding promise, interpreting them by events recorded in the New Testament. They then gave, in like manner, from memory, a selection of passages setting forth the plan of salvation, the invitations, promises, instructions, warnings, and blessedness of the Gospel. The profit of the exercise as a mental discipline, and as a means of storing up in the mind a rich treasure of sacred truth, and thus preparing the student for the practical work of leading souls to Christ, was impressively apparent.

Another notable feature was the examination of the same classes in theology, by exegetical deduction of the Pauline system of saving doctrines from the Epistles of James, and Peter, and John. The students were required, with Bible in hand, to give the current theme of the Epistles; and to exhibit by thorough analysis the specific doctrines of salvation and the doctrinal agreement of the several writers in the New Testament in the great scheme of saving truth. The examination was most satisfactory as showing the diligence and success of the students, and as an index of their training in the Holy Scriptures as the only proper source of theology.

The commencement exercises took place on Wednesday, the 20th of April, and the degree of S. T. B. was conferred on all the members of the

Senior Class. Mr. Thomas H. Lee was ordained as an Evangelist by the Presbytery of Chester, on the 19th of May, 1887.

The Income from the Endowment Fund has been as follows:

| | |
|---|---|
| Professorships, . . . . . | $6,758 |
| Scholarships, . . . . . | 2,597 |
| Total, . . . . . | $9,355 |

By the last General Assembly it was recommended that the Board of Missions for Freedmen be urged to persevere in its efforts to secure the coöperation of the Trustees of Lincoln University in our common work in behalf of colored men. (See Minutes of 1886, page 29.) The Board has adhered to the two conditions reported last year, with our disapprobation—the right on its part arbitrarily to end the coöperation, and the exaction of a promise from Lincoln University to notify contributing churches that funds given to promote our work, would not be recognized as given to the general work of the Board.

Relying on the coöperation of the Board of Missions for Freedmen, the Trustees of Lincoln University established the new Chair of Instruction in the English Version of the Bible, and elected the Rev. Benjamin T. Jones, Professor of that Department of Instruction. This was the Chair which the Board expressed its readiness to adopt. The Trustees have therefore felt the embarrassment of the position to which the Board adheres. This improvement in our course of study has been maintained during the year, but its continuance will depend on the good-will and liberality of other friends.

During the past year a house has been built for the Professor of Sacred Rhetoric. The funds, about $5000, although not yet in hand, have been reliably pledged.

Respectfully submitted by order of the Faculty,

I. N. RENDALL, *President.*

Rev. THOMAS LAWRENCE, D.D., Professor of Hebrew and Greek Exegesis.

Since our last Annual Report, Messrs. Abner Graham, A. Nance, and Thomas A. Thompson have completed their course of study, and Messrs. Albert M. Caldwell, Edward W. Carpenter, P. G. Drayton, Isaiah E. Hardy, William Hairston, George W. King, Samuel F. Wentz and Joseph S. Williams have been matriculated.

The following students have received instruction during the year, in the several classes:

SENIOR CLASS.

| | |

| William H. Shepperson, | Smithville, Va. |

| George W. King, | Yorkville, S. C. |
| Samuel F. Wentz, | Coburns Store, N. C. |
| Joseph S. Williams, | Spartanburgh, S. C. |

A revised Charter has been obtained from the Legislature of North Carolina, and the Board of Trustees will be organized in accordance with its provisions, at the time of the Commencement. Rev. William F. Johnson, D.D., late a missionary to India, has been chosen President of the University and Instructor in both the Theological and Collegiate Departments.

The growth and prosperity of the Theological Department depends largely upon the increase of the departments in the University, with which it is so closely connected.

In all departments 133 students have been enrolled, 100 of whom are church-members, and more than fifty of them are preparing for the Christian ministry.

We have received from the income of permanent scholarships, during the year, $453, and from friends of our work $3000, to aid in support of students. A much larger sum could be profitably employed in this way, and we must have several times these amounts if the University accomplish the work so much needed, and which, from its location and equipment, it is so well adapted to do. Thrice the present number of students could be taught with little or no increase in the cost of instruction, if we had the

means to support the students who would gladly avail themselves of the opportunity for an education. Neither the young men themselves nor their friends are able to provide the necessary means of support. We would, therefore, earnestly urge upon the attention of the Assembly the importance of adopting some means by which the University can be adequately endowed, and means annually provided to aid a much larger number of students.

All of which is respectfully submitted,

In behalf of the Faculty,

S. MATTOON.

OFFICE OF THE BOARD,

(UNTIL NOV. 1, 1887?)

STEWART BUILDING, 280 Broadway, New York, N. Y.
P. O. Box 1938.

### ABSTRACT OF THE SEVENTEENTH ANNUAL REPORT.

The Board of Home Missions begs herewith to present to the General Assembly its Annual Report—the eighty-fifth since the organization of the Board of Domestic Missions, and the seventeenth since the re-union of the two branches of the Church.

We have great occasion to thank God for His favor to us, and for the blessings with which He has crowned our labors during the year. None of the officers of the Board have been called away by death. The Rev. Jonathan F. Stearns, D.D., who had served this Board since re-union, and in a similar capacity before that time, in all more than twenty-five years, has been constrained to resign; and the Rev. Thomas A. Nelson, D.D., of

Brooklyn, N. Y., has been appointed in his place, subject to the approval of this General Assembly.

We regret to say that the Rev. William C. Roberts, D.D., LL.D., who had served the Board and the Church very successfully and acceptably for five and a half years, as one of the Corresponding Secretaries, has resigned his position.

The following paper on the subject was placed on its records by the vote of the Board.

"The Board desires to place on record an expression of feeling in reference to the retirement from the Secretaryship of the Rev. Dr. Roberts. For more than five years the earnest zeal and the entire energy of Dr. Roberts were consecrated to this work, and in a spirit of fraternal coöperation with his associates, upon which they cannot but dwell with satisfaction. While deeply regretting the removal of Dr. Roberts to another and most important field, the Board rejoices in his occupation of a coördinate sphere of labor, and prays that through the Divine blessing his efforts may be attended with wide and lasting usefulness in the Great West."

The Rev. William Irvin, D.D., who has been the successful pastor of the Second Presbyterian Church of Troy, N. Y., for nearly twenty years, has been elected Corresponding Secretary in the place of Dr. Roberts, and has already entered upon his duties.

### NUMBER AND DISTRIBUTION OF MISSIONARIES.

The number of missionaries who have labored the whole or a part of the year in connection with the Board is 1465, and they have been distributed as follows: in

| | | | |
|---|---|---|---|
| Alaska, | 4 | Missouri, | 64 |
| Arizona, | 4 | Montana, | 13 |
| Arkansas, | 2 | Nebraska, | 95 |
| California, | 76 | Nevada, | 2 |
| Colorado, | 30 | New Hampshire, | 2 |
| Connecticut, | 1 | New Jersey, | 55 |
| Dakota, | 111 | New Mexico, | 23 |
| Delaware, | 2 | New York, | 84 |
| Florida, | 18 | North Carolina, | 1 |
| Idaho, | 6 | Ohio, | 48 |
| Illinois, | 69 | Oregon, | 30 |
| Indiana, | 43 | Pennsylvania, | 84 |
| Indian Territory, | 21 | Rhode Island, | 2 |
| Iowa, | 93 | Tennessee, | 23 |
| Kansas, | 129 | Texas, | 30 |
| Kentucky, | 25 | Utah, | 17 |
| Louisiana, | 1 | Virginia, | 4 |
| Maine, | 1 | Washington Territory, | 27 |
| Maryland, | 19 | West Virginia, | 10 |
| Massachusetts, | 13 | Wisconsin, | 48 |
| Michigan, | 61 | Wyoming, | 2 |
| Minnesota, | 73 | | |

We are sorry to say that there has been an unusual mortality among the missionaries, fourteen having died, or more than twice as many as the previous year. Their names are as follows:

J. M. Roberts, Chas. W. Cooper, E. P. Linnell, J. A. Benton, C. M. Parks, N. Williams, A. B. Fields, D. McRuer, J. D. Reardon, J. H. Trowbridge, N. Neerken, H. B. Burr, Robert Gray, J. Patterson.

Of these, Rev. E. P. Linnell had but just entered on the duties of the Synodical missionary in Montana when he died.

Of missionaries' wives a considerable number of faithful and self-denying women, who have stood by their husbands in service and suffering, have been called to their rest.

## THE MISSIONARIES AND THEIR WORK.

The whole number of our missionaries has already been given, but they have not all been in service during the whole year. The number of years served by them is only 1155.

The whole number of places where they have held religious services it would be difficult to ascertain. But a limited number of these men confined their labors to a single church, while a far larger number have supplied two, three, four or five places. It is fair to presume that the Gospel has been statedly preached at 3700 points, but it is impossible to tabulate all the facts in the case.

There have been many difficulties and hardships in the way, and some of them of an unusual character, which ought to be considered in estimating the result of the year's work.

The difficulties are various:

1. *The country has not recovered its normal financial condition.*

Trade and business have been depressed the last three years. Some branches of business in some parts of the country have recovered to a large extent; yet, as a whole, the business of the country is still depressed.

2. *The Drought.*

From the Gulf of Mexico, on the south, to the British Possessions, on the north, along the foot-hills of the Rocky mountains, the country has suffered with drought. Perhaps the greatest suffering was in Texas and Dakota; but in the Indian Territory, Kansas and Nebraska large sections suffered severely. In some places people were compelled to leave their homes and remove to other parts to earn a livelihood, while greater numbers found their supplies cut down far below their expectations.

3. *The Hard Winter.*

Pitiful stories of the intensity of the winter come from the States and Territories between the Mississippi and Missouri rivers. In some places the winter seems to have been hardest where the drought was the worst.

4. *The tenacity with which churches cling to the past rate or larger rate from our treasury than they received before.*

The natural growth of our churches, especially with the many revivals they have enjoyed and many accessions secured, ought to lead us to expect a decreasing rate of appropriation from our Board as they move on towards self-support.

Great complaints have been made against the policy adopted in 1885–6 of cutting down appropriations granted by twenty-five per cent. But is the Board depressing the salaries of missionaries and making the means of livelihood more difficult to obtain than in previous years? During the last year, they received on an average twenty-five per cent more from the Board than they did ten years ago; so that, instead of the Board withholding from the missionaries, it is their own churches that are withholding from them, if their salaries are not better than they were ten years ago.

5. *The falling off of Legacies.*

It is said that legacies should never be taken into the account because they are so uncertain in amount. But they cannot be left out of the account. As long as they are sure to come every year, it is impossible not to anticipate and count on them. The receipts from this source last year amounted to $90,264.43, an increase over the last two years, which has much to do with our improved condition over the previous year.

## A PROSPEROUS YEAR.

Nevertheless, in many respects, the past year has been a prosperous one in Home Missions. We cannot say that we have occupied all the fields that have opened to us on the frontier, or rendered all necessary aid to the feeble or decaying churches at the East. If there had not been as many churches organized or members gathered into the missionary churches as the

previous year, this might have been accounted for by our inability to sustain missionaries at all the places where their services were called for. Churches have been organized, and Sabbath-schools have been established, and there have been many revivals of religion, some of great power, and as the result, nearly 11,000 have been gathered into the churches on profession of faith.

But it should be noted that we have had great peace on all our borders. There have been no angry discussions; no causes that have diverted or distracted the minds of pastors or people. The missionaries have steadily proclaimed the Gospel, and the people have been disposed to hear. It is a matter of great gratitude to God, that He seems to have disposed the people everywhere to give our missionaries great favor among them. There seems to be a strong disposition among them to have Presbyterian churches. Our financial condition has been such that we have been constrained to put a restraint on our Synodical missionaries, forbidding them to enlarge or take on more work. And yet our Report gives a list of 175 churches formed. Many of them were formed without the knowledge or assistance of any Synodical missionary. Missionaries on the frontier could scarcely visit a new town or settlement without finding a nucleus for a new church, ready to send up a petition to Presbytery for organization. But it has been a sad item of intelligence that we have had from various missionaries, saying they did not see fit to organize, or were constrained to advise the people to postpone organization, till there came some improvement in the condition of the Board. More than 2000 churches have been formed through the instrumentality of this Board since Re-union. These things have not been done in a corner. They have been observed, and they have made an impression for good on the community. A Presbyterian church represents permanence, stability, good order, intelligence and pure Christianity. These are what men want in a church; and hence there is a demand for Presbyterian churches. They see what we have done in planting, housing and sustaining churches, and hence it is easy to organize more such churches.

### OUR FINANCES.

The liabilities of the year include the debt with which the year began, and the outlay for the current expenses of the year, amounting in all to $664,995.12.

The Treasurer's Report gives in detail the sources of our income and the way in which the same has been expended.

The total amount contributed to the Board the last year from all sources has been $653,456.03; for current work, $615,693.35; for the debt, $11,196.40; for Permanent and Trust Funds, $13,368.28; for Sustentation Department, $13,198; leaving the total indebtedness at the end of the year, $21,681.77.

### REDUCED APPROPRIATIONS AND PROVIDENTIAL RELIEF.

The opportunities that opened before us at the beginning of the year were very great, and made greater by the restraint the heavy debt the year before imposed on us. We have enlarged the work somewhat, but we have been unable to enlarge our appropriations of the year before. But aside from the regular salary, incidental aid has been furnished the Board for the missionaries in various forms.

### THE ELDERS.

Much of the increase we attribute to the increased interest taken in Home Missions by the elders of the Church. This interest developed itself in the last General Assembly, and is one of the most auspicious signs of the times. At that time elders on the Standing Committee of Home Missions took special interest in the work. Not long after reaching home several of their members issued a circular to all their fellow-elders throughout the Church urging them to secure, if possible, a collection for the cause in every church,

and entreating them to be forward to assist pastors and stated supplies in so doing. We think we have evidence that in trying to remind one another of their duty they were all quickened and reawakened, and we think that such a revival of interest has been most profitable to the Board. We hope we have seen but the beginning of renewed zeal in the cause, for we are sure that such an accession of strength cannot be found elsewhere.

### SABBATH-SCHOOLS.

We have come to rely more and more on the Sabbath-schools. A very large number of schools have sent their contributions to us during the last few months.

### OUR GROWTH.

Meanwhile our population has been increasing at an accelerated rate, and certainly a fair share of it is Presbyterian; and has gone out from Presbyterian families and churches farther East. If the frontier line was stationary, and these people were now settling in towns having churches already organized, we should know that in such places they would find our churches awaiting their arrival. But the frontier line is constantly receding. It takes in an entirely new country year after year. New railroads are built every year, along which the people are rapidly settling; more miles of railway having been built the past than any previous year. The country in which the greatest number of miles are said to have been laid last year is in Dakota. But it is not in Dakota alone that new roads have been built. The western half of Kansas, the northern and north-western parts of Texas is now the theatre of great railroad expansion. New lines are also opening Florida and all the southern part of California. Into all the portions of the country thus penetrated and laid open to settlement have the immigrants poured like a great flood. Our people are among them. Before their homes are ready for the family they begin to clamor for the Church and the house of God. They need, they wish to hear, the Gospel, as in the places they came from; and they need the Sabbath-school and the privileges of the sanctuary for themselves and their children. They are our children and children's children. How can we fail to follow them with tokens of kindly remembrance, from time to time, and especially yearn for their spiritual and everlasting welfare. The promptings of nature and grace lead in the same direction. By every motive and every law are we both led and bound to do them good, to make secure a better condition for them in this world, and to make sure of a good foundation for the world to come.

The Synodical missionary of Texas gives notice of the extension of railway lines during the coming year, especially in the north-western part of the State, and calls for fourteen men, seven for new positions that ought to be occupied at once, and seven for vacant churches.

Southern California is receiving a great extension of railroad lines and a very rapid increase of population. Nothing in the State has ever equaled it since the early days of great gold excitement. The Synodical missionary says:

"Our field is one of increasing importance and hopefulness. We need your help to support at least a dozen men in fields now unsupplied with the Gospel, and where our Church can do a good work."

The Synodical missionary of Nebraska says:

"Progress is made in the development of our State, and new and larger fields are opening for successful Gospel effort."

The Synodical missionary of Northern Dakota says:

"We have at least nineteen vacant fields that are not new, but destitute of preaching at the present time, to say nothing of new fields that are calling for occupancy and reorganization."

The Synodical missionary of Southern Dakota speaks of the great extension of railroads last year and of those that are to be built this year, and says they added a net gain of eighteen ministers last year, but that was not enough, and that he does not see how they can get along with less than twenty-five new laborers the present year.

The Synodical missionary of Iowa also asks for twenty-five men.

The Presbyterial missionary in Chicago says:

"My hands are full of work. Had I a dozen good men and means to support them I could employ them here in this Presbytery."

The late missionary of the Synod of the Columbia says:

"The railroad system in the Synod of the Columbia is having its effect on the great State of Oregon, and the Territories of Washington and Idaho. The population is pouring in, and towns are forming with great rapidity, and yet there are ten counties in Oregon without a single Presbyterian church or minister."

And he points out the places where thirty men ought to be located at once if we do our share of the Home Missionary work in that Synod.

From this estimate it is apparent that our Church in only a part of the wide field—for we have omitted every demand this side of the Mississippi river, and Montana, Wyoming, Colorado, New Mexico and Utah. Our Church in so small a part of its domain is asking you this through our Board, to send out not less than 157 missionaries at once. What shall be our response to such an appeal? All of us are ready to say, Let them be sent out. But it would involve such an additional outlay that we ought to consider how to economize on the probable income of the Board. The Church grows larger every year; outside of legacies the income of this Board grows every year —but it is not equal to the demands.

Work among the foreign population, and the evangelization of cities that seem to go hand in hand, have gained in interest during the year. The whole Church has become interested in the work, and it scarcely needs urging on our part. The rapid growth of all our cities presses itself so powerfully on the Church, that Presbyteries which embrace them are alive to the importance of planting more churches, in all our cities where foreigners most do congregate.

### MISSIONARY CONVENTIONS.

On account of the resignation of Dr. Roberts, and the reduced force in the office of the Board, none of those conventions that had been so useful in previous years in awakening the interest of the people in Home Missions could be held.

## WOMAN'S WORK AMONG THE EXCEPTIONAL POPULATIONS.

Many people are interested in the work among the exceptional classes.

### The Indians.

#### *Dakota.*

The mission among the Sioux at Sisseton Agency is all that is being done by the Board for this large and important tribe. Rev. M. N. Adams has lately been appointed to labor among the churches, of which there are seven, with a membership of 435, and which are served by six native ministers, viz: Revs. J. B. Renville, Daniel Renville, Louis Mazawakinyanna, David Greycloud, Isaac Renville, and Charles R. Crawford.

#### *The Indian Territory.*

This is one of the most promising mission fields in the world, and the work has probably been more encouraging than any similar work done by the Board. There has been great success in winning souls to Christ and securing scholars in the schools. The number of ministers, church members and scholars has largely increased during the past year.

The spirit of the old first missionaries seems to pervade the entire Indian population. Wherever the missionaries go and preach the Gospel they find the people ready to hear and accept the truth in Christ. All the people are anxious for schools. They have boarding-schools at Muscogee, Nuyaka, Tahlequah and Wheelock.

The Board of Foreign Missions has transferred its missions in this territory, consisting of the Wealaka school, three churches and sixteen missionaries among the Creeks and in the Wealaka school, two churches and ten missionaries among the Seminoles, to the Board of Home Missions, which have been accepted, subject to the action of the General Assembly.

The mission at Dwight has been established by the purchase of a property, and by securing Miss O. A. Reed as a teacher. The school has opened encouragingly.

Among the Creeks at the present time we have but three missions, but they are very successful, and need to be enlarged.

The one at Muscogee is without a stated ministry. Miss Alice Robertson has charge of the boarding-school of twenty-two scholars, with the Misses Willey and McCormick as assistants. Nuyaka has the Rev. T. W. Perryman, a native Creek, as the pastor. He also preaches at Okmulgee, the capital. The boarding-school, with its corps of six teachers and eighty-four scholars, is the admiration of the Creeks.

The Wheelock boarding-school, for Choctaw girls, is the only one in that nation. Mr. Robe has been the superintendent from the beginning. He has four efficient helpers and about sixty scholars. The results of this school are most happy. Time and eternity will reveal precious upliftings and souls saved.

The day-school at McAlester starts off with great success. Mr. E. H. Doyle and his two assistants have gathered a school of between eighty and one hundred members, and have need of immediate enlargement of the building.

The Rev. John Edwards is the minister to the Wheelock Church and vicinity; the Revs. H. A. Tucker at Atoka and Caddo, C. W. Stewart at Philadelphia, B. J. Woods at Lenox and Apeli, and J. Dyer at Mountain Fork. The Rev. S. R. Kean labors among the Choctaws, and the Rev. W. J. Moffatt at Paul's Valley, who writes that he has at last reached "Paradise," so beautiful is this country. There are about five hundred members of our Church in the tribes named.

### *New Mexico and Arizona.*

In New Mexico the principal work among the Indians centres at Albuquerque. The action of the Government in taking charge of the school which we had for five years successfully built up, has to a considerable degree retarded the work, and put the Board to very great expense in erecting new buildings, etc.

### *Washington Territory.*

The Rev. M. G. Mann and his native assistant, Peter Stanup, labor among the Puyallups, Chehalis, Nisqually and Squaxon tribes. Over 300 members have been brought into the Church, and give good evidence of being faithful and consistent Christians.

### *The Alaska Field.*

One of the Secretaries of the Board and numerous friends of the natives have visited our schools in that Territory, and all report success in school work and the need of better facilities to meet the increasing demands. The Rev. Sheldon Jackson, D.D., took an extensive trip among the islands last fall, planting schools and mission stations among them.

Sitka, which is the central and most important mission, has been freed from the outside oppressions of last year, and has made rapid progress in good work and favor with all who see and know it. The workers are much the same.

### WORK AMONG THE MORMONS.

There has been steady progress in the school work among the Mormons in Utah and Idaho. One of our oldest missionaries, whose life and labors

were identified with the school and missionary work in Logan and all of the Cache Valley, Rev. C. M. Parks, has been called away by death.

Rev. S. E. Wishard, D.D., the Synodical missionary from Kentucky, has just spent four months preaching the Gospel and assisting our missionaries, and he found wherever he went a warm welcome from all the teachers, who became also his most efficient helpers.

The work in Salt Lake City is the largest of the Board in Utah. There we have two organized churches, under the care of the Revs. R. G. McNiece, D.D., and W. R. Campbell. Both have houses of worship and regular service. There are also two schools. The Salt Lake Institute, with Prof. Millspaugh as superintendent, and his six assistants, is a power for good and a credit to any cause. There are enrolled 298 pupils.

### THE MEXICAN WORK.

The teachers among the Mexican people have kept on their way. But here as elsewhere, perhaps even more than elsewhere, the schools need to be enlarged to afford accommodations for more pupils who desire to attend our schools.

There has been considerable development in our work, but mostly by perfecting that which had been already established. Much yet remains to be done in order to have it what it should be.

At Santa Fé the mission-school has grown steadily, and has added a boarding department for a limited number.

The school at Las Vegas has been growing in interest, numbers and efficiency for the last few years.

Mora is a most interesting mission. Here is our largest boarding-school. It is now under the care of Mr. S. V. Dilley, with his assistants, Mrs. Cook, Miss Craig and Mrs. Dilley. At present there is no minister in charge of this field. Here also the Board has a good property.

The Rev. S. W. Curtis is in charge of the Taos field. He is stationed at Fernandez de Taos and has a large circuit. Licentiate V. F. Romero is at Taos, J. D. Mondragon at El Ranche, and A. Cardenas at Agua Negra. There are three churches and 100 members. There are three schools.

### THE WORK AMONG THE WHITES IN THE SOUTH.

It is great encouragement to know that Kentucky and Tennessee have just made large additions to their school funds. We hope our people will take advantage of the increased facilities and plant schools far and wide.

The pressing and imperative need of the hour in women's work is more money to build or improve school buildings. Much as more schools and more teachers are needed, far more are facilities and appliances and room to do more efficient work where schools already exist. Double these and they double their influence for good, though not another school be established or teacher be employed.

The following is a summary of the schools and teachers among the exceptional populations of our land, viz:

| | Schools. | Teachers. |

ABSTRACT OF THE FIFTIETH ANNUAL REPORT.

The Board records anew its sense of God's goodness, and rejoices in the tokens of Divine favor with which the work of the year has been crowned. Though two of its members were laid aside from active duty for a succession of months by serious illness, none have fallen by the way. Death, however, has been unusually busy in the ranks of its missionaries, eight having ceased from their labors and entered into rest. Mrs. A. M. Mateer, wife of Rev. R. M. Mateer, of Wei Hein, China, died April 8, 1886, having been connected with the mission about five years; the Rev. Gerald F. Dale, of Zahleh, Syria, died October 6th, after a brief illness, in the forty-first year of his age, and the fourteenth of his missionary service; Mrs. Deffenbaugh, wife of Rev. George L. Deffenbaugh, of the Nez Perce Mission, died on January 3, 1887; Mrs. Cary, wife of A. M. Cary, M.D., died January 17th, on the Menam river, in Siam, while on her way to join the North Laos Mission; Miss Jennie Woodside, daughter of Rev. John S. Woodside, died at Futtehgurh, India, February 3d, after a service of twenty years on mission ground; Mrs. Annette Gregory, wife of Rev. Theodore M. MacNair, after a lingering illness, died in Tokiyo, Japan, February 11th, in the fifth year of her missionary life; the Rev. Samuel M. Irvin, for more than thirty-five years a member of the Iowa and Sac Mission, died at Highland, Kansas, February 24th, his wife and companion in labor preceding him but a few months, having fallen asleep July 21, 1886. When to this death-roll is added the list of those who have permanently withdrawn from our missions during the year, comprising seven ordained missionaries, six of whom were married, three medical missionaries, one of whom was a lady, and four unmarried ladies, besides six of our lady teachers who have married missionaries in the field, it will be seen that a very serious inroad has been made upon our mission force. To strengthen the posts weakened by this depletion, the Board has sent out during the past year seven ordained missionaries, of whom six were married, eight medical missionaries, of whom two were ladies, and eleven unmarried ladies.

Work has been prosecuted as heretofore on this continent among eleven tribes of the American Indians, and the Chinese and Japanese in the United States; in Mexico, Guatemala, Colombia, Brazil and Chili; in Africa, among the inhabitants of Liberia, and those of the Gaboon and Corisco region; and in Asia in important centres of influence in India, Siam, China, Japan, Korea, Persia and Syria. In addition to this the Board has rendered substantial assistance to the evangelistic work in Papal Europe through certain approved societies on the Continent. There have been in commission during the year, 173 ordained missionaries, 30 laymen, mostly physicians, and 296 ladies. Besides these, the missionary force includes 134 native ordained ministers, and 154 licentiates, which, with 756 Bible readers, catechists, etc., makes a total force in the employ of the Board during the year of 1543. Three hundred and ten organized churches are on the roll with 21,420 communicants, of whom 2791 were added during the year. These churches report contributions to the amount of $28,552. The aggregate attendance on schools of all grades was $23,329.

In the various fields occupied by our missions there has been much to encourage, and yet not a little to perplex and disturb, as the detailed Reports of the Board will show. In some of the missions, the Holy Spirit has so sealed the truth upon the hearts and consciences of the people that precious ingatherings have been witnessed, and the joy of harvest experienced as the

above figures indicate. In others it has been a time mainly of diligent sowing and patient waiting. When the deep poverty of many of those gathered out of heathenism is remembered, the contributions of native Christians for the support of the Gospel during the year, indicate high attainment in the grace of Christian beneficence. In some parts of the field a noteworthy advance has been made in the measure of government favor accorded to our missionaries, as in China, Japan and Siam, showing that the mission work is commending itself to those in high position, and that the door of access to the nations is constantly widening. On the other hand, however, it is to be recorded with regret that the restrictions of the French government, in the territory occupied by the Gaboon and Corisco Mission have become so severe, as virtually to tie the hands of our missionaries, and to drive them from the field. As the Minutes will show, after repeated efforts on the part of our mission to secure some modification of the restrictions imposed, the Board has felt constrained, at the urgent request of the brethren on the field, to take measures to transfer that mission to another evangelical body, should the way be clear, and secure a foothold, if possible, within German territory.

The condition of our treasury during the earlier months of the year was most discouraging, the receipts up to November 1st having fallen behind those for the same period last year about $83,000. When to this was added the debt of almost $58,000 with which the year began, the outlook was alarming. By the Divine blessing on the ordinary methods of raising our revenue, however, the Treasurer reports the current expenses of the year paid, the debt of two years' standing wiped out, and a balance in the treasury of $3809.41.

The receipts have been as follows:

| | | |
|---|---|---|
| From Churches and Sabbath-schools, | $360,231 51 | |
| " Woman's Boards, | 248,649 59 | |
| " Individuals and miscellaneous sources, | 72,006 65 | |
| " Legacies, | 103,269 84 | |
| Total, | | $784,157 59 |
| The Expenditures of the Board for the various missions, and for home expenses, have been, | $722,494 90 | |
| Which added to the debt of last year, | 57,853 28 | |
| Have made our total liabilities, | | 780,348 18 |
| There remains therefore a balance of, | | $3,809 41 |

This handsome total for the year, while by no means commensurate with the ability of our great and wealthy Church, certainly calls for devout gratitude to God, and ought to encourage hope and furnish stimulus for the future. Lifting, as it has done, the incubus of a depressing debt, it makes this fiftieth year of the Board's existence a jubilee indeed.

The statement shows an increase in receipts from churches and Sabbath-schools over last year of $55,618.14, although the receipts of last year included a special of $34,696.39 for the debt. The total includes about $20,000 contributed by Sabbath-schools in answer to the recommendation of the General Assembly that a special effort be made during the month of December to raise $50,000 for Foreign Missions.

It is worthy of grateful mention that the several woman's societies have made a substantial advance in their contributions over anything hitherto reported, having paid into the Board's treasury $24,624.10 more than during any year preceding. When it is remembered that the handsome aggregate reported, represents a well-organized system of auxiliaries and bands which reach out in every direction, and constitute one of the mightiest spiritual forces in the Church to-day, there is reason to thank God and take courage. The Board regards this increasing interest on the part of the consecrated women of the Church as one of the most hopeful features of the work.

In submitting the present financial exhibit, the Board would call attention to the fact that the total outlay for the year falls $22,871.12 below that of

last year. This grows out of the determination of the Board to retrench wherever possible, and represents a method of administration which could only be continued at the expense of the best interests of the work. Indeed, the retrenchment on the mission work proper may be fairly said to exceed the above figure, because the arrest of the subscriptions for the *Foreign Missionary* after the action of the last Assembly, leaving seven months of expenditure for publication with very meagre receipts, entailed a loss of over $4000, as will be seen by the Treasurer's account.

The day of special prayer for Foreign Missions, November 7th, suggested by the A. B. C. F. M. to this Board, and subsequently recommended by the General Assembly, was observed in many parts of the Church, and is believed to have borne fruit in quickened interest in the work as well as in more generous contributions. It ought not to be overlooked that this season of prayer fell at the time of the Board's greatest financial straits, when for months the receipts had been falling steadily behind those of the year preceding, and the old debt remained undiminished. The Treasurer's books show that from that day forward the receipts began to increase, each successive month showing a decided advance, until the grand aggregate now reported was reached. The Board cannot but recognize this result as an answer to the prayers of God's people, and devoutly acknowledge its indebtedness to Him who hears the prayer of faith. What an argument this for continued wrestling at the throne of grace!

OFFICE OF THE BOARD:

No. 1334 Chestnut street, Philadelphia, Pa.

ABSTRACT OF THE SIXTY-EIGHTH ANNUAL REPORT.

Another year comes to its close, and with gratitude for divine favors manifold which have marked it, the Board of Education herewith presents to the General Assembly its Sixty-eighth Report.

In one particular at least the result has been very gratifying. The number of candidates now under its care exceeds that of last year by 58, making in all 696. From this it appears that the call of the Church for more laborers, now waxing louder than ever, has been not altogether unheeded by her sons.

The Report in regard to funds is not so favorable as it was last year. Then it presented a squared account. This year, to its great regret, the Board reports a debt of $15,000, not, however, owing to any falling off of contributions from the churches, for these have increased to the amount of $7200, but to the decrease of legacies and of moneys refunded, and to the increase of the number of candidates accepted. Yet if 3293 churches had only done their duty toward us and sent us on an average five dollars apiece, this debt would not have been incurred. Could it not have been done? Would it not have been done had the pastors told their people of the need and given them the opportunity to contribute?

Early in December the Board deemed it prudent to try to avoid the overbalance, if possible, by availing itself of the liberty granted in its rules "to refuse new candidates beyond its ability to support them." Accordingly while keeping its scholarships at the low point maintained for the last four years, when it was seen that applications were increasing at a faster rate than contributions, the Board by a reluctant vote decided to accept no more recommendations for the year, unless warranted in so doing by a greater influx of means. This measure wrought hardship on several who were counting on aid, but who unexpectedly found the door shut upon them. Earnest appeals for exceptions came in; but this could not be allowed without an unseemly partiality. The best that could be done was to give the places vacated by the few that were dropped, to those candidates whose cases seemed most pressing. Now and then also the Secretary, in presenting the cause before the churches, has found some benevolent person who has offered to take one of the excluded candidates under his special charge. For this the Board has been exceedingly thankful, regretting only that all could not have been so relieved. There are twelve left who are hoping for better fortune next year.

ARE THE PRESENT SUPPLIES FOR THE MINISTRY ADEQUATE?

The facts on this subject it seems to be the business of this Board to present; and this Assembly appears to be the place for looking at them critically; if not here, then nowhere. To neglect them is to neglect the primary conditions of the Church's strength and growth.

Out of the whole number of churches enrolled in the Minutes of the year 1886, amounting in all to 6289, there were 1226 marked vacant. This is 29 more than were so marked in the year preceding. And the number of this class is steadily increasing, as also is the number of the churches dissolved, which has gone up from 56 in 1881 to 76 in 1886. We have here clear evidence that the disproportion between ministers and churches has been

steadily widening for some time past. Of these vacant churches, it may be said, judging from a careful estimate of their membership and of the amounts contributed, even in their bereaved state, for congregational purposes and to the Boards, full 300 are capable of sustaining a pastor, or ought to have one. How many of the rest might by care be developed into self-support cannot be said. As they are at present, they can only be candidates for dissolution.

The subject may be looked at from another point of view. The net increase of our churches last year was 188. The net increase of ministers, after filling the 101 vacancies made by death, and the 29 made by dismissals to other bodies, was 72, *i. e.*, 116 less than the new churches. But of this net increase 69 are reported as having been received from other sources. This leaves but three of this net increase to our credit. Or, if it is claimed that since we have furnished other bodies with 29 ministers, we ought to have the credit for these also, as having been given in exchange, we may raise the number of our net increase of ministers to 32 over against the 188 churches which lengthen our list.

In an article entitled "Our Future Ministers," which appeared in the March number of *The Church at Home and Abroad*, by one of our most careful statisticians, we read: "For the past five years this increase (of ministers) has been seventy per annum, and the figures indicate a degree of steadiness and regularity which justifies the anticipation of a like continuous increase in the future. It is a fact, however, that just two-thirds of this increase has come through accessions from foreign bodies, over and above the number annually dismissed to such bodies. Apart from such accessions our net annual gain would hardly be thirty-five, while the number of our churches has been increasing during the same period at an annual rate of 136. Even with such accessions from without, the roll of our ministry is not keeping pace with the roll of our churches; and should this source of supply be checked, the disparity consequent would be alarming. No fact in our denominational life is more worthy of attention than this." This is very true.

Again the number of students graduated from our six largest theological seminaries is as follows: Princeton, 57; Union, 53; McCormick, 34; Western, 15; Auburn, 14; Lane, 19; total, 192. This is an advance of 37 upon the number reported last year. Of course, not all of these can be counted on as belonging to our body, or as intending immediate service. Making a deduction of a possible 14 on these scores, there will remain 177 graduates, not enough to supply even the strong vacant churches that are now searching for pastors, to say nothing of the new churches that were organized this year, and the mission fields that lie beyond.

These facts set forth the situation so far as it is indicated in our statistical tables and catalogues. Plainly enough we must have more ministers educated out of our own churches and institutions, if we are to cultivate properly our own already fenced fields and gather in our harvests. At a crisis when the churches are waking up to the great dangers which are threatening our nation's welfare from the vast combinations of the evil-minded and the vicious, and from the massing of alien elements in our cities, and when earnest men are stirring themselves up to meet these dangers with renewed energy, we are taken at a sad disadvantage when we find ourselves compelled to look in vain for the leaders that shall conduct us in the conflict. Many and strong therefore are the motives which should urge us to labor more assiduously than ever to call out and train young men for the ministry.

### THE PROSPECT.

As the result of the state of things above set forth, and to provide for the reduction of the debt, two things will be necessary, of which it will be proper to forewarn the churches. One is the further reduction of the scholarships already reduced to a scrimping rate. What effect this will have on several of our candidates who find it hard to support themselves on what they have, can be readily seen. Some will be obliged to suspend study, and go to earning money. Some may be discouraged from continuing in

their course of preparation. Others may be debarred from attempting to enter upon such a course. On the other hand, a number of those in the advanced stages at our theological seminaries perhaps will not feel it so much.

Another measure will be to decline acceptance of more than a limited number of recommendations. Earlier than we did last year we shall be obliged to close the doors and exclude a still larger number of those whom Presbyteries may deem called to the sacred office. This may try the patience of some of our good brethren. But what else can be done when we have not the means to dispense? When some of our strongest Synods are drawing from the Board twice as much as they give, where shall we get the money to supply the candidates of the weaker ones? The Board is helpless in this particular. It can give only from what it has, not from what it has not.

### A THREATENED NECESSITY.

In consequence of the paucity of ministers in the West there has been a growing desire in some of our Presbyteries that young men who seem to have gifts for preaching, and have had some experience in Church work, but who are too old to enter on a full course of study, should be assisted in taking a partial course. There is no other way, it is said, of meeting the demand, and keeping alive the churches that have been planted. Every year, we are told, is showing more and more conclusively that of liberally educated men it is impossible to obtain a sufficient number to labor in our mission fields, and that much valuable work can be done by men who are neither scholars nor college graduates. Such available talent, it is claimed, ought to be utilized, if we would not fall behind in duty. Moreover it is asked, whether it would not be better to raise such partially educated men in our own institutions in accordance with our standards, than to receive them from other sources, as we are now constantly doing, at the request of churches who are inviting into their pulpits whomsoever they can find capable of ministering unto them satisfactorily. The pressure is one difficult to resist. The Church will be obliged to yield to it either directly or indirectly, unless stronger efforts are made to fill our ranks with educated men.

### THE OBLIGATION.

From the neglect of so many ministers and churches to do aught towards sustaining the Board, it may be inferred that little or no obligation is felt by them to sustain this cause, that they regard the assistance rendered to candidates in their education for the ministry, as a pure gratuity bestowed on the candidates personally, and in their interest, from which they are free to withhold contributions if they so choose. If this be so, must it not be regarded as a serious mistake? In the important business of providing for its own edification and extension, must not the Church be regarded as acting in its organic entireness, and as much bound to supply ministers to preach the Gospel, as it is to found new churches, and to extend the limits of the Redeemer's Kingdom? Indeed, does not the obligation to do the latter carry with it the obligation to do the former? Can it be expected that the churches severally will raise their own pastors, and so provide for their own edification? Are the churches as a general rule doing this? Or can we expect that in such a calling as the Christian ministry, individuals will be found in sufficient numbers volunteering to qualify for service on their own motion, or at their own expense? It is well known that this is not the case, and never has been the case, nor does our Lord teach us that it will be the case. Rather the ministry as a whole has been from earliest times, and still is, the product of the Church's corporate life, laboring by its combined prayers and efforts to bring it forth and to train it for its own use; and is regarded as forming a common stock from which the individual churches take the liberty of drawing as they will, or as they can, to supply their wants. May not the Board then rightly beg that the General Assembly will press upon those churches that are not doing something towards the development of the ministry their duty in this particular, and urge the motives which should prompt them to discharge it?

### A SUGGESTION.

The suggestion has come to us from a benevolent young man whose sympathies have been aroused in behalf of the applicants for aid who are desirous of fitting themselves for the ministry, but who have been shut out, that a number of persons, say fifty, unite with him in a pledge to take a scholarship each, to be given at the direction of the Board to such candidates as they may deem best, and thus be providing to preach the Gospel by proxy. Eight persons have already consented to do this. Could the number be multiplied as desired, the problem before the Board would be readily solved.

### CANDIDATES AIDED.

The number of candidates aided has increased from 638 to 696. They are distributed as follows: In the Theological Seminaries, 296; in Colleges, 318; in the Academic and Primary Departments, 82. All those in the last are colored students.

Classified according to race and nationality: 32 are Germans; 4, Bulgarians; 104, Negroes; 1, Indian; 1, Mexican; 1, Corean; 1, Japanese; and 1, Brazilian. The rest are Anglo-Saxons, Scotch and Irish.

In point of scholarship, 195 are marked "High;" 247, "Medium +;" 213, "Medium;" 5, "Low."

Those who completed their studies this spring at the Theological Seminaries, and have been graduated, number as follows: From Princeton, 22; Union, 11; Western, 5; Lane, 14; McCormick, 22; Auburn, 4; San Francisco, 1; German School at Dubuque, 2; German School at Newark, 4; Lincoln University, 3.

The Board has been obliged to drop 3 on account of ill health, and 4 for marked disqualifications in attainments and character; 5 have withdrawn, having found other means of support; 1 lost his scholarship for marrying.

### EDUCATION AMONG THE FREEDMEN.

Inasmuch as it has been found that Rule 2, Section 6, which declares that $50 will be considered sufficient for any colored student in the Preparatory Department, has worked a hardship in Biddle University detrimental to its success, the Board respectfully asks the General Assembly that it be rescinded. It seems advisable that the students in the Preparatory Department in that institution be put on the same footing as those in the higher departments; and the Freedmen's Board requests that it be so done.

All of which is respectfully submitted.

By order of the Board,

D. W. POOR, *Corresponding Secretary.*

## Abstract of the Forty-ninth Annual Report.

The Presbyterian Board of Publication respectfully presents to the General Assembly its Forty-ninth Annual Report, covering the year closing with March 31, 1887.

### REORGANIZATION.

Our minutes, which were submitted to the General Assembly last year, and which were reviewed and reported upon by the Standing Committee of the Assembly, presented a plan of reorganization which had been adopted by the Board, and stated our intention to revise our By-Laws in accordance with the plan adopted. Having received no instructions from the Assembly to change the plan proposed, or to postpone further action, we have made such alterations in our By-Laws as were necessary to carry into execution the plan adopted. In our plan of reorganization, while we have emphasized the necessity of a guiding and controlling headship, we have faithfully endeavored to put no department into a subserviency that might limit its efficiency. It is our desire and purpose to promote the whole work of the Board, by increased effort in every department, and by such unity and harmony of action as can be best attained, as we believe, by giving an executive officer greater responsibility.

### THE PERIODICALS.

The Board reports a greatly increased circulation of its periodicals.

The cash receipts from sales of periodicals for the year were $107,414.27; an increase of $1351.57 over last year.

THE WESTMINSTER TEACHER reaches a constantly increasing number of those for whom it is prepared. It is published in octavo form, forty pages, monthly. One copy per annum sixty cents; school subscriptions, to one address, each copy, fifty cents.

THE WESTMINSTER QUESTION BOOK is a complete manual for the study of the International Bible Lessons of the year, intended for use in Bible classes and the senior classes of the school. It has an immense circulation. Price, $12 per 100, *net*.

THE WESTMINSTER QUARTERLY FOR OLDER SCHOLARS is adapted to use by the more intelligent classes of our Sabbath-schools. It is an octavo of thirty-two pages. Price, $12 for 100 copies, to one address, for one year.

THE WESTMINSTER PRIMARY QUARTERLY.—Prepared by Mrs. G. R. Alden ("Pansy"), and illustrated. School subscriptions, to one address, 100 copies, per year, $8, or eight cents a year for each scholar.

WESTMINSTER LESSON LEAF.—For intermediate scholars. School subscriptions, to one address, 100 copies, per year, $5; 100 for six months, $2.50; or five cents a year for each scholar.

WESTMINSTER PRIMARY LESSONS.—In the same form and at the same rate as the *Westminster Lesson Leaf*.

WESTMINSTER GERMAN LEAF.—At the same rate as the *Westminster Lesson Leaf*.

FORWARD.—An illustrated semi-monthly paper of twelve pages. School subscriptions, to one address, once a month, 100 copies, per year, $15; twice a month, 100 copies, per year, $30.

THE SABBATH-SCHOOL VISITOR.—Illustrated paper of four pages, published twice each month. School subscriptions, to one address, once a month, 100 copies, per year, $10; twice a month, 100 copies, per year, $20.

THE MORNING STAR.—Illustrated semi-monthly. School subscriptions, to one address, once a month, 100 copies, per year, $5; twice a month, 100 copies, per year, $10.

THE SUNBEAM.—The weekly paper for very little people. Large type and fully illustrated. School subscriptions, to one address, 100 copies, per year, $20.

Many of our good people have no idea of what their own Board is doing to aid them in the responsible work of training the young for holy and useful lives and to become helpers in the spread of the blessed Gospel. If they do not see these periodicals, let them send for samples, and so be prepared to give advice intelligently to their Sabbath-school workers.

### RECEIPTS AND SALES.

The receipts into the treasury during the year from all sources were, including balance April 1, 1886, $281,377.17.

The entire expenditures of the year have been $267,269.61.

The balance in the treasury at the end of the year, March 31, 1887, is $14,107.56.

| | |
|---|---|
| The sales for the year in books, . . . . . | $99,222 60 |
| The sales for the year in periodicals,. . . . . | 107,414 27 |
| Total, . . . . . | $206,636 87 |

This aggregate does not agree with the Treasurer's account, because it includes credit sales, while that account exhibits only cash received. Particulars of receipts and expenditures may be found in the Treasurer's Report and statements, further on in this Report.

### THE CHURCH AT HOME AND ABROAD.

At the request of the Committee appointed by the General Assembly, the Board has become the publisher of this new magazine. The relations of the Board to this publication are, however, different from those which it sustains to other periodicals for which it is directly responsible.

The editor of the magazine was selected by the Assembly's Committee, and he works under their general direction, as does also the Board itself, in this particular. The Board is an agent, rather than the principal, in this connection, and assumes no pecuniary responsibility in the matter. The success of the new periodical has been such that a balance of $18,116.58 stands to its credit, towards the expense of the numbers yet to be issued during the year 1887.

### THE MISSIONARY DEPARTMENT.

The missionary work of the year now under review began with a balance of indebtedness amounting to $24,511.42 against the Missionary Fund. Its utterly exhausted condition has not only prevented any enlargement of the work, but imperatively demanded its curtailment. The number of colporteurs in the field has accordingly been reduced—many whom the Board would gladly have retained having been allowed to retire with the expiration of their commissions.

The Missionary Committee has been compelled to restrict the number and value of the grants of its publications. Yet it has endeavored to do all the work it could safely and wisely do without increasing the indebtedness of the Missionary Fund, and has gladly continued during the past year to make grants of its publications to those needing help in every part of our own land as well as in foreign lands.

### PRESSING NEED OF COLPORTAGE.

Fields the most promising and needy have been calling for the labors of our colporteurs, and worthy men have stood ready to enter the service; but their services have been declined because the means for sustaining them have not been furnished.

### CONTRIBUTIONS.

In the progress of the year the contributions from the churches were in advance of those of the preceding year. But one source of income from which the fund has in former years received important aid, viz., legacies, has this year been entirely wanting.

For the Missionary and Sabbath-school work of the Board there was received:

| | | |
|---|---|---|
| From churches, | $33,911 98 | |
| From Sabbath-schools, | 5,483 93 | |
| | | $39,395 91 |
| From individual gifts, | | 2,483 64 |
| From interest on invested funds, | | 4,507 25 |
| | | $46,386 80 |

Had the Board received the $75,000 recommended by the last Assembly, it would have *no indebtedness* to report to this Assembly, and would be in a position to enlarge its beneficent work.

### INTEREST IN MISSIONARY WORK.

A gratifying feature of the work during the year is the growing interest of ministers and people in the missionary work of the Board. During the year a special appeal for help was issued by the Missionary Committee to the churches, through the Publication Committees of the various Presbyteries, and the responses were most cheering and encouraging.

### DEMAND FOR OUR LITERATURE.

There is a growing desire among pastors and others to use the literature of our Church. It is one of the most encouraging features of the work. Never have there been more urgent and more worthy applications for the issues of the Board. We are in daily receipt of letters begging for tracts, papers, etc.

### WORK DONE.

Notwithstanding the incubus of financial embarrassment, good work has been wrought through this instrumentality. The Board has now in the field 17 colporteurs, but has had at work during the whole or portions of the year, 51 colporteurs, who have labored in 21 Synods and 63 Presbyteries. These have distributed by sale 22,941 volumes; while 33,166 volumes (making a total of 56,107 volumes) and 3,984,419 pages of tracts and periodicals have been gratuitously distributed by them and the Missionary Committee, acting through large numbers of voluntary, unpaid and uncommissioned laborers. There have also been distributed during the year, from the "Missionary Bible Fund," 2612 Bibles and Testaments, valued at $655.67. Our commissioned colporteurs have visited 55,252 families, having religious conversation and prayer with them whenever circumstances permitted, with the reading of the Scriptures and the offering of the consolation, admonition and instruction needed by the several cases. They also report having held 1746 prayer meetings and other religious services. They have also visited and encouraged 1308 Sabbath-schools, and have organized 59 new schools in places before wholly destitute.

### SABBATH-SCHOOL CONTRIBUTIONS.

The General Assembly of 1883 declared that in its judgment Sabbath-schools should "always and especially remember the Sabbath-school mis-

sionary work of the Board of Publication" in their contributions. Though this suggestion has been repeated by following Assemblies, it remains a fact that comparatively few of our Sabbath-schools help the Board in this branch of its work. Will not pastors and Sabbath-school superintendents and teachers instruct their pupils in our work, and show them its importance and needs? Large sums of money are raised every year by our Sabbath-schools, and with some effort a greater proportion might, we think, be turned into the treasuries of our own Church Boards.

### THE ANNUAL COLLECTION.

The *first Sabbath in May* has been designated by former General Assemblies as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. Pastors and stated supplies are earnestly requested on that day to present this important object to their congregations and solicit their liberal aid. It is specially requested that every minister, when about to take a collection for this cause, shall state that the Board sustains its publishing and bookselling department wholly by its sales, and that *all contributions of churches and individuals* are put into the Missionary Fund, and are used exclusively in carrying forward the Board's missionary and Sabbath-school work.

### CONTRIBUTING CHURCHES.

During the past year 2674 churches and Sabbath-schools have contributed to the Board's Missionary Fund. If each church and school which has given nothing would send next year even a small contribution, it would enable the Board not only to pay off the present missionary indebtedness, but also to make a large advance in its benevolent work.

## SABBATH-SCHOOL WORK.

Rev. James A. Worden, D.D., presents the following Report of his labors and plans during the past year:

### THE IDENTITY OF THE SABBATH-SCHOOL AND THE CHURCH.

During the year closing there has been steady progress in the recognition of the principle that the Sabbath-school is, in fact, a Church service; that it should be one with the Church in the persons composing it. All in the Church should be in the Sabbath-school, either as teachers or scholars, and all in the Sabbath-school should be in the Church.

Nine years ago comparatively few Sabbath-schools were controlled and supervised by the Sessions of the churches. In the year just closing, yielding to the repeated injunctions of the General Assembly, well nigh all the schools are gladly submitting to the affectionate and authoritative control of their Sessions.

### THE SABBATH-SCHOOL WORK OF PRESBYTERIES.

Nine years ago not over twenty-five of our Presbyteries had any organized system of supervising, stimulating and directing the Sabbath-school work of their churches. During the year past all our Presbyteries have had Standing Committees on this work. Many of our Presbyteries also have organized their officers and teachers into Presbyterial Sabbath-school Associations.

### SABBATH-SCHOOL STATISTICS.

A few years ago our great Church had no statistics of its Sabbath-schools. There was not so much as a statistical blank for these schools' beyond one space in the church blank for the total number of Sabbath-school members. We have now as complete and accurate a system of Sabbath-school statistics as can be found in any Church.

### ATTENDANCE OF SABBATH SCHOLARS AT CHURCH.

From the start the Secretary has labored to prevent the Sabbath-school from becoming a substitute for the preaching service of the Church. He has put forth persistent efforts to bring into the worship of the sanctuary every scholar in our schools. In multitudes of our churches there has been an increased attendance of children and youth at the preaching service.

### TRUE RELATION BETWEEN THE SABBATH-SCHOOL AND THE HOME.

For nine years—and especially during the year past—the Secretary has aimed to prevent the Sabbath-school from becoming a substitute for parental training. In almost every address at conventions, institutes, normal classes and smaller gatherings, he has emphasized the superiority and prior claim of the Christian home as a school of Christ. It must be admitted that there is need of exertion in this direction. Last year we received reports that assure us that in numberless instances the Sabbath-school is an auxiliary to home training, providing it with an admirable system of lessons to be taught by fathers and mothers.

### PREPARATION OF SABBATH-SCHOOL TEACHERS.

For another year the Secretary has gone forward on the principle that the workers ought to be apt to teach, ought to study to approve themselves unto God workmen that need not be ashamed, handling aright the word of truth. After the vital need of our schools for the Spirit of God, the most important necessity is better teachers. We have perseveringly endeavored to point out and to reach methods for the supply of this necessity. Three principal methods have been followed, viz:

### CONVENTIONS AND INSTITUTES.

These meetings in the interest of improved teaching and management of our Sabbath-schools, have been held in connection with a large majority of our Synods and Presbyteries. During this year the Secretary has devoted time and labor, to this method of elevating the standard of teaching and improving the teachers, attending conventions and institutes or Sabbath-school gatherings in fifteen States and Territories. More than mere mention in a list should be made of the cordial reception given to the Secretary on the Pacific coast. Although his visit was necessarily made in June and July—the vacation months—yet the conventions enumerated above were not only attended by large numbers, but were characterized by a healthful enthusiasm.

The Secretary received in September, 1886, a cordial invitation from the Sabbath-school Committee of the Synod of North Carolina, of the Southern Presbyterian Church, to attend and address that body upon the subject of Sabbath-school work. By authority of the Board that invitation was accepted. He spent Tuesday and Wednesday, October 5 and 6, with the Synod at Concord, North Carolina. His reception by the ministers and elders of that venerable Synod of the Southern Church was most fraternal.

### THE BIBLE CORRESPONDENCE SCHOOL.

The defect of conventions and institutes as schools for teacher training is that they last only for two or three days. In addition to thorough knowledge of the Scriptures the teacher needs drill and practice in the principles and methods of teaching. Such Bible study and teaching are furnished in the Bible Correspondence School. The past year—November, 1886, to April,

1887—has been its fourth and its most successful year. It had 9000 members, and these 9000 have studied God's Word with great earnestness.

There has come a demand for instruction in the doctrines of the Presbyterian Church from hundreds of members of the Bible Correspondence School. To meet this demand the Secretary has organized the "Theological Summer School." The text-book for the first term was prepared by the late Rev. Dr. A. A. Hodge. It is entitled "The System of Theology contained in the Westminster Shorter Catechism, Part I." Five hundred members studied this last year. The text-book for the next term, beginning May 1, 1887, is already stereotyped. It is written by Rev. J. Aspinwall Hodge, D.D., who continues the work on the Shorter Catechism begun by Dr. A. A. Hodge.

### GRADED SABBATH-SCHOOLS.

In many quarters there is a desire to render the work of Bible teaching more thorough and systematic. This desire has led many to ask for a system of grading our schools. The Sabbath-school Committee and Secretary have for nearly two years carefully studied this subject, have corresponded with many of our pastors and superintendents, and have formulated a "Plan of Graded Supplemental Lessons for Presbyterian Sabbath-schools," which covers a course of fifteen years. This has been reported to the Board, and the entire subject is now under examination by the Board itself.

### CHILDREN'S DAY.

The yearly festival of our Sabbath-schools was celebrated Sabbath, June 13, 1886, as never before. The day was observed with "bairns' hymns," Scripture readings, addresses by the pastors and others, and other appropriate services, by no fewer than 1000 Sabbath-schools. Over 70,000 of the "Order of Worship" prepared for that day were used. The Sabbath-schools contributed on the occasion to the Missionary Department of this Board over $3000.

### THEOLOGICAL SEMINARIES AND SABBATH-SCHOOL WORK.

At the notable convention held by the Presbytery of Cincinnati, February 22–24, 1887, a paper was read upon the above subject by Rev. Dr. W. H. Roberts, in which it was urged that our theological seminaries should furnish for pastors men who are qualified by knowledge of the English Bible, and of the principles and methods of teaching, and of the true nature and relations of this work, to lead their Bible teachers in Sabbath-schools. The Professors of Pastoral Theology in all our seminaries are giving this subject attention in their training of our coming ministers. The Secretary, by invitation of the professors, last year lectured on this subject in Princeton and in Lane Theological Seminaries.

### SPIRITUAL RESULTS OF OUR SABBATH-SCHOOL WORK.

During the year which closed April 1, 1886, our reports show that more than 20,000 young people have been brought through our Sabbath-schools, in connection with faithful parental and pastoral influence, into the full communion of the Church. From these and others added during other years, in the days of their youth, will arise our future ministers, elders, missionaries, Sabbath-school teachers, our workers in all Christian toil. Let us devoutly render praise to our heavenly Father and to the Lord Jesus Christ for these 20,000 seals set upon our labors.

### ABSTRACT OF THE SEVENTEENTH ANNUAL REPORT.

With grateful acknowledgment of the continued blessing of God, the Board of the Church Erection Fund respectfully presents its Seventeenth Annual Report, as follows:

The opening of the year was rendered memorable by the death of the Rev. Henry R. Wilson, D.D., for sixteen years the efficient and beloved Corresponding Secretary of the Board.

The following minute, adopted by the Board at its regular meeting in July, expresses, so far as possible, its appreciation of the character and distinguished services of its departed Secretary:

"The Board record with deep respect and affectionate sorrow the death of our late Corresponding Secretary, the Rev. Henry R. Wilson, D.D., whose prolonged life of varied and continued and far-reaching usefulness was closed on June 8, 1886.

"An unusual length of days and a rare variety of honorable positions in the Church of Christ, at home and on the foreign missionary field, have made him widely known in the Presbyterian Church.

"Of this Board he has been the Corresponding Secretary ever since the reunion in 1870, commanding our confidence and winning our esteem and fraternal regard by his unwavering fidelity, his unquestioned integrity, his unvarying diligence, his unselfish devotion to the duties of his office, and to the important cause entrusted to him and the Board.

"With the weight of many years pressing upon him, with distressful disease sapping his vitality, and amid a pressure of cares, hard to be borne, he continued resolutely at his post until the latest possible moment. Dying, he has left us the memory of a life given to the Kingdom of the Lord, and of his estimate of the greatness of the work in which he was engaged; and he has gone out from the cares of this life of trial and conflict, of accomplishment and victory, won by constant struggle and helpful grace, into the restful service of the Life above."

Upon the 21st of June, the Rev. Erskine N. White, D.D., who had been for ten years a member of the Board, was elected Corresponding Secretary, and upon the first of July he entered upon the duties of the office.

In one respect the past year marks an epoch in the history of the Board.

It has witnessed the actual inauguration of the Manse work which has been for several years in prospect. The results already vindicate the wisdom of the Assembly in thus enlarging the sphere of the Board and prove the value of the liberal benefactions that made such new departure possible.

From these general aspects of the work we turn to its details.

## I. DEMANDS.

Formal applications for aid, approved by Presbyteries or Presbyterial Committees, have reached us from two hundred and twenty-six churches, nearly one-quarter of which have been with reference to manses. In addition, the informal and irregular requests for assistance have been, as usual, very numerous, and indicate that many congregations are preparing to build in the early future, and will soon be ready to make formal application for aid.

In the aggregate, application has been made for nearly $130,000—an amount, as will be seen, far exceeding the contributions of the churches.

## II. RESOURCES.

Aside from the Manse Fund, which is administered as distinct from the supplementary fund, the income of the Board has been derived from the following sources; which, on account of occasional misapprehensions, it is thought well this year to explain in detail:

1. *The Unappropriated Balance of the Supplementary Fund at the Opening of the Year.*—This consists of a cash balance ($12,515.88), and a small amount invested ($6233.35), together, $18,749.73.

This balance does not indicate an excess of funds. Its explanation is very simple. Many of the most liberal contributions are regularly made at the very close of the year, in fact reaching the office after the final appropriations have been made. Although received in time to be entered upon the books of the closing year, they practically form a part of the income of the opening year. The appropriations of the first few months exhaust this balance, and then the treasury is for a time liable to be largely overdrawn.

2. *The Contributions of the Churches.*—These have aggregated $53,714.59, an advance of $7318.13 beyond the corresponding receipts of the previous year, and yet falling far below the sum named by the last Assembly, as demanded by the interests of the work.

Yet, that there should be an advance is encouraging, and is indicative, as the Board permits itself to hope, of a growing sympathy with the trials, needs, and brave struggles of our young and weak congregations.

3. *Individual Contributions.*—These have reached $2356.21; $1571.08 more than during the previous year. These individual contributions, we think, would be largely increased, if adequate information in regard to the vital necessity of this work to the growth of our Church could be brought to the notice of Christian men and women whom God has blessed with abundant means and consecrated hearts.

4. *The Interest Accruing from the Permanent and Supplementary Funds.*—From this source, $9191.27 was received. In this connection it should be explained, that the greater part of the supplementary fund which is on hand, and which is invested, consists simply of money set aside to pay appropriations that have been made, but which have not yet been called for. As soon as an appropriation is made, its amount is transferred from our available funds, to our appropriated balance, and for two years, if not sooner paid, awaits the call of the church to which it has been assigned. Thus, no church is in danger of losing the amount of its grant because subsequent receipts have fallen off. This appropriated balance in the supplementary fund, which is thus held in trust for those to whom it has been promised, is sometimes misunderstood, as if it indicated an accumulated balance beyond the needs of the work; whereas, as a matter of fact, it simply indicates appropriations made and awaiting payment.

5. *Legacies.*—These have amounted to $1862.39, a falling off from the previous year of $7131.19.

6. *Receipts from the Sale of Church Buildings.*—During the past year, the receipts from this source have been $3631.69.

7. *Appropriations Returned by Churches.*—From time to time a church that has been prospered in temporal things, returns to the treasury of the Board, as a voluntary thank offering, the appropriation that, in its days of weakness, ensured its life and growth. Such receipts, always especially grateful and encouraging to the Board, were $537.

8. *Receipts from Insurance.*—Making good loss by fire. The amount, last year, was $1024.52.

9. *Special Contributions for Designated Objects.*—These gifts, which simply pass through our treasury on their way to their destination, amounted to $8503.72.

Such, in detail, are the ordinary sources of income, and, omitting the balance at the opening of the year, which is offset by the balance at the close, the receipts aggregate $80.821.39. To this, however, may be added this year an extraordinary item—the premium upon certain bonds which it was thought wise to sell. This increases the receipts by $3258.75, making them $84,080.14. Adding now the balance at the opening of the year ($18,749.73), we have a total of $102,829.87, which sum, less the necessary expenses of administration, represents the ability of the Board to extend aid in this department of its work. If, however, the entire sum had been appropriated, the Board would commence the opening year with an absolutely empty treasury, and with debt staring it in the face. As it is, the balance is materially reduced.

### III. THE WORK ACCOMPLISHED.

1. *Houses of Worship.*—Appropriations have been made, during the year, to the building of 160 churches and chapels; 17 more than last year. If, to this number, we add those to which special donations have been sent through the Board, the whole number aided reaches 186. The amount thus appropriated was $86,741.38, or nearly $20,000 in excess of the year before. No appropriation has exceeded $1000, and very few so large as $800 have been made. The average amount was very nearly $490. Two things are apparent: first, that the aid has been extended to the truly feeble churches, and for the construction of very modest and inexpensive buildings; and, secondly, that the appropriations have outrun the receipts. The Board has received, even including the premiums from the sale of bonds, $2661.24 less than it has appropriated, to say nothing of expenses, and did not a certain percentage of these grants remain uncalled for, the Board would soon be hopelessly in debt.

Looking at actual disbursements, it will be seen from the Treasurer's account, that, including expenses of administration, $13,263.65 more has been paid than has been received. Evidently, therefore, there is need of a decided and immediate advance in the amount of the contributions to the Board, or it will be obliged to curtail appropriations and bitterly disappoint the churches that are confidently depending upon its aid.

2. *Manses.*—As the first in which this branch of its work has assumed prominence, this year has been one of special interest to the Board. It has been called upon to administer a special fund, which is limited in amount, and for the increase of which no adequate provision has been made.

The object for which this fund was established is of the highest importance. The many inquiries that have reached the office, and the eagerness with which the churches have availed themselves of the benefits offered, have proved the pressing need of such aid, and in many instances reveal in striking manner the patience and devotion as well as the deprivation of ministers and their families bravely holding the distant out-posts, although at times compelled almost literally to live like soldiers in tents, or to bivouac upon the field.

During this first year of the work, appropriations have been made for forty-seven manses, the aggregate amount voted being $17,575, or an average of nearly $375 to each church. All of this sum, with the exception of $2700, has been loaned with the expectation that it will be returned.

Against the $26,297 in this fund at the opening of the year, there remains

unappropriated at the close of the year but $9767.12, an amount that will doubtless be exhausted long before the close of the present year.

It is therefore evident that unless the fund is speedily replenished we shall soon be entirely dependent for our ability to aid manse building upon the return of the loans already made. But even upon the assumption that all loans will be punctually repaid, we shall receive within the year returns only to the amount of about $2000. Manifestly then this fund must be enlarged or the work must be rapidly curtailed. On the other hand if from $25,000 to $30,000 could be added to the sum already secured, then under the rule permitting only loans, the manse work might be considered as permanently endowed. The fund, without further additions, would be sufficient to carry on the work in perpetuity, at least upon the scale attained the present year.

The full amount of the appropriations for churches and manses was $104,316.38.

### IV. ATTENDANT BUSINESS.

In addition to the receipt and disbursement of the annual contributions of the churches, the Board has the charge of several branches of important business necessarily attendant upon its main work. With these, many details are connected, which comprise no small proportion of the work of the office, and very materially increase the necessary expenses of administration.

1. *Insurance.*—During the past year insurance has been effected upon all the churches and manses aided, to the number of 207, and existing policies to about the same number have been renewed.

Only seven instances of loss by fire have occurred, and all have been paid; the aggregate amount recovered being $1524.52.

The number of policies now in force is over 2000, and the aggregate value insured is more than $1,200,000. This constantly increasing bulk of insurance steadily augments the responsibility of the Board, and every year increases the business that must be transacted at the office.

2. *Mortgages.*—Every year furnishes new proof of the wisdom of securing by mortgage the funds entrusted to the Board for distribution. During the past year there have been fourteen instances in which funds given many years ago have been returned to the Board, in consequence of its lien upon the property of a church that has been dissolved, or that has changed its ecclesiastical connection.

3. *Architectural Designs.*—As in former years, so in this, the Board has endeavored to aid the churches in their choice of plans, and, in a number of instances, it has furnished, at a nominal price, the detailed drawings and the specifications necessary in building.

ABSTRACT OF THE THIRTY-SECOND ANNUAL REPORT.

The number upon the roll to whom remittances were sent upon the recommendation of Presbyteries, during the year from April 1, 1886, to April 1, 1887, was 532: that is, ministers, 220; widows of ministers, 284; orphan families, 28. The number of families provided for during the year at the Ministers' House, Perth Amboy, N. J., was 30; making upon the roll of the Board during the past year a total of 562 families. The number of persons who share in the appropriations made by the Board to these 562 families may be estimated at about 2000.

The Presbyterial recommendations in their behalf came from 148 Presbyteries. All of the home Synods are represented upon our roll except the recently erected Synod of North Dakota. The Presbytery of West Africa recommends three families; and whilst there are no recommendations from other Presbyteries in the Missionary Synods, it should be stated that a number of returned missionaries are receiving aid from the Board, upon the recommendation of the Presbyteries with which they are now connected at home. Some of these have not abandoned the hope of being permitted, with restored health, to resume their labors in the foreign field.

We have on our roll many who have given their best years to missionary work abroad, or under our Home Missionary Board in this country or in the Freedmen's Board. And not only *ministers*. The Report to the General Assembly of 1885 of its Standing Committee upon Ministerial Relief, Rev. Edward Cooper, D.D., Chairman, contained the following recommendation:

"It is also recommended that female missionaries who are neither widows nor daughters of ministers, and therefore not under the rules of the Board for granting appropriations, be included among its beneficiaries. Every year brings new laborers into the mission work of the Church from the ranks of highly cultured and consecrated young women, who have access to the millions of their sex heretofore beyond the reach of preacher and teacher. These accessions, responsive to the missionary spirit of women's missionary labors, and in answer to strong cries for the rescue of millions of their sisters from the woes of heathen life, are entitled to this recognition."

And the Assembly endorsed this recommendation of its Committee by passing unanimously the following resolution:

"That women who have given themselves to the missionary work be placed on the roll for the benefactions of this Board upon the same conditions as ministers."

The Church should not overlook the fact that many of these faithful missionaries, though no longer enrolled in either of our missionary Boards, are still rendering service to the great and sacred cause to which their lives were devoted. A secular paper recently received at this office contains in full a sermon preached by an aged minister, now upon our roll, whose infirmities have caused his withdrawal from active work in the home missionary field. It is an earnest and forcible plea for home missions, of which he speaks from the fullness of his own experience. Frequent letters to the office from these aged men upon our roll—who are no longer able to sustain the labors of the pastorate, or, at least, who seem to be no longer wanted by the churches in this position—show not only that the desire to be useful in their sacred calling is unabated, but many of them report an amount of work actually done that shows an abundant fruit-bearing in old

age. Surely the provision afforded by the Church, through this Board, for the comfort of their declining years should not be regarded merely as a grateful appreciation of faithful services in past years on missionary fields, or of labors often as arduous and self-denying in the pastorate at home!

### WITHDRAWALS FROM THE ROLL.

During the year twenty families have withdrawn from the roll, a change in pecuniary circumstances or restored health rendering further aid from the Board no longer necessary. Twenty-eight persons have died, being heads of families; that is, twenty-one ministers and seven widows.

### ADDITIONS TO THE ROLL.

But the number of those whose names no longer appear upon the roll of the Board is largely exceeded by the number of new applicants. These have been eighty-eight during the year; that is, fifty-one ministers, thirty-three widows, and four orphan families. Most of these ministers are laid aside from the active duties of their sacred calling by the infirmities of old age; and the letters from the Chairmen, enclosing the recommendations of the Presbyteries, bear testimony to the high character and the faithful, self-denying work done by these veterans of the cross. Last year, including the families at Perth Amboy, we had only 507 upon our roll; but, notwithstanding this large increase of fifty-five families to be provided for, the liberality of God's people has enabled the Board to pay in full all the appropriations asked for by the Presbyteries, to provide all needful comforts for the aged and the invalids at the Ministers' House, and to report to the Assembly a good working balance with which to begin the new year. For this we rejoice and thank God.

But it would be a painful result of this large balance, which will all be needed before the summer months are over, if it should induce, on the part of the friends of this sacred cause, any relaxation of effort on its behalf during the coming year. We enter the new year with an addition of nearly sixty families to our roll; and the same unwearied and zealous work that secured the enlarged contributions of last year must not be relaxed if the Board is to continue to pay in full the appropriations that will be recommended by the Presbyteries. And can the Church be satisfied with the present low scale of appropriations? The maximum during the past year was $300; the average appropriation to each family upon the roll being less than $200.

### THE MINISTERS' HOUSE AT PERTH AMBOY, N. J.

The number of guests at the Ministers' House has been larger than in any previous year. There have been upon the roll during the year, thirty families—in all, thirty-six persons. Of these, fifteen are ministers, one of whom is in his ninety-fourth year, another in his ninety-first. Two deaths have occurred during the year—making six since the House was opened four years ago.

Several ministers, broken down under the pressure of pastoral work, have sought temporarily the quiet and rest afforded by the House, and they refer gratefully to this retreat where, free from care and expense, the overtasked mind and body found relief and they were again fitted for work.

The Board refers the Assembly to what has been said, in previous Reports, upon the general subject of the House—but the question asked in the Report of last year is repeated: Ought not this Home to be endowed? The entire expense is defrayed out of the annual collections from the churches, every dollar of which is needed for remittances sent to the hundreds of destitute families upon our roll. A Home for Baptist ministers has just been opened near Philadelphia, with an endowment of nearly $300,000.00, the bequest of a member of the Baptist Church in Germantown, Pa. The Home for Aged Ministers, to which Mrs. John C. Mercer bequeathed $100,000.00 and a most valuable property in Montgomery county, Pa., has also been opened during the past year. Is there not some Presbyterian whom

God has blessed with wealth, and also with a heart to honor His ministry and to sympathize with His poor, who will endow this Home at Perth Amboy for the disabled and aged ministers of our own beloved Church? What nobler memorial before the Lord could be reared, in the coming centennial year, by any Presbyterian?

### RECEIPTS FOR CURRENT USE.

The whole amount received for current use during the fiscal year from April 1, 1886, to April 1, 1887, was $136,323.58—an increase of nearly sixteen thousand dollars over the year previous. The sources from which this income was derived, and the amounts, were as follows, with a corresponding table for the previous year:

| | 1886-7. | 1885-6. |
|---|---|---|
| (1.) Contributions from the Churches, . . | $96,769 10 | $80,582 69 |
| (2.) " " Individuals, . | 22,061 17 | 21,048 57 |
| (3.) Interest from Permanent Fund, . . | 16,378 18 | 17,820 53 |
| (4.) " " Deposits in bank, . . | 309 30 | 333 03 |
| (5.) Miscellaneous Receipts, . . . . | 805 83 | 652 37 |
| Total, . . . . . | $136,323 58 | $120,437 19 |

To the amount of contributions in money ($118,830.27) must be added the value of the boxes of clothing ($10,051.27) sent by the ladies who have this year doubled even their generous gift of last year.

### THE PERMANENT FUND.

The Board calls the attention of the Assembly to the fact, seen from this comparative statement, that the income from the Permanent Fund has fallen off $1441.83 in the year just closed, although the fund itself has risen by donations and legacies from $350,645.15, as reported last year, to $365,538.08 as given this year in the Treasurer's statement, an increase of nearly $15,000. This falling off (it is scarcely necessary to say) is due to the fact that loans made years ago are now maturing, and must be reinvested at a much lower rate of interest. This readjustment of loans from our Permanent Fund at a lower rate of interest, as they mature, is likely to continue for some years, so that it will require very large additions to this fund to make the receipts from it even stationary. During the past year there was added to it the sum of $14,892.93; but of this amount, $4000 was given on condition that the Board pay the donors an annuity during their lives, making, for the present, these gifts a charge upon the Board rather than any increase of its revenue. Other sums have been received by the Board upon like conditions in previous years, and the whole amount of such annuities now paid is $1228.22.

The creation of this Permanent Fund, of which the interest only is used, was urged upon the churches by the General Assembly from the first organization of its relief agency in either branch of our Church. In the Assembly that met in Pittsburgh, 1849, when the plan "for the support of the widows and families of deceased ministers and for the relief of superannuated and disabled living ministers" was first organized, and the Presbyteries were enjoined "to take such action as may secure a contribution annually" from all the churches, it was

*Resolved*, That in order to the founding of a Permanent Fund for this same object, special contributions and legacies be invited from all parts of the Church, the principal of which shall be invested by the Board of Trustees of the General Assembly, and the interest be added to the general fund provided for in the foregoing resolution.

The other branch of the Church in 1864 adopted the Report of a Committee, appointed in 1861, which recommended a Ministerial Relief Fund upon the plan of annual collections in all the churches for current expenses, and standing requests for special contributions and legacies towards the creation of a Permanent Fund; and in the next Assembly (1865), when the first report of the Relief Agency was made, it was

*Resolved*, That the Presbyteries earnestly request the churches under

their care to make annual collections for the fund, and that they encourage also bequests and donations toward the foundation of a Permanent Fund for this object.

This action in both branches of our Church looking to the establishment of a Permanent Fund, the interest of which should supplement the annual collections in the churches, has been repeatedly reaffirmed and emphasized by subsequent Assemblies.

One more deliverance upon this subject, still more emphatic, may be quoted. One of the Assemblies, meeting in St. Louis in 1866,

*Resolved*, That this Assembly, impressed with the desirableness and importance of increasing as rapidly as possible the Permanent Fund for this branch of the Church's benefactions, does hereby renew its earnest solicitation of donations and legacies, small as well as large, to this fund, not only from the wealthy, but also from those in more moderate circumstances. And it would urge all our ministers and elders and private members to exert their influence, and employ their efforts by every laudable means in their power, to secure such donations and legacies.

At the first General Assembly of the re-united Church, held in Philadelphia, 1871, the Report of the Standing Committee upon Ministerial Relief, in referring to the additions made to the Permanent Fund during the year, says: "Of the first importance is it that this sum should be greatly enlarged and held as a pledge on the part of the Church that the provisions made for its disabled servants or their dependent ones should be put, beyond a peradventure, beyond the fluctuations of annual contributions." The General Assembly, in accepting and adopting the Report,

*Resolved*, That all suitable means be employed to increase the funds of this cause both for current use and for permanent endowment.

While it could not be regarded other than a calamity to the Presbyterian Church if, by any endowment, it were wholly separated from the annual care of those who in such a tender and sacred sense are its wards, there would seem to have been little, if any, dissent from these emphatic and repeated deliverances of the Assembly—from the very first origin of its Plan of Relief—as to the desirableness and importance of a "greatly enlarged" Permanent Fund to secure the appropriation for these sick and aged servants of the Church against "the fluctuations of annual contributions."

## INDIVIDUAL GIFTS TO THE TREASURY.

In the comparative statement of the receipts for current expenses during the last two years, given above, there will be noticed a slight increase this year ($1012.60) in gifts sent to the treasury by individuals. Several of these gifts were in large sums—one was a check for $5000; several were for $500. There were twenty-nine of $100 each. The Church will honor, and the recipients of this bounty will hold in grateful remembrance, these generous donors; and surely the blessing of the Master must rest upon those men and women who, having the means, have also the heart to give such substantial evidence of their respect for the sacred office of the ministry, and of their generous sympathy with those who are worn out in its service. But among the gifts during the past year there were others, smaller in amount, but precious in the sight of the Master, who yet sits over against His treasury. Many of the letters enclosing these remittances have a peculiar and touching interest.

And letters, as in former years, have come from missionaries in their far-off fields, full of tender sympathy with their suffering brethren at home, and enclosing sums of money from their own small incomes.

## CHURCH COLLECTIONS.

But the most gratifying feature of this increase in our contributions the past year is the enlarged collections in the churches, showing an increased interest in this sacred cause by pastors and elders. The Board has been specially gratified to note the increasing number of brethren who send to the office for circulars of information, not only for their own use in preparing sermons on the subject, but for general distribution among the

people. The result is seen in the gratifying advance of $16,186.41 made in the annual collections for Ministerial Relief; and the advanced position taken during the past year by many congregations in the amount of their contributions to this Board is likely to be held in coming years.

### CONTRIBUTIONS FROM SABBATH-SCHOOLS.

These also have largely increased during the year, showing that superintendents and teachers have shared in the awakened interest throughout the Church in behalf of its wards. These contributions will be found appended to the Treasurer's acknowledgment of collections from the churches.

### THE ELDERS.

The elders have rendered great assistance to the pastors in securing this advance in the church collections. During the sessions of the General Assembly last year at Minneapolis the Elder-Commissioners devoted two of their morning meetings to the consideration of the subject of Ministerial Relief; and the suggestion in one of their resolutions as to the selection by each Session of one elder to assist the pastor in presenting the cause to the people, was embodied in a resolution presented to the General Assembly by its Standing Committee on Ministerial Relief, and unanimously adopted by the Assembly, viz:

*Resolved*, That the ministers of the Presbyterian Church be instructed to present the cause of Ministerial Relief in a sermon to their respective churches on the first Sabbath of September in each year, or as soon thereafter as practicable, and to take a collection for the purposes of this Board. And the Assembly recommends that each Session select an elder to assist his pastor in presenting the cause to the people on that occasion.

This plan has been tried in many churches and has been found to work admirably. Not only has it largely increased the collections for the Board wherever it has been tried, but it has greatly relieved the pastor who has had laid upon him hitherto the burden of all the Boards in addition to his laborious pulpit and pastoral duties. In all the Boards of our Church, efficient service may be and often is rendered by the Session, but the reason why the elders "have felt a special call" to aid the Board of Relief, was well and forcibly expressed in the address unanimously adopted by the Elder-Commissioners, at their meeting, during the sessions of the General Assembly, held at Cincinnati, 1885.

In addition to the efforts made by the elders to enlarge the collections in their own churches, much service has been rendered to the cause by the interest aroused and information circulated through the Elders' Associations which have been formed in various Presbyteries throughout the country. A report of these elders' meetings held at Chicago and Baltimore is appended to the Report.

With all these encouragements the Board enters hopefully for another year upon the sacred work entrusted to it by the Assembly, of caring for the sick and aged ministers of our Church, and the destitute families of those who have died.

Respectfully submitted, on behalf of the Board,

WILLIAM C. CATTELL, *Corresponding Secretary.*

## ABSTRACT OF TWENTY-SECOND ANNUAL REPORT.

### THE FUNDS.

We were so unfortunate as to enter upon the ecclesiastical year which has just closed with a debt of $6200.81. Our indebtedness, owing to the expenditure of large sums for indispensable outlay on buildings, is increased, but then we have the proceeds to show for it, and all our missionaries and teachers have been paid to April 1. Our receipts have been $115,203.83 from sources set forth in the Treasurer's Report.

The amount paid for the support of their own churches by the colored people during the year was $18,682.31, an advance of $1390.98. This is greatly to their credit when we take into account the poor crops in parts of the South occupied by our Board. By deducting the $18,682.31 reported to the Board as paid by the Freedmen churches in part support of the ministers from $115,203.83, accounted for by the Treasurer, there remains $96,521.52, which passed through the treasury as the contribution of the Presbyterian Church to the work among the Freedmen; or if we add to this the three sums mentioned above as actually given and expended, although not reported to the Treasurer in time, amounting to $3093.84, we have $99,615.36 as the sum given by the whole Church, through the Board, to this department of Christian work.

Last year our income after deducting the $17,291.33 given by the Freedmen churches was $96,627.19. This year there has been actually received from all sources, after deducting what the Freedmen gave, $99,615.36, an advance of $2988.17. But the advance is really over $8000 in the contributions of the living, as the previous year we received over $3000 more from legacies and $5000 from one who had given that sum annually for years, but who died before making her contribution for 1886–7.

### THE WORK OF THE WOMEN.

It is with feelings of special gratitude to God that we call attention to the success of the Freedmen's Department, organized in connection with the Women's Executive Committee. The object of this department was to awaken an interest in the minds of the women of the Church for the Freed-women and girls of the South, and it has succeeded beyond our expectations. The women of the Church have responded nobly.

During the first six months of its existence $3010.58 came to the Board from the women of the Church through the Treasurer of the Women's Executive Committee of Home Missions; the second year, $7966.83; the last year, $17,075.03, showing an increase over last year of $9108.20. Add to this $5000, sent to the Treasurer at Pittsburgh, the women of the Church have given to our work this year over $22,000.

### OUR COLLEGES AND SCHOOLS.

BIDDLE UNIVERSITY, REV. W. F. JOHNSON, D.D., *President.*—The University is located at Charlotte, N. C., and receives its name in memory of the late Major Henry J. Biddle, of Philadelphia, whose widow, Mrs. Mary D. Biddle, has been one of the first and most liberal supporters. It is chartered by the Legislature of the State, and under the auspices of the Presbyterian Board of Missions for Freedmen.

The object of the institution is the education of colored teachers and preachers.

Of the 133 students reported for the past year, 100 are professors of religion, fifty-eight studying for the Gospel ministry, and eleven serve as catechists; fifty have taught part of the year, enrolling 3250 pupils; and thirty-nine of these, while teaching, have superintended Sabbath-schools, enrolling 3123.

SCOTIA SEMINARY, REV. D. J. SATTERFIELD, *President.*—Scotia Seminary is located at Concord, Cabarrus county, N. C. Its design, as expressed in its charter, is "to educate colored girls in religion, and in the arts and sciences usually taught in seminaries of a high order; and in those domestic duties which belong to the highest type of wife, mother and teacher."

The Seminary now reports 210 pupils, of whom 175 are professors of religion; seventeen have taught part of the year.

WALLINGFORD ACADEMY, REV. THOMAS A. GROVE, *Principal.*—This institution is located in Charleston, South Carolina. It reports, as enrolled during the past year, 670 pupils. Paid by pupils for tuition, $500.96.

BRAINERD INSTITUTE, NORMAL AND INDUSTRIAL, REV. S. LOOMIS, *Principal.*—Brainerd Institute, numbering 346 pupils, is located in Chester, an important and growing railroad centre in Upper South Carolina, a town of about 2000 inhabitants, the whole county embracing 25,000, of whom 16,000 are colored.

FAIRFIELD INSTITUTE, Winnsboro, S. C., REV. WILLARD RICHARDSON, *Principal.*—This school reports 350 pupils enrolled, 180 professors of religion, and thirty studying for the Gospel ministry.

MARY ALLEN SEMINARY, Crockett, Texas, REV. JOHN B. SMITH, *President.*—This is a new boarding-school for colored girls, opened in January, 1886, at Crockett, Houston county, Texas, which is located in what is known as the "Black Belt" of Texas.

In the State of Texas there are 196,380 Negro women, of whom 140,285 are illiterate. Moved by the deplorable condition of so vast a number of ignorant and helpless women, and also by the evident promise of this great and progressive State, and the importance of Christianizing its rapidly increasing Negro population, and believing that the Christian education of Negro girls by means of such a school, goes to the very heart of the Negro problem, the Board has founded this Seminary. It is our only enterprise in this great State. The citizens of the town have donated a beautiful plot of ten acres of ground for a building site. Upon this has been erected a beautiful and commodious house, 107 x 45 feet, four stories high, which is designed to be the main building for Mary Allen Seminary. This building, largely the result of the contributions of the women of the Church, will be ready for occupation soon.

The Seminary is on the Mt. Holyoke plan, and the girls are taught practical housekeeping—cooking, dressmaking, millinery, and other useful arts.

### NEEDS.

1. Contributions to the Building Fund in large or small amounts. These should be made promptly, in order to repay money borrowed to hasten the erection of the building. Five thousand dollars is needed for this purpose. The names of all societies, Sabbath-schools, Sabbath-school classes, and individuals, contributing to this fund, will be enrolled and preserved in the library of the Seminary.
2. Scholarships, $45 per year, which pays the expenses of a girl, including board, washing, lights, and fuel for a year.
3. Furnishing Fund—$40 will furnish a room.
4. Bedding, girls' clothes, remnants of calico, muslin, needles, thread, etc., for sewing classes.
5. Charts, maps, globes, and books and papers for library.

STATISTICS FROM THESE.

The six institutions just referred to have each sent up statements for the past year, which combined give the following:

| | |
|---|---|
| Whole number of students enrolled, | 1800 |
| Number of these professors of religion, | 599 |
| Number of these in the Presbyterian Church, | 336 |
| Whole number studying for the Gospel ministry, | 103 |
| Number of these that are Presbyterians, | 90 |
| Number who have acted as catechists, | 14 |
| Taught school part of the year, | 119 |
| Whole number of pupils in all their schools, about, | 6766 |
| Number who superintended Sabbath-schools while teaching, | 79 |
| Whole number of scholars in these Sabbath-schools, | 4544 |

In considering the figures of these tables, it should be remembered that those pertaining to students for the Gospel ministry, catechists, and superintendents of Sabbath-schools, came from but four of the six institutions named, as Scotia Seminary and Mary Allen Seminary are for girls only.

Submitted to the General Assembly at Omaha, Neb., May 19, 1887.

## Abstract of Fourth Annual Report.

The income of the Board's general treasury has steadily increased year by year. In 1883–4 it was $14,912.11; in 1884–5, $21,049.12; although in consequence of the credit which the Board gave, in those first years, for "special" gifts passed through its treasury to outside institutions, both of those amounts overstate the Board's actual income. In 1885–6, the Board's third year, such outside "specials" being no longer credited as income, the exact receipts of the general treasury were $29,855.50. The increase of that year, however, was due very largely to the kindness of individuals, who, when the Board was threatened with a debt, met the emergency with very liberal gifts. Accordingly, nearly one-quarter of the general income of 1885–6, namely, $7143.73, was credited as "personal." The churches and Sabbath-schools gave $22,711,77.

The year just closed, the fourth of the Board's work, presents a marked increase in the contributions of the churches and Sabbath-schools. They have given $27,880.70—an advance of $5168.93 upon their gifts of last year. Individuals have sent to our general treasury $1757.51. A legacy of $43.10 has been received; making the total receipts for 1886–7, $29,681.31.

So far supplied with means, the Board has, this year, accomplished a work far more satisfactory than it has reported hitherto. The narrow escape which, a year ago, it had made from debt induced double caution in its subsequent votes of appropriation. It promised, not what it considered the institutions to need, and, by virtue of the liberal local outlay made upon them, to deserve of the denomination, but what it believed its income would enable it to pay. And, to complete its precaution against a deficit at the year's end, it made *absolute* promise of only sixty-five per cent of the face of its appropriations. The last thirty-five per cent was promised only on condition that the churches should supply the means. Promise in this same form was made to all institutions; and thus a very considerable departure was this year made from the principle upon which the Board had hitherto acted, namely, of making to some institutions that were believed to be most needy, absolute pledge of the amounts appropriated; while to others the entire promise was made conditional upon such balance as might remain to be proportionately divided among them. The only exception was made in behalf of one community, that of Jamestown, Dak., which was stimulated to make a definite addition of $5000 to its building fund, by the Board's definite offer of $1000 toward the current expenses of the first college year. In this way a neighborhood subscription of $10,000 was increased to $15,000—three-quarters of the cost of the proposed college building.

The income of the year, as above described, has enabled the Board to pay that single appropriation in full, and on the remaining appropriations to pay eighty-three and a half per cent.

How substantial a service the Church has done for herself by this moderate outlay, will most clearly appear if the institutions upon which it has been made be distributed into three groups.

The *first* will consist of such Presbyterian colleges and academies as were already organized and at work when the Board came into existence, but to whose need of aid the Board has responded.

The *second* group, presented in the second statistical table, consists of three institutions which cannot be said to owe their origin to the Board, since they were projected before the Board was organized; but their work of teaching has been begun and carried on in dependence on the Board's aid; which they have steadily declared to be indispensable to their success.

The *third* group, presented in the third statistical table, consists of colleges and academies which owe their existence, as Presbyterian institutions, to the coöperation, moral, advisory, and financial, of this Board with the several Synods, Presbyteries and communities that have established them.

These three groups include all the institutions to which appropriations have been made for the past year. Some others have been aided in former years; but present statistics can be given only of those colleges and academies with which the Board has present relations.

Any wise and good man who studies the meaning and drift of the figures that have been given, will see that by means of this Board our Church has already made an impression on the history of the West, which, like the early results at Cambridge, New Haven, and Princeton, may be expected to last as long as the soil. One can, by a stretch of fancy, conceive of the possibility of distributing again to the several donors the money that has been put into the colleges and academies at Deer Lodge, Emporia, Longmont, Geneseo, Corning, Wichita, and the other new points upon which the Board has entered; and so of blotting out these vigorous contributions toward the Christian education of the West. Any patriot and believer would so soon think of cutting off his right hand as of putting it to such a task.

It will be interesting to make direct comparison between the totals of this year's tables and of last year's. Last year's total of property was $902,280; this year's is $1,030,460. The property reported as having been added in a twelvemonth was, last year, $76,656; this year it is $80,542. Last year's total of students was 2281; this year's is 2950. Last year, 767 students were studying the classics; this year, 1014. Last year reported 846 church members among the students; this year, 1259. The next comparison is very noticeable: Last year's reports gave the total in "systematic Bible study" as 1127; this year's returns more than double that number—2267. The conversions which are believed to have occurred this year are 209, against 143 of last year; and the returns of students having the ministry in view show some increase—139 in place of 130.

The breadth and vigor of this general advance cannot but impress every reader that has at heart the cause of Christ and of our country.

### BENEFACTORS.

During the past year the following gifts to the property of special institutions have been made by individuals through the Board's treasury: To Macalester College, by Rev. Walter Condict, $25; to Greeneville and Tusculum College, Tennessee, by estate of C. H. McCormick, $1500; to the Presbyterian College of the Southwest, at Del Norte, Colo., by the same estate, $3000; to Galesville University, Wisconsin, by W. H., New York, $4000; total, $8525.

Effectual help to the Board's general treasury has been given by Mrs. Jane F. Willard, of Auburn, N.Y.; Mr. Elliott F. Shepard and Mr. John Taylor Johnston, New York; Rev. Stephen Torrey, Honesdale, Pa., and by others to the amount of $1757.51.

The gross amount of their direct receipts reported by the institutions is $15,073.35; of which $14,271.45 was given by individuals.

The aggregate of these three forms of individual giving for the year is $24,553.96. It falls short of the similar aggregate of last year by more than $17,000. A partial explanation of this difference was offered at the beginning of this Report, in the fact that a large part of the individual giving of the last year was due to the special danger of debt, which was kindly averted by special and large donations. The further fact of so general and earnest an appeal to Presbyterian givers, as the emergencies of some other Boards have this year required, will further explain it. We confidently believe that the showing now made, both of our actual work and results, and of its outlook and motives, will bring to this cause a steady increase of personal help.

### TOTAL OUTLAY OF CHURCHES AND INDIVIDUALS UPON THE BOARD'S WORK OF 1886–7.

By adding to the income of the Board's treasury, which is $38,206.31, the total of the direct donations reported by the institutions, which, as just stated, is $15,083.35, we reach the total of the year's outlay upon the work of the Board, so far as the means of exact statement are in our hands. It is $53,279.66.

It is very manifest, however, that the statement of individual benefactions, as it has been received from the several institutions, is far from complete; for while their detailed returns of direct donations aggregate but a little over $15,000, as has just been stated, their returns of "Increase of Property" during the same period—namely from April 30, 1886, to the same date, 1887—aggregate over $80,000.

No just estimate can be made of the interest which this cause is awakening among considerate donors in our Church, unless this last-named statement be allowed to supplement the former.

### THE OUTLOOK.

This record of a work so substantially advanced, only makes plainer the demand for further work. Montana, Utah, Oregon and New Mexico have one Presbyterian school apiece. In Wyoming, Idaho, Nevada, California and Arizona, we have not a single school, though from California some approaches have been made to the Board. Into all these regions population is pouring with great rapidity. That American Christians ought to arrange for raising up from within all these populations their own Christian leadership, stands for an axiom in a Church like ours. Unless, at fitting centres through all these immense spaces, there shall be, at no remote day, schools that shall mould young souls to the best pattern of Christian learning and purpose, the Christian part of the nation will suffer terribly for that neglect. The census of 1880, as sifted by Dr. Dorchester, made a fearful showing of the minute percentage of the evangelical Christian element then present in these regions, ranging down from about five per cent in California to less than the sixth part of one per cent in Arizona and New Mexico.

### THE PLAIN SOLUTION.

But there is a most hopeful side of this vast problem; and the experience of this Board has made it suddenly manifest. Migrating Presbyterians are found to carry with them both a zeal for Christian schools and the thrift by which zeal is effectual. Thus far every dollar of school help that the Church has pushed forward into the new regions has evoked about ten dollars of local property in which to begin the school work. There is no reason for expecting that local zeal to fail. Upon that spreading zeal the Church can safely count, if she will only allow the zeal to count upon the Church.

The experience of this Board enables it to speak with some confidence of three conditions, the observance of which upon the part of our donomination will hold entirely within her power the progressive planting and establishment of all the colleges and academies that our Church can require.

### FIRST CONDITION OF SUCCESS.

The Church must insist upon her right of deciding, through her Board, at what points her new institutions shall be located; what their grade shall be; and to what extent, and in what quarters, their appeal for denominational help shall legitimately be made. If every locality that wants a Presbyterian school shall be entitled to start one, to fix its quality, and thereupon, as a Presbyterian institution, to send out its appeal, by circular or agent, to any quarter of our Church, the old-time evils of inflated ventures, local competitions, and ruinous waste will be perpetuated, and an organized and solid denominational work cannot be done. During the past

year one of the Board's institutions, whose establishment as an academy it had favored, has declared that its sense of obligation to the pledges which were given by it to its earliest abettors required it, in independence of the judgment of the Board and of its Synod, to take the grade of a college. And this, by summary act of its own, it did. The perfect American right to such independence, on the part of the institutions and of their helpers, cannot be doubted. But the question which this Board is appointed to solve is that of the wisest, fairest and strongest denominational work. Such a work appears to presuppose an agency which the Church will trust to select the locality, and to decide the grade of the new schools which are entitled to denominational help.

### SECOND CONDITION OF SUCCESS.

This overseeing Board must have the means of making its judgment respectable. A Board that votes help, and does not give it, as this Board did, in some cases, a year ago, cannot make its vote of law very weighty when its vote of money is so light. In this regard the year just closed, that has made so large and equable a payment upon all appropriations, has set the Board forward before the whole West upon a vantage ground from which the Church should not suffer it to retire; especially since this position is so easy to maintain. We believe that no other movement, by means of the united gifts of our denomination, has ever effected so much that is visible, valuable, and enduring by so inconsiderable an endeavor. In the Board's first year, it had the coöperation of only 480 churches; in the second year, of 1330; in the third, of 1529, and in the last, which we are now exalting for its exceptional success, of 1761. And the total income, out of which this success has accrued, has been $29,638.21. Now let the remaining churches—and if not literally every one of them, at least so many of them as are accustomed to take large and loyal views of our denominational duty to our country and the world—just add their reasonable yearly contribution to this organized, thrifty and successful work, and this Board will at once develop into such a power of stimulus and guidance, that every community in which a Presbyterian school ought to be, will respond to it as the fields do to the presence of spring.

### MISAPPREHENSIONS CORRECTED.

But in order to do this, some misapprehensions on the part of the churches' which the Board has for two years been correcting, with only partial success, will require to be clearly recognized. It must be understood that no church coöperates with the Board of Aid for Colleges and Academies, except in so far as it helps that Board to fulfill its engagements. What is given by any church to any academy or a college, irrespective of any promise of this Board, may be well given, and may serve the general cause of Presbyterian education. But the Board, in order to its efficient service of the Church, must be able to make its own word good; and no contribution adds to that ability unless it gives backing to the Board's own word. Such sums, accordingly, as have been sent to our Treasurer, with directions from the contributing churches, that they be transmitted to one or another institution to which the Board has made no promise, have been transmitted according to the directions given; but the churches have not been reported to the Assembly as contributing to the Board's treasury. They have contributed to it nothing. This reasonable view of this matter has been very fully stated in some of our former Reports, and appears to have met the approval of the Assembly. It has probably escaped the notice of those ecclesiastical bodies which have expressly encouraged the churches under their care to apply the collections which they were to take "for the Board of Aid" to their own local institutions, which sustained no relations to the Board. We hope that the Assembly will so far regard the needs of the distinctive work which we are appointed to do, as to advise all the churches to count the collections which are taken in the name of the Board, sacred to the uses of the Board, as determined by its own votes.

In some other cases, canvassers bearing the Board's certificate, and in form bound by the Board's restrictions, have accepted, for their special objects, the Church collections which in their commission had been expressly reserved for the treasury of the Board. To this they have no doubt been encouraged, in some degree, by the very natural preference which a Session and pastor may have felt for disposing of the solicitor's application by a summary collection, rather than by an allowed canvass of the congregation. In some instances, as we know, the collection has been turned over to the canvasser, by the spontaneous good-will of a Session that remembered his cause after his departure. The instinctive feeling of givers that they may do "what they will with their own," has perhaps made them ready to respond to the plea of the canvasser whom they have seen, and to overlook the stipulations which have been made with him by the absent Board. We trust, however, that the necessities of this large and organized work, as we are now setting them forth, will suggest to all the churches the wisdom of concurring with the Board in the maintenance of its rules. Any canvasser, at the East, for a western institution should be required to show the Board's certificate, defining his field. If it seems to any pastor or Session undesirable that a canvasser thus commissioned should make solicitation among their people, it is their unquestionable right to discourage his attempt; and neither he nor his institution nor the Board would demur. But to compound such discouragement of a canvass by giving to the canvasser the Board's collection, is to weaken, to that extent, our whole organic work.

We dare to hope, then, that from this time forward the churches which, nominally and in general purpose, are committed to the support of this work, will see to it that their gifts actually come into our own channel; and that the churches that have not coöperated with the Board, but recognize its claims, will add their yearly aid. In their estimate of all other duties to Christ's kingdom, the large-minded men and churches of all denominations follow the double rule of Far and Near. The outlay on the Church at home does not release from duty to the churches on the frontier and in other lands. What is given and done for the Sabbath-school of the congregation, or even for the mission school, does not lessen, but deepen, interest in the great Sabbath-school work of the nation. And no measure of liberality in behalf of a local Christian college will long appear to any competent community to include its whole duty toward this denominational and national cause of establishing seats of Christian learning over all the land.

These two conditions, then, being met—namely, of authority in the Board to define the location and the grade of the new Presbyterian schools, and of competency in the Board's treasury to follow up its judgment with efficient current aid—there remains a

### THIRD CONDITION OF SUCCESS.

It is the discriminating aid, by able individuals, of special institutions.

The history of the well-established colleges of the East is a history of individual munificence. And the notable facts of that history are steadily growing in bulk and number. Herein lies a promise of the greatest value both to East and West; the promise, that is, that venerable institutions, already foremost in the regard of the nation, will be better and better furnished for that leadership in Christian learning to which Providence has manifestly appointed them. None too much money is likely to go into any Christian college or university at the East.

### THE OLD AND THE NEW "HAVE NEED" OF EACH OTHER.

But that is the most telling teaching that makes teachers. And if Christian wealth provides for teaching at the centre, and not for the secondary teaching at the circumference, it disparages its own achievement, just as the heart would be disparaged by the lack of arteries. Our western schools are the arteries of the eastern, and in behalf of a body that needs all the healthy blood it can get.

To make a planting of puny Church schools and colleges among the schools and colleges of the State is to defeat, from the start, the whole attempt. Some good men, indeed, are persuaded that, in comparison with the schools that have their roots in the public treasury, these voluntary creations must of necessity be so puny that they cannot thrive. If that be so, the whole scheme of our Church, as represented by this Board, is at fault, and no more labor or money ought to be wasted upon it. But the voluntary creations are not puny. They are not puny at the East; there is no reason why they should be puny at the West. In a land like this, the people of God can do for His cause any financial thing which they are persuaded His cause requires; and Christian schools, as many as are needed, can be built up by the intent and steadfast duty of generations to a consideration and influence, in every way worthy of the Church that employs them. For the present, any single man or woman whom God has entrusted with means, can put any one of our young schools into an attitude of competency which a commonwealth cannot disparage; especially because it can be understood on all hands that what is done is meant for a beginning that is sure to grow. Such benefactors will be seen to be providing for the populous and strong communities of another generation some such inheritance as this generation has had in its Princeton, Hamilton, Lafayette, and others. But the heritage itself will now, as then, have cost liberal giving. Even Princeton, that now, to the gratification of all, draws her ample resources from the wealth close about her, had early needs that looked as far as Great Britain for supply. The remote response entered into her life, and lies ingrained at the heart of her sturdy trunk. To-day our newer schools are having just such needs; and if American and Presbyterian wealth would supply them, it would be hard to think of a work that promises greater satisfaction, more lasting honor, or wider results.

In order, however, that this whole work may maintain that just balance which will serve the equal advantage of all the schools, it is proper to expect that gifts of this sort be made after advising with the Board, and be made through its channels.

### GIVERS WILL RAISE UP TEACHERS.

One final consideration pleads very earnestly with thoughtful donors for their liberal coöperation with our work. The Christian teacher who deserves the name, is not an accident or a makeshift, but a development, as characteristic, and as costly of purpose and definite labor as the best disciplined lawyer or preacher. This work aims at nothing less than conversion; and the enlisting of the converted talent, informed with Christian truth, in some mode of life-long service to Christ. To this end, the Board exalts the Bible as a subject of formal school study, and counts no teacher, to whose support it contributes, excusable for omitting his wisest and most constant effort to make the school a drill of Christ's young soldiers. Such a work demands a class of agents, whose development to needful excellence and in needful numbers, recent conditions have not favored. In all those schools which have truly set Christ foremost, Providence and grace, from the beginning till now, have been developing such teachers into notable power and honor. But the secular schools, which shape the prevailing ideal of a teacher's work, even when they admit Christian ministers to their chairs, make no call for teachers of this type; for they give them no scope. But now, when schools and colleges, which are pledged to exalt the Lord Jesus Christ in all their work, are set up in such numbers as are shown in this Report, so that the map of our country begins to be dotted with them, it is high time that the very style of enthusiasm that sends some men to the heathen and some to Home Missions, should fire some with the purpose of this distinctive work of Christian teaching—of pouring into the American men and women of the coming generation a learning that shall be alive with piety. God will raise up such men, in adequate number, if those servants of God, who by the consecrated use of their means can alone ensure them their future field, make it plain that the way is open and that their field is ready. Good men who, giving their money to-day, lift up the widening platform of this magnificent work in

the sight of the Church and the nation, can create for distinctively Christian teaching that eminent place among the professions to which it must come, before this movement of our Church can attain to its appointed power. Those who put means into this cause, put men into it. A mere Board, making its stated showings of needs not met, and of appropriations partly paid, may spend a decade without advancing such an enterprise to the efficiency, financial, educational, and spiritual, which could be ensured to it in a year, if twenty men of means, one for an institution, would furnish each of them for its present work.

This cause will early find such helpers. It finds them now, in old friends, who repeat their generous deeds, and in new. At this moment, while this Report is preparing, there comes to Galesville, where self-denying men have been brought by their long struggle to the beginnings of despair, one man's decisive succor. The like will come, and with less delay, to other and younger institutions. For it is not possible that Christian wealth should have been lodged by God in such amount so near to the sources of a nation like this, and should yet be withheld from a use which, like the prophet's salt, would promise to heal the "spring of the waters," and make the stream of our history a tide of salvation for men and of glory to God.

Respectfully submitted, by order of the Board,

H. D. GANSE, *Corresponding Secretary.*

## IX. SPECIAL COMMITTEE ON SYSTEMATIC BENEFICENCE.*

### Abstract of the Eighth Annual Report.

The Report now respectfully presented to the Assembly is the eighth in the life of the Committee; the third under its present organization, and the first under its changed name of "Special" instead of "Permanent." Your Committee has been bereft during the past year in the withdrawal from the Presbyterian Church of one of its ministerial members, the Rev. Rollo Ogden; also in the death of two others, the Rev. I. Williams Cochran, and the Rev. Anson Smyth, D.D., for two years a member of this Committee, and for some time previously, our Acting Secretary. His efficient services and his personal relations to the members of our Committee, claim our warmest acknowledgments, and emphasize our loss. Mr. Cochran was Chairman of this Committee at its inception in 1879 for two busy and devoted years, and ever since, has been one of its most competent, beloved and trustworthy members. No man could have held this cause more closely to his heart for Christ's sake. It is believed that Mr. Cochran's early, continuous, self-sacrificing labors in its interest did much to break his health and hasten his departure. In every relation of family life, of the pastorate, of friendship, and of ecclesiastical efficiency, his memory is fragrant and blessed. These dear brethren "rest from their labors and their works do follow them."

Your Committee have received much encouragement during the year in the increasing readiness of our pastors, elders and Church judicatories to coöperate heartily in the important work to which the Assembly has appointed us. Information is spreading. Prejudices are slowly vanishing. There is less affectionate adherence to old ruts, when a better track is evident. The clearer understanding of God's Word, and the duties built upon it in the line of benevolent giving, are reaching many minds that had been careless. Principle, system and worship in beneficence, give practical results so far superior to those of spasm and haphazard and "begging," that the only prescription necessary for unbelievers has been the old Gospel challenge, "Come and see."

The adoption last year of the new Chapter vi in our Directory for Worship, entitled, "The Worship of God by Offerings," has largely aided us, as we anticipated, in the efforts we have had in hand. The flexibility and varied advantages of the system of weekly giving there commended, are

* For names of members of the Committee, see Minutes, p. 122.

pressing it upon the mind of the Church with frequent adoption. In every case known to us thus far, the hearty employment of the policy suggested, has produced pronounced and often unexpected success. Instances are accumulating so fast, that we find it impracticable to specialize within the proper limits of our Report. Single churches, adopting the modes recommended by your Committee, in place of old desultory methods, have stood out at once beyond other churches of their Presbytery. In some cases they doubled their contributions of all kinds, and trebled their offerings for strictly benevolent purposes, and this often to their great surprise. Not one complaint of disappointment or failure has reached us—somewhat to our regret, it may seem strange to say. But we are anxious to ferret out any possible failures of effort in this direction, that we may gain enlarged experience as to exceptional reasons for difficulty. Thus far, taking the advice of our last Report, only those pastors and churches appear to have adopted the new methods who believed in them; and using them intelligently, with spiritual purpose, have succeeded, as they invariably will succeed.

Our efforts to thoroughly organize the judicatories of the Church for coöperation in the work of your Committee have been almost entirely successful. Only four of our Presbyteries now lack efficient Committees on Beneficence in communication with us.

We find that the cause we represent is taking root in the foreign field, among our missionary churches. Even with converted heathen, as with us, the grace of benevolence is discovered to be one of the normal fruits of the Spirit of God. Earnest and approving words reach us from our missionary brethren, even so far away as Pekin, in China. Hereafter the publications of this Committee should be sent as regularly to our workers in foreign lands, as to those at home. The culture of mission converts in giving needs clearer recognition as a most essential feature of their Christian life.

Our work is noticed, and the advanced position of our denomination approvingly recognized, by our brethren in Canada, in England, Scotland and Ireland, and by the Congregational Church of Great Britain. The correspondence alone of this Committee is assuming such proportions that hard-working pastors and busy elders can not long be trusted to give time for its adequate conduct. More than a thousand letters were received and answered from the Cleveland headquarters during the past year. Any Committee constituted like this one can hardly hope to meet the increasing demands upon it except by the proposed adoption of a system of time-saving circulars, which may largely gain the purpose of personal response to inquiries. We have also mailed to applicants, during the year, more than 25,000 of our publications, especially Documents 16 and 19, second edition, including a new tract by one of the elders of our Committee (Doc. 20), being a Scriptural argument for the "Worship of God by Offerings."

In obedience to the Assembly's endorsement of our recommendations, Presbyteries and individual churches have instituted most helpful and quickening conferences or conventions to consider the subject of "Systematic Beneficence." One of the most thorough of these conferences was arranged by the Committee on Systematic Beneficence of the Presbytery of Baltimore, in December last. It affords an admirable model for others of a similar sort. Morning, afternoon and evening sessions were held, of a practical and popular character, with delegates from each congregation in the Presbytery. The power and blessing of such an institution upon the churches concerned could hardly be overestimated.

1. We should be glad to have the Assembly recommend that some time during each year services should be held in all our Presbyteries and churches at convenient periods, when pastors might call to their aid elders and lay members, who could testify out of their own knowledge and experience to the benefits and blessings of systematic, principled giving for the Lord. Surely the piety of our Church and the Christian Church at large sadly needs revival as to the Scriptural grace of liberality. The claim to give for God, "Every man as he is able, according to the blessing of the Lord thy God which he hath given thee," must hold as fully under the Gospel's light as it ever held under the shadow of the law. Our modern immense providential openings amazingly increase to-day's Christian obligation that we send God's "liberty enlightening the world." No sound reason can be

stated why adequate giving for Christ, is not just as truly binding on his disciples as adequate praise or prayer. Yet one street car fare per week is more than the average giving beyond themselves of all the Evangelical Christians in America. Our gross disbursements seem large, but considering our abilities, the talk of beneficence, systematic or otherwise, seems well nigh absurd, when we see our great rich Church giving at the rate per member of eight mills and a half per day for all our Boards, and only one cent and two mills a day for all benevolences put together. When we know how largely some are giving, we are confident that multitudes are giving nothing whatever. To rally these multitudes for any regular beneficence would be to organize a victory. The tide is rising slowly; fifteen cents per member annually higher in 1886 than in 1885. But how much higher must we see it before the water marks of God's fair demand upon us shall be reached?

2. It is becoming quite common now among our Presbyteries for the Committees on Beneficence to publish annual tables showing the gifts of their churches, and comparing them with previous years, for distribution among the congregations. Some of these reports are models of careful preparation. They serve an admirable purpose in the line of stimulus and information. We trust that the Assembly will approve this practice.

3. The system of individual pledges or subscriptions either to the general beneficences of the Church or to the work of any special Board is cordially approved by our Committee, and we ask that the recommendation of the Assembly be earnestly given in its favor. Paid either in the weekly offerings of the Lord's day or at longer intervals, as engagement should be made, it is far superior in principle and practice to any mode of sporadic contribution. Temporary enthusiasm, to be roused at every fresh solicitation, is poor basis for the steady, continuous work whereby Christ's kingdom must be promoted in this world. Our Presbyterian women have made all their remarkable, steady advance in Christian giving on this principle. Systematic methods, based on intelligent conviction, not dependent on brief, immediate appeals, must be our pilots out from the maze of irregular, fluctuating, scanty, anxiously uncertain finance. We learn from many churches and Presbyteries that the plea for a ten per cent advance, urged upon them by the last Assembly, has been helpful in affording a definite aim for their striving. Many have largely exceeded the mark, in their effort to reach it.

4. We recommend that the Assembly request the weekly papers of our Church to keep in their columns a standing notice of their readiness to receive contributions for any of the Boards, and statedly forward them to the proper treasurers. Your Committee has been trying an experiment, by the courtesy of one of our papers, which convinces us that such action would be of decided value. Twelve hundred dollars were received by that paper in about six months. We deem at least $500 of this amount to have been clear gain to the Boards. A large portion of the contributions came from Christians living where there is no Presbyterian Church, but who have not lost their love for our Church and its recognized agencies. Other gifts were from pastorless churches, and others still from congregations where no collections for the Boards are taken.

It has been a happy arrangement of the Assembly that the Treasurer of the Home Mission Board should receive and distribute according to the Assembly's adopted schedule, any undesignated contributions sent to him for the different Boards. Last year he distributed in this way about a hundred thousand dollars.

5. We beg the Assembly to discourage, by every means in its power, that lamentable combination so often attempted in our churches, between giving for church support and for our Boards; where the two objects are joined in the same offering, and pure benevolence secures only the meagre surplus, after local and more selfish needs, taking the lion's share, are fully satisfied.

It is part of the duty of your Committee to tabulate the contributions to our Boards during the past year.

TOTAL RECEIPTS OF THE BOARDS.

| | 1886. | 1887. | Increase. | Decrease. |
|---|---|---|---|---|
| Home Missions | $643,965 | $626,889 | | $17,076 |
| Foreign Missions | 745,164 | 784,157 | $38,993 | |

| Relief Fund | 120,437 | 136,323 | 15,886 | |

| Sustentation | 15,614 | 13,198 | | 2,416 |

| Total | $1,927,203 | $1,915,978 | $56,164 | $67,388 |

Here appears a net decrease of $11,224. Except in Church Erection, the heaviest falling off has occurred where the heaviest load of debt was lifted in 1886. Yet if we exclude the special amounts given for the debt, Home Missions would show an advance of $89,250 in receipts for current work. This year and the last have been paying for past deficiencies.

The Foreign Mission Board and the Relief Fund have severally enjoyed a considerable net increase.

RECEIPTS FROM CHURCHES AND INDIVIDUALS.

| | 1886. | 1887. | Increase. | Decrease. |
|---|---|---|---|---|
| Home Missions | $477,418 | $520,591 | $43,173 | |
| Foreign Missions | 633,975 | 680,887 | 46,912 | |

| Total | $1,546,355 | $1,641,815 | $122,856 | $27,395 |

Here is a gratifying increase of $95,461 at the very point where the regular benefactions of the Church can best be judged. If we separated in our table the gifts of churches, Women's Societies and Sabbath-schools from the gifts of individuals, it would be more clearly shown that the fluctuating element in our calculation is the individual—not the organized, regular agencies of the Church.

The Board of Church Erection has adopted this year a new basis for report of receipts—stating only the amount actually at its disposal during the year—and comparison has been made on that basis.

Although the Board of Aid for Colleges reports decreased receipts, the deficiency has been entirely in individual gifts—the churches alone gave more than $5205 in excess of last year.

Here we have reached the first time for years when every Board has enjoyed a gain in the number of its contributing churches—fifteen hundred and seventy-nine in all.

This advance is remarkably encouraging since it is most evident in the attention paid to the smaller Boards. The discriminations against them are being reduced. More of our churches are remembering all the agencies for whose support we are pledged. The evidence of an advance in systematic giving is clear. A broad view of the statistics of this year will show a remarkably encouraging situation, when the temporary exhaustion often caused by exceptional debt-raising efforts is considered. It is to be devoutly hoped that such a struggle may become forever unnecessary. Not at all by reduction of the progressive work demanded from our Boards, but by the abundant liberality of our Church at large.

We submit the following additional requests for the action of the Assembly:

6. That the plan of weekly, worshipful offering, as God hath prospered—commended in the newly-adopted chapter of our Directory of Worship—be urged upon the earnest practical attention of all our ministers and Sessions.

7. That every Presbytery be charged to press towards an adequate beneficence, any of its churches that are manifestly lagging behind their duty and ability; also to encourage every church towards an improvement every year upon its own previous giving.

8. That this Assembly reiterate the instructions of its predecessors to all Synods and Presbyteries within our bounds, that they appoint and maintain active efficient Committees on Beneficence, who shall report to and coöperate with the Assembly's Committee.

9. That last year's ratio of contributions be confirmed by this Assembly, or some other equitable ratio established between the Boards, for the guidance of churches in dividing their undesignated contributions. Also that the same explanation as before be prefixed to the list of months set apart in the Minutes. (Third page of cover.)

10. That every minister be charged to faithfully instruct his people in the duty and grace of liberality for Christ's sake, and in the Scriptural principles of giving; and that he keep them thoroughly informed concerning the work of our Boards, and the demands that such work is making upon every member.

11. That a general circulation of the periodicals and papers of our Church, especially of the new consolidated magazine, be strongly pressed, as an inestimable stimulus to Christian giving.

The usual bill for the necessary expenses of your Committee during the past year, amounting to $470.83, is hereby presented with request for payment.

Respectfully submitted on behalf of the Committee.

### Abstract of the Sixth Annual Report.

Your Committee would respectfully report that, in accordance with the direction of the Assembly, the newly appointed Committee met in Pittsburgh, June 16, 1886, at the call of the Chairman.

Rev. Neville B. C. Comingo was elected Corresponding Secretary, and J. H. Baldwin Recording Secretary, the place of the latter being afterwards taken by Thomas H. Rabe. Rev. James Allison, D.D., kindly consented to act as Treasurer.

After carefully studying the directions of the General Assembly, your Committee adopted the following plan of work, a copy of which was sent to all the Synods and Presbyteries:

#### PLAN OF WORK.

1. That the Synods appoint a Permanent Committee on Temperance, consisting of a Chairman and one member from each of its Presbyteries, whose duty it may be to suggest to the Synods, from time to time, such action as may be deemed advisable, to take a special interest in the cause in their respective Presbyteries, to make an annual report, of the work done in the Presbyteries, to the Synod, and to forward such report to the Assembly's Committee.

2. That the Synods be requested to hold a popular temperance meeting some time during each of their annual meetings.

3. That each Presbytery appoint a Permanent Committee on Temperance, whose duty it may be to suggest to the Presbytery, from time to time, such action as may be deemed advisable, to press the interests of this work on the attention of pastors and Sessions, to send an annual report of the work done within their bounds to the Synodical Committee, and to forward a report of the year's work to the Assembly's Committee on or before April 1st of each year.

4. That each Presbytery be requested to hold a popular temperance meeting annually at one of its stated meetings.

5. That pastors and Sessions be urged to appoint a Committee on Temperance, consisting of persons specially adapted to the work, whose duty it may be to secure such organizations within the bounds of the congregation as may be deemed desirable for the following purposes, to wit: to reform the drinking usages of society, to prevent the formation of drinking habits among the youth and children, to reclaim those who are already fallen, to secure the introduction of temperance literature and instruction into the home and Sabbath-school, temperance sermons and addresses, to coöperate with other churches and temperance societies, to create a public opinion in favor of the enforcement of existing laws against the liquor traffic, and to promote the utter extermination of the traffic in intoxicating liquor as a beverage.

6. That the churches be requested to take up an annual collection in the interest of the Assembly's work.

From this plan it will be seen that the aim of the Committee has been to make use of the tried machinery of Synods, Presbyteries and Sessions to introduce, push and control labors for Christian temperance, and at the same time to give fullest scope for the individual activity.

### PUBLICATIONS.

In the work of promoting this cause the importance of beginning with the young can scarcely be overestimated. With them the habits of life are forming, the appetite for intoxicants is not created, and the future of Church and country is in their hands. With these facts in view your Committee has prepared two publications, of which samples have been sent to all the pastors of the Church, which are meant to be used as aids in temperance teaching in Sabbath-schools.

These are "Christian Temperance," by Rev. W. O. Campbell, D.D., of Sewickley, and a "Temperance Catechism," by Rev. I. N. Hays, D.D., of Allegheny, both dealing with Christian aspects of the temperance question, and both, it is believed, of great value in bringing it before the minds of the young people in our Sabbath-schools in such a way that they can readily grasp its leading principles. These little books are earnestly commended to all Sabbath-school superintendents and teachers.

### REPORTS ON TEMPERANCE.

Your Committee, having endeavored as far as possible to secure reports from all our Presbyteries, has received Narratives from forty-three. Some Presbyterial Committees have shown great diligence in sending out inquiries to every church; others give merely a general view of the field under their charge. The reports in general show that nearly all pastors preach on temperance at least once a year. Some few Presbyteries have a Sabbath fixed as a temperance day, upon which the subject is treated in all churches. Some have held conventions, the results of which in every case have been gratifying. Almost all have some congregations in which the Sabbath-schools are organized as temperance societies, and in many others temperance is made a regular part of the teaching of the school. In this connection especial mention may be made of the fact that in Alaska it is taught in all the schools, and measures are about to be taken to introduce similar instruction in the missionary schools in Siam. The conviction obtains very widely that among the young people of the Church is found the most hopeful and perhaps the most important field for temperance labors.

### PUBLIC SENTIMENT.

In general these reports represent public sentiment as growing stronger in favor of total abstinence for the individual, and prohibition for the State. In most, if not all the Presbyteries, there is a conviction that this question is of vital importance to the welfare of the Church. The evils of drunkenness are felt throughout the length and breadth of our land, and are also encountered as a tremendous obstacle on the foreign field.

With few exceptions the adherents of our Church seem to be taking their part in all efforts for improved legislation looking to the restriction or abolition of the liquor traffic. In nearly all sections they are demanding an opportunity to utter their will in regard to the laws bearing upon it, and the testimony is almost unanimous that present legislation, except where prohibition has been secured, is unsatisfactory. The issue must be met and settled, and no settlement can be final that is not in harmony with the demands of the Christian conscience and the Word of God. While in almost all the States progress is making in restrictive or prohibitory legislation, especial mention may be made of Texas, Tennessee, Oregon and West Virginia, where constitutional amendments prohibiting the manufacture and sale of alcoholic liquors are to be submitted to popular vote. In nineteen States and Territories up to the present time legislatures have instituted courses of instruction in the public schools on the physical evils of intemperance.

These enactments are partly the result and partly the cause of a greatly increased attention to the subject of temperance. It is in the air. It is discussed in periodicals of almost all classes, many of which had until lately ignored it, and whether as a matter touching public morals, public health,

crime, or the economic well-being of the nation, is felt to be one of the most serious questions of the day. Much of this leavening of popular feeling, as the reports that have reached us testify, is due to the untiring efforts of the Women's Christian Temperance Union, and other similar organizations.

It is the firm conviction of your Committee that all struggles made for righteousness, derive their strongest impulse from the living Gospel ministered by the living Church. It is the work of the Church to proclaim unmistakably how the Gospel bears on the evils of the day, to speak so that men cannot but hear of individual accountability for the sins of the community and nation, and to hold before men the highest ideals of individual and social life, teaching them to fulfill all righteousness. If she is thus faithful to her trust, her influence will still further permeate society, and express itself in reforms in every department of human activity, and while not meddling with the things that are Cæsar's, she will be the great source of inspiration and guidance to those who labor for temperance in the spheres of government or society.

Your Committee acknowledges gratefully the expressions of sympathy and encouragement it has received during the year. Its labors have not been small. Twenty-six regular meetings have been held, and a large amount of work has been done by sub-committees in connection with its publications and otherwise.

The General Assembly having directed it to observe economy, it has endeavored to do so. Its expenses for the year for its regular work aside from the outlay for printing and mailing its documents have been only $68, of which $50 was for the rent of the conveniently located room opened to the Committee by the Board of Missions for Freedmen. An itemized statement by the Treasurer will be found at the end of this Report.

In closing its Report, your Committee would respectfully present the following

SUGGESTIONS.*

1. That we should return devout thanks to Almighty God that public sentiment is becoming more and more aroused on the subject of temperance, believing that agitation is the first step toward the adoption of total abstinence by the individual and prohibition by the State.

2. That all schools, academies and colleges under the influence of our Church be recommended to make instruction in Christian temperance a part of their course of study.

3. That, since it has come to our knowledge that the national laws prohibiting the selling of liquor to Indians on reservations are constantly violated to the great injury of the wards of the nation, and to the detriment of missionary work, the General Assembly respectfully petition the United States Government to employ more efficient means for the enforcement of these wholesome regulations.

4. That a regular place in the new periodical, *The Church at Home and Abroad*, be assigned to this Committee.

5. That the persons whose term of service on the Committee expires with this Assembly be reappointed.

6. That the General Assembly remind all under its jurisdiction that their duty to promote temperance cannot be delegated to any society, much less to the civil government, and since history teaches that God has given each age and part of his kingdom its own task, and that the way it deals therewith marks it as a standing or a falling Church, that the Assembly suggest that in the temperance question, we may now be face to face with one of the issues appointed us to settle for the whole Church and for all coming time.

Respectfully submitted,

ELLIOT E. SWIFT, *Chairman.*

NEVILLE B. C. COMINGO, *Corresponding Secretary.*

The Trustees respectfully submit herewith to the Assembly their Treasurer's Report and Financial Statements for the year closing March 31, 1887, with the proper certificates of the Auditing and Finance Committees.

There have been but four legacies received during the year, viz:

| | |
|---|---|
| Rev. Isaac Oakes, of Nunda, N. Y. (balance), . . . | $577 00 |
| Samuel M. Couper, of New Castle, Del., . . . | 2,000 00 |
| Mrs. Abby I. Hocum, of Crawfordsville, Ind., . . . | 2,537 77 |
| A Friend (name by special request not mentioned), . | 1,000 00 |

All for the Board of Ministerial Relief, and these amounts have been added to permanent funds held in trust for that Board.

The interest on all the investments has been collected with but few payments remaining overdue.

All the details of the formal transfers of the property, securities and effects of "The Trustees of the Presbyterian House" to the consolidated corporation of "The Trustees of the General Assembly of the Presbyterian Church in the United States of America," have been fully accomplished during the past fiscal year, and all the items of the securities and funds so transferred are included in the Treasurer's Report and Financial Statements which accompany this Report.

Besides the securities and funds thus transferred, the legal title of the following real estate, held by "The Trustees of the Presbyterian House," upon special trusts for the preservation of the property to the uses of churches in connection with the General Assembly, has been vested by proper conveyance and assurance in the law, in the consolidated corporation, to wit:

1. Two-story brick church and building and lot on which the same is erected, south side of German street, between Second and Third streets, Fourth ward of Philadelphia; 76 by 130 feet (First Presbyterian Church of Southwark).

2. Lot with church edifice thereon erected, south-west corner of Christian and Eighteenth streets, Twenty-sixth ward of Philadelphia; 85 by 130 feet (Tabor Presbyterian Church of Philadelphia).

3. Lot on Christian street, with buildings and improvements, adjoining the above on the west; 18 feet by 74 feet 6 inches (Tabor parsonage).

4. Lot with church edifice and buildings, corner of Main and Harrison streets, Twenty-third ward of Philadelphia; 100 and 140 by 215 feet (Hermon Presbyterian Church).

5. Lot with buildings and improvements, south side of Porter street, Twenty-sixth ward of Philadelphia (Point Breeze [Gethsemane or Peace] Mission).

This corporation has in addition received a conveyance upon similar trust, of the real estate of "The Beadle Memorial Church" at Cape May Point, N. J.

According to the terms of the trust these Trustees have conveyed the legal title of the church property (No. 4 above) vested in them of "The Hermon Presbyterian Church of Philadelphia" to the corporation duly chartered under that name, but subject to the trusts imposed by the original grantor, so that the property can never be diverted from the uses of a Presbyterian Church in connection with the General Assembly.

Mr. George W. Simons, of Philadelphia, elected a Trustee by the General Assembly of 1886, declined to serve.

Rev. William B. Noble, D.D., of Norristown, Pa., and Rev. J. Howard Nixon, D.D., of Wilmington, Del., owing to removal to other localities so far distant as to prevent their attendance upon the meetings of the corporation, have tendered their resignations.

There are therefore three vacancies, which it is respectfully requested may be filled by the present Assembly.

The undersigned, having examined the foregoing cash account of James T. Young, Treasurer, from April 1, 1886, to March 31, 1887, and compared the vouchers with the payments, do find said account correct, showing a balance in the treasury of thirty-nine thousand five hundred and eighty-two dollars and six cents ($39,582.06), and verified by deposit in bank.

SAMUEL C. PERKINS, } *Committee on*
ALEXANDER WHILLDIN, } *Accounts.*

The undersigned, having examined the bonds and mortgages and other evidences of property belonging to the Trustees of the General Assembly of the Presbyterian Church in the United States of America, as set forth in the Treasurer's statement, find the same in proper order, and amounting in the aggregate to four hundred and sixty thousand five hundred and twenty-one dollars and two cents ($460,521.02), of which aggregate sum thirty-eight thousand seven hundred and twenty-five dollars and thirty-eight cents awaits investment.

The investments are registered in the name of the corporation, excepting $24,000 in railroad, city and county bonds, which are coupons, being securities specifically bequeathed, for which we have seen the Fidelity Trust Company's receipt and certificate of deposit.

CHARLES M. LUKENS, } *Committee on*
ANDREW BLAIR, } *Finance.*

The Finance Committee, in compliance with the first item of Article iv of the By-Laws, respectfully report to the Trustees of the General Assembly of the Presbyterian Church in the United States of America the state of investments as set forth in the foregoing table.

CHARLES M. LUKENS, } *Committee on*
ANDREW BLAIR, } *Finance.*

During the succeeding month of April, investments were made in mortgages amounting in all to $35,000, thereby reducing the balance of "cash awaiting investment" to $3725.38.

Also, the balance of income to credit of Boudinot Library Fund, by gifts of libraries, was reduced to $199.87.

JAMES T. YOUNG, *Treasurer.*

# V. Miscellaneous.

## I. THE MILEAGE AND CONTINGENT FUNDS.

SPECIAL attention is called to the *Mileage and Contingent System* adopted by the General Assembly of 1870, and amended by the General Assemblies of 1875, 1877 and 1884. As amended it is as follows:

"The Committee to whom it was referred to consider and report a uniform system of Mileage, whereby full provision may be made for the traveling expenses of the Commissioners to our General Assemblies, and to meet the contingent expenses of each Assembly, respectfully report:

"It is affirmed, *Form of Government*, Chap. xxii, Section 3, that, 'in order, as far as possible, to procure a respectable and full delegation to all our judicatories, it is proper that the expenses of ministers and elders, in their attendance on these judicatories, be defrayed by the bodies which they respectively represent.'

"The principle is thus established, that provision should be made for the payment of the traveling expenses of Commissioners to the General Assembly. This provision should be made by the Presbyteries. As far as possible, the feebler Presbyteries should be aided in this matter by the stronger. It appears just and reasonable, and so has been found by experience, that the estimated contingent expenses of each Assembly, and the traveling expenses of the Commissioners in coming to and returning from the Assembly, should be fully met by the apportionment of the whole amount among the several Presbyteries, according to the number of their communicants respectively.

"It is therefore recommended—

"1. That the Standing Committee on Mileage, annually appointed, be instructed to present an estimate of the probable amount that will be needed by the next General Assembly, in order to meet their contingent expenses and the traveling expenses of their Commissioners, with a statement of the *per capita* rate, based on the number of communicants, that will be needed to secure the amount.

"2. That the Presbyteries, at their Stated Meeting next following the adjournment of the General Assembly, apportion the amount required of their churches as they deem best.

"3. That the churches be instructed to pay over their respective apportionments at the Stated Meeting of their Presbyteries next preceding the meeting of the General Assembly—the whole amount due from the Presbytery to be forwarded to the Assembly by their Commissioners.

"4. That, as early as the fourth day of the sessions of the Assembly, the apportionment of each Presbytery be paid in full, and a bill of the necessary traveling expenses of its Commissioners be presented to the Standing Committee on Mileage.—N. B. It is understood that Commissioners, both in coming to and returning from the Assembly, will avail themselves of any commutation of fares that may be offered in season; and that in other cases they are to take, when practicable, the most economical route; no allowance to be made for extra accommodations on the way. Also, that no one will charge for return expenses unless he intends to go back to his field of labor; and that no one on a business tour, or excursion of pleasure, will make a convenience of the meeting of the Assembly and expect payment of his traveling expenses from the Mileage Fund. Also, that Commissioners, as soon after their arrival as practicable, are to report themselves to the Committee of Arrangements, and have their respective places of abode assigned them.

"5. That the Mileage Committee, after appropriating from the whole sum an amount sufficient to meet the estimated contingent expenses of the Assembly, be instructed to audit these bills and pay them *pro rata* (if found in accordance with the preceding regulations), as far as the funds will permit.

"6. That, in order to avail themselves of the proceeds of this fund, the Presbyteries must contribute their full proportion to it according to the *per capita* rate.

"7. That every minister, and every vacant church contributing to this fund, connected with the Presbyteries thus complying with the provisions of this plan, be entitled to a copy of the Annual Minutes of the General Assembly.

"8. That the Commissioners from Presbyteries in foreign lands receive their necessary traveling expenses, *pro rata*, from their place of residence in this country."

In accordance with this system, every Presbytery is requested to pay in full, next year, to the Stated Clerk of the General Assembly, a sum equal to *four cents* for mileage, and *one and one-half cents* for Contingent Expenses, or in all *five and one-half cents* for every communicant under the care of their churches, as determined by their Statistical Report, herewith printed. This will entitle their Commissioners to a full share in the apportionments for necessary traveling expenses. It is expected that these expenses will be fully met, if the Presbyteries comply with the recommendations of the Assembly.

They are expected, also, to provide for an

### ENTERTAINMENT FUND.

In addition to the Mileage Fund, the Assembly of 1877 made provision for a "Supplemental Contingent Expense Fund," to "be used for the purpose of meeting the expense of entertaining such Commissioners as are not otherwise provided for." Each Presbytery is requested to contribute to this fund a sum equal at least to *one and one-half cents* per church member, and to forward it, with the Mileage Fund, to the Stated Clerk of the Assembly. It is to be disbursed by the Committee of Arrangements, whose bills for entertainment the Stated Clerk, as Treasurer, is authorized to pay, after they have been approved by an Auditing Committee.

☞ See, also, Minutes of 1887, p. 132.

## II. THE ANNUAL MINUTES.

The Minutes for 1887 will be supplied at *One Dollar* per copy, postage included. A copy will be sent, without charge, to the Stated Clerk of every Presbytery and of every Synod; also (in the case of every Presbytery that has paid its full apportionment to the Mileage and Contingent Funds of the Assembly), to every ordained minister, and to the Session of each contributing *vacant* church, *whose address is known;* also to every ordained missionary of the Foreign Presbyteries.

## III. SYNODICAL REPORTS.

A *Statistical Report* is to be forwarded to the Assembly by the Stated Clerk of every Synod; in which are to be stated the number and names of the Presbyteries within their bounds; the changes which may have been made in the number or arrangements of their Presbyteries; the names of the Stated Clerks of the Presbyteries; the place and hour of the next annual meeting; and the names of the Moderator and Stated Clerk of the Synod. A blank will be sent to the Stated Clerk of every Synod, near the close of the calendar year, which should be filled up, and forwarded, without delay, to the Stated Clerk of the Assembly.

## IV. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 273 of the present Appendix; of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. A *Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sabbath-schools and Bible classes organized, with the number of scholars and teachers. Also, the various arrangements of the Presbytery for Church extension; stating the number of their ministers, and the particular manner in which they are employed; the number of their churches, and how they are supplied; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the Gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. By order of the Assembly of 1880, a blank for a Tabulated Statement of facts will annually be forwarded to the Stated Clerk of each Presbytery, to be filled properly, and duly reported to the Assembly. As the Narratives are not to be publicly read, less care may be given to their style, and more to the details of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church. The blank for the Church Narratives, ordered by the Assembly of 1885, can be had from the Board of Publication, by whom it has been printed for the use of congregations and Presbyteries.

## GENERAL RULES FOR JUDICATORIES.

[The following "General Rules for Judicatories," not having been submitted to the Presbyteries, make no part of the Constitution of the Presbyterian Church. Yet the General Assembly of 1871, considering uniformity in proceedings in all the subordinate judicatories as greatly conducive to order and despatch in business, having revised and approved these rules, recommended them to all the lower judicatories of the Church for adoption. The rules were amended by the General Assemblies of 1885 and 1887.]

I. The Moderator shall take the chair precisely at the hour to which the judicatory stands adjourned; and shall immediately call the members to order; and, on the appearance of a quorum, shall open the session with prayer.

II. If a quorum be assembled at the time appointed, and the Moderator be absent, the last Moderator present, *being a commissioner*, or if there be none, the senior member present, shall be requested to take his place without delay, until a new election.

III. If a quorum be not assembled at the hour appointed, any two members shall be competent to adjourn from time to time, that an opportunity may be given for a quorum to assemble.

IV. It shall be the duty of the Moderator, at all times, to preserve order, and to endeavor to conduct all business before the judicatory to a speedy and proper result.

V. It shall be the duty of the Moderator, carefully to keep notes of the several articles of business which may be assigned for particular days, and to call them up at the time appointed.

VI. The Moderator may speak to points of order, in preference to other members, rising from his seat for that purpose; and shall decide questions of order, subject to an appeal to the judicatory by any two members.

VII. The Moderator shall appoint all committees, except in those cases in which the judicatory shall decide otherwise. In appointing the standing committees, the Moderator may appoint a Vice-Moderator, who may occupy the chair at his request, and otherwise assist him in the discharge of his duties.

VIII. When a vote is taken by ballot in any judicatory, the Moderator shall vote with the other members; but he shall not vote in any other case, unless the judicatory be equally divided; when, if he do not choose to vote, the question shall be lost.

IX. The person first named on any committee shall be considered as the chairman thereof, whose duty it shall be to convene the committee; and, in case of his absence or inability to act, the second named member shall take his place and perform his duties.

X. It shall be the duty of the clerk, as soon as possible after the commencement of the sessions of every judicatory, to form a complete roll of the members present, and put the same into the hands of the Moderator. And it shall also be the duty of the clerk, whenever any additional members take their seats, to add their names, in their proper places, to the said roll.

XI. It shall be the duty of the clerk immediately to file all papers, in the order in which they have been read, with proper indorsements, and to keep them in perfect order. The Stated Clerk shall receive all overtures, memorials and miscellaneous papers addressed to the judicatory; shall make record of the same and deliver them to the Committee on Bills and Overtures for appropriate disposition or reference. This committee shall have the floor on the reassembling of the judicatory after each adjournment, to report its recommendations as to orders of business or reference of papers, and this right of the committee shall take precedence of the Orders of the Day.

XII. The minutes of the last meeting of the judicatory shall be presented at the commencement of its session, and, if requisite, read and corrected.

XIII. Business left unfinished at the last sitting is ordinarily to be taken up first.

XIV. A motion made must be seconded, and afterwards repeated by the Moderator, or read aloud, before it is debated; and every motion shall be reduced to writing, if the Moderator or any member require it.

XV. Any member who shall have made a motion, shall have liberty to withdraw it, with the consent of his second, before any debate has taken place thereon; but not afterwards, without the leave of the judicatory.

XVI. If a motion under debate contain several parts, any two members may have it divided, and a question taken on each part.

XVII. When various motions are made with respect to the filling of blanks, with particular numbers or times, the question shall always be first taken on the highest number and the longest time.

XVIII. Motions to lay on the table, to take up business, to adjourn, and the call for the previous question, shall be put without debate. On questions of order, postponement, or commitment, no member shall speak more than once. On all other questions, each member may speak twice, but not oftener, without express leave of the judicatory.

XIX. When a question is under debate, no motion shall be received, unless to adjourn, to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged; and the motion for adjournment shall always be in order.

XX. An amendment, and also an amendment to an amendment, may be moved on any motion; but a motion, to amend an amendment to an amendment, shall not be in order. Action on amendments shall precede action on the original motion. A substitute shall be treated as an amendment.

XXI. A distinction shall be observed between a motion to lay on the table *for the present*, and a motion to lay on the table *unconditionally*, namely, A motion to lay on the table, *for the present*, shall be taken without debate; and, if carried in the affirmative, the effect shall be to place the subject on the docket, and it may be taken up and considered at any subsequent time. But a motion to lay on the table, *unconditionally*, shall be taken without debate; and, if carried in the affirmative, it shall not be in order to take up the subject during the same meeting of the judicatory, without a vote of reconsideration.

XXII. The previous question shall be put in this form, namely, Shall the main question be now put? It shall only be admitted when demanded by a majority of the members present; and the effect shall be to put an end to

all debate and bring the body to a direct vote: First, on a motion to commit the subject under consideration (if such motion shall have been made); secondly, if the motion for commitment does not prevail, on pending amendments; and lastly, on the main question.

XXIII. A question shall not be again called up or reconsidered at the same sessions of the judicatory at which it has been decided, unless by the consent of two-thirds of the members who were present at the decision; and unless the motion to reconsider be made and seconded by persons who voted with the majority.

XXIV. A subject which has been indefinitely postponed, either by the operation of the previous question, or by a motion for indefinite postponement, shall not be again called up during the same sessions of the judicatory, unless by the consent of three-fourths of the members who were present at the decision.

XXV. Members ought not, without weighty reasons, to decline voting, as this practice might leave the decision of very interesting questions to a small proportion of the judicatory. Silent members, unless excused from voting, must be considered as acquiescing with the majority.

XXVI. When the Moderator has commenced taking the vote, no further debate or remark shall be admitted, unless there has evidently been a mistake, in which case the mistake shall be rectified, and the Moderator shall recommence taking the vote. If the House shall pass the motion to "vote on a given subject at a time named," speeches shall thereafter be limited to ten minutes. Should the hour for adjournment or recess arrive during the voting, it shall be postponed to finish the vote, unless the majority shall vote to adjourn; in which case the voting shall, on the reassembling of the House, take precedence of all other business till it is finished. Under this rule the "yeas and nays" shall not be called, except on the final motion to adopt as a whole. This motion to fix a time for voting shall be put without debate.

XXVII. The yeas and nays on any question shall not be recorded, unless required by one-third of the members present. If division is called for on any vote, it shall be by a rising vote, without a count. If on such a rising vote the Moderator is unable to decide, or a quorum rise to second a call for "tellers," then the vote shall be taken by rising, and the count made by tellers, who shall pass through the aisles and report to the Moderator the number voting on each side.

XXVIII. No member, in the course of debate, shall be allowed to indulge in personal reflections.

XXIX. If more than one member rise to speak at the same time, the member who is most distant from the Moderator's chair shall speak first. In the discussion of all matters where the sentiment of the House is divided, it is proper that the floor should be occupied alternately by those representing the different sides of the question.

XXX. When more than three members of the judicatory shall be standing at the same time, the Moderator shall require all to take their seats, the person only excepted who may be speaking.

XXXI. Every member, when speaking, shall address himself to the Moderator, and shall treat his fellow-members, and especially the Moderator, with decorum and respect.

XXXII. No speaker shall be interrupted, unless he be out of order; or for the purpose of correcting mistakes or misrepresentations.

XXXIII. Without express permission, no member of a judicatory, while business is going on, shall engage in private conversation; nor shall members address one another, nor any person present, but through the Moderator.

XXXIV. It is indispensable, that members of ecclesiastical judicatories maintain great gravity and dignity while judicially convened; that they attend closely in their speeches to the subject under consideration, and avoid prolix and desultory harangues; and, when they deviate from the subject, it is the privilege of any member, and the duty of the Moderator, to call them to order.

XXXV. If any member act, in any respect, in a disorderly manner, it shall be the privilege of any member, and the duty of the Moderator, to call him to order.

XXXVI. If any member consider himself aggrieved by a decision of the Moderator, it shall be his privilege to appeal to the judicatory, and the question on the appeal shall be taken without debate.

XXXVII. No member shall retire from any judicatory without the leave of the Moderator, nor withdraw from it to return home without the consent of the judicatory.

XXXVIII. All judicatories have a right to sit in private, on business, which in their judgment ought not to be matter of public speculation.

XXXIX. Besides the right to sit judicially in private, whenever they think proper to do so, all judicatories have a right to hold what are commonly called "interlocutory meetings," in which members may freely converse together, without the formalities which are usually necessary in judicial proceedings.

XL. Whenever a judicatory is about to sit in a judicial capacity, it shall be the duty of the Moderator solemnly to announce, from the chair, that the body is about to pass to the consideration of the business assigned for trial, and to enjoin on the members to recollect and regard their high character as judges of a court of Jesus Christ, and the solemn duty in which they are about to act.

XLI. In all cases before a judicatory, where there is an accuser or prosecutor, it is expedient that there be a committee of the judicatory appointed (provided the number of members be sufficient to admit it without inconvenience), who shall be called the "Judicial Committee," and whose duty it shall be to digest and arrange all the papers, and to prescribe, under the direction of the judicatory, the whole order of proceedings. The members of this committee shall be entitled, notwithstanding their performance of this duty, to sit and vote in the cause, as members of the judicatory.

XLII. But in cases of process on the ground of general rumor, where there is, of course, no particular accuser, there may be a committee appointed (if convenient), who shall be called the "Committee of Prosecution," and who shall conduct the whole course on the part of the prosecution. The members of this committee shall not be permitted to sit in judgment in the case.

XLIII. The permanent officers of a judicatory shall have the rights of corresponding members in matters touching their several offices.

XLIV. The Moderator of every judicatory above the Church session, in finally closing its sessions, in addition to prayer, may cause to be sung, an appropriate psalm or hymn, and shall pronounce the apostolical benediction.

# HOME MISSIONS.

## THE SEVENTEENTH ANNUAL REPORT.

The Board of Home Missions begs herewith to present to the General Assembly its Annual Report—the eighty-fifth since the organization of the Board of Domestic Missions, and the seventeenth since the re-union of the two branches of the Church.

We have great occasion to thank God for His favor to us, and for the blessings with which He has crowned our labors during the year. None of the officers of the Board have been called away by death. The Rev. Jonathan F. Stearns, D.D., who had served this Board since re-union, and in a similar capacity before that time, in all more than twenty-five years, has been constrained to resign; and the Rev. Thomas A. Nelson, of Brooklyn, N. Y., has been appointed in his place, subject to the approval of this General Assembly.

We regret to say that the Rev. Wm. C. Roberts, D.D., LL.D., who had served the Board and the Church very successfully and acceptably for five and a half years, as one of the Corresponding Secretaries, has resigned his position.

The following paper on the subject was placed on its records by the vote of the Board:

"The Board desires to place on record an expression of feeling in reference to the retirement from the Secretaryship of the Rev. Dr. Roberts. For more than five years the earnest zeal and the entire energy of Dr. Roberts were consecrated to this work, and in a spirit of fraternal coöperation with his associates, in which they cannot but dwell with satisfaction. While deeply regretting the removal of Dr. Roberts to another and most important field, the Board rejoices in his occupation of a coördinate sphere of labor, and prays that through the Divine blessing his efforts may be attended with wide and lasting usefulness in the Great West."
